Colony and Protectorate of Kenya

GOVERNMENT NOTICE No. 487

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

R. W. BAKER-BEALL,
Acting Clerk to the Legislative Council.

A Bill to Amend the Medical Practitioners and Dentists Ordinance

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as the Medical Practitioners and Dentists (Amendment) Ordinance, 1937, and shall be read as one with the Medical Practitioners and Dentists Ordinance (Chapter 119 of the Revised Edition), hereinafter referred to as the Principal Ordinance.

Short title

Cap. 119.

2. The Principal Ordinance is hereby amended by inserting immediately after section 7 thereof the following section:—

Amendment of the Principal Ordinance.

“7A. A person shall be deemed to practise dentistry within the meaning of this Ordinance who holds himself out, whether directly or by implication, as practising or being prepared to practise dentistry or treats or attempts to treat or professes to treat, cure, relieve or prevent lesions or pain of the human teeth or jaws, or performs or attempts to perform any operation thereon, or inserts or attempts to insert any artificial teeth or appliances for the restoration, regulation, or improvement of the teeth or accessory structures.”

Definition of dentistry.

3. The Principal Ordinance is hereby amended by inserting immediately after section 19 thereof the following section:—

Amendment of the Principal Ordinance.

“20. Nothing contained in this Ordinance shall be construed to prohibit or prevent—

Exemptions in respect of practising dentistry.

(a) the practice of dentistry by a medical practitioner registered or licensed under the provisions of this Ordinance;

Cap. 120.

- (b) the extraction of teeth by a druggist registered under the provisions of the Drugs and Poisons Ordinance, when—
 - (i) the case is urgent; and
 - (ii) no registered medical practitioner or registered dentist is available; and
 - (iii) provided that no drug or anæsthetic is used or administered; or
- (c) the extraction of teeth by any person when—
 - (i) the case is urgent; and
 - (ii) no registered medical practitioner, registered dentist or registered druggist is available within five miles; and
 - (iii) provided that no drug or anæsthetic is used or administered; and
 - (iv) provided no fee is charged or received.”

OBJECTS AND REASONS

Although section 18 of the Medical Practitioners and Dentists Ordinance (Chapter 119 of the Revised Edition) imposes penalties on unregistered persons practising dentistry, its effect is largely nullified by the absence of a definition of what constitutes practising dentistry. Clause 2 of this Bill supplies such definition.

Clause 3 exempts from the provisions of the Ordinance relating to the practising of dentistry registered or licensed medical practitioners and, in the case of urgency, the extraction of teeth by registered druggists or persons other than registered medical practitioners, dentists and druggists.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

- (b) in the case of any other area, without the approval in writing of the Director of Agriculture.

(2) In the case of two or more joint occupiers or joint owners, each of them shall be deemed an occupier or owner for the purposes of this section.

(3) Where any such occupier or owner fails to take any of the measures which he is required to take under sub-section (1) of this section, the inspector may, on giving not less than seven days' notice in writing of his intention so to do, cause such measures to be taken; and thereupon such occupier or owner shall, without prejudice to any penalty which he has incurred through such failure, be liable to pay the costs of such undertaking, which shall be recoverable summarily as a civil debt.

wilful introduc-
tion of pest or

7. (1) Any person who knowingly introduces any pest or disease into any cultivated land shall be guilty of an offence and shall be liable on conviction to a fine not exceeding one

hundred pounds or to imprisonment for a period not exceeding six months.

(2) Any person who wilfully obstructs or interferes with any inspector, or an assistant of an inspector, in the execution of any duty or power imposed or given by this Ordinance or by any rule made thereunder shall be guilty of an offence and shall be liable on conviction to a fine not exceeding one hundred pounds or to imprisonment for a period not exceeding six months, or to both such fine and imprisonment.

8. (1) The Governor may, by order, prohibit, restrict or regulate the importation into and the exportation from the Colony of any plants and the soil, packages, coverings or wrappings thereof and of any article or class of articles, whether of a nature similar to plants or not, and of any animals or insects likely to infect any plant with any pest or disease.

Power to control the importation or exportation of articles likely to spread pests or diseases.

(2) Without prejudice to the generality of the foregoing power, an order under this section may—

- (a) authorize or require the inspection before import or export of any plant or any article likely to infect any plant with any pest or disease, and the grant of a certificate as to the result of any such inspection;
- (b) direct or authorize the disinfection or treatment of any plant, and of any article likely to infect any plant with a pest or disease;
- (c) authorize the immediate destruction without compensation of any imported plant or article or any plant or article intended to be exported which on inspection appears to be infested or infected with any pest or disease where, in the opinion of an inspector, disinfection is impracticable or will not be a complete safeguard, or the delay caused by disinfection would give rise to the risk of the introduction or spread of any pest or disease;
- (d) direct or authorize the disinfection or fumigation of any vehicle, vessel or aircraft suspected of harbouring any pest or article likely to infect any plant with disease;
- (e) prohibit the importation of plants or classes of plants except at specified ports or places of entry;

- (g) impose and provide for the recovery of fees for any inspection, disinfection or treatment carried out in compliance with, or under any power conferred by, any such order.

(3) In this section, notwithstanding the provisions of section 2 of this Ordinance—

“disease” means any unhealthy condition of any plant; and

“pest” means any animal or vegetable organism inimical to any plant.

Penalty for breach of rules and orders of an inspector.

9. Any person who, without reasonable excuse, fails to comply with any lawfully given order of an inspector, or contravenes or fails to comply with any rule made under this Ordinance shall be guilty of an offence and shall be liable on conviction to a fine not exceeding one hundred pounds or to imprisonment for a period not exceeding six months.

Protection to inspectors acting under the Ordinance.

10. No suit, prosecution or other legal proceeding shall lie against any inspector or his assistant for anything in good faith and without negligence done under this Ordinance.

Repeal.

11. The Diseases of Plants Prevention Ordinance (Chapter 155 of the Revised Edition) is hereby repealed.

OBJECTS AND REASONS

This Bill, the object of which is stated shortly in its long title, has been drafted as a result of a suggestion made at the Conference of East African Governors held in 1935 that legislation on the subject of plant protection be drafted for ultimate adoption by the Governments represented at the Conference which agreed in principle with the Report of the Conference on Co-ordination of Agricultural Research and Plant Protection held at Amani in 1934, with particular reference to its recommendation about uniformity in legislation on the subject in the East African territories.

2. The definitions of “disease” and “pest” in clause 2 provide that the Governor may, by order, declare such diseases and pests as are to be prevented and controlled. For the

purposes of clause 8, however, dealing with the importation and exportation of articles likely to spread disease, such declaration is not necessary.

Clause 3 gives power to the Governor to make general rules for the purposes stated.

Clause 4 requires occupiers of land to take, in addition to the other requirements of the law, such measures as may be required of them by an inspector by written notice, and, in the event of failure to do so, enables the inspector to cause such measures to be taken and also makes the occupiers liable to pay the costs of any such undertaking.

Clause 5 affords an inspector and his assistants right of entry into any land or building, other than a dwelling house, after informing the owner or occupier, if present.

Under clause 6 the Governor is given powers to pay compensation out of public funds to any person who is required to destroy any plant or other article.

Clauses 7 and 9 prescribe penalties.

Power to control, by order of the Governor, the importation or exportation of articles likely to spread pests or diseases is contained in clause 8.

Clause 10 protects inspectors and their assistants when acting under the Ordinance.

Clause 11 repeals the old law on the subject (Cap. 155 of the Revised Edition).

Expenditure of public moneys might be involved under Clause 6 if the provisions of this Bill become law.
