OBITUARY.

It is with deep regret that we have to announce the death of Mr. C. T. Fischer, Assistant District Commissioner, and an Assistant to the Secretary for Native Affairs, who died in Nairobi Hospital on the 21st April from heart failure following on an attack of pneumonia.

The deceased officer, who had previously spent some time in farming in the Kenya Province, was temporarily appointed in the latter part of 1906 to supervise the conditions of Native labour in the Nairobi district and on the Uganda Railway. These duties he continued to perform up to the time of his death, having been confirmed in his appointment as Assistant District Commissioner (detailed for service as an Assistant to the Secretary for Native Affairs) with effect from April 1st 1907.

His death deprives the Protectorate of the services of an able and conscientious officer.

The death from heart failure of Captain Farnall, R.N.R., Commander of s.s. "Winifred," which took place on board the "Winifred" in Bukoba Harbour on the 19th March last has deprived the Protectorate of the services of a capable and popular officer. Captain Farnall was the first Commander to join the Lake Steamer service, being appointed to the "Winifred" in July 1902. He was a very careful, reliable officer and his death is deeply regretted by the service and by all who knew him.

He was buried in the European cemetery at Bukoba, due honours being accorded by the German Commandant and the staff of the Residency.

By the death of Lieut. L. A. Dresser, R.N.R., Chief Officer s.s. "Clement Hill" who met with a fatal gun accident when out shooting at Elmenteita on January 24th, the Lake Steamer Service has lost a capable and hard working officer, who though he had only served a short time, had succeeded in winning the confidence of his superiors.
