## OBJECTS AND REASONS

This Bill is intended to bring the legislation of the Colony as to the Registration of Letters Patent into conformity with the most recent legislation on the subject

2 It gives effect to various recommendations of the Secretary of State, and also implements the frequent recommendations of commercial interests for the unification of commercial legislation in the East African territories. Tanganyika Territory has already passed similar legislation and the Government of Uganda has the matter under consideration

3 No expenditure of public moneys will be involved if the provisions of this Bill become law

## GOVERNMENT NOTICE NO 108

HIS EXCELLENCY the Governor in Council has approved of the following Bill being introduced into the Legislative Council

G. BERESFORD STOOKE,  
*Acting Clerk of the Legislative Council*

**A Bill to Amend the Public Travel and Access Roads Ordinance**

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows —

**1** This Ordinance may be cited as “ the Public Travel and Access Roads (Amendment) Ordinance, 1933,” and shall be read as one with the Public Travel and Access Roads Ordinance (Chapter 113 of the Revised Edition), hereinafter called “ the Principal Ordinance ”

Short title

**2** Section 14 of the Principal Ordinance as amended by the Revised Edition of the Laws (Operation) Ordinance 1926, is hereby repealed and the following is substituted therefor —

Repeal and replacement of section 14 of the Principal Ordinance No 7 of 1926

14 (1) When the said road of access has been granted, the applicant, which term shall for the purposes of this section include his successors in title, and every owner or occupier of land over which the said road of access passes, and no others, shall have leave at all times to use the said road of access. Provided that where a road of access joins a public road, the applicant shall at his own cost place a notice board (to be approved of by the district board) at the point where such road of access joins the public road, stating that the road of access is a private road. Provided further that if the applicant shall fail or neglect to place a notice board at such point as aforesaid, the district board may do the necessary work, and may recover the cost of such work from the applicant.

(2) The district board may at its discretion require such road to be fenced should it pass through an already existing fenced enclosure, and the board shall apportion the cost of such fencing between the parties interested as it shall deem fit.

Provided further that if any owner or occupier of land over which the said road of access passes shall use such road then and in such case, he shall pay a proportionate share towards the maintenance of that portion of the road so used by him

Provided further that if any other person shall regularly use the said road of access it shall be competent for not less than half the number of persons liable at that time for the maintenance of such road as aforesaid to apply to the district board to call upon such other person by notice to show cause, on a date not less than one month from the date of such notice, why he should not pay a proportionate share towards the maintenance of that portion of the road so used by him and the district board shall thereafter make such order as it shall think fit and proper in the circumstances

The proportionate share aforesaid to be paid shall be fixed by the district board with due regard both to the extent of road used and the nature and amount of traffic likely to pass thereover

(4) If the said road of access shall pass through any wall, fence or barrier existing at the date of application the applicant shall provide and maintain suitable gates for the closing of the aperture occasioned by the said road of access

(3) The applicant shall at all times maintain the said road of access in a good and efficient state of repair to the satisfaction of the district board and, for the purpose of such maintenance, the applicant, his servants or his agents, shall have leave to enter at all times upon the said road of access. Provided always that as little damage or inconvenience as possible shall be caused by such entry to the owner or occupier of the land over which the said road of access passes, and that such right of entry shall be subject to such conditions as the district board may impose in granting the order for constructing the said road of access. Provided further that if any owner or occupier of land over which the said road of access passes shall use such road, then and in such case, he shall pay a proportionate share towards the maintenance of that portion of the road so used by him.

3 Notwithstanding anything in this Ordinance contained, where a road of access granted either before or after the commencement of this Ordinance passes over, in whole or in part, any right of way over which the public are entitled to pass, such public right of way shall not be extinguished by the granting of such road of access.

Public rights  
of way not to  
be  
extinguished

#### OBJECTS AND REASONS

As the law now stands, a road of access constructed under the Public Travel and Access Roads Ordinance can be used by the public generally as well as by the applicant. On representations being made to Government that this is inequitable and undesirable, District Councils and District Road Boards were circulated to obtain their views, and the Councils and Boards were almost unanimously of opinion that the right of use of roads of access should not be allowed to the public. This Bill has been drafted to achieve that object, and provides that the applicant, and every owner or occupier of land over which a road of access passes, and no others, shall have leave at all times to use the road of access.

No expenditure of public moneys will be involved if the provisions of this Bill become law.
