MEMORANDUM OF OBJECTS AND REASONS

The necessity for this Bill arises from the recent transfer of functions as between Ex-Officio Members of the Executive Council and the alteration of the titles of certain Members.

These changes are effected by amendment of the Royal Instructions but legislation in the Colony is necessary to deal with those Ordinances of the Colony which confer powers or impose duties upon particular Members, as, for example, the Police Ordinance, 1948, which defines "Member" as the Member for Law and Order.

Clause 3 of this Bill will therefore enable the Governor to adapt any enactment in which a particular Member is referred to where it is necessary to make such adaptation by reason of the transfer of the Member's functions to another Member or by reason of an alteration of the Member's title.

Clause 4 makes supplementary provision in regard to orders made by the Governor under clause 3.

No additional expenditure of public moneys will be incurred if the provisions of this Bill become law.

Nairobi,
24th June, 1953.

E. N. GRIFFITH-JONES,
Acting Attorney General.

MEMORANDUM OF OBJECTS AND REASONS

By sub-section (1) of section 28 of the Land and Agricultural Bank Ordinance, the Land and Agricultural Bank of Kenya is precluded from granting a loan under the Ordinance unless there is a properly registered title to the land, and such title cannot, of course, be obtained until the land has been surveyed. It is considered desirable in the interests of development to amend the Ordinance to enable the Bank to grant loans on unsurveyed agricultural land before title deeds are available subject to the Government guaranteeing the loans until they do become available, whereupon the normal security of a first mortgage would take the place of the guarantee. The Member for Lands has agreed that if the Ordinance is so amended properties on which such provisional loans are granted will receive priority for survey directly the survey can be carried out economically.

The amendment set out above is the major amendment contained in this Bill, and is effected by inserting a new section 30A, and by a consequential amendment to section 20 (*clauses 2 and 5*).

The opportunity has also been taken to amend the Ordinance in other respects which experience has shown to be desirable. These amendments are set out briefly below.

(1) Section 23 is amended to provide for payment by the Bank to the Accountant General of interest on funds raised by the Government outside the Colony specifically for the purposes of the Bank. (*Clause 3*.) The existing permanent capital has all been raised in this manner, but there is at present no statutory provision for interest to be paid thereon to the Accountant General.

(2) *Clause 4* amends section 28 in two respects. The first deletes mention of the Agricultural Advances Ordinance in sub-section (2) since advances under that Ordinance have never been made by the Land Bank and the reference is therefore redundant. The second amendment redrafts sub-section (3) of the section so as to increase the amount for which a loan may be granted for the purpose of reducing or discharging an onerous first mortgage from £3,500 to £5,000. The amount of £3,500 was fixed in 1930 and it is considered that the increase in land values since 1930 warrants an increase in the amount of the maximum advance for this purpose.

(3) Similarly *clause 6* amends section 31 of the principal Ordinance so as to increase the maximum loan which may be advanced to £7,500. The present maximum of £5,000 was fixed in 1936.

(4) *Clauses 7 and 8* amend sections 48 and 49 respectively to make it no longer necessary to insert notices in the Gazette concerning temporary loans (on which there is a maximum placed of £500). Normal mortgage loans are not gazetted and it is considered that there will be a saving of time and expense if the same procedure is followed in respect of temporary loans.

(5) *Clauses 9 and 10* concern section 73 of the principal Ordinance which deals with fees. The fees at present are set out in Schedules II and III to the Ordinance and therefore cannot be altered without an amending Ordinance passed by Legislative Council. Most of the fees were fixed in 1930 and require to be revised to meet present conditions. In order to save unnecessary delays section 73 has been amended to enable fees to be fixed by regulations made by the Land Bank Board with the concurrence of the Governor in Council (*clause 9*), while *clause 10* provides that the fees set out in the Schedules shall be deemed to be fees fixed by regulations made in accordance with the amended section 73, until they are superseded or varied by regulations made under that section as it will be amended by the Bill.

It must be recognized that advances upon the security of unsurveyed land to which a title is not immediately available will not be as effectively secured as advances upon surveyed land to which there is a registered title. Some expenditure, therefore, of public moneys may be incurred if the provisions of this Bill become law but it is not possible to estimate the amount of such expenditure.

Nairobi,
22nd June, 1953.

E. N. GRIFFITH-JONES,
Acting Attorney General.

GOVERNMENT NOTICE No. 1057

The Governor in Council has approved of the introduction of the following Bill into Legislative Council.

A. W. PURVIS,
Clerk of the Legislative Council.

**A BILL ENTITLED
AN ORDINANCE TO AMEND THE LOCAL GOVERNMENT (COUNTY COUNCILS) ORDINANCE, 1952**

ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows:—

Short title.

1. This Ordinance may be cited as the Local Government (County Councils) (Amendment) (No. 2) Ordinance, 1953, and shall be read and construed as one with the Local Government (County Councils) Ordinance, 1952, hereinafter referred to as the principal Ordinance. 5

No. 30 of 1952.

Amendment of section 118 of the principal Ordinance.

2. Section 118 of the principal Ordinance is amended in the following respects—

- (a) by adding at the end of sub-section (1) thereof the words “and shall forward such estimates to the county council”; and 10
- (b) by substituting for the words “A summary of such annual estimates shall be published in the Gazette”, appearing at the commencement of sub-section (3) thereof, the words “The county council shall cause a summary of such annual estimates to be published 15 in the Gazette”.

Amendment of section 129 of the principal Ordinance.

3. Section 129 of the principal Ordinance is amended by inserting immediately after the words “not being”, appearing therein, the words “, except in the case of the first rate imposed by the county council.”.

MEMORANDUM OF OBJECTS AND REASONS

This Bill is designed to amend the Local Government (County Councils) Ordinance, 1952, mainly for the purpose of enabling any county council established after the 31st March in any year to impose a rate in respect of the residue of the financial year; by section 150 of the Ordinance the financial year is the twelve months ending on the 31st December. *Clause 2* of the Bill effects minor amendments to section 118 of the Ordinance so as to make it clear where the responsibility rests for submission of county district council estimates to the county council, and for publication of estimates in the Gazette.

The main amendment referred to above is effected by *clause 3* of the Bill and the necessity for the amendment arises by reason of the fact that the Nairobi, Naivasha and Nakuru District Councils have, in accordance with the principal Ordinance, brought into force schemes of county administration constituting the three County Councils of Nairobi, Naivasha and Nakuru *as from dates early in May* but are obviously unable to comply with section 129 of the principal Ordinance which provides that a rate imposed by a county council shall become due and payable *not later* than the 31st day of March in the financial year for which it is imposed. The amendment contained in *clause 3* will enable them to raise funds by rating during the current year.

If the provisions of this Bill become law, a Government contribution in lieu of rates will be payable in respect of the year 1953 to any county council which imposes a rate for that year. Having regard to the terms of section 140 (1) of the principal Ordinance relating to such contributions it is not possible to estimate the additional expenditure of public moneys which will be thus incurred.

Nairobi,
15th June, 1953.

E. N. GRIFFITH-JONES,
Acting Attorney General.
