Section 7 (a) of the Principal Ordinance which it is proposed to amend :—

Circumstances
in which
pension may
be granted.

7. No pension, gratuity or other allowance shall be granted to any European officer except on his retirement from the public service in one of the following cases :—

- (a) on or after attaining the age of fifty years, or, in the case of transfer to other public service, on or after attaining the age at which an European officer is permitted by the law or regulations of the service in which he is last employed to retire on pension or gratuity ;

Colony and Protectorate of Kenya.

GOVERNMENT NOTICE No. 110.

His Excellency the Acting Governor has approved of the following Bill being introduced into Legislative Council.

G. R. SANDFORD,
Clerk to the Legislative Council.

A Bill to Amend the European Officers' Pensions Ordinance, 1927.

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as “ the European Officers' Pensions (Amendment) Ordinance, 1929,” and shall be read as one with the European Officers' Pensions Ordinance, 1927, hereinafter referred to as “ the Principal Ordinance.” Short title.

2. Paragraph (a) of section 7 of the Principal Ordinance is hereby amended by the addition at the end thereof of the following :— Amendment of section 7 (a) of the Principal Ordinance.

“ or, in the case of an officer who becomes a Governor within the meaning of the Acts of Parliament shortly entitled the Pensions (Governors of Dominions, etc.) Act, 1911, and the Pensions (Governors of Dominions, etc.) Act, 1913, or any Act of Parliament replacing or amending the same, upon retirement in any circumstances rendering him eligible for a pension under any of the said Acts.”

OBJECTS AND REASONS.

The Pension Ordinance, No. XI of 1927, provides that an officer who has been transferred from the Colony, may be granted a pension in respect of his service in the Colony on his final retirement if he has attained an age at which pension is granted by the last employer.

Under the Pensions (Governors of Dominions, etc.) Acts, which regulate the grant of pensions to Governors from Imperial funds the pensionable age is 60, but the Acts also provide that in certain circumstances a Governor who has not attained the age of 60, but for whom further employment as a Governor is not available, may be granted a reduced pension.

Cases of this nature may occur in which, although pension for Governors' service may be granted from the Imperial Funds, the officers concerned might be held not to be eligible for pension under the Pensions Ordinance, 1927, inasmuch as they had not attained the age, *i.e.*, 60, at which Governors are normally permitted to retire with pension.

The object of this Bill is accordingly to protect the position of an officer who has served in the Colony in an office in respect of which pension may be paid from the funds of the Colony, that is to say, in a pensionable office other than that of Governor, and who afterwards becomes a Governor and retires in circumstances entitling him to a pension from Imperial funds, but before attaining the age of 60 years.

OBJECTS AND REASONS.

This Bill makes provision for enforcing the requirements of the Geneva Opium Convention of the 19th February, 1925.

The Convention provides that no consignment of certain drugs, which are included in the definition of " opiates " in the Principal Ordinance, exported from one country to another shall be permitted to pass through a third country, whether or not it is removed from the ship or conveyance in which it is being conveyed, except on the production of a copy of the export authorisation or diversion certificate accompanying it.

Provision is made in the Bill for the exercise of this control and, subject to certain conditions, for the issue of removal and export permits according as the opiate is to be removed from the ship or re-exported.

By Clause 4 the presence of any opiate on any ship must be declared to the Commissioner of Customs within four hours after the arrival of the ship.

Clause 7 enables the Governor to issue a diversion certificate on receipt of an import certificate from the Government of the country to which it is proposed to divert a consignment. Such a diversion certificate validates the export of the consignment to a country other than that mentioned in the export authorisation issued by the Government of the country of origin of the consignment.

A discretion is given to the Commissioner of Customs by Clause 8 to issue an export certificate where the necessary documents are not forthcoming by reason of the fact that the country to which the consignment is to be exported is not a signatory to the Convention.

Provision is also made for the control of opiates carried in aircraft.

" GROUND ENGINEERS.

1. With reference to paragraph 7 of Schedule 2 to the Order the issue of licences to persons desirous of being licensed as competent persons for the inspection and certification of aircraft in accordance with section IV of these directions and for other purposes in connection with the Order and these directions is carried out by the Secretary of State for Air. Persons so licensed are herein referred to as ' ground engineers '.

2. The procedure for obtaining such a licence is as follows :—

(i) A person may be licensed as a ground engineer in any of the following categories :—

A.—Inspection of aircraft before flight.

B.—Inspection of aircraft after overhaul.

C.—Inspection of aero-engines before flight.

D.—Inspection of aero-engines after overhaul.

Other duties as specified in the licence.

(ii) In order to qualify for the issue of a ground engineer's licence a candidate—

(a) Must not be under 21 years of age ;

(b) Must pass an examination held by representatives of the Secretary of State for Air ; and

(c) Must produce satisfactory proof of practical experience or knowledge in accordance with sub-paragraph (iv) below.

(iii) Syllabuses of the examination for the various categories may be obtained on application to the Registrar of Aircraft, District Commissioner's Office, Nairobi.

(iv) As regards licences in categories A, B, C, and D, a candidate will normally be required to have had at least two years' satisfactory practical experience—

(a) On aircraft construction and/or maintenance in the case of an application for a licence in category A and/or category B.

(b) On aero-engine construction and/or maintenance in the case of an application for a licence in Category C and/or Category D.

Provided, however, that in lieu of such two years' practical experience, proof may be accepted that the candidate has otherwise acquired adequate knowledge of the construction or maintenance of aircraft or aero-engines as the case may require.

(v) As regards licences in category D, a candidate will be required to have had such practical experience as, in the opinion of the Secretary of State for Air, will enable him to perform satisfactorily the duties for which the licence is required.

(vi) Where a candidate's experience or knowledge is limited to any particular type or types of aircraft or engine, a licence may be granted in respect of such type or types only.

3. (i) Aircraft and/or engines certified by licensed ground engineers or authorised persons may, from time to time, be re-inspected by a person or persons duly authorised by the Governor, who reserves the right to cancel, suspend, or endorse licences granted as above should such certified aircraft be deemed by him as a result of such examination to be unsafe.

(ii) The circumstances in which the licence of a ground engineer may be cancelled, suspended or endorsed include, in particular, cases where the ground engineer has signed a certificate in a category for which he is not licensed :

Provided that a licence which was not issued in the Colony, will only be suspended or endorsed, pending reference to the authorities of the country by whom the licence was issued.

4. The Governor reserves the right to cancel, suspend or endorse the licence of a ground engineer who signs a certificate in a category for which he is not licensed.

5. The Governor may, on sufficient grounds being shown to his satisfaction, after due enquiry cancel, suspend or endorse the licence of a ground engineer in circumstances other than those specified in paragraphs 6 (1) and 7.

6. Ground engineers' licences will be valid for a period of twelve months, and will then be subject to renewal. The Governor reserves the right to re-examine the candidate for renewal if considered necessary.

7. Applications for renewal of ground engineers' licences should be forwarded to the Registrar of Aircraft, District Commissioner's Office, Nairobi, by whom application forms will be supplied on demand."

7. Sub-paragraph (c) of paragraph 26 of section VIII of the Principal Directions is repealed and replaced as follows:—

" (c) A pilot's licence to fly flying machines carrying passengers or goods for hire or reward or for any industrial purpose will only be issued, renewed or validated, for the same type or types of machines as were included on the original licence, unless and until the applicant—

- (i) produces evidence satisfactory to the authorised examiners that he has carried out in a satisfactory manner three take-offs and three landings with the aircraft light, and three take-offs and three landings with the aircraft fully loaded on the type of aircraft which he wishes added to his licence; and
- (ii) undergoes to the satisfaction of the authorised examiners an oral examination as to his practical knowledge of the aircraft (including the engine if of a new type) in respect of the aircraft which he wishes added to his licence."
