Notice of  
Ordinance, etc  
to be  
conspicuously

#### MEMORANDUM OF OBJECTS AND REASONS

It is a matter of considerable doubt whether the Innkeepers Liability Act, 1863, and the Innkeepers Act, 1878, which contain provisions relating to the rights and liabilities of innkeepers in relation to the goods of guests at their inns, apply to hotels in the Colony or not.

It is considered undesirable that hotel-keepers and their guests in the Colony should be left in doubt as to their rights and liabilities. This Bill will, accordingly, make statutory provisions similar to those provided in the United Kingdom by the above mentioned Acts of Parliament.

Briefly, the effect will be to limit the liability of an hotel-keeper for loss or injury to the goods of his guests brought to his hotel (other than loss or injury caused wilfully or by negligence of the hotel-keeper or his staff) to two thousand shillings. There is the usual clause permitting the hotel-keeper to require, as a condition of his liability, deposit of goods for safe custody with him (*Clause 3*).

*Clause 5* will permit an hotel-keeper to sell, after a certain period, the goods of guests seized for unpaid dues.

No additional expenditure of public moneys will be incurred if the provisions of this Bill become law.

2nd December, 1950

#### MEMORANDUM OF OBJECTS AND REASONS

This Bill is the result of the Report of the Select Committee appointed by the Legislative Council to consider and make recommendations upon the Public Roads (Amendment) Bill which had been considered by the Council during its previous Session. The Report was laid on the table on the 11th of October, 1950, but before its adoption could be moved and before, therefore, the then Bill could become law the Council was prorogued.

It is felt that the present short title of the principal Ordinance, the Public Roads Ordinance, does not provide a true guide to its purposes since most of its sections are concerned with private roads of access. *Clause 2* of the Bill, therefore, provides for a more suitable title.

It is considered that the duties and powers, in the principal Ordinance, of the Governor and the Governor in Council may now be more properly performed and exercised by the Member for Health and Local Government. *Clause 3* of the Bill will, therefore, amend section 2 of the principal Ordinance so as to include the necessary definition of Member. It also provides for the inclusion of a definition of the word "board" so that that word may be used in the principal Ordinance where any reference is made to a district road board.

*Clauses 4 and 5* of the Bill will amend the principal Ordinance so that the Member instead of the Governor will have power to appoint district road boards and also, if necessary, to direct them to meet when and where appropriate.

*Clause 7* will amend section 8 of the principal Ordinance by giving the Member instead of the Governor power to dedicate lines of public travel. It will also provide for an appeal to the Governor in Council from any order of the Member made under the powers contained in the section.

*Clause 8* of the Bill will add to section 10 of the principal Ordinance a sub-section giving a board, where it has received more than one application for leave to construct a road of access, power to join any applications in which any common question of law or fact will, in the board's opinion, arise.

*Clause 9* will substitute for section 15 of the principal Ordinance a new section which gives a right of appeal not only from the order of a board but from the refusal of a board to make an order and also from any decision of a board made under the proviso to section 10 of the principal Ordinance.

It has been represented that it is desirable where appeals concerning roads of access are to be heard, for magistrates to be assisted by persons with some knowledge of road matters and farming requirements. The clause, therefore, provides that the magistrates shall be assisted by competent assessors and that while they shall not be bound by the opinions of those assessors, where they do not conform to those opinions, they must record their reasons for not conforming.

It is felt that district road boards should not in every case, where there is an appeal from their decision, be the respondents. While, in the case of an appeal from a decision made under the provisions of the proviso to section 10 of the Ordinance or where an application was unopposed the board must of necessity be the respondent, the clause provides that where the owner or occupier of the land over which it is proposed the road of access should pass has opposed the application he shall be the respondent and that in the case of an appeal against the making of an order, the respondent shall be the party upon whose application the order was made.

The clause also provides that even where a board is not the respondent the court may for good reason order the board to pay the costs of the appeal.

The effect of *sub-clause (5)* is to give the magistrate power, *inter alia*, to order the grant of a road of access and to make any other supplementary order which may be necessary as the result of the grant.

*Clause 10* of the Bill will give the Member power to make rules instead of the Governor in Council.

*Clause 11* will replace section 18 of the principal Ordinance with a section which enables a court to take cognizance of a failure to comply with the order of a district board not only upon the complaint of the chairman of the board concerned or of some person authorized by him but on the complaint of any person who is damaged by the failure to obey the order. This provision will do away with the necessity for a board to become involved in any dispute between a road of access owner and the occupiers of the neighbouring lands.

*Clause 13* will provide for the substitution of new Schedules for the present Schedules to the principal Ordinance. It is considered that these new Schedules are more happily expressed and clearer than the present ones.

The employment of assessors to assist magistrates in appeals will involve some slight additional expenditure of public funds. Otherwise no additional expenditure of public moneys will be incurred if the provisions of this Bill become law.
