Assessors:—

Col. A. Dunstan Adams, Nominated by the Group.
A. A. Ochwada, Esq., M.L.A., Nominated by the Union.

THE Union was represented throughout the proceedings by the General Secretary, G. S. Muhanji, and the Group by the Personnel Officer to Messrs. Unga Ltd., G. A. T. Wise.

The Tribunal was established by the Minister for Labour and Social Services in his letter IR. 1/121/63 dated 20th April 1964 with the following terms of reference:—

(*a*) Increased wages.

(*b*) Increased annual paid leave.

(*c*) Leave allowance.

(*d*) Increased sick leave allowance.

(*e*) Maternity leave.

(*f*) Safari allowance.

(*g*) Acting allowance.

The hearing lasted six days and a total of ten witnesses were examined. In addition to this various documents were submitted by both parties in support of their claims.

FINDINGS AND AWARDS

(*a*) *Increased Wages*

The Union's demand under this head is set out in Appendix "B" of their memorandum. In addition there is a further demand for Sh. 50 above the rate for the job so that no employees may suffer a decrease in salary. It is also claimed by the Union that since the agreement signed on 1st August 1962, expired on 31st July 1963, then that should be the effective date of any award. In support of their argument the Union quotes a cutting from the *East African Standard* which states that Messrs. Unga Limited made a profit of £208,000 for the year ending 31st July 1963. The Union alleged that the Group lagged behind other employers in the country in regard to their wage offers and the present salary structure was inadequate to meet the workers expenses. Witnesses were called to show that they were always short of money each month after meeting their minimum expenses, housing alone accounted for Sh. 102 of their salary. The Union contended that the Group had been very difficult and the poor response to the workers demands had led to stoppages of work in the past. The Union suggested that if the Group acceded to the Union's present demand they would be coming into line with the rates paid by other employers.

The Group said in reply that the Union's demand could not be accepted as it represented nearly 100 per cent increase on the current rates. During the past three years the Group has given increases of between 31 and 35 per cent according to the job done, but during the same period there had been no increase in the price of wheaten products which formed 70 per cent of the Group's business. The Group maintained that the cost of living index did not substantiate the Union's demand for such a large increase as nearly 100 per cent and went on to say that during the 1962-1963 increments of Sh. 30 and Sh. 20 respectively had been given their employees.

The Group proposed that although there are four categories of workers, (*a*) manual workers, (*b*) non-manual workers, (*c*) laboratory workers and (*d*) artisans, categories (*b*) and (*c*) should be amalgamated and that there should be three wage scales, these are detailed in the Group's memorandum.

Award.—After careful consideration of all the points to the notice of the Tribunal *I award* the following wage scales:—

The Group has given an undertaking, which I acc there will be no reduction in salary to those emplo are classified as "Red Circle".

The effective date of these salary scales is 1st August

There is no element of annual increment in my awa

Differing rates for male and female workers to co at present.

(*b*) *Increased Annual Paid Leave*

The Union demanded that the present rate of ann leave be increased to 30 days and that a portion of be accumulable so that at the end of three years the could go on long leave. The Group resisted any s that annual leave should be increased and regarded ably the idea of accumulation.

Award.—In consideration of the arguments produce parties *I award* no increase in the current 18 working da employee may, at his own election, accumulate seven year for two years and add the 14 days so accumulat entitlement on completion of the third year.

(*c*) *Leave Allowance*

Award.—I have considered the Sh. 2 per month men the Group as being part of the salary in making my wages, and so, *I award* the following leave allowances—

	Sh
Grades I to IV	40
Grades V to IX	80

in respect of manual, non-manual and laboratory work for artisans—

	Sh
Grades A/I and A/II	80
Grades A/III and A/IV	100

(*d*) *Increased Sick Leave Allowance*

The Union claimed that the present allowance is not and claimed, further, that an employee who does no entitlement in one year should be able to carry it fo the next year. The Group maintained that the current ments are generous and could not accede to sick leav a continuing effect.

Award.—I award that those employees in the empl Group for their first year shall be entitled to 15 leave on full pay and 15 days sick leave on half pa after employees shall be entitled to 30 days sick leav pay and 30 days sick leave on half pay. These rates sh in any 12 consecutive months of service.

(*e*) *Maternity Leave*

The Union's claim that female workers should maternity leave for a period of six weeks prior to weeks subsequent to child birth is based on a submis an increasing number of employers are granting this. Ir it is claimed that the Group should be liable for pa medical expenses. The Group, on the other hand, sa was not in favour of an employer being responsible maternity leave and submitted that, if granted, it migh against employment of female workers.

Award.—In consideration of the various arguments the Tribunal *I award* that absence for the purpose birth shall be deemed to be sickness and shall qual period of paid sick leave of 30 days on full pay but t shall not be required to meet any costs, medical or incurred thereon. Any further period of absence from of 12 weeks shall be without pay. Further, only thos female employees who have completed 12 months service prior to claiming this sick leave shall be el this award. Provided that a married female employee use the unexpired portion of sick leave granted un graph (*d*) of this award. I recommend, also, th employees, at their own election, should be allowed mulate their local leave for a period of three yea they can take most of their absence for child birth w

This award should be revised when female wor getting the same pay as male workers.

(*f*) *Safari Allowance*

Award.—*I award* safari allowance to be payable as under:—

	Shs.	cts.
Full 24 hours	20	00
Breakfast	3	00
Lunch	4	00
Dinner	5	00

(*g*) *Acting Allowance*

Under existing arrangements an employee who acts in a grade higher than his own is paid an acting allowance only when he has completed 18 days in the acting capacity. The Union claims that this should be altered to allow payment for the whole time an employee acts.

Award.—In consideration of the submission made to the Tribunal *I award* as under:—

(i) An employee who acts in a grade higher than his own for a period of only 18 consecutive working days shall be entitled to an allowance equal to half the difference between his own basic salary and rate for the grade of the man being relieved.

(ii) An employee who acts for more than 18 consecutive working days shall be entitled to an allowance equal to the difference between his own basic salary and the rate for the grade of the man being relieved.

In conclusion I wish to record my appreciation of the help and guidance received from the two Assessors, Mr. Ochwada and Col. Dunstan Adams. Also I wish to thank Mr. Wise and Mr. Muhanji for putting forward their respective points of view so ably.

Dated this 30th day of July 1964.

THE TRADE DISPUTES (ARBITRATION AND INQUIRY) ACT

(*Cap.* 234)

In the matter of a trade dispute between the Kenya Chemical Workers Union representing the employees of Messrs. E.A. Match Co. of Mombasa and their employers, the E.A. Match Co. Ltd.

IN his letters Reference Nos. ARB.2/8/64 of 2/5/64, ARB.2/8/64 of 21/5/64 and No. ARB.2/8/64 of 8/6/64 respectively, the Hon. Minister for Labour and Social Services appointed me as a sole arbitrator in accordance with section 8 (3) (*a*) of the Trade Disputes Act, 1964, to constitute a Tribunal to settle the issues in dispute between the Kenya Chemical Workers Union and the East African Match Co. Ltd. of Mombasa.

The matters in dispute being the following:—

(*a*) Hours of work.

(*b*) Overtime rates.

(*c*) Annual leave.

(*d*) Sick leave.

(*e*) Maternity leave and maternity benefits.

(*f*) Leave travelling allowances.

(*g*) Injury by accident, claim for increased benefits during incapacity.

(*h*) Wages.

Memoranda were received and exchanged by the Secretary to the Tribunal with my consent. The Tribunal sat on 6/7/64 at 9.30 a.m. at the office of the Senior Labour Officer, Mombasa.

Present at the Tribunal:—

Salim Mohamed Muhashamy—Arbitrator.

Mr. W. W. Kidusu—Secretary of the Tribunal.

Mr. John Ogwang—Acting General Secretary, Kenya Chemical Workers Union.

Mr. Nelson Mwaura—Steward, The Kenya Chemical Workers Union.

Mr. P. Khimasia—representing The East African Match Co. Ltd.

(*a*) *Hours of Work*

According to verbal evidence which was not disputed the present hours of work are as follows:—

No. 1 shift—7 a.m. to 12 noon and from 12.30 p.m. to 3 p.m.

No. 2 shift—3 p.m. to 8 p.m. and from 8.30 p.m. to 11 p.m.

I do not consider that the above arrangement is ou with the demand of the Union for a total of 43 hour and therefore my award is that a worker should not be to work more than 43 hours per week and if so re should be paid overtime.

(*b*) *Overtime Rates*

The Union demanded that workers should be gra and a half on work performed on week-days, time a on Saturdays and double time on Sundays and Public According to evidence the Company now grants to ployees one and a quarter time for work performed days, one and half time for Saturdays and double Sundays and Public Holidays. I do not consider that pany's arrangement falls short of the demand of t and my award is that workers be paid one and half week-days instead of one and a quarter time.

(*c*) *Annual Leave*

At present the company grants an annual leave at of 18 days per annum with full pay to all its emp believe this to be the practice obtained in other firms similar workers and my award is that the employees Match Co. Ltd. be granted 18 days with full pay provided Sundays and Public Holidays are added to earned.

(*d*) *Sick Leave*

At present the Company grants to its employees sick leave with full pay and 16 days leave with half pa other hand the Union demands 30 days sick leave wit and 30 days leave with half pay. I consider 16 adequate to enable a sick person to recover fully fro sicknesses and therefore my award is that workers granted at least three weeks sick leave with full p first instance and two weeks with half pay on prod medical certificate that such worker is still unable his occupation.

(*e*) *Maternity Leave and Maternity Benefits*

The Company already grants to its employees at p months maternity leave without pay. I consider tw leave to be adequate in cases of maternity and my that workers be granted two months maternity leav given the same benefits as are granted to sick emp the company, e.g. three weeks leave with full pay weeks leave with half pay.

(*f*) *Leave Travelling Allowances*

The company does not at present grant to its emplo travelling allowances. I believe it is the practice of o and Government Departments to grant leave passage employees and my award is leave with third class ra transport should be granted to the employees of the when they proceed to their homes on annual leave.

(*g*) *Injury by Accident, Claim for Increased Benefits*

The company has always complied with assessment the Labour Department in cases of compensation a of accidents involving their employees in accorda Workmen's Compensation Act. My award therefore is of accidents and their assessment should be dealt wi Labour Department.

(*h*) *Wages*

The present scale of pay for machine feeders em the company's match factory at Kwa Jomvu is fo worker Sh. 120 per month and for a female work per month. The Acting Manager admitted in his evi that there was no classification in these workers, the form the same task yet they receive different scale of

It is also admitted in evidence that workers are not with housing or housing allowances in lieu of houses

On these facts I consider that since all the worker machine feeders who are doing the same kind of wo receive equal pay regardless of being male or femal award is that all workers male or female doing the machine feeding and receiving no house allowances given the salary of Sh. 140 per month inclusive of t allowances.

All my awards should take effect from 1st July 1964.

I have been informed that there are other workers by the Company who are in receipt of higher re than the machine feeders but since they are not memb Union and they come under the direct control of th ment, I did not consider myself or the Tribunal co arbitrate in their case.

I would like to take this opportunity here to appreciation of the invaluable help given to me by M Kidusu of the Labour Department who acted as Sec the Tribunal.

THE TRADE DISPUTES ACT
(*No.* 9 *of* 1964)

In the matter of arbitration between the Kenya Distributive and Commercial Workers' Union and the Kenya Cold Storage Company Limited.

THE AWARD

IN the matter of arbitration between the Kenya Distributive and Commercial Workers' Union and their employer, the Kenya Cold Storage Company Limited:

Whereas in accordance with the provisions of section 8 (3) (*b*) of the Trade Disputes Act, 1964, I was appointed an arbitrator on 12th June 1964, sitting with two Assessors to constitute a Tribunal to settle the issues in dispute as stated in the Labour Commissioner's letter reference No. ARB: 249/64 of 12th June 1964.

Now we, having duly considered the matter referred to us, do hereby make the Award as follows:—

1. In view of the fact that the Kenya Cold Storage Company Limited brought to the notice of the Tribunal that they were going to close down their business by August 1964, for various reasons, it was agreed by both parties in dispute that issues in our terms of reference, namely; hours of work, travelling allowance, house allowance and medical allowance should be dropped from the items of dispute. This agreement was brought to the notice of the Ministry and we were to proceed with the determination of only one issue: i.e. *severance pay in cases of redundancy.*

2. The Tribunal duly considered two memorandums from the parties in dispute regarding severance pay in view of the fact that the Company was going to close down. The Kenya Distributive and Commercial Workers' Union demand six weeks salary for each employee in each year of service.

The Kenya Cold Storage Company on the other hand offered to pay one week's salary to each employee in every two years of service.

3. The Tribunal gave the issue very close attention and went through the Company's Balance Sheet for 1960, 1961 and 1962 and also got the figures for 1963 from the Management, in order to find out the financial position of the Company.

Finally the Tribunal *decided unanimously* that the Kenya Cold Storage Company Limited should pay to each of their employees two (2) weeks' salary in each year of service.

In coming to the conclusion, the Tribunal noted that the Kenya Cold Storage Company had given three months' notice to each employee (from 15th July to 15th October 1964) and this fact was taken into account by the Tribunal while deciding on two weeks' severance pay to each employee for each year of service.

The parties were heard in Mombasa on 10th a and the Court visited the Refinery with all the on 12th August 1964.

GENERAL BACKGROUND

2. The East African Oil Refineries Limited (h the Company) is the first of its kind in East is claimed that extremely modern techniques l in its construction and operation. Its sole functi facture from crude oil of liquified petroleum g lene, aviation turbine fuel, etc., etc. The Com total of 111 staff and 159 operative employees Petroleum Oil Workers' Union (hereinafter cal has been recognized as the sole bargaining operatives and a certain number of staff emplo

(*a*) K.P.E. standard with two years training at
or
(*b*) Two years secondary education after K.P.E
(*c*) Senior Cambridge School Certificate.

After recruitment the trainees were given spe to enable them to perform the duties involved in work of refinery operation and maintenance. The cost the Company approximately £200,000.

4. The Union and the Oil Companies in Ken into an agreement on matters governing n grievance procedures through the medium of a Council. The parties to this agreement are, all companies and the B.P. Shell Petroleum Develo of Kenya Ltd. The agreement was signed on 26t

5. The Company started functioning on 1st and gave regular letters of appointment to all changing their status from apprentices to em salaries. The refinery was formally opened by the on 21st February 1964.

6. On 16th January 1964 the Union wrote t requesting recognition and negotiations on terms of service for all employees coming within the Union. Before replying officially to this letter informed the Union that because of the prepa in the official opening of the refinery by the P meeting with the Union on these subjects cou until after the opening ceremony. The Union request. On 29th January 1964 the Company Union according recognition and the Union re certain amendments and stated in their letter o 1964—"that immediately after the official openin on 21st February both parties agree to enter i about terms and conditions of service".

7. The Tripartite Agreement was signed on 1964 between the Government, the Federat Employers and the Kenya Federation of Labou introduce measures for the immediate relief of in the Country. The operative date for vario in the Agreement being 23rd January 1964.

8. On 6th March 1964 the Union wrote t setting out its demands in detail and suggesting t should start on 2nd April 1964. The Company that it could not discuss the terms and condi for the following two reasons:—

(*a*) Under the recently signed Tripartite Agree the Union was a party, no wage claim sidered which was presented after 23rd J

(*b*) As the Company expected to join the Joint Industrial Council shortly it considered it more appropriate to discuss any additional terms and conditions of service which might be introduced in the Company at the same time as the existing J.I.C. agreement was reviewed.

9. The Company indicated on 25th March 1964 to the Union that it would be prepared to enter into a formal agreement to abide by the terms and conditions of the joint industrial contract. This step, the Company stated, was in line with the wish expressed by the Union that the Company should abide by the recognition agreement between the Union and the Oil Industry. The Union, however, made the reservation to the effect that the aforesaid J.I.C. agreement would apply to those jobs only which were common to both the Marketing Companies and the Refinery. The parties then had several meetings lasting over three days but no progress was made as job classification had not been done. On 30th April 1964 the Company forwarded the proposed job classification to the Union but refused to discuss the matter further for the aforesaid two reasons. These job summaries are attached to the Company's memorandum at Appendix K. In their letter the Company also suggested that the commencement date of the terms and conditions of service should be 29th January 1964 and not 1st September 1963. The Company's stand on job classification was rigid and it was not prepared to consider the Union's suggestion that a third party should undertake the exercise as it maintained that there was no one competent enough in refinery work in the Country.

10. Deadlock having arisen on job classification and due to the Company's refusal to negotiate with the Union outside the J.I.C. no progress could be made on the other items which the Union considered peculiar to the refinery as distinct from the Marketing Companies. On 4th June 1964 the Union threatened strike action if no voluntary settlement was reached. The dispute was then referred to the Ministry of Labour and in due course came before the Industrial Court.

MAIN SUBMISSIONS ON BEHALF OF THE UNION

11. (*a*) The Union submits that the Refinery is not a party to the J.I.C. and had not been integrated into the agreement dated 26th July 1962 between the Union and the Marketing Companies and the B.P. Shell Petroleum Development Company of Kenya, therefore the dispute with the Refinery cannot be placed before the Joint Industrial Council, although it is prepared to accept the J.I.C.'s decisions as far as jobs common to the Refinery and the Marketing Companies are concerned.

(*b*) The Union submits that its negotiations were exempted from the Tripartite Agreement by the Ministerial Committee on unemployment relief as a formal demand had been made by the Union as far back as 16th January 1964 and reiterated on 3rd February 1964 although the detailed demands were not submitted until 6th March 1964. In these circumstances it is argued that the demands should be ruled to have been made before the Tripartite Agreement was signed and came into force. This is borne out by the Ministerial Committee's permission to the Union to go ahead in its negotiations.

(*c*) *Job classification and grading.*—The Union submits that the Company's job classification is not satisfactory and is more or less a blue print of the job classification of the Marketing Companies. The Union states that all the necessary factors like education, skill, experience, versatility, responsibility, physical requirement, environment and supervision have not been adequately considered by the Company. It is further contended that the jobs in the refinery carry more responsibility and the minimum qualifications required of the employees is higher than in the Marketing Companies. Furthermore the refinery employees had to work on and operate most highly mechanized and modern plant, hence a greater responsibility devolved upon refinery employees. In brief the Union has suggested a fifth category carrying a salary of Sh. 1,400 per month and have upgraded by one the Company's grades for the various jobs. In very few jobs there is agreement.

(*d*) *Overall increase of Sh. 80 per month for both operatives and staff employees.*—The Union states that whenever it negotiates the merit increment tends to disappear and that as the standard of living has to be raised and as the cost of living is high, there is a great deal of room for further increases in salaries.

(*e*) *Shift differential.*—The Union states that throughout the World shift differential is recognized and is paid to employees to compensate for hardship during those hours and for family inconvenience caused to employees by working during such odd hours. Further, as the employee's social life was upset it should be compensated.

(*f*) *An allowance of Sh. 80 per month for employees working in hot, noisy, greasy and high places.*—The Union stresses that like shift money this kind of payment is also recognized to compensate for the work performed under abnormal conditions.

(*g*) *Commencement date to be 1st September 1963.*—The Union's submission on this item is that it is only logical that the commencement date should be the one from which the status of the employees changed from trainees to regular employees.

MAIN SUBMISSIONS ON BEHALF OF THE CO

12. (*a*) The Company states that by concept and Joint Industrial Council for the Oil Industry and its functions as an integral part of that industry that the Company should be a member of Further that the Company is already a member Industrial Council and has applied the terms and service negotiated by the Council for the Oil Company therefore maintains that the Union's matters which should properly be discussed bargaining machinery of the J.I.C. and is in kee terms of the Tripartite Agreement.

(*b*) The Company maintains that it is subject to of the Tripartite Agreement and has in fact obligations under this Agreement. Further the Ur interpreting the Ministerial Committee's ruling on of negotiations between the Company and the Uni

(*c*) *Job classification and grading.*—The Compa its job classification was produced keeping in n that the sole purpose of any job evaluation e establish the relationship of jobs, one to another, most senior and the most junior positions in an Job evaluation cannot and does not establish the of such jobs, which are dictated by circumstances from whatever factors or bases are used in t exercise. The rates of pay are determined by, (*a* supply and demand, which sets the market or g the job, and (*b*) the adaptation of the market particular circumstances of the organization, bea the relative position of each job as determined b The Company sees and realizes that it is as muc interest as in the interest of any other party to equable and defensible job structure, it, therefore, the Company is in the best position to determin positions of its own jobs the one to another. T states that the job classification as produced, (*a*) proper relationship between all jobs as they are bei now and as the Company envisages they will be the future, and (*b*) the wage rates which have be these jobs are produced on the basis of compari rest of the Oil Industry, and (*c*) establishes wa those jobs which are not comparable to any othe Industry by evaluating their group level and appl paid in the Oil Industry to other comparable job group.

(*d*) *Overall increase of Sh. 80 per month for bo and staff employees.*—The Company states that would be contrary to the terms of the Tripartite Ag debarred by the terms and conditions of the J.I. to which the Company is a party by application. judice to the foregoing the Company states that already among the highest in the Country.

(*e*) *Shift differential.*—The Company states that t Companies pay Sh. 30 per month by way of shi a 45-hour week and the B.P. Shell Petroleum Company pays Sh. 41/60 per month for a 48-ho Company pays its employees Sh. 30 per month by premia for a 45-hour week and the Union has reasons for any increase.

(*f*) *An allowance of Sh. 80 per month for empl in hot, noisy, greasy and high places.*—The Compa it has taken these factors into consideration wh the various jobs. These items are, therefore, part which establishes the job position in the overall In these circumstances it was not reasonable to money for these factors.

(*g*) *Commencement date to be 1st Septembe* Company states that the date of commencement date on which the Union was accorded recc January 1964.

AWARD

13. Before making an award on the five issu Court it is necessary to dispose of the two poin been raised by the Company, submitting that by vi negotiations with the Union are barred.

The two points are:—

(*a*) The matters in dispute should have been r first place to the Joint Industrial Council c eight Oil Marketing Companies and B.P. Sh Development Company in agreement wit Petroleum Oil Workers' Union before bei the Court.

(*b*) Does the Tripartite Agreement bar negotia and conditions of employment between the employer because the detailed demands we the Company on 6th March 1964.

The position of the parties in relation to the J.I.C. referred to above will be dealt with first.

The agreement creating the J.I.C. was signed on 26th July 1962 and is between the Oil Marketing Companies plus B.P. Shell Petroleum Development Company and the Union. The Company is not a party to it and could not have been a party to it as the Company was not in existence then. The Company states that sometime in April 1964 it joined the J.I.C., but it is not shown how the Company could have become a party to this agreement without the concurrence of the Union. The Union's consent was never sought and the agreement creating the J.I.C. remains unamended and the Company has not been integrated into it. It is quite clear that the intention of the parties was that the Company should become a member of the J.I.C. but no effective step was taken until April 1964, and even then the Union does not appear to have been consulted. The Company should have started in September 1963 if not earlier, with an application to the Joint Secretaries for admission to the J.I.C. as there is no provision in the agreement dated 26th July 1962 to extend its scope (clauses 2 and 3 refer to this matter). If, as it appears, it was the avowed intention of the Company to pay the agreed rates, then the Company should have started early on to get this agreed with the Union and to get proper entry to the J.I.C. Denial of negotiation was unjustified whilst the Company was not a member of the J.I.C. and the implementation of the agreed rates in the industry indicates the employers intention. In view of the agreement regarding terms and conditions of service between the parties to the J.I.C. it was an error on the part of the Company to delay application to join the J.I.C. It is found that the agreement of the J.I.C. does not as yet apply to the parties to this dispute. The Court strongly recommends that immediate steps be taken by the parties to amend the agreement dated 26th July 1962 so as to include the East African Oil Refineries Limited as an additional party to that agreement.

(2) The Tripartite Agreement was signed on 10th February 1964 and the Company was in existence and on stream with effect from December 1963. The Company agreed that it is a member of the Federation of Kenya Employers which signed the Tripartite Agreement on behalf of its members and employers generally in Kenya. In fact the Company has already engaged the extra percentage required under the Agreement. The Company knew that negotiations were imminent after receipt of the letter from the Union on 16th January 1964. The Union was accorded recognition by the Company on 29th January 1964, but by agreement, negotiation was postponed until after the official opening of the plant. In these circumstances, although the detailed demands were submitted on 6th March 1964 it is found that these negotiations fall under clause (*d*) (iv) of the Tripartite Agreement and these should be processed through the normal machinery of the Industrial Relations Charter.

The two points having been disposed of, the award of the Court, after careful consideration of all the points urged by the parties, on the issues in dispute is as follows:—

Job classification and grading.—As the Union was at no time consulted on job classification and grading the Court rules that both the parties should get together at a very early date for this exercise and the Courts expects that the proper medium for this should be the Joint Industrial Council for the Oil Industry.

Overall increase of Sh. 80 per month for both operatives and staff employees.—The Court makes no award in this respect as it is closely linked to the first issue and no case was made for such an increase.

Shift differential.—The Court finds that the payment of Sh. 30 per month by way of shift premia is adequate and should continue but makes no further award.

An allowance of Sh. 80 per month for employees working in hot, noisy, greasy and high places.—The Court finds that no case was made out on this issue and makes no award.

Commencement date to be 1st September 1963.—The Court finds that the effective date for the implementation of the new grades is 1st September 1963 and awards accordingly.

Made in Nairobi this 22nd day of August 1964.

Kenya Local Government Workers' Unio

and

County Council of Nyeri

Terms of Reference:

(*b*) Housing allowance.
(*c*) Travelling allowance.
(*d*) Adjustment of salaries for Veterinary staff.
(*e*) Protective clothing.
(*f*) adjustment of salaries for Area Council wo
(*g*) Refund of Provident Fund.
(*h*) General wage increase of 50 per cent.

1. The matters were referred to the Industrial (settlement in accordance with the provisions of t Disputes Act (No. 9 of 1964).

The parties were heard in Nairobi on 20th and 21 1964 and were subsequently invited to address the articles 233 and 234 of the Kenya Constitution on F September 1964.

GENERAL BACKGROUND

2. The County Council of Nyeri was formally estal 25th October 1963 as the successor to the Africa Council. The Constitution of the Joint Staff Comn signed on 20th July 1963 at a meeting of that Cor Ruringu (Min. 6/63). From that time on the parties cussions on varying the terms and conditions of er of Council's employees.

The Union based its case on the fact that in cer the items in dispute have been recommended by the Committee for acceptance by the Council and su ratified by the Council but never implemented. T further stated that, in their opinion, any item dis the Joint Staff Committee and recommended to the C ratification should not then be referred by the Coun other Committee upon which the Union had no repre if this was possible then that Committee could turn recommendations of the Joint Staff Committee w Union being able to defend itself.

The Council defended its position by stating that it formed on 25th October 1963 and could not i decisions of any previous body. But this argument merit. It stated that financially the Council was v the "red" and could not carry any further increase diture by improving wages or other benefits to its The estimates of expenditure had been presented to th of Local Government but had not been approved until this was done there was no provision to meet day to day expenses of the Council. It went on t the collection of Graduated Personal Tax had prov and that by the end of July 1964 only 50 per c estimated revenue had been collected. A furthe revenue, which had not been anticipated, was the coffee cess which should have produced approximate in the year, but as this had not been approved by th of Agriculture it resulted in a loss to the Council.

MAIN SUBMISSIONS BY THE UNION

3. (*a*) *Salaries of skilled and unskilled staff.*—The U attention to Min. 7/63 (*d*) of a meeting of the Committees on 20th July 1963 wherein it was resol commend to Council that there be a differential i skilled and unskilled labour. The Union then r Min. 35/63 of a meeting of the Joint Staff held on 30th November 1963 and pointed out that had still not gone to the Council despite the recom of 20th July 1963. The Union went on to say that matter did get before the Council at its special me on 22nd January 1964, the matter was referred back t Committee to make classifications, notwithstanding th on 20th July 1963 the Joint Staff Committee had dis matter and resolved that Heads of Departments shoul skilled workers letters of appointment showing the p scale at which they enter employment and the ceilin they can arise.

(*b*) *Housing allowance.*—The Union drew att Min. 9/63 of the meeting of the Joint Staff Committ 20th July 1963 in which it is resolved that the recommended to provide houses for its employees this is not possible that a reasonable allowance be matter was raised again at a meeting of the Joint mittee on 23rd November 1963 and the Union poin the Minutes of that meeting were ratified by the 4th and 5th December 1963, but the implementatio been effected.

(c) *Travelling allowance.*—The Union explained that similarly the Joint Staff Committee resolved on 23rd November 1963 to recommend certain scales to Council to be paid to employees using their own transport. The ratification of the minutes of the Committee appears as Item 6 in Minute 43/63 of the meeting of the Council on 4th and 5th December 1963 but implementation had not been effected.

(d) *Adjustment of salaries for Veterinary staff.*—The Union pointed out that on 23rd November 1963 the Joint Staff Committee had discussed this item under Minute No. 30/63, and had resolved that the adjustments should be made to the salaries of these employees by the end of November 1963 Ratification of this resolution appears in Item 6 of Minute 43/63 of the meeting of the Council on 4th and 5th December 1963. However, in spite of earlier ratification the matter was discussed again at the special meeting of the Council on 22nd January 1964 when the Council resolved that it would consider the adjustment of salaries to Veterinary staff after interviewing the Senior Livestock Officer.

(e) *Protective clothing.*—The Union explained that under this heading they included uniforms and drew attention to the Joint Staff Committee meeting of 20th July 1963 at which it had been resolved to recommend to Council that those employees who perform dirty duties, i.e. sweepers and those who do dangerous work, should be issued with protective clothes for the safety of their health. This resolution was ratified by the Council in Item 6 of Minute 43/63 at its meeting on 4th and 5th December 1963 but nothing had been done to implement the decision.

(f) *Adjustment of salaries for Area Council workers.*—The Union stated that these workers are employees of the Council and that as such should be paid in accordance with the scales for Council staff and by reference to the resolution of the Joint Staff Committee meeting held on 30th November 1963 Minute 36/63, the Council had been recommended to bring the salaries of all Area Council workers up to the minimum of the Flemming Salaries Report. However, the Council had rejected this resoution at its meeting on 4th and 5th December 1963, Item 3 of Min. 43/63.

(g) *Refund of Provident Fund.*—The Union states that the Council has agreed in Min. 5/64 at its Special Meeting of the Council on 22nd January 1964 to refund to contributors who wish to withdraw from the Fund their own contributions, but that this has not been implemented. The Union went on to support its contention that the Council referred items agreed upon to Committees where the Union is not represented by drawing attention to Item 4 of Minute 43/63 of the meeting of the Council on 4th and 5th December 1963 at which the Council had referred this matter to the Finance Committee in which the Union had no voice. The Union maintained that if the Council wished to obtain the advice of the Chief Finance Officer it should get this advice at the Council meetings which are attended by that Officer.

(h) *General wage increase of* 50 *per cent.*—The Union supported its claim for this increase by drawing attention to Item (b) of Min. 7/63 of the meeting of the Joint Staff Committee. This matter was discussed further at the meeting of the same Committee on 23rd November 1963 and yet again on 30th November 1963. On this occasion the Chairman had ordered a vote because the Council had made an offer of 20 per cent and the Staff side stood by its original demand of 50 per cent. The result of the vote showed that the Joint Staff Committee supported the demand for 50 per cent as no vote was cast for an increase of 20 per cent and five votes were cast for the increase of 50 per cent. However, despite this support in the Joint Staff Committee the Council had, at its meeting on 4th and 5th December 1963 referred the matter to the Finance Committee in which the Union was not represented so could not argue its case.

Main Submissions by the Council

4. (a) *Salaries of skilled and unskilled workers.*—The Council countered the allegations of the Union by saying that a differential already existed in the pay of skilled and unskilled employees and that this is given in Appendix "A" of the Staff Regulations. The Council had already graded its staff and employees were paid in accordance with the scales appropriate to their grade.

(b) *Housing allowance.*—The Council drew attention to Staff Regulation 29 and said that housing allowances were subject to the approval of the Staff Committee, not the Joint Staff Committee, but that this was a formality and that allowances were paid upon application by the employee.

(c) *Travelling allowance.*—The Council said that the question of mileage allowances is laid down in Staff Regulation No. 28 and only those persons authorized by the Council to use their own transport on Council business are entitled to draw the allowance. The persons so authorized are laid down and appear at Appendix "F" of the Staff Regulations.

(d) *Adjustment of salaries for Veterinary Staff.*—The said that as in item (a) of the issues in dispute there ar scales laid down for Veterinary staff. The Council sets terms of service in all advertisements for this type of e and the Staff Committee decides when interviewing ap at what point in the scale the applicant shall start. The went on to say that there were automatic increments scales but where special merit had been achieved by a Courses of Instruction then the applicant must apply f tional increments.

(e) *Protective clothing.*—The Council quoted Staff Re 51 which said that uniforms are provided by the Coun at the discretion of Council, officers or servants may quired to wear uniforms. The Council said that it Regulation was adequate and could not go beyond the pr laid down.

(f) *Adjustment of salaries for Area Council worker* Council maintained that these people are not employees Council, they are part-time workers who help in dist milk to children. The Sh. 20 they are paid is not a sal an allowance. Area Councils have already told the Cour these women are no longer required and that their servi be terminated.

(g) *Refund of Provident Fund.*—The Council has agreed to refund the employees' contribution plus intere the Provident Fund but resists most strongly any su that this should be replaced by a non-contributory Scheme. The Council just could not afford such a sche must dismiss absolutely any such suggestion.

(h) *General wage increase of* 50 *per cent.*—The Counci that it had already agreed to consider its existing salar in the light of the Pratt Salaries Commission recommer as and when the Kenya Government implements it but of the serious financial position of the Council it canno any increases in salaries.

The Council called Mr. H. C. Sealey the Principal Officer of the Ministry of Local Government to give e of the financial position of the Council. It was stated t Council had a general fund of £36,000 and had present mates of expenditure of £320,000 which his Ministry ha unable to approve. Since then a supplementary estin £6,000 had been presented and this also had been turned The loss of the coffee cess had been a severe blow Council and the difficulties in collecting Graduated Perso were a continuous embarrassment. In reply to a question Court it was stated that a 50 per cent wage increase wou the Council between £17,000 and £18,000 and that th way any increase could be met would be by curtailing s the services. It was stated that in this financial year the could be expected to have a debit balance of £53,000 and not known whether, in fact, any of this would be met by from Central Government.

Award of the Court

5. Before making an award on the eight issues bef Court it is necessary to deal with two matters which hav raised. The first was mentioned by the Council in summ and concerns the Council's obligations under the Tr Agreement. The Council fulfilled its obligation by tak 15 per cent additional staff, but now, according to the C spokesman has applied for permission to dismiss this 15 p and quotes Appendix "D" of its memorandum in suppo Court feels that the Council should have considered its fi position when engaging this additional percentage, the has known for a long time that it faces a serious defi before increasing this deficit the question of its ability tc the additional employees should have been considered. H whether or not the Council is given permission to dismis additional employees does not rest with this Court a Court is in no way influenced by this factor.

The second matter deals with the Constitution of Ken in particular refers to articles 233 and 234. The partie invited specially to address the Court on these two It is surprising that when the opportunity was given the made so little use of their chance. The parties expresse rance of the provisions of these two articles which were r in Court.

This ignorance is indefensible as the Ministry of Government sent out a circular letter Ref. 1350/99 dat May 1964 to all Civil Secretaries, all Clerks to County C and all Town Clerks, drawing their attention to article 234 Constitution and, indeed quoting the whole of the articl letter further draws the attention of the addresses to Notice 821 of 17th March 1964 which nominates the mem the Local Government Staff Commission and goes on that the Commission has held its first meeting. The lett by urging local authorities to take advantage of the serv the Commission as in this way it will be possible to m fairly uniform standards and at the same time to pr national outlook and importance for local government ca

In view of the forgoing, the award of the Court is as follows:—

All the issues in dispute are stated by the parties in their signed declaration on Form "A" notifying this Court of their failure to reach agreement to have been through the channels of negotiation. By their own admission the parties have not used the special facilities provided by the Constitution of Kenya and the Court awards that the parties shall apply to the Local Government Staff Commission for arbitration of their dispute in accordance with article 234 (*d*).

THE INDUSTRIAL COURT

CAUSE No. 3 OF 1964

Parties:—

Kenya Distributive and Commercial Workers' Union

and

Uplands Bacon Factory (Kenya) Limited

Issues in Dispute:—

(*a*) Job evaluation in respect of grades.

(*b*) Rates of pay for clerical grades.

1. The parties were heard on 9th, 11th and 14th September 1964 and the Court visited the Factory at Uplands on 14th September 1964 accompanied by all the parties.

General Background

2. The Uplands Bacon Factory (Kenya) Limited (hereinafter called the employers) were members of the now defunct Food Processing Employers' Association and had been a party to all the negotiations carried out with the Kenya Distributive and Commercial Workers' Union (hereinafter called the Union) and the Food Processing Employers' Association during 1961, 1962 and 1963. The Food Processing Employers' Association dissolved in October 1963 and all the members took over the negotiations individually from the point which they had reached under the Food Processing Employers' Association and were advised to go it alone.

3. The following important points were established during negotiations between the Union and the Food Processing Employers' Association:—

(i) In November 1960 a recognition agreement was signed and in March 1961 a terms of service agreement was signed which provided amongst other things that a proper system of grading for all employees covered by the said agreement should be implemented as soon as possible after the signing of the said agreement and the pay would be on a non-racial basis.

(ii) In August 1962, when the parties could not reach agreement on an overall rate for the grade, Mr. W. C. Rodgers carried out a conciliation and as a result an overall wage increase of Sh. 30 per month with effect from 1st August 1962 was agreed.

The agreement also contained the following clause:—

"In addition there shall be consultation between the Union and the Association on job grading both at Company and Association level so that any outstanding difficulties may be removed with the intention that job grading be introduced as from 1st August 1963."

(iii) Later in 1962 a Board of Inquiry under Mr. Tyrrel was held "To inquire into the relations between the Food Processing Employers' Association and the Union."

4. After the Tyrrel report was published, meetings were held by the members of the Food Processing Employers' Association in order to establish common grades. The employers equated their six grades within the nine proposed by other industries within the Food Processing Employers' Association.

5. In July/August 1963 an approach was made to the Union and from here the dispute starts.

A further important development was the dissolution of the Food Processing Employers' Association. Due to the dissolution of the Food Processing Employers' Association the employers and Union had to complete a new recognition agreement which was signed on 13th November 1963 and resulted in negotiations starting on a new Terms of Service Agreement. There was deadlock as the parties could not agree on rates of pay, holidays and working hours. Further conciliation proceedings took place on 16th December 1963 under the Chairmanship of Mr. C. K. Murengi, and agreement was reached on various points, the ones pertinent to the current dispute being as follows:—

"*A revision of Grading System*

After both sides had expressed their views on—

(*a*) Nine grades as requested by the Union; and

(*b*) Six grades as suggested by the Management;

it was finally agreed that the Management would introduce nine grades as requested by the Union representatives; but it was also pointed out that this work could not be carried out before January 1964 and that Mr. Muhanji should be able to see the draft of the gradings before they are made official; and that the Union could dispute the gradings if not properly done. The effective date of the new gradings would be 1st August 1963

It was also decided th should meet after Chr properly be on the Man side."

6. After the above conciliatio pondence took place between th on the production side and the having been reached the matt Court.

Main Submission on behalf of the Employers

15. The employers state that their grading scheme for the production grades was carried out with great care and the methods employed was a very detailed one. They have handed to the Court the complete method by which the grading was done. All the necessary factors for the evaluation of grades were taken into consideration. They further point out that as far as they are concerned the rate for the production grades was never in dispute, and they are surprised that the Union has put forward a claim for an additional Sh. 20 on every grade in the production side. They maintain that under the Tripartite Agreement the Union is not entitled to raise the question of the revision of rates for the grades, this matter having been finalized before 23rd January 1964. It is also pointed out that in the meeting of 16th December 1963, the difference on the question of grades was only to the point of whether there should be six or nine grades. It was also made quite clear to the Union at this meeting that they could have nine grades but this would not mean any increase in the rates. The employers further state that in the form of notification of dispute only the question of job evaluation in respect of grades is mentioned together with the rates of pay for the clerical grades. Without prejudice to this they maintain that their rates in the production grades are in line with other comparable industries. The employers further stress the following points:—

(i) That the job evaluation was carried out on a non-racial basis and that every effort was made to combine equivalent jobs within the grades.

(ii) Every employee had the right of appeal against his grading.

(iii) Since the grading started in March 1962, 33 employees have been up-graded, in most cases without the employee first making application to management, but simply recognition by management of their ability.

(iv) The dispute in respect of manual workers concerns job evaluation in respect of grades and is not concerned with rates of wages on which subject agreement was reached on 16th December 1963.

16. Regarding the clerical grades, the employers after due consideration and in order to demonstrate their readiness to get agreement in the matter acknowledge that the clerical grades should be raised from the previously suggested level. However they cannot accept the Union's suggestions on the rates of pay as they are much too high. The employers suggest the following rates:—

	Sh.
Clerical Grade I	210
Clerical Grade II	370
Clerical Grade III	630
Clerical Grade IV	830

17. They further point out that the Union has increased its demands in its memorandum to the Court beyond the level of the original demand to them.

18. Finally the employers reject the Union allegation of racial discrimination and state that the differences in salary are a legacy of the past and are being speedily remedied and that all the current engagements are on absolutely racial equality. The employers also want the telephone operator to be graded, and the Daily Order Clerk to be up-graded from Grade II to Grade III, and the Air Freight Clerk to be down-graded from Grade III to Grade II.

Award

19. It is essential to determine first of all if the issue (*a*) is subject to the Tripartite Agreement, that is to say whether or not the Union's claim in respect thereof was pending on 23rd January 1964, this being the effective date of the Tripartite Agreement which was signed on 10th February 1964. The employers claim that the overall increment of Sh. 20 granted as a result of conciliation proceedings conducted by Mr. Murengi on 16th December 1963 and the subsequent agreement dated 24th December 1963 which reduced to writing the essentials agreed upon at the said meeting and which is attached to the Union's memorandum as Appendix "A. 1" concluded the rates as far as the production grades are concerned and therefore they are subject to a wage stand-still.

20. It is important to note that at the aforesaid meeting on 16th December 1963, gradings and the increase in the rate of pay, amongst other things, were discussed separately under items 3 and 4. It is very significant that during the discussions under the heading "gradings", Mr. Muhanji said that the Union wanted nine grades at salaries ranging from Sh. 250 for Grade I to Sh. 1,500 for Grade IX, and later, under the heading "Increase in the rate of pay", Mr. Muhangi said that the Union has submitted its proposals to management (wage proposals from the Union being shown in item 3 *re* gradings) and would now like to hear management's reply. Subsequently after lengthy discussion Mr of Sh. 25 to be back scheme would not be increment of Sh. 20 w between the employer At this meeting, a rec to the employers mer the following is recor

THE INDUSTRIAL COURT
(Second Division)

CAUSE No. 8 OF 1964

Parties:—

Kenya Distributive and Commercial Workers' Union
and
Kenya Planters Co-operative Union Limited

Issue in dispute:—

Gratuity for 19 labourers retired on 1st January 1964.

1. The parties were heard in Nairobi on Tuesday, 29th September 1964.

2. The essence of the dispute is contained in clause 16 of the Agreement on terms and conditions of service which was signed on 26th November 1963 which states:—

"Provident Fund

In abeyance. Until such time as it may be introduced those over 55 years who are retired or wish to retire will receive a cash payment of 1/20th of his retiring wage multiplied by his years of service, with a limit of 20 years."

First of all it must be determined whether or not the 19 labourers involved in this dispute are, in fact, covered by this Agreement. Clause one of the aforesaid Agreement reads:—

"The Company recognizes two classes of employees, established and non-established, the latter being temporarily engaged to cope with work of a non-permanent nature. Their record cards will be marked 'Temporary'. They will be subject to a separate agreement on terms and conditions of service to be negotiated with the Union."

In the absence of denial by the Respondent it is established that the 19 labourers are covered by this Agreement and are, therefore, subject to the conditions of the Agreement.

This Agreement which was signed on 26th November 1963 by the General Secretary of the Union which represents the 19 labourers and by the Respondent is currently in force. The wording of clause 16 indicates that the initiative to retire can be taken by either the employer (the Respondent) or by the employee at will. The limitation of initiative is contained in the provision that those employees *over 55 years of age* who are retired or wish to retire will receive . . . etc. The Union did not raise any question as to the age of any of the 19 labourers concerned in the dispute and so there is no limitation of initiative placed upon the Respondent.

The amount of gratuity is determined by the provision that the employee will receive one-twentieth of his retiring wage multiplied by his years of service, with a limit of 20 years. The Union raises the question of whether this can be interpreted as a minimum or maximum limit. A "limit" can reasonably be interpreted as a bound that cannot or may not be passed. In the context of this particular clause it must, therefore, be interpreted as the largest permissible amount of service to stand to the credit of an employee upon termination of his employment regardless of which party initiates the termination of his service.

The attention of the Court is drawn to an Agreement dated 8th June 1964 in which it is stated that the parties to the dispute agree that the 19 men retired from the service of the employer on 1st January 1964 shall be paid the offer of the employer without prejudice to the outcome of reference of the dispute to a Joint Disputes Commission of the Federation of Kenya Employers and the Kenya Federation of Labour. The Court was offered nothing in evidence to show the result of this reference, and in the absence of any further evidence the Court awards.

AWARD

3. The Respondent shall pay to each employee retired by him under notice delivered on 1st January 1964 a sum of money equal to one-twentieth of his annual salary at the time of retirement, the date of termination of notice, multiplied by the number of years of service, provided that the number of years of service shall not exceed twenty.

4. The Court recommends that the parties should agree to meet and consider the wording of clause 16 of their Agreement so as to remove any ambiguity.

Given in Nairobi this 13th day of October 1964.

HON. E. OMOLO AGAR, M.P.,
Chairman,
The Industrial Court,
Nairobi.

There was further modification to result of findings of the Board of Inqui into relations between these parties and 1962, and reported in January 1963.

The Respondent and the Union sig negotiating procedure agreement on 5t 16th December 1963, the Union forwa improved terms and conditions of emplo replied stating that the Union's demar therefore protracted negotiations woul before any agreement could be reached. a grading scheme having been prepa minimum wage had been agreed. Mbuya, of t carried out conciliation proceedings and on the issues in dispute. The matter w Industrial Court.

MAIN SUBMISSIONS BY TH

3. (*a*) *Wages.*—The Union based its o nine grades as agreed between the now and Food Processing Employers' Asso The Respondent's reply was not conduci extended the discussions. The Union, necessary delay, agreed to grading to agreement was reached on wages and ot in its endeavour to reach an agreement demand of Sh. 40 overall increase and of Sh. 20 only as an interim increase line with the Union's arrangement with the Grain Milling and Food Processing The Respondent did not go beyond an and Sh. 10 in a single ex-gratia payme delay in reopening negotiations. The offer of Sh. 5 is ridiculous and maintai is better off than Kenya Canners Ltd., Respondent also manufactures sweets an for selling them. The Union further w take on monthly contract the casual w not an issue in dispute. The Union wage of Sh. 200 should be determined ment of Sh. 40 should be awarded to

(*b*) *Housing.*—The Union states that the houses being provided by the Respondent at the Machakos factory are of very poor quality and very small. A sum of at least Sh. 12 is needed to get a bed-space at Mitatuni, about one mile from the factory. The Union maintains that it is not unreasonable to expect a housing allowance which is in line with the statutory allowances being paid to employees in the Nairobi and Machakos areas. The Union wants the housing allowance to vary in accordance with the various grades, rising with the salary.

(*c*) *Leave travelling allowance.*—The Union's demand is that every employee should be given a leave travelling allowance and let the employee decide where he wishes to spend his leave. The Union is opposed to the leave travelling allowance being paid to enable the employee to travel to the station nearest to his home. The Union's demand under this head ranges from Sh. 120 to Sh. 500 but the Respondent is not prepared to move up from the Sh. 2 per month which was awarded by Mr. W. C. Rodgers. The Union further states that all the other employers in the country pay a reasonable leave allowance and therefore the Respondent should fall into line with them.

(*d*) *Redundancy and severance pay.*—The Union's original claim was for one month's pay for every year of service to be given when an employee is declared redundant and his services are terminated as a result thereof, however, in order to compromise, the Union had come down to two weeks' pay for every year, and this the employer had rejected.

(*e*) *Maternity benefits.*—The Union has suggested to the Respondent that maternity leave should be considered as sick leave and the employee should be allowed to accumulate her leave for this purpose. The Union maintains that maternity leave is in accordance with an International Labour Organization Convention.

(*f*) *Effective date.*—The Union claims that any wage increase granted now should be back-dated to 1st August 1963, as there has been no agreement since 31st July 1963.

(*g*) *Limitation of allowances.*—The Union states that this issue is not understood properly and that in any case it is not possible to limit allowances.

(*h*) *Acting allowance.*—The Union claims that when an employee relieves another senior to him during the leave period he should be paid an acting allowance for such time as he works in an acting capacity and this allowance should be the difference in their salaries.

MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENT

4. (*a*) *Wages.*—The Respondent states that he is unable to contemplate a significant increase in the wage bill as even the reduced demand of Sh. 20 per month per employee would represent an increase of approximately 15 per cent which he could not afford. The Respondent's trading in the latter half of 1963 resulted in no profit and in the first half of 1964 a loss was incurred. The Respondent's purpose in offering Sh. 5 per month to all employees (and Sh. 10 in mitigation of delays in reaching agreement) was to assist the employees in meeting the slight increase in the cost of living since 1962 and in a genuine desire to negotiate. When this offer was made the Respondent was also aware of the implications of the Tripartite Agreement which has since increased the wage bill by nearly 10 per cent, without increasing productivity by a like amount. The Respondent does not deny the right of the Claimant to represent casual women employees but maintains that the present issues in dispute do not concern that class of worker.

(*b*) *Housing.*—The Respondent's factory lies at the foot of the Mua Hills, approximately six miles from Machakos Township on the road to Kangundo. The environs are utterly rural and can in no way be regarded as urban or even suburban. All but a few employees live in their own houses in the surrounding district. The Respondent sumbits that:—

(i) The present housing allowance ranging from Sh. 6 to Sh. 9 is adequate for the purpose for which it is used.

(ii) The claim for increased allowances is in fact a claim for additional emoluments, benefiting only those who live in their own houses.

(iii) The standard of housing provided is superior to that generally available in the district.

(*c*) *Leave travelling allowance.*—The Respondent states that when his employees' normal place of residence is in the vicinity of the factory there is no case for the payment of leave travelling allowance. The Respondent considers that when workers are recruited to work in places distant from their normal residence there is a good case to provide travel facilities or pay an allowance in lieu thereof, to allow the employee to return to his home at the time of his annual leave. The Respondent states that Sh. 2 per month is adequate and should be consolidated into the wage.

(*d*) *Redundancy and severance pay.*— the payment of severance pay is i Provident Funds and in view of the a of a National Security Scheme the Re the scale of severance pay is a matter Kenya Government. In 1963 the Respo to discharge redundant employees was favourable rates laid down by the Ta The Respondent states that the present should remain unchanged.

(*e*) *Maternity benefits.*—The Responden tain any claim under this heading.

(*f*) *Effective date.*—The Respondent Union's claim that any agreement reache to the 1st August 1963. The Responden any agreement to be effective from the in which the agreement is signed.

(*g*) *Limitation of allowances.*—The R the delays in negotiations caused by proposed to the Claimant when atten claim for leave travelling allowance tha this allowance into wages, there shall be The Respondent does not expect any re in future negotiations.

(*h*) *Acting allowance.*—The Responde allowance should continue to be paid or present, that is to say, to be paid on relieves for more than 18 working days.

THE INDUSTRIAL COURT

CAUSE No. 7 OF 1964

Parties:—

The Kenya Engineering Workers' Union

and

The Engneering and Allied Industries Employers' Association.

Issues in dispute:—

(*a*) Overtime rates.
(*b*) Annual leave.
(*c*) Sick leave.
(*d*) Long service award.
(*e*) Reduction of working hours.
(*f*) Method of wage payment.

1. The parties were heard in Nairobi on 5th October 1964.

GENERAL BACKGROUND

2. The Kenya Engineering Workers' Union (hereinafter called the Union) was registered on 7th October 1959, and the Engineering and Allied Industries Employers' Association (hereinafter called the Respondent) was registered on 7th April 1960. The Union is open to all locally engaged industrial employees in Admiralty Establishments and to all workers employed in general engineering and manufacturing industries, other than those employed in Motor Engineering, Electrical Engineering trades and Civil Engineering.

The Respondent represents all those employers who are members of the aforesaid association except those engaged in the Civil Engineering and Motor Engineering trades and industries within Kenya.

A recognition agreement between the two parties was signed on 10th June 1960, and both the parties agreed to set up machinery in the shape of a Joint Industrial Council. It is apparent that there has been an extremely harmonious relationship between the parties hitherto and a large number of items affecting terms and conditions of service have been voluntarily agreed upon since June 1960.

The current dispute between the parties stems from deadlock reached during the course of Joint Industrial Council negotiation on eight demands made by the Union. In accordance with the agreed procedure the dispute was in the first instance referred to the Ministry of Labour, and Mr. Lawrence, Labour Officer, Mombasa, was appointed Conciliator. Conciliation proceedings were partially successful and two items, wages for watchmen and terminal benefits, were resolved. The other items are before the Court for consideration.

MAIN SUBMISSIONS ON BEHALF OF THE UNION

3. (*a*) *Overtime.*—The Union is demanding that overtime worked on week-days and Saturdays be paid for at the rate of one and a half times the hourly rate as against the current rate of one and a quarter times the basic hourly rate from Monday to Friday. The Union draws the Court's attention to the fact that Wages Council for the Tailoring and Garment Making Industry, the Footwear Industry, the Building and Construction Industry and the Motor Engineering trade have established overtime rates on the lines demanded by the Union. The Union further states that Messrs. Ideal Casements, which is a member of the Respondent Association is paying overtime at the rates demanded by the Union since 1960.

(*b*) *Annual leave.*—The Union is demanding annual paid leave for 28 working days to an employee on completion of one year of service as against the present 18 consecutive days' leave, excluding Gazetted Public Holidays. During conciliation the Union reduced its demand to 21 working days which is the same as is given in the Dock and Oil Industries. The Union further wants an employee whose service is terminated before the completion of one year to receive proportionate payment for the leave days earned.

(*c*) *Sick leave.*—The Union's original demand was for six months on full salary to be paid to an employee in any period of twelve months' service, subject to the production of the necessary medical certificate. This demand the Union also brought down to two months' sick leave on full pay and two months on half pay and states that the Civil Service in Kenya is enjoying sick leave at the rate of three months on full pay and three months on half pay in one year of service.

(*d*) *Long service award.*—The Union states that job evaluation establishes a series of basic rates for jobs without reference to personal effort or merit. The minimum wages for different groups which have been fixed do not include a length of service award. The Union further says that it has entered into agreements on this item with the Metal Box Company Limited and Sterling Astaldi Engineering Limited, both of whom have agreed to the payment of long service awards.

(*e*) *Reduction in working hours.*—The Union is demanding a reduction in the working hours from 45 to 42 hours per week because it maintains that with reduced hours productivity would increase and progress maintained.

(*f*) *Method of wage payment.*—The Union states that only three Companies are not paying wages monthly and these Companies should be brought into line with the other employers in this Industry as the parties are now endeavouring to standardize all terms and conditions of service.
