Section 10 of the Principal Ordinance which it is proposed to repeal and replace —

Reciprocity
between Kenya
and other
British
possessions

10 Where the Governor is satisfied that reciprocal provisions have been made by the legislature of any British possession or any territory under His Majesty's protection for the enforcement within such possession or territory of maintenance orders made by the court in the Colony, the Governor may by proclamation extend this Ordinance to maintenance orders made by the courts within such possession or territory, and thereupon this Ordinance shall apply to such maintenance orders as if they had been made in England or Ireland

Colony and Protectorate of Kenya.

GOVERNMENT NOTICE No 661

HIS Excellency the Governor has approved of the following Bill being introduced into Legislative Council

G R SANDFORD,
Clerk to Legislative Council

A Bill to Amend the Maintenance Orders Enforcement Ordinance

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows —

1 This Ordinance may be cited as “ the Maintenance Orders Enforcement (Amendment) Ordinance, 1929,” and shall be read as one with the Maintenance Orders Enforcement Ordinance (Chapter 169 of the Revised Edition), hereinafter referred to as “ the Principal Ordinance ”

2 Section 10 of the Principal Ordinance is hereby repealed and the following is substituted therefor —

“ 10 Where the Governor is satisfied that reciprocal provisions have been made by the legislature of any British possession or any territory under His Majesty’s protection or any territory in respect of which a mandate on behalf of the League of Nations is being exercised by His Majesty’s Government in the United Kingdom of Great Britain and Northern Ireland, or in any other part of His Majesty’s dominions, for the enforcement within such possession, protectorate or territory of maintenance orders made by courts in the Colony, the Governor may by proclamation extend this Ordinance to such possession, protectorate or territory and this Ordinance shall thereupon apply in respect of such possession, protectorate or territory as though the reference to England or Ireland were references to such possession, protectorate or territory and the references to the Secretary of State for the Colonies were references to the Governor of such possession, protectorate or territory ”

Repeal and replacement of section 10 of the Principal Ordinance

OBJECTS AND REASONS

Under the Maintenance Orders Enforcement Ordinance—

- (a) certified copies of Maintenance Orders which have to be forwarded to other British possessions or territories under His Majesty’s protection require to be forwarded through the Secretary of State however near the other colony or protectorate may be,
- (b) there is no power to make *in absentia* a provisional maintenance order against a person resident anywhere except in England or Ireland,

(c) there is no provision for admissibility of depositions taken, or documents signed, anywhere except in England or Ireland

This Bill remedies these defects by changing the "reciprocity" clause so as to enable references to England or Ireland to be read as references to the possession or territory concerned and references to the Secretary of State for the Colonies as references to the Governor of such possession or territory

The Bill also makes provision for the application of the Principal Ordinance to mandated territories

GENERAL NOTICE NO 1395

DEPARTMENT OF AGRICULTURE

LOCUST REPORT TO 16-10-29

FLYING SWARMS

Three small swarms of red locusts moved south over Maraquet, then turned east into Kamasia

A thin swarm is reported from the region of Eburru

A heavy swarm was observed in the Solai area on 12-10-29. It flew north-east. No further reports to hand as to its subsequent movements

Swarms still persist in the region of Rumuruti, but the Northern Frontier Province is reported to be practically clear of flying swarms

Tanganyika reports that the report of a fresh pink swarm flying south over the border at Mashewa (wrongly named Moiben in the last report), now proves to be false. There is a further report of a swarm damaging native maize in the Paie Hills. No damage has been reported from Kenya this week

HOPPER AREAS

A report of hoppers on a farm in the settled area is to hand—confirmation is awaited

From Northern Turkana a final report states that, within an area of ten square miles, mixed large hoppers and young fliers were successfully banded, and the area entirely cleared. Staff has been reduced

There is a possibility of a further campaign against hoppers November—February. Should the swarms already known to be in the Colony receive no reinforcement, the campaign will be on a restricted scale
