## **RULES.**

### **The East Africa Railways Ordinance, 1910.**

In exercise of the powers conferred by Section 47 sub-section 1 (g) of the East Africa Railway Ordinance 1910, the Governor in Council has sanctioned the following Rules made by the Manager of the Uganda Railway for the provision of Ledger and Deposit Accounts on the Uganda Railway.

#### **Ledger and Deposit Accounts.**

The Uganda Railway Administration will be prepared to open from a date to be hereafter notified by the Manager, monthly Credit Accounts with Merchants, Trades and others who are in the habit of regularly forwarding by rail considerable quantities of Goods, etc., on application to the Traffic Manager, on the following conditions:—

1. Before opening a Ledger Account in the name of any person, the Railway Administration will require that the applicant shall conform to one of the following requirements, that is to say he shall:—

(a) Deposit and retain to his credit with the Railway Administration an amount equal to his estimated traffic account for two months.

(b) Furnish the written and signed guarantee of a Bank Manager that the Bank will hold itself responsible up to the amount of two months' traffic as estimated by applicant and give the Chief Accountant of the Railway Administration one month's notice of the Bank's intention to cancel such guarantee.

2. All traffic for which freight is paid monthly, is subject in every particular to the Regulations, rates, etc., in force at the time the traffic was forwarded.

3. Ledger Accounts are opened on the express condition that all unpaid charges for carriage or other charges in relation to goods consigned to or from the parties to whom such accounts are granted, shall be borne and discharged by them.

4. All Goods must be properly described, the correct weights given and nature and contents of the packages stated in writing upon a consignment note to be signed and tendered at the time of delivery of the goods to the Railway.

5. The Goods Ledger Accounts are made up monthly to the last day of each month, and they must be paid in full within six days after the rendering of the accounts.

6. No claims for loss of, or damage to, Goods for alleged errors, overcharges, or any other claim preferred by a party having a Ledger Account, can be allowed to postpone or interfere with the settlement of the Railway Administration's Accounts as rendered by the time stipulated above, and which account the Railway Administration reserves to itself the right to close at any time, upon giving one day's notice in writing of its intention to do so, whereupon the whole of such account shall become immediately payable. Should the person in whose name the account has been opened, commit any act of bankruptcy, the account may be closed without any such notice having been given.

7. These accounts are opened on the express condition that all Goods or Property in the possession of the Railway Administration, or subsequently coming into its possession, belonging to the party in whose favour the credit is given, or in which such party is interested shall be subject to a general lien for the amount which may at any time be due or payable on such an account, whether before or after the closing thereof, with power at all times for the Railway Administration to realise such lien or security by sale of such Goods, or other property, or any portion thereof, or the interest of the party therein without previous notice to such party.

8. Passenger Tickets will not be included in Ledger Accounts.

9. Should the amount of any account upon which credit is given under these conditions, exceed two thirds of the sum guaranteed or should the provisions of clause 5 not have been complied with, whether the said proportion has been reached or not, it shall be competent for the Railway Administration in its discretion either to stop delivering traffic or to have recourse to the guarantor or such other security as shall have been provided, or to exercise both of such remedies, and no liability shall attach to the Railway Administration in respect of such action.

10. The Railway Administration will not continue any Ledger Account which averages less than Rs. 300 per month for three consecutive months.

11. Credit will only be given at the station or stations mentioned in the original request for a Ledger Account. A fresh application, on the proper form, must be made for credit at any additional station.

12. Persons not having sufficient traffic by rail to warrant the opening of a Ledger Account with the Railway Administration may, from time to time, hand to the Traffic Manager any amount that may be desired not being less than Rs. 50 or more than Rs. 300 to meet freight on goods to be forwarded or received by them at one particular station. Receipts for the amounts deposited will be given, and a memorandum kept for their inspection at the

station giving particulars and showing at any time the sums deducted and the balance in hand. A copy of such memorandum will be posted to the person on the beginning of each month showing the balance (if any) left to his credit. All such accounts will be closed as soon as the balance to the person's credit is exhausted unless it is renewed.

13. Cheques will only be accepted in payment of sums due to the Railway with the previous consent of the Traffic Manager.

All such cheques tendered by the public in payment of accounts for carriage, etc., must be made payable to the order of the Chief Accountant "Uganda Railway."
