## GAZETTE NOTICE No. 1766

## MINISTRY OF WATER DEVELOPMENT

## CONDITIONS GOVERNING THE GRANTING OF SUBSIDIES FOR THE CONSTRUCTION OF STORAGE DAMS

IT IS notified for general information that, with the object of encouraging the development of the water resources of Kenya for agricultural purposes of all kinds by the construction of storage dam, the Government has agreed that the terms and conditions set out in this notice shall govern the grant in all cases of subsidies for dam construction with effect from the date of publication of this notice.

## 1. For the purpose of these conditions—

“Permanent Secretary” means the Permanent Secretary of the Ministry of Water Development, or a person deputed by him either generally or for a particular purpose;

“approved” means approved by the Permanent Secretary;

“assessed cost” means the total cost of construction of the dam as estimated by the Permanent Secretary. The estimate shall be based on the Dam Construction Units rates if the works are executed by a Government D.C.V. and or the prevailing contract rates if the works are to be executed by a contractor. It shall include the cost of site preparation and foundations, provision of control sluices and spillway and other necessary ancillary works but not the provision of any pumping apparatus;

“dam” means a structure built across a depression, or a tank excavated below ground level, for impounding and storing surface and sub-surface water and includes the ancillary works needed to dispose of flood water, and the conduits and controls necessary for the release of water;

“dam construction unit” means a mechanical dam construction unit financed from public funds;

“farmer” means any member (including body corporate) of community engaged in farming an agricultural holding of not less than five acres.

2. Farmers and local government authorities may apply for a subsidy for the construction of a dam intended for the conservation of water for agricultural, livestock, fish culture and domestic purposes. Application (which normally should be accompanied by an application for a water permit) shall be on Form W.A.B. 409 and should be submitted to the Water Bailiff of the area concerned. It should be noted that the procedure for the granting of water permit by the Water Apportionment Board usually takes not less than four months to complete but examination of the application for subsidy shall be undertaken concurrently.

3. Each application for a subsidy shall be in respect of one dam only and shall be accompanied by a non-refundable fee of K.Sh. 1,000 to cover, in part, the cost of the technical examination of the application, except in the case of a group application by one applicant under Condition 4 of these Conditions.

4. Where an individual applicant wishes to construct more than one dam in the same river, water course or depression and the works are to be undertaken as one continuous operation, then all the dams in the group are to be detailed on the application for subsidy and only one fee will be payable.

The term “individual applicant” in this context will include a co-operative society to construct dams paid for out of its own financial resources, but will not include a co-operative society acting as representative of a group of farmers who will pay for the dams themselves. A single group application may be submitted by a group of farmers or local authorities, or by the authorized representative of such a group, for a scheme involving the construction of a group of dams in the same river, water-course or depression where at least one dam of group is to be situated either wholly or partially on the holding of each party of the application. In the case of a group application, whether submitted by the group or by its authorized representative, the stipulated fee shall be payable in respect of each party to the application.

Where a group application has been made the provision of clause 5 to 18 of these conditions inclusive will be deemed to apply to a group of dams wherever “dam” is mentioned.

Group applications are designed expressly to encourage the development of holdings where for hydrological or other good reasons a system of dams which are individually too small to merit subsidy payments is to be preferred to one or more large dams, for this reason no group application will be considered where the assessed cost of more than one dam in the group is less than K.Sh. 50,000.

## 5. No subsidy is payable in the following cases:

- (a) Where no water permit or sanction has been granted for the construction of the dam.
  - (b) Where it is found that construction on a dam has commenced prior to the approval of the application for subsidy.
  - (c) Where the construction of the dam is to be financed in whole or in part, by direct grant from Central Government.
  - (d) Where the total assessed cost of the dam does not exceed K.Sh. 50,000.
  - (e) Where an applicant has not discharged his liabilities to Government in respect of work carried out previously on his behalf by a Dam Construction Unit.
6. Before approving an application for subsidy, the Permanent Secretary shall satisfy himself that—
- (a) the appropriate District Agricultural Committee has certified that the dam is necessary for the full economic development of the agricultural holding to which the application relates, having regard to the existing water resources of that holding;
  - (b) the catchment area and runoff are adequate to fill the dam regularly;
  - (c) the design of the dam is sound and its capacity adequate;
  - (d) construction of the dam has been authorized in writing by the Water Apportionment Board;
  - (e) the provisions of the Water Act (Cap. 372), and all rules thereunder have been complied with.
7. If the Permanent Secretary approves the application for subsidy, he shall inform the applicant of the amount of the subsidy to be paid, and assessed cost on which it is based.
8. The approval of a subsidy shall be valid for a period of one year. An extension of the period of validity of the approval will normally be granted if works are still in progress, provided they proceed continuously to completion. If works have not commenced within the year of validity, a new application will have to be made.
9. The Permanent Secretary may require certain additional works which, in his opinion, are necessary for the proper security of the dam to be done before payment of subsidy.
10. Payment of subsidy will be made only after the work has been completed to the satisfaction of the Permanent Secretary who shall have the right to inspect the site at any time before and after construction in order to check the dimensions, workmanship, or any other matter related to the construction of the dam.
11. The subsidy payable on a completed dam shall be 40 per cent of the assessed cost of the dam but shall not exceed K.Sh. 500,000.
- Provided that—
- (i) the amount of any subsidy shall be so adjusted as to ensure that the assessed cost of the dam less the subsidy shall not fall below K.Sh. 50,000;
  - (ii) the subsidy payable shall not exceed the sum which be paid if the actual final total cost of construction and not the assessed cost of the dam, were taken as the basis of calculation for subsidy;
  - (iii) if during the course of the works increased costs or unforeseen difficulties occur, the subsidy payable may be increased at the discretion of the Permanent Secretary for Water Development.
12. The Permanent Secretary may as a condition of payment of a subsidy, require the applicant to permit the installation of a staff gauge and rain gauge at the dam and to make reading of rainfall and water levels at such intervals and over such period as may be directed by him. The gauges will be supplied and installed by the Permanent Secretary free of charge; and will remain the property of the Government.
13. Where a Dam Construction Unit is used for the construction of the dam, the account shall show the full amount payable, and the subsidy, if any, shall be shown as a deduction, allowable only if the account is fully paid within three months. If payment is not made within three months or such other longer period as the appropriate Accounting Officer may in his absolute discretion specify, the cost of the dam shall be payable in full by the applicant, and no subsidy shall be payable or allowable by the Government.
14. Where a contractor is employed for the construction of a dam, he must be a lined dam contractor under section 89 of the Water Act (Cap. 372).
15. No liability whatever shall attach to the Government for any damage or loss of whatsoever nature arising thereof or in

any way attributable to the design or construction if any dam in respect of which an application for subsidy has been made, and the applicant for or the recipient of any subsidy shall at all times keep the Government and any servant of the Government effectually indemnified against all actions, claims, losses and expenses whatsoever arising out of any way attributable to anything done or omitted to be done by the Government or any servant of the Government in connexion with the design or construction of any such dam.

16. If any dispute or difference of any kind whatsoever shall arise in connexion with or out of these Conditions or the carrying out of any works in pursuance of these Conditions, it shall be settled by the Permanent Secretary those decision shall be final and conclusive:

Provided that this clause shall not apply to matters relating to an application for an increased dam subsidy in accordance with clause 12, or any application for extension of payment period specified in clause 14 of these Conditions.

17. Nothing in these Conditions shall bind the Government to approve the granting of subsidy in any particular case.

18. Gazette Notice No. 1819 of 1975 is cancelled.

Dated the 14th June, 1980.

*Permanent Secretary,  
Ministry of Water Development.*

- (e) Individual applicants must quote their identity card number and their nationality.
- (f) In case of companies, names of directors must be included and a photostat copy of the company's registration certificate.

## General Conditions

1. The lease will be made under the provisions of the Trust Land Act (Cap. 288), and will be issued under the Registered Land Act (Cap. 300).

2. The lease will be issued in the name(s) of the allottee(s) as given in their letter of application and will be subject to Special Conditions set out below.

3. The term of the lease will be 99 years from the first day of the month following the issue of the letter of allotment.

## Special Conditions

1. No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the local authority. The local authority shall not give approval unless it is satisfied that the proposals are as such to develop the land adequately and satisfactorily.

2. The lessee shall within six calendar months of the actual registration of the lease submit in triplicate to the local authority plans (including block plans showing the positions of the buildings and system of drainage for the disposal of sewage, surface and sullage water) drawings elevations and specification of the buildings the lessee proposes to erect on the land and shall within 24 months of the actual registration of the lease complete the erection of such buildings and the construction of the drainage system in conformity with such plans drawings elevations and specifications as amended (if such be the case) by the local authority:

Provided that notwithstanding anything to the contrary contained or implied by the Trust Land Act (Cap. 288), if default

shall be made in the performance or observance of any of the requirements of this condition it shall be lawful for the County Council or any person authorized by the County Council to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term hereby created shall cease but without prejudice to any right of action or remedy of the County Council in respect of any antecedent breach of any condition herein contained.

3. The lessee shall maintain in good substantial repair and condition all buildings at any time erected on the land.

4. Should the lessee give notice in writing to the County Council that she/he/they is/are unable to complete the buildings within the period aforesaid, the County Council shall at the lessee's expenses accept a surrender of the land comprised herein:

Provided further that if such notice as aforesaid shall be given 12 months of the commencement of the term of the County Council shall refund to the lessee 50 per centum of the stand premium paid in respect of the land or (2) at any subsequent time prior to the expiration of the said building period the County Council shall refund to the lessee 5 per centum of the said stand premium. In the event of notice being given after the expiration of the said building period no refund shall be made.

5. The land and the buildings shall only be used for purposes shown in Schedule A, B and C.

6. The buildings shall not cover more than 50/90 per centum of the area of the land or lesser area as may be laid down by the local authority in its by-laws.

7. The land shall not be used for the purpose of any trade business which the local authority considers to be dangerous or offensive.

8. The lessee shall not subdivide the land without prior consent in writing of the County Council and the Commissioner of Lands.

9. The lessee shall not sell, transfer, sublet, charge or part with the possession of the land or any part hereof or any buildings thereon except with the prior consent in writing of the County Council. No application for such consent (except in respect of a loan required for building purpose) will be considered until Special Condition No. 2 has been performed.

10. The lessee shall pay to the local authority on demand such sums as the local authority may estimate to be the proportionate cost of constructing all roads and drains and serving not adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

11. The lessee shall from time to time pay to the local authority on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the local authority may assess.

12. Should the local authority at any time require the said roads to be constructed to a higher standard the lessee shall pay to the local authority on demand such proportion of the cost of such construction as the local authority may assess.

13. The lessee shall pay such rates, taxes, charges, duties, assessments or outgoing of whatever description as may be imposed charged or assessed by any Government or local authority upon the land or the buildings erected thereon including any contribution or other sums paid by the local authority or the County Council in lieu thereof.

14. The County Council or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains service pipes and drains telephone or telegraph wires and electric mains of all descriptions whether overhead or underground and the lessee shall not erect any building in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.

15. The County Council reserves the right to revise the annual ground rental payable hereunder after the expiration of the 33rd and 66th year of the term hereby granted and such rental will be at the rate of 4 per centum of the unimproved freehold value of the land as assessed by the County Council.

## THE INDUSTRIAL COURT

CAUSE No. 16 OF 1980

Parties:

Transport & Allied Workers' Union  
and

Bhaijee Transport Co. Ltd. and Victory Garage

Issue in dispute:

Wages general increment.

1. The Transport & Allied Workers' Union shall hereinafter be referred to as the Claimants and Bhaijee Transport Co. Ltd. and Victory Garage shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 5th June, 1980 and relied on their written and verbal submissions.

## AWARD

3. The Notification of Dispute Form "A" dated 21st January, 1980 duly signed by the parties was received by the Court on 10th April together with the statutory certificate signed by the Labour Commissioner.

This dispute has arisen during the parties' revision of the collective agreement between them effective from May, 1977 to April, 1979. The parties were deadlocked on the general increase to be granted to the Respondents' employees.

During conciliation the parties agreed that the minimum wage rates as laid down in the previous agreement were to continue but on the wages general increment the Claimants demanded an increase of 15 per cent for the first and second year with the Respondents offering 2 per cent for the first and second year.

The Court notes that the parties are agreed that the new collective agreement will be backdated to 1st May, 1979 and would remain in force for a period of two years.

During the hearing the Claimants submitted that their original demand of 15 per cent had since been overtaken by events mainly because of the increase in the cost of living necessitated by the shortage of the essential foodstuffs and they had therefore decided to ask the Court to award a general wage increase of 25.4 per cent to be divided as follows—

"1.5.79 to 30.4.1980—12.7 per cent.

1.5.80 to 30.4.1981—12.7 per cent (plus 2.3 per cent = 15 per cent to take care of the eventualities).

or

A full compensation of 27.7 per cent."

The Respondents on the other hand while submitting that their main source of income which was from Bamburi Portland Cement had increased by K.Sh 3 per ton in April, 1980 they had had to bear all other increases in spare parts, fuel, cost of maintenance and rates of licence fees. Further they had to compete with a number of general transporters whose employees were not represented by any trade union.

They also referred to their state of finances in support of their contention that they were still trying to pay off the loss which had been brought over from the previous years.

In this dispute it is really not necessary to make a finding on the Claimants' contention that there are 43 employees working for the Respondents as opposed to the Respondents' claim that they had a workforce of 28 employees only. The simple fact is that whatever the Court awards it will benefit all those of the Respondents' employees who are unionisable and whose names appear on their muster roll. The Court has to decide what the workers' entitlement under the Guidelines is and whether or not they should fully get it under the circumstances of this dispute. The Employment Promotion Division report shows the following movement in the Nairobi and Mombasa cost of living indices—

Group	Percentage	Permissible (current) compensation percentage
Lower	25.2	12.6
Middle	13.4	6.7
Average	19.3	9.65

The workers are also entitled to GD per capita increases for 1977/78 which are estimated at 3.8 per cent and 2 per cent respectively as a productivity measure. This brings the compensation under the Guidelines to be about 18.4 per cent for the lower income group and 12.4 for the middle income group.

The Court would like to point out that the Guidelines allow compensation up to the maximum rise in the cost of living as

may be determined by the Court for employees in the lower income group.

After careful consideration of all the submissions the Court has come to the conclusion that it cannot accept the Respondents' offer of 5 per cent wage increase per year because the Court finds that the Respondents have failed to produce any convincing arguments as to why the workers should not get their full entitlement under the Guidelines. The Court has taken into consideration the Respondents' plea re their finances but has come to the conclusion that they can afford to give the workers their entitlement under the Guidelines. The Court accordingly awards that the drivers, mechanics and the clerk should get a wage increase of 6.2 with effect from 1st May, 1979. The Court also awards that the turnboys, tyre men and the watchman should get a wage increase of 9.2 per cent with effect from 1st May, 1979. The Court further awards that another wage increase of 6.2 per cent and 9.2 per cent as stated above should be granted with effect from 1st May, 1980.

Given in Nairobi the 13th June, 1980.

GAZETTE NOTICE No. 1797

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Application for Part B are distinguished by the letter B prefixed to the official number.

The two applications appearing hereunder are proceeding in the name of NORDISK INSULINLABORATORIUM, a company organized and existing under the laws of Denmark, manufacturers and merchants of Niels Steensensvej 1, 2820 Gentofte, Denmark, and c/o Messrs. Kaplan & Stratton, advocates, P.O. Box 40111, Nairobi. 27th February, 1980.

(3) That in compliance with section 16 (3) of the Rating Act, (Cap. 267), interest shall be charged and become payable at the rate of 1 per centum per month on any rate levied as aforesaid and remaining unpaid after the 31st July, 1980 and for the purpose of this resolution, a part of a month shall be reckoned as one month.

#### REMISSION OF RATES—1980

Prior to 1965, the City Council of Nairobi gave remission on certain classes of property.

Due to changes in legislation, the majority of these received automatic relief from 1965. This relief was continued in 1966, and will be continued for the life of the current Valuation Roll, provided the use of the property does not change during this time. Application for remission may, however, still be made for properties which received remission prior to 1965, but did not obtain relief in 1965 or 1966, under the amended legislation. Forms of application may be obtained from City Treasurer's Office, City Hall, during normal office hours and must be returned before 31st July, 1980. Applications received after this date will not be considered. Those who have already applied need not apply again.

City Hall,  
13th June, 1980.

## IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplements*, etc.:—

- (1) *Kenya Gazette* contains notices of a general nature and which do not affect legislation, and may be submitted direct to the Government Printer.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government, and must be submitted through the Office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction into the National Assembly only.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of a foolscap sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible, and contain a minimum of alterations.

Particular attention should be paid to the following points:—

- (i) Signatures must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

### EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

#### *Kenya Gazette*

D.41. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 12 noon, on Tuesday of the week that publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*.

(2) It will facilitate work at the Press if Permanent Secretaries will forward *Gazette* notices to the Government Printer when ready.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
