EAST AFRICAN CURRENCY BOARD.

THE following regulations are published for general information.

Nairobi,

16th July, 1924.

J. E. S. MERRICK,
for Colonial Secretary.

REGULATIONS DEFINING THE CONSTITUTION,
DUTIES AND POWERS OF THE EAST AFRICAN
CURRENCY BOARD.

1. The East African Currency Board has been constituted to provide for and to control the supply of currency to the Colony and Protectorate of Kenya, the Uganda Protectorate and any other Dependencies in East Africa which may be added by the Secretary of State, to ensure that the currency is maintained in satisfactory condition, and generally to watch over the interests of the said Dependencies so far as currency is concerned.

2. The members of the Board and the Secretary are appointed by the Secretary of State.

3. The Board will have power to appoint officers for the discharge of such duties in connection with currency in the United Kingdom or in East Africa, and at such rates of salary as the Board may think fit, subject in each case to the approval of the Secretary of State.

4. The Board will, in accordance with Section 9 of the East Africa and Uganda (Currency) (No. 2) Order-in-Council, 1920, take over the powers, rights, duties, assets, and obligations of the Currency Board established for the purposes of the East Africa and Uganda (Currency) Order-in-Council, 1905.

5. The Board is authorized to incur expenditure necessary for the due performance of such duties as are now or may be hereafter assigned to them.

6. The Board will have authority to make all necessary arrangements for the minting of any special coins authorized for circulation in the said Dependencies, and to comply with applications for the supply of any coins at the time being legally current in those Dependencies. Subject to the provisions of these regulations and of any legislation from time to time in force in East Africa, they may provide, and may issue and re-issue in East Africa, notes hereinafter referred to as currency notes. They will arrange for the supply of currency in exchange for the coins and notes at present current in the Dependencies so long as these remain legal tender.

7. The Board may charge for coin or currency notes to be delivered in East Africa against prepayment in London such premium above the nominal value (at the rate of ten florins to the pound), not exceeding the actual cost of transporting specie (packing, carriage, insurance), as they may think fit, and may vary the charge from time to time within this limit. If coin or notes are delivered on telegraphic order to East Africa, the Board may increase the premium as they think fit.

8. The Board will, when required, arrange for the issue against silver or notes tendered in East Africa of drafts payable in sterling in London at a charge not exceeding the cost of transporting specie from East Africa to London, and may at their discretion issue telegraphic transfers on London on such terms as they may think fit.

9. Currency notes may be for such denominations as may be fixed by the Board.

10. The plates from which the currency notes are printed shall be of such designs and shall bear such devices as the Secretary of State shall approve, and shall be prepared by a person selected by the Board. The Board shall be responsible for their safe custody.

11. The currency notes shall be printed on such paper as may be approved by the Board, and shall be authenticated by facsimiles of the signatures of the members of the Board for the time being.

12. The Board shall make such arrangements as they may from time to time think necessary or proper for the cancellation of notes which have become unfit for further use, for the destruction of such cancelled notes, and for recording the issue and cancellation of notes.

13. Profits on the issue of silver coin, nickel bronze coin and currency notes shall, after the necessary deductions have been made for expenses of administration, be allocated at the discretion of the Board between the funds hereinafter referred to as "the Silver Coinage Fund," "the Nickel-Bronze Coinage Fund" and "the Note Guarantee Fund."

14. Expenditure in connexion with the manufacture, issue and redemption of coin or notes, and also any losses which may be incurred, will be debited at the discretion of the Board against the respective funds. In case of necessity each of the three funds shall be available to support the others.

15. Subject to the provisions of paragraph 20 of these Regulations, the Board may invest their funds in securities of the Government of any part of His Majesty's Dominions, or in such other manner as the Secretary of State may approve.

16. The Board shall submit half-yearly to the Secretary of State a statement of the position of the Coinage and Note Guarantee Funds on the last day of the half-year.

17. If the proportion borne to the total face value of the notes in circulation by that portion of the Note Guarantee Fund which is held in current coin in East Africa (hereinafter referred to as the coin portion of the fund) falls below a limit to be fixed from time to time by the Secretary of State, the Board shall take all practicable steps to restore the proportion as soon as possible.

18. The Board shall cause to be published half-yearly in the Government Gazette of the Colony and Protectorate of Kenya an abstract showing (a) the whole amount of currency notes in circulation on the last day of the half-year; (b) the amount of the coin portion of the Note Guarantee Fund on the said day; (c) the nominal value of, the price paid for, and the latest known market price of the securities forming the investment portion of the Note Guarantee Fund.

19. The accounts of all the transactions of the Board will be audited by the Colonial Audit Department.

20. The Board will submit annually for the approval of the Secretary of State a statement of their transactions during the preceding year.

21. When the Board are satisfied that their reserves are more than sufficient for all the purposes for which such reserves may be required, they may, with the approval of the Secretary of State, pay over the whole or any part of the surplus amount in aid of the revenues of the Dependencies in East Africa in such proportions as may be hereafter determined.
