PART I.

DIVIDING FENCES, ADVANCES FOR ERECTION THEREOF AND CONTRIBUTIONS TOWARDS COST OF ERECTION.

Advance by
Land Bank
towards cost of
erection of
dividing fences

3. Whenever fencing has been declared to be obligatory by the Governor under section 5 of this Ordinance, anyone in such area may apply in the prescribed form to the Land and Agricultural Bank of Kenya (hereinafter referred to as “ the Land Bank ”) for an advance to defray the cost of the erection of such fence or fences as he may be required to construct under this Ordinance. 35 40

Beneficial use
by one owner of
fence erected on
holding of
adjoining
owner.

4. If any owner has, under this Ordinance or any other Ordinance or otherwise, lawfully erected a dividing fence on the boundary lines of his holding in an area in which contributions towards the cost thereof are not obligatory and the owner of an adjoining holding adopts means whereby such a fence is rendered of beneficial use to himself, either owner may, in default of agreement, demand that an assessment be made of the value to each owner of the fence, regard being had to the extent to which and the time at which the beneficial use is being or has been made. Such value, if not agreed upon, shall be submitted to arbitration in accordance with the provisions of the Arbitration Ordinance, and thereupon it shall be obligatory upon the owner who has made beneficial use of the fence to contribute towards the cost of such fence in accordance with such assessment. 45 50

Cap. 18.

5. The Governor in Council shall declare contributions towards the cost of a dividing fence to be obligatory in any area if the Commissioner for Local Government has transmitted to the Director of Agriculture a certified copy of a resolution
 5 passed by a two-thirds majority of the owners or occupiers of land (as the case may be) throughout a district requesting such area to be proclaimed, and contributions when so declared obligatory in any area shall be made as from a date to be by the said Proclamation fixed : provided that in any area a group
 10 of owners or occupiers not fewer than fifteen in number may apply to the Commissioner for Local Government to have the area represented by their group of holdings declared a district for the purposes of this Ordinance.

Contributions by adjoining owner to cost of dividing fence when obligatory.

6. (1) Whenever such application has been transmitted to
 15 the Commissioner for Local Government the Chief Veterinary Officer shall thereupon define the boundaries of the district, and thereafter in consultation with the owners and occupiers of the district as defined, at a public meeting approve or adjust and approve the boundary of the area as a district under this
 20 Ordinance.

(2) When the district has been approved and defined then a resolution in terms of section 5 of this Ordinance may be transmitted to the Commissioner for Local Government as provided for in the last preceding section.

25 7. (1) Every owner who intends to erect a dividing fence upon his holding may, if he desires that the owner of an adjoining holding shall contribute to the cost of such fence, transmit to that owner written notice dated and in the form as nearly as possible set out in the Schedule to this Ordinance,
 30 of such his intention, and when he transmits such notice he shall attach thereto the specification of the dividing fence which he desires to erect, together with a statement of the estimated cost thereof and the proportion of such cost which he requires such owner to contribute.

Notice to adjoining owners of intention to erect a dividing fence.

35 (2) If the last mentioned owner fail, within a period of one month after the date when the said notice was transmitted, to lodge with the owner who transmitted the notice an objection thereto, the latter may forthwith proceed with the erection of the dividing fence.

40 (3) If an owner to whom the said notice has been transmitted lodge an objection within the said period and state therein that he desires to erect a dividing fence of a different type and transmit with the objection a specification of the type of fence he desires to erect, either owner may, in default
 45 of agreement between them, claim that the matter shall be submitted to arbitration in accordance with the provisions of the Arbitration Ordinance.

Cap. 18.

(4) The provisions of this section shall apply *mutatis mutandis* in respect of a dividing fence existing at the com-
 50 mencement of this Ordinance or at the date as from which contributions become obligatory by proclamation under section 5, provided in either case the fence is in good order.

(5) If an owner has erected a dividing fence without complying with the provisions of sub-section (1) of this section and the owner of an adjoining holding adopts means whereby such a fence is rendered of beneficial use to himself the provisions of section 4 of this Ordinance shall, *mutatis mutandis*, 5 apply.

Notice to
absentee owner.

8. If the whereabouts of any owner be unknown or if he be absent from the Colony, the notice mentioned in the last preceding section shall be deemed to be duly given—

(a) when it is given to a person generally or specially 10 authorised by him to be his representative, or (if there be no such authorised representative known to the person required to give the notice),

(b) when it has been published once in the Gazette and three times in a newspaper circulating in the 15 Colony :

Provided that in the case described in paragraph (b) a period of three months shall be substituted for the period of one month prescribed by the last preceding section as the period within which objections shall be lodged or the terms of 20 the notice shall be complied with.

The cost of publication described in paragraph (b) shall be added to the contribution towards the cost of the fence required to be made by the owner whose whereabouts is unknown or who is absent from the Colony. 25

Holding in
proclaimed area
adjoining
holdings in
unproclaimed
area.

9. Whenever a defined holding in an area in respect of which a proclamation is in force under section 5 adjoins a defined holding in another area in respect of which such a proclamation is not in force, the owner of the last-mentioned holding shall be liable to contribute towards the cost of the 30 dividing fence between the two holdings, only if he adopts means whereby the fence is rendered of beneficial use to himself.

10. Whenever a holding in an area in respect of which a proclamation is in force under section 5 adjoins a Native 35 Reserve, Forest Area or other Crown Land then it shall be compulsory that a contribution be made by both the adjoining owners towards the cost of the fence on the common boundaries.

Power of
Department to
enter upon
holding and
inspect fences,
etc.
Repairs.

11. The Department may, by its officers, enter upon 40 any holding to inspect any fence and if it be of the opinion that the same is in need of any repairs, it may give written notice to the owners to execute any such repairs within a period to be specified in the notice and, in default of compliance with the terms of the notice, the Department may 45 proceed to execute such repairs and may recover the costs thereof by action in a competent court.

PART II.

COMPULSORY FENCING TO PREVENT THE SPREAD OF

STOCK DISEASES IN A CLEAN AREA. 50

Erection of
dividing fences
by owner or
by Director of
Agriculture.

12. For the purpose of preventing the spread of diseases amongst stock, as defined in any law relating to diseases of and the cleaning of stock and notwithstanding anything to the contrary contained in this Ordinance, the Director of Agriculture may call upon the owner of any holding to erect a fence 55 along the whole or any part of the boundaries thereof if the holding be within an area declared under any such law to be a dirty area or a guard area. The specifications of any such

fence shall be determined by the Department. If the owner fail within the period specified by the Director of Agriculture to erect such a fence, the Director of Agriculture may cause the same to be erected by the Department.

- 5 **13.** The costs of any dividing fence erected by the Department under this Part shall, in the first instance, be defrayed out of moneys specifically appropriated by the Legislative Council for the purpose :

Cost of erection of fences under this Part and repayment of same by owners.

- 10 Provided that the total cost of any such fence (not exceeding the cost of an ordinary six-wire fence), together with interest at the rate of six per cent. per annum, shall be repaid by the owners of the two holdings divided by the fence by equal yearly instalments, commencing, as regards both instalments and interest, such instalments being so calculated and
15 fixed that the said cost and interest will be wholly repaid within a period of ten years from the date on which the first instalment became due, and which moneys shall be secured and collected by the Land Bank :

- 20 Provided further that any amount not exceeding ten pounds shall become payable immediately after the completion of the fence.

- 25 **14.** (1) In any case where any Crown land has been fenced under the provisions of this Part, and has, before the erection of the fencing, been leased under the provisions of any law in force in the Colony, the lessee shall, in addition to the rent payable under his lease or licence, pay to the Government interest at the rate of six per cent. per annum upon one-half of the total cost of the fence from the date of the completion of such fence, provided that the lessee may, if
30 he so desire, cancel his lease.

Special provisions relating to repayment by lessees of Crown lands of cost of fences erected under this Part.

- 35 (2) If a lease or licence under any of the laws referred to in sub-section (1) of this section contains a right of conditional purchase of the land, then upon that right being exercised, the conditional purchaser shall, as from the date on which the purchase takes effect become liable for and shall pay to the Government from time to time as prescribed by this Part the instalments due to the Government, together with interest at the rate in that sub-section mentioned. The period between
40 the date of completion of the fence and the date when the purchase takes effect shall be reckoned as part of the time within which the cost of erection shall be repaid, and the instalments which shall be payable during that period shall be added to the purchase price of the land and any instalments of purchase price which will become due under such terms of the
45 lease as relate to conditional purchase of the land shall be increased accordingly.

- 50 (3) The provisions of sub-section (2) of this section shall *mutatis mutandis* apply when a lease of land under any of the said laws is converted into a licence and shall further apply to land held under licence in accordance with those laws.

- (4) Whenever the interest of a licensee of land held under licence terminates, half of the instalments paid by him under this section in respect of fencing, but not the interest on those instalments, shall be repaid to the licensee.

Repayment of
cost of fencing
native locations
under this Part.

15. Whenever the Director of Agriculture or an adjoining owner has incurred any costs in respect of the fencing under this Part of a location or part of a Native Reserve, the adult male inhabitants thereof shall be jointly liable for repayment of one half of such costs and for payment of interest thereon at the rate of six per cent. per annum. For the purpose of obtaining such repayment and payment of interest the Governor may, by proclamation in the Gazette, order that a rate, not exceeding in any one year the sum of five shillings, be levied and collected from each such adult male inhabitant, fix the date when such rate shall be levied and collected, make regulations defining the incidence of such rate and provide that the amount thereof shall be recoverable in the same manner as any native hut tax or poll tax is by law recoverable from natives liable to pay such tax.

Repayment of
cost of fencing
town lands and
commonage
under this Part.

16. Whenever the Director of Agriculture has incurred any costs in respect of the fencing under this Part of any town lands which are vested in or controlled by any local authority, one-half of the cost shall be payable by such local authority and also one-half by the adjoining owner in manner provided by this Part.

Contributions in
kind towards
fencing under
this Part.

17. Nothing in this Part contained shall be construed as preventing any person liable thereunder for any part of the costs of the erection of a fence from contributing labour or transport towards such costs and any such contribution shall be set off against the amounts due under this Part and the value of the contribution shall, in the absence of agreement, be submitted to arbitration in accordance with the provisions of the Arbitration Ordinance.

Cap. 18.

Liability of
adjoining owners
under this Part.

18. If a fence erected under this Part divide the holdings of adjoining owners, each adjoining owner shall pay one-half of the amount to be repaid in accordance with this Part of that part of the fence dividing those holdings, together with the interest aforesaid.

Fence not to be
removed without
consent.

19. No person shall, whether or not the costs of the fence with the interest thereon have been repaid, remove any fence erected under this Part unless he has previously obtained the written permission of the Department, and, in any proceedings for a contravention of this section, the burden of proving that he has previously obtained such permission shall lie on the said person.

20. Whenever in a clean area a route of public highway becomes infected, it shall then be the duty of the local authority, subject to the provisions of section 42 of this Ordinance, to erect fences on both sides of the route, to the extent required by and to the satisfaction of the Director of Agriculture.

Buffer fencing.

21. The Director of Agriculture may cause fences to be erected—

- (a) along or across any road, whether public or private;
- (b) along the boundaries of any number of holdings, on or within the boundaries of any native reserve, and the cost of any fence erected under this section shall be defrayed entirely out of the moneys specifically appropriated by the Legislative Council for the purpose of this Part and no contribution shall be payable by any owner or other person in respect of the fence :

Provided that whenever a fence erected under this section is no longer required for the purpose for which it was erected the Department may sell that fence or any portion thereof, at a price to be approved by the Director of Agriculture, to any person desiring to purchase it.

- 22.** If any fence erected under this Part, or any gate connected therewith, be out of repair and the owners on either side fail to repair it, the Department may cause written notice to be served upon the person or persons liable to pay for the cost or part of the cost of the erection of the fence, to put the fence or the gate (as the case may be) in repair to the satisfaction of any person named by the Department and within a time to be fixed by the notice, and if such fence or gate be not put into satisfactory repair within the time so fixed, any person or persons nominated by the Department in writing may execute the repairs, and the cost thereof shall be added to and be deemed part of the cost of erection, and the provisions of this Part, relating to repayment of the costs of the erection of the fence shall in all respects apply to the repayment and mode of securing repayment of the costs of such repairs.

Repair of fences erected under this Part.

In any case in which the service of such notice cannot be effected without loss of considerable time, the Department may execute the repairs without such notice, and the cost shall be recoverable from the owner in manner aforesaid.

PART III.

OFFENCES.

- 23.** Any person who—
- (a) opens and leaves open or unfastened; or
- (b) finding open on passing through, neglects to shut and fasten any gate in any fence;
- shall be liable on conviction, in the case of a first offence, to a fine not exceeding five pounds, or, in default of payment, to imprisonment of either description for a period not exceeding fourteen days, and in the case of a second or subsequent conviction, to a fine not exceeding twenty pounds, or, in default of payment, to imprisonment of either description for a period not exceeding one month, or to such period of imprisonment without the option of a fine.
- 24.** Any person who climbs over or through a fence or gate without permission of the owner or lessee of the land upon which such fence is situate shall be liable on conviction to a fine not exceeding ten pounds, or in default of payment, to imprisonment of either description for a period not exceeding fourteen days.
- 25.** Any person who wilfully injures or removes any fence, gate, or other appliance or contrivance forming part or serving the purpose thereof, shall be liable on conviction to a fine not exceeding seventy-five pounds, or, in default of payment, to imprisonment of either description for a period not exceeding six months, or to such imprisonment without the option of a fine.

PART IV.

GENERAL AND MISCELLANEOUS.

Fencing of land
subject to
grazing
servitude.

29. (1) An owner shall have the right to fence his holding or to contribute towards the cost of erecting a dividing fence between such holding and any adjoining holding notwithstanding that such first-mentioned holding is subject to an easement for grazing or an easement for watering live-stock thereon in favour of any other owner or person whomsoever, provided that reasonable means of ingress and egress be allowed to the live-stock of the person enjoying the easement through suitable and sufficient gates, and in default of agreement between the owner and the person enjoying the easement as to the suitability or sufficiency of the gates, either of them may claim that the matter shall be submitted to arbitration in accordance with the provisions of the Arbitration Ordinance. 30 35 40

Cap. 18

Settlement of
disputes.

30. Whenever, under this Ordinance, two owners are unable to agree—

(a) as to the specifications of any dividing fence proposed to be erected or altered; or 55

(b) as to the assessment to be made of the value to any owner of any dividing fence; or

(c) as to the use which an owner is making of a dividing fence and whether such use is beneficial use and if so the extent to which the beneficial use is being made; or

5 (d) as to any other matter in respect of which a dispute has arisen between the two owners;

the matter shall be submitted to arbitration in accordance with the provisions of the Arbitration Ordinance.

Cap. 18.

31. (1) Whenever any person is convicted by a Magistrate's court of a contravention of section 25 or section 26 of this Ordinance and it appears that such person has by that offence caused damage to the owner or occupier of a holding, the court may, at the request of such owner or occupier, as the case may be, but in the presence of the convicted person, 15 inquire summarily and without pleadings into the amount of damage so caused.

Summary proceedings for recovery of damages from convicted persons.

(2) Upon proof of such amount the court may give judgment therefor in favour of such owner or occupier, as the case may be, and against the convicted person, and such judgment 20 shall be of the same force and effect, and be executable in the same manner, as if it had been given in a civil action duly instituted before such court: Provided that judgment shall not be given under this section for a sum exceeding fifty pounds.

32. If any fence crosses a recognised public road the owner concerned shall allow an opening of not less than fifteen feet across such road and shall erect and maintain in good order a gate made of iron or wood, or an iron or wooden frame 25 spanned with wire, placed as nearly as possible at right angles to the road and properly fixed by means of hinges or pivots 30 to posts erected for the purpose, so as to facilitate the opening and closing of the gate:

Provided that in an area wherein a road authority exists such authority shall define the types and width of gates which 35 may be erected over any road.

33. Any person erecting any fence whatever on land covered with bush may clear the bush for a distance not exceeding five feet on each side of such fence and may remove any tree standing in the immediate line of such fence, and the 40 cost of such clearing shall be deemed to be part of the cost of erecting the fence.

Bush may be cleared for fencing.

34. Where any holding fenced under this Ordinance is held under lease the owner shall be entitled during the term of the lease to receive from the lessee, as from the date when 45 such holding became so fenced, a payment of six per cent. per annum on any sum which such owner has paid in respect of the fence. The owner shall have the same rights in respect of recovering any such payment as he has in law to recover rent due to him from the lessee, and the lessee shall have the 50 right to determine the lease, unless the owner's liability to contribute towards the cost of the fence arose from any act of the lessee.

Payment by lessee to lessor of fenced holding under this Ordinance.

Give-and-take

OBJECTS AND REASONS.

The main object of this Bill is to provide a means whereby stock diseases, particularly East Coast Fever, may be circumscribed in their incidence.

The Bill defines the relations which are to exist between owners of adjoining holdings who fence the boundaries of their holdings, and the relation between both Railway authorities, local authorities and the public as to the fencing of public highways, are also provided for.

Further the Bill makes it possible for a district to adopt a method of compulsory fencing in order that a concerted effort may be made against stock diseases.

It further lays down the relation of holders of land adjoining Forest Reserves and Crown land in respect of fencing common to both.

In certain circumstances, loans may be obtained from the Land Bank for the erection of fences under this Bill.

The Bill further provides for the erection of buffer fences by the Department of Agriculture, and deals specifically with offences which are liable to impair the efficacy of a fence.

When this Bill is approved and applied it will be necessary to provide moneys for fencing in the Estimates under the Department of Agriculture, Department of Lands and Department of Native Affairs, approximately £7,000 per annum for a few years.
