13. The application for any plot shall be deemed to be upon and subject to the conditions herein contained and the provisions of the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and, in particular, Part VII thereof.

14. The grantee shall, as aforementioned, make an initial payment for the estimated amount for the cost of construction of roads and drains as shown in the Schedules hereto. 15. The annual cost of the maintenance of the roads when constructed will be paid in proportion to the frontage of each plot by the grantee.

Proposals must be in accordance with the City by-laws and should be for a petrol service station on modern lines with adequate provision on the site for standing vehicles for their refuelling off the road. Points of ingress and egress are to be as indicated in the site plan.

3. The stand premium and annual rent will be as laid down in the Schedule. The successful tenderer will be required to

pay within seven days of notification that his tender has been accepted 25 per cent of the stand premium set out in the Schedule together with the proportionate amount of rent due to 31st December, 1953. Stand premium and rent has been assessed upon the dimensions of the plot shown in the Schedule. The amount payable will be adjusted proportionately according to any variation disclosed upon completion of the survey.

4. The balance of the purchase price will be payable on demand prior to the issue of title within seven days of the demand, failing which the Commissioner of Lands may declare any sums paid to be forfeited and the applicant shall have no further claim to the plot.

5. The survey fees and fees payable in respect of the preparation and registration of the title together with the stamp duty (which is approximately 2 per cent of the purchase price and the rent) in respect of the grant must be paid within seven days of the demand therefor. Title will be issued as soon as convenient.

6. In the consideration of tenders regard will be paid to the relative merits of the proposals and the financial sufficiency of the tenderer to undertake them. Consideration will also be given to the fact that the site is of great importance in the general appearance of the City of Nairobi and to tenderers' proposals for preserving and improving amenities.

7. Tenders must be supported by a statement from an established oil company confirming the bona fides of the applicant and including an undertaking that the tenderer, if successful, will be appointed an authorized dealer in those products of the company applicable to the use as a petrol service station.

8. The Commissioner does not undertake to accept any tender.

General

1. Grants will be made under the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and title will be issued under the Registration of Titles Ordinance. The term of the grant will be 99 years from the first day of the month following the notification of approval of the grant.

2. The Government or such person or authority as may be appointed for the purpose shall have the right to enter upon the plot and lay and have access to water mains, service pipes, telegraph or telephone wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing routes, main or service pipes or the telegraph or telephone wires and electric mains aforementioned.

3. No building shall be erected on the plot unless and until plans (including block plans showing the position of the buildings), drawings, elevations and specifications thereof shall have been previously approved by the Nairobi City Council and by the Commissioner of Lands.

4. The grantee shall not sell, transfer, sub-lease, mortgage, charge or otherwise alienate or part with possession of the plot during the first ten years of the grant and only thereafter if the prior consent in writing of the Commissioner of Lands is obtained; such consent will not be given if the approved development under the accepted tender has not been completed to the satisfaction of the Commissioner.

5. The grantee shall be required to pay all rates, taxes, charges, duties, assessments or outgoings of whatever description as may be charged, assessed, levied or imposed by any Government or local authority upon the land or the buildings erected thereon including any contribution or other sum paid by the Government in lieu thereof.

6. The cost of the construction of roads, drains and sewers to serve or bounding the plot shall be payable by the grantee on demand.

The purchaser of the plot will be required to erect complete for use on the plot within two years from the date of commencement of the grant a petrol service station of approved design, constructed of approved permanent and fireproof material, on proper foundations, in accordance with the development conditions imposed on the acceptance of the tender, and shall maintain the same, including the external paintwork in good and substantial condition during the term of the grant.

2. The plot shall be used only for the purpose of a petrol storage and service station for refuelling, oiling and greasing vehicles, and not for normal garage repairs.

3. The external appearance, including the colour of such buildings and lettering thereon, to be as approved by the Nairobi City Council.
