GOVERNMENT NOTICE No. 238.

NOTICE.

His Excellency the Governor has approved of the following Bill being introduced into Legislative Council :—

R. W. LAMBERT,

Clerk to the Legislative Council.

A Bill to Amend the Public Trustee's Ordinance, 1925.

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as "the Public Trustee's (Amendment) Ordinance, 1928," and shall be read as one with the Public Trustee's Ordinance, 1925, hereinafter referred to as "the Principal Ordinance."

Short title.

No. 7 of 1925.

2. The proviso to sub-section (1) of section 11 of the Principal Ordinance is hereby repealed and the following proviso is substituted therefor :—

Conversion into money of immovable property.

10 " Provided that if all parties interested in the said immovable property consent in writing to its conversion into money by the Public Trustee, or if the value of the said immovable property does not exceed seven hundred and fifty pounds and the Public Trustee is satisfied that the conversion of the said immovable property into money would be to the advantage of the estate, the consent of the Court as hereinbefore provided shall not be necessary."

OBJECTS AND REASONS.

Under the Public Trustee's Ordinance the power of the Public Trustee to convert into money the immovable property of an estate which he is administering is subject to the consent of the Supreme Court, except in cases where all persons interested in the immovable property consent in writing to its conversion. It has been decided that this power to convert immovable property into money shall be extended so as to enable the Public Trustee to convert without recourse to the Court if the value of the immovable property does not exceed seven hundred and fifty pounds and the Public Trustee is satisfied that such conversion would be to the advantage of the estate. The Public Trustee represents that the acceptance of the amendment proposed by this Bill will result in a saving of time and expense in winding up estates.

W. M. LOGAN,
Clerk to Executive Council.

A Bill to Amend the Public Health Ordinance.

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as “ the Public Health (Amendment) Ordinance, 1928,” and shall be read as one with the Public Health Ordinance (Chapter 124 of the Revised Edition), hereinafter referred to as “ the Principal Ordinance.” Short title.

2. Section 3 of the Principal Ordinance is hereby amended by the deletion of the definition of the term “ Local Authority ” and by the substitution therefor of the following :— Definition of local authority.

10 “ ‘ Local Authority ’ means :—

(a) In the case of the municipality of Nairobi, the Nairobi Municipal Council constituted by the Local Government (Municipalities) Ordinance, 1928 ;

15 (b) In the case of the municipality of Mombasa, or such portion thereof as the Governor may, by notice in the Gazette, declare to be under its jurisdiction for the purposes of this Ordinance, the Mombasa Municipal Board constituted by the Local Government (Municipalities) Ordinance, 1928 ;

20 (c) In the case of any municipality hereafter established under the jurisdiction of a Municipal Council, the Municipal Council of such municipality as constituted under the provisions of the Local Government (Municipalities) Ordinance, 1928 ;

25 (d) In the case of any other municipality or any part thereof, such person, body of persons, or authority as the Governor may, by notice in the Gazette, appoint to be the local authority for the purposes of this Ordinance ;

30 (e) In the case of any other area, the District Commissioner.”

3. Section 9 of the Principal Ordinance is hereby repealed and the following section is substituted therefor :— Functions of Central Board of Health.

35 “ 9. The functions of the Central Board of Health shall be to advise the Governor upon all matters affecting the public health and particularly upon all matters mentioned in subsection (2) of section 11 of this Ordinance :

Provided, however, that—

(a) in the case of the municipality of Nairobi ; and

40 (b) in the case of the municipality of Mombasa or such portion thereof as may be placed under the jurisdiction of the Mombasa Municipal Board for the purposes of this Ordinance ; and

- (c) in the case of any municipality hereafter established under the jurisdiction of a Municipal Council; and
- (d) in the case of any municipality hereafter established under the jurisdiction of a Municipal Board where such Board is appointed to be the local authority 5 for the purposes of this Ordinance,

the functions of the Central Board of Health shall be and are hereby transferred to and vested in, and shall be performed by, the Standing Committee for Local Government established under the Local Government (Municipalities) 10 Ordinance, 1928."

Date of commencement.

4. This Ordinance shall come into operation upon such date as the Governor may, by notice in the Gazette, appoint.

OBJECTS AND REASONS.

In the Report of the Local Government Commission it was recommended that certain functions of the Central Board of Health constituted under the Public Health Ordinance should be taken over by the Standing Departmental Committee the establishment of which was advocated by the Commission.

The Local Government (Municipalities) Bill, 1928, proposes to confer upon Municipal Councils and Boards extensive powers in regard to the making of by-laws, including by-laws for the safeguarding of public health; and as it intended that all by-laws made by Municipal Authorities shall pass through the Standing Departmental Committee it is considered unnecessary and cumbersome to require that by-laws made by Municipal Authorities relating to public health should be referred, in addition, to the Central Board of Health.

In the cases mentioned in Clause 3 of the Bill it is therefore proposed to transfer to the Standing Departmental Committee the functions at present performed by the Central Board of Health.

The Commission further recommended that the Municipal Council of Nairobi and the Municipal Board of Mombasa should become local public health authorities forthwith. It is proposed to give effect to this recommendation by the amendment of the definition of "local authority" appearing in the Bill. In regard to Mombasa the definition is so phrased as to allow the exclusion of the Port area, in respect of which the Municipal Board will not be the local public health authority.

The definition further provides that except in a municipality under the jurisdiction of a Municipal Council, or under a Municipal Board where such Board is appointed to be the local authority, all executive authority and responsibility in regard to public health shall be in hands of the District Commissioner.

(1) The local authority shall, before imposing any such rate—

(a) pass a resolution by a majority of existing councillors or members at a meeting of the local authority held not less than fourteen days after notice shall have been given at a meeting of the local authority of an intention to move for the imposition of such rate ;

(b) publish daily in three issues of one or more newspapers (if any) circulating in the municipality an advertisement describing shortly the purpose of the expenditure which it is proposed to incur, the area of land which is proposed to be specially rated, and the proportions (if any) according to which it is proposed that such special rates should be imposed, and naming a place where full particulars of the proposed expenditure and of the area proposed to be specially rated may be seen at all reasonable hours.

(2) If any person interested as owner, lessee, or occupier of any land proposed to be specially rated objects to the proposed expenditure or to the imposition of any such special rate, or to the proportion according to which it is proposed to impose the same, or to the exclusion of any other property from the area of land proposed to be specially rated, and serves written notice of such objection on the local authority at any time within fourteen days after the last publication of the advertisement mentioned in sub-section (1) of this section, the local authority shall not be entitled to proceed with the imposition of the special rate without the sanction of the Governor in Council, unless such objection be withdrawn.

(3) The Governor in Council may, after making due inquiry, for which purpose he may appoint a person or persons to hold a local investigation, make an order empowering the local authority to proceed with the imposition of the special rate in the manner proposed by the local authority, or subject to such conditions and modifications as he may think fit.

(4) For the purpose of imposing any special rate the local authority shall deduct from the value of the rateable property on which such rate is to be imposed, as appearing in the valuation roll, such part thereof as represents the value of improvements, and shall impose such rate on the value of such property, after deduction as aforesaid, instead of on the full value thereof.

(5) If at any time within the period allowed under subsection (2) of this section for serving notice of objection on the local authority with reference to the imposition of the special rate, the owners of two-thirds of the rateable property on which it is proposed to impose such special rate (such two-thirds being reckoned by value according to the values on the valuation roll for the time being in force but subject to the deduction in the last preceding subsection mentioned) shall sign and cause to be transmitted to the Town Clerk a petition to the local authority, praying that the proposals for the imposition of special rates set forth in the advertisement with reference thereto be entirely abandoned, the local authority shall not proceed further therewith but the same shall forthwith be abandoned, and the local authority shall not again initiate proceedings for the imposition of a special rate for the particular purpose in question until after the expiry of a period of six months from the date when such petition for abandonment is received by the Town Clerk.

(6) If it shall appear that the amount received or to be received by way of special rates imposed to meet expenditure for any purpose is in excess of the amount of such expenditure, the local authority shall refund to persons who have paid such rates, or remit in favour of persons liable to pay the same, a proportionate part thereof, so that the total amount received or to be received by the local authority may be approximately equal to such expenditure.

18. Every rate imposed by the local authority shall become due and payable upon a day to be fixed by it, of which day and of the amount of which rate the local authority shall give at least thirty days' notice by advertisement in the Gazette and in some newspaper (if any) circulating in the municipality :
Provided that every rate shall become due and payable within the financial year for which or for part of which it is imposed.

Notice of rates.

19. (1) Whenever the local authority shall have given such notice as aforesaid of the day upon which such rate will become due and payable, it shall be the duty of all persons liable for such rate to pay the amount thereof at the offices of the local authority, failing which proceedings may be taken as hereinafter provided.

Payment of rates.

(2) It shall be competent for the local authority to allow discount, not, however, exceeding two-and-a-half per centum, on any rates paid on or before the date on which such rates become due and payable under the last preceding section.

(3) The local authority shall be empowered to charge and collect interest on arrear assessment rates at a rate not exceeding one per centum per month.

Rates payable
pending appeal.

20. When an appeal is pending from the decision of a Valuation Court, any rates levied by a local authority after the president of the Valuation Court shall have signed and certified the valuation roll, but before such appeal shall have been determined, shall, in respect of any rateable property 5
against the valuation of which such appeal is pending, become due and payable upon such valuation upon the day fixed in terms of section 18, and should such appeal result, subsequent to the date of the payment of such rate, in alteration of the valuation, either by way of increase or decrease, the local 10
authority shall collect or refund the difference, as the case may be, together with interest at the rate of six per centum per annum upon the amount so collected or refunded from the date of payment of the rate to the date of such collection or refund. The provisions of this section shall apply to any rateable 15
property against the valuation of which an appeal is pending at the date of the commencement of this Ordinance.

Enforcement of
payment of
rates.

21. If after the time fixed for the payment of any such rate as aforesaid any person fails to pay any rate due by him, it shall be competent for the local authority to cause a printed 20
or written demand to be made upon such person to pay the amount stated in such demand within fourteen days after service thereof. And in case any person who shall have had such demand delivered to him personally or left at his ordinary place of residence or place of business or office shall make 25
default, it shall be competent for the local authority to apply to the Resident Magistrate for a summary warrant to recover such rates from the persons liable to pay the same, which warrant the said Magistrate shall grant on production of a list of the names and addresses of the persons so in default, 30
and the amount due by them, with a certificate by the Town Clerk or Town Treasurer that they have been severally required to make payment of the said rates by notice as aforesaid, and that such rates are due by them and do not exceed the maximum rates fixed by or under this Ordinance; 35
and every such warrant shall contain every authority and be executed in all respects as though it were a writ of execution issued out of the court of the said Magistrate.

Recovery of
rates.

22. Notwithstanding the provisions of the last preceding section, the local authority may at its discretion, after the 40
time fixed for the payment of any such rates as aforesaid, recover from the person in default (without further notice or demand) the amount of the rates due by such person, irrespective of the amount thereof, by action in the court of the Resident Magistrate, whether the person liable for the same 45
shall be resident within the jurisdiction of such court or not. In case it shall not be possible to effect service of summons within the limits of the jurisdiction of such court as aforesaid, then such service shall be effected in such manner as the said court shall direct. 50

Proceedings
against persons
liable for rates.

23. In case any person liable to pay any rate and who shall be in default as regards payment thereof shall not be resident within the jurisdiction of the court of the Resident Magistrate of the district, it shall be lawful for the local authority at its option to make the demand referred to in 55
section 21 hereof upon, or to take proceedings under section 22 hereof against, any person receiving any rents or profits of the rateable property in respect of which such rate is unpaid, or who would receive the same if such rateable property were let or occupied.

24. When any rate imposed upon any owners of rateable property shall remain unpaid for a period of three months after the date on which such rate shall have been fixed to become due and payable, the local authority may, at any time within twelve months after the imposing of the rate, demand the amount of such rate or any part thereof from any tenant or occupier for the time being of such rateable property, to the extent of any rent due and payable by the tenant at the date of the demand, and on non-payment thereof may, after one month from the date of such demand, recover the same from such tenant or occupier in the same manner as though he were the owner; and every such tenant or occupier shall be entitled to deduct from any rent or other amount payable by him to such owner or his successors in title, so much as was so paid by or recovered from him, and the production of the receipt for such rates so paid by or recovered from such tenant or occupier shall be a good and sufficient discharge for the amount so paid or recovered as payment of rent or other amount.

Proceedings for recovery of rates unpaid for three months.

25. In any proceedings to impose or recover rates or consequent on the imposing or recovering of any rates, as well as in all other proceedings under the provisions of this Ordinance, the valuation rolls and records of the local authority and all entries made therein and extracts or certified copies thereof signed by the Mayor or Town Clerk, and also all copies of any newspaper containing any notice necessary to be proved, shall upon production thereof alone be *prima facie* evidence of the imposing of such rate and of the contents thereof without any evidence that the notices required by or other requirements of this Ordinance have been complied with: Provided that it shall be competent for any party to any such proceedings to offer evidence to prove the contrary.

Evidence.

26. The person who is the owner of any rateable property at the date when a rate becomes due and payable in respect of such property under section 18 of this Ordinance shall be liable for payment of the amount of such rate, and in the case of joint owners of rateable property they shall be jointly and severally liable for the rate due thereon: Provided that in the case of the owner being absent from the Colony any person receiving the rent or being in charge or control of such property shall be liable.

Owner liable for rates.

27. Any provision in a contract entered into after the commencement of this Ordinance, whereby any person primarily liable for payment of any rates imposed pursuant to this Ordinance in respect of any rateable property seeks to render any person interested under or subsequent to himself as lessee of such rateable property or any part thereof liable absolutely or conditionally to pay such rates or any part thereof in lieu or stead of himself, shall be null and void.

Lessee not liable for rates of lessor.

28. The proceeds of the rate or rates levied under this Ordinance shall be applied for and towards such purposes of the municipality as the local authority shall from time to time think fit.

Application of rates.

29. Notwithstanding anything to the contrary contained in this Ordinance, any interest in land held by the Crown which would, if it were not so held, be rateable property under this Ordinance shall for the purpose of assessing the contributions in lieu of rates payable by the Government of the Colony under the provisions of the Local Government

Basis of valuation of Crown property

(Municipalities) Ordinance, 1928, be valued in accordance with the principles laid down in this Ordinance subject to such exceptions and in such manner as may be prescribed by rules made by the Governor in Council.

Powers of Governor in regard to application of Ordinance.

30. Notwithstanding the provisions of section 1 of this Ordinance, the Governor may, by notice in the Gazette— 5

- (a) declare that any municipality or any part of any municipality shall be excluded from the application of this Ordinance;
- (b) declare that the provisions of this Ordinance shall apply to any township established under the Township Ordinance or any Ordinance amending or replacing the same, or to any part of any such township. 10

Repeal and saving clause.

31. The Nairobi (Rating of Unimproved Site Values) Ordinance (Chapter 86 of the Revised Edition) is hereby repealed: Provided that notwithstanding such repeal any valuation roll in force under the provisions of the said Ordinance shall remain of full force and effect for one year after the commencement of this Ordinance, and any rates imposed by the Municipal Council of Nairobi, within such period of one year but no longer, shall be levied upon the unimproved value of land in the manner provided by the said Ordinance; and all rates so levied shall be collected and payable as if they were rates imposed under the provisions of this Ordinance. 15

OBJECTS AND REASONS.

The Nairobi (Rating of Unimproved Site Values) Ordinance, Chapter 86, is applicable only to Nairobi and has certain defects which require remedy. The present Bill is intended to apply to all municipalities and is designed to remove these defects. Its chief characteristics are that it provides for the rating of separate interests and allows municipal authorities to impose rates on both site values and improvements whereas the present Ordinance refers to site value taxation only. The valuation and rating of separate interests has been provided for mainly because of the method of alienating Crown land under long-term leases adopted by Government and the proposed system permits the apportionment of rates between the parties enjoying the benefits of ownership.

Provision is made for making a new Valuation Roll once in every five years, and the basis of valuation and valuers' powers of inspection are prescribed, while objections to any valuation are permitted by persons other than the owners of the property concerned.

Provision is also made for the partial exemption from rates in the case of land used for agricultural purposes. The claim of agricultural land to some form of relief is recognised in other countries on the ground that the use of large areas of land for agricultural purposes does not create the same need for municipal services and expenditure as is occasioned by the use of comparatively small lots for building purposes, and that therefore the owners of agricultural land do not receive benefits from municipal expenditure in the same proportion to the value of their holdings as those enjoyed by owners of other land in the municipal areas.

It is provided therefore that land used exclusively for agricultural purposes not being less than ten acres in extent is to be rated on half its agricultural value. Where, however, such land continues to be used for agricultural purposes when owing to its situation and suitability for other purposes added values accrue, such land is to be taxed on the full amount of such additional values. The object of this provision is to prevent the relief given to agricultural land from leading to the holding up of land which is required for building development.

An amended form of Valuation Court is introduced, namely, one of not less than three persons appointed by the Council. This form of court has proved satisfactory in the Transvaal and is inexpensive and expeditious. There is a right of appeal to a magistrate's court whose decision is made final subject to the right of the magistrate to reserve any question of law for decision by the Supreme Court.

The rating system proposed is that in operation in the Transvaal. The rate is twofold, an original and an additional rate. The original rate must be on site values and may not exceed ½%. The additional rate may be on site values or on site values and improvements at the option of the Council. In the former case the additional rate may not exceed 1½%; in the latter case it may not be imposed unless an original rate

of $\frac{1}{2}\%$ has been imposed on site values and may not exceed 1% of the unimproved value of land and further may not exceed the percentage payable as the additional rate on the unimproved value of land. These maxima may, however, be exceeded subject to the sanction of the Governor in Council. The Council is empowered to impose special rates to meet extraordinary expenditure and its procedure in this event and machinery for raising objections are provided. The Council may also remit or grant exemption from rates with the approval of the Governor in Council. As a corollary to the rating of interests, transfer by agreement of the liability on rates from lessor to lessee is prohibited, but it is not intended that this provision should have retrospective effect.

Special procedure is provided in the Nairobi Ordinance for the recovery of rates but these have been replaced by the provisions in force in the Transvaal, as it seems better to make use of ordinary civil procedure as far as possible.

In regard to the valuation of Crown property, in respect of which the Local Government Commission recommended that contributions in lieu of rates should be payable, valuation is to be dealt with under rules made by the Governor in Council.

Power is conferred on the Governor to exempt any municipality or any part of any municipality from the operation of this Ordinance, and to apply the provisions of the Ordinance to any township or to any part of any township.
