KENYA PRESENTATION
FOUNDATIONERSHIPS AT CHRIST'S
HOSPITAL SCHOOLS.

NOTICE.

NOTICE is hereby given that through the good offices of the Secretary of State for the Colonies a Donation Governor of Christ's Hospital has been appointed to represent the Government of Kenya, who is now in a position to present one European boy or girl, on the recommendation of the Governor in Council and subject to the provisions of the Hospital regulations, as a Founder for free admission to the schools of Christ's Hospital at Horsham and Hertford respectively.

2. Admissions of children take place at meetings of the Committee of Education, Christ's Hospital, held in January and September each year. One vacancy for Kenya presentation is available now and a further presentation will be available in three years' time, and thereafter as vacancies occur so that there can always be two children on Kenya presentation in residence.

3. It must be understood that Christ's Hospital is a Church of England school and that, whilst there is no objection to the grant of a nomination to a child on the ground that he or she is not of the Church of England, the child would be required to attend prayers and religious services in the School

chapel and the Hospital authorities cannot make arrangements or grant facilities for a boy or girl to attend prayers and religious services in the School chapel during term time.

4. Children are only eligible for presentation between the properly certified ages of 9 and 11 years. Boys will at first enter a preparatory department of the School at West Horsham and be drafted subsequently to the Boys' School there. Girls are sent to the Girls' School at Hertford. It is expected that children who thus enter the Schools will remain at them for about seven years.

5. All children admitted in this way will be subject to the provisions of the scheme. No child can be admitted to the Foundation of the Hospital whose parents or guardians are not in the opinion of the Council of Almoners in need of assistance towards the education and maintenance of their children, and children will receive education, maintenance, and clothing at the cost of the Foundation. If, in the opinion of the Council, the guardians are not able to contribute substantially towards the education and maintenance of the child, these will be given free. If the guardians are so able they will have to pay not less than £10 nor more than £40 a year in aid of the General Fund of the Foundation.

6. Before children are admitted they must be satisfactorily certified to be of good character and sufficient bodily health. If, after admission, they are found to be disqualified, they will immediately be returned to their parents or guardians.

7. Each child must pass an educational examination in the following subjects:—

(1) *Reading*: To read with facility and intelligence from some standard author, reading book or History of England.

(2) *Writing*: To write legibly and correctly from dictation, with pen and ink on paper, an easy passage of ordinary English.

(3) *Arithmetic*: To work accurately sums in the four simple and compound rules of arithmetic. In the case of younger children, a thorough grounding in the principles of elementary notation and numeration, with a sound knowledge of the four simple rules, will be accepted as a sufficient test.

(4) *Geography*: To have a knowledge of elementary geographical terms and of the main features of the map of England.

(5) *English Grammar*: To be able to distinguish the different parts of speech.

The examination is not restricted to any particular books. No examination papers are published.

8. Requests for forms of application and inquiries should be addressed to the undersigned, P.O. Box No. 340, Nairobi. All information supplied will be treated as strictly confidential.

9. Applications must be lodged with the undersigned not later than 30th April next.

Nairobi,

(b) The cattle to be moved must have had an efficient tick-destroying dressing thoroughly applied to the insides of their ears and under the roots of their tails every six days throughout the aforesaid period of two months.

(c) A certificate must be furnished in triplicate to a Veterinary Officer in the form set forth in Schedule B, appended hereto, specifying the cattle which it is proposed to move, the area into which it is proposed to move them, the date of the proposed movement and declaring that the cattle to be moved have been regularly dipped and dressed as aforesaid.

It shall be within the discretion of the Veterinary Officer to whom the application for a permit is made to withhold a permit absolutely or to satisfy himself in such manner as he may think fit before granting a permit that the dipping fluid is effective and that the conditions with regard to dipping and the strength of the dipping fluid have in point of fact been observed.
