THE BANKING ACT

(Cap. 488)

DEPOSIT PROTECTION FUND BOARD

IN TERMS of section 55 of the Banking Act, the Director, Deposit Protection Fund Board presents the audited accounts of the Fund as at 30th June, 2004 as:

REPORT OF THE AUDITORS TO THE MINISTER FOR FINANCE ON THE FINANCIAL STATEMENTS OF
DEPOSIT PROTECTION FUND BOARD

We have audited the financial statements set out on pages 4 to 14. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The directors are responsible for the preparation of the financial statements as set out below. Our responsibility is to express an independent opinion on the financial statements based on our audit and to report our opinion to you.

BASIS OF OPINION

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement. An audit includes examining, on a test basis evidence supporting the amounts and disclosures in the financial statements. It also includes assessing the accounting principles used and significant estimates made by the directors, as well as an evaluation of the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We draw attention to note 17, the financial statements of the subsidiary company, Consolidated Bank of Kenya Limited, have not been consolidated with those of the Fund as the Banking Act restricts its investments to government securities only. Non-consolidation of the financial statements contravenes the requirement of the International Accounting Standard 27 on 'Consolidation of Financial Statements and Accounting for Investments in Subsidiaries'. Further, the investment in the subsidiary is in contravention of the provisions of Section 37(3) of the Banking Act.

We draw attention to note 8, the above investment in the subsidiary has not been carried at fair value. This is contrary to the requirements of International Accounting Standard 39 on 'Financial Instruments: Recognition and Measurement'.

OPINION

Except for the above and to the effect of any adjustments that may be necessary, in our opinion, proper books of account have been kept and the financial statements which are in agreement therewith, give a true and fair view of the state of the financial affairs of the Deposit Protection Fund Board as at 30th June, 2004 and of the surplus and the cash flows for the year then ended and comply with the Banking Act and International Financial Reporting Standards in all other respects.

Dated the 9th September, 2004.

STATEMENT OF DIRECTORS' RESPONSIBILITIES:

The Banking Act requires the directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the fund as at the end of the financial year and of its operating results for the year. It also requires the directors to ensure the fund keeps proper accounting records which disclose, with reasonable accuracy, the financial position of the fund. They are also responsible for safeguarding the assets of the fund.

The directors accept responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards and in the manner required by the Banking Act. The directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the fund as at 30th June 2004 and of its operating results for the year then ended. The directors further confirm the accuracy and completeness of the accounting

records maintained by the fund which have been relied upon in the preparation of the financial statements, as well as on the adequacy of the systems of internal financial controls.

Nothing has come to the attention of the directors to indicate that the fund will not remain a going concern for at least the next twelve months from the date of this statement.

ACCOUNTING POLICIES:

The principal accounting policies adopted in the preparation of the financial statements are set out below:

(a) Basis of preparation

The financial statements have been prepared under the historical cost convention and are in compliance with International Financial Reporting Standards.

(b) Revenue recognition

Assessed income comprises contributions levied to the contributory institutions and is recognised in the period when they are receivable. Such contributions are assessed at a rate of 0.15% of the average of the institutions' total deposit liabilities during the period of 12 months prior to the date of levy notice.

Interest income is recognised in the period in which it is earned based on the expired portion of the life of the investments it relates to. Interest is primarily earned on treasury bills and bonds and other interest carrying instruments. Discounts and premiums on acquisition of government securities are amortised over the life of the security and are recognised within interest income.

(c) Provisions for payments to depositors

Provisions for payments to protected depositors are recognised in the financial statements in the period the contributory institutions are placed under liquidation. Any payments that exceed the provisions made are taken into account in determining operating profit. Provisions that relate to unclaimed protected deposits are written back to income on expiry of the statutory notice period.

(d) Taxation

The fund's income is not subject to tax as it has been granted exemption by the Commissioner of Income Tax. Therefore no provision for current tax or deferred tax is made in the financial statements.

(e) Property and equipment

Depreciation on property and equipment is calculated at rates estimated to write off the cost of the assets concerned over their expected useful lives on the reducing balance basis except for computers which are depreciated on the straight line basis.

The annual rates in use are:	Rate %
Furniture and fittings	12.5
Office and kitchen equipment	20
Motor vehicles	25
Computers	33 1/3

Leasehold buildings are written off over the estimated useful life of the building, or the remaining lease term, whichever is less.

Where the carrying amount of an asset is greater than the estimated recoverable amount, it is immediately written down to its recoverable amount.

Gains and losses on disposal of property and equipment are determined by reference to their carrying amounts and are taken into account in determining operating profit.

(f) Financial Instruments

The fund's financial instruments which comprise investment in subsidiary, government securities and purchased receivables fall into the following categories:

Equity investment in the subsidiary company is classified as available for sale and is accordingly carried at fair value.

Government securities are classified as held to maturity and are accordingly carried at amortized cost using the effective interest rate method.

Receivables which comprise debtors and prepayments and amounts due from Central Bank of Kenya are classified as originated loans and receivables and are accordingly carried at amortised cost.

Creditors and accruals, provisions for protected deposit claims and amounts due to Central Bank of Kenya are classified as financial liabilities and are carried at amortised cost.

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. The amount of the impairment losses are taken into account in determining operating profit.

(g) Retirement benefit costs

The Fund's employees are eligible for retirement benefits under a defined benefit plan provided through a separate fund. The defined benefit plan is funded by the Fund and the Central Bank, the main sponsor. The retirement benefit asset is wholly recognised in the financial statements of the Central Bank while the Fund recognises contributions to the fund as if it were a defined contribution scheme by charging them to the profit and loss account in the year to which they relate.

The actuarial valuations of the scheme are performed using the Projected Unit Credit Method and resulting assets or liabilities recognised in the financial statements of Central Bank of Kenya. The Fund staff are seconded from the Central Bank and as such it is not possible to account for their proportionate share of the defined benefit obligation.

The Fund also contributes to a statutory defined contribution Pension Scheme, the National Social Security Fund (NSSF). Contributions are determined by local statute and are correctly limited to KShs. 200 per employee. The contributions are charged to income and expenditure account in the year to which they relate.

(h) Employee entitlements

The monetary liability for employees accrued leave entitlement at the balance sheet date was in the prior years recognised as an expense accrual. However from the current year the leave policy of the fund has changed and accordingly no accrual is required.

(i) Leases

Leases of assets where a significant proportion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the profit and loss account on a straight-line basis over the period of the lease.

Payments to acquire leasehold interest in land are treated as prepaid operating lease rentals and amortised over the period of the lease.

(j) Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year. In particular, comparatives have been adjusted as relates to interest receivable from government securities which has now been amalgamated with the value of the securities in consistency with the prescribed treatment under International Accounting Standard 39 on 'Financial Instruments: Recognition and Measurement'. This was previously shown as interest receivable under current assets.

16.	RISK MANAGEMENT		

Currency risk

The fund operates wholly within Kenya and its assets and liabilities are reported in the local currency. It does not transact in foreign currencies.

Interest rate risk

Excess funds held by the fund are invested in Government of Kenya Treasury bills and Treasury bonds. No interest rate risk exposure is envisaged.

Liquidity risk

The fund holds a significant portion of investments in Government securities that are readily convertible. No significant risk is envisaged.

17. CONSOLIDATION

The fund owns 51% of a subsidiary company, Consolidated Bank of Kenya Limited. The financial statements of the subsidiary have not been consolidated with those of the fund because the Banking Act restricts the organization's investments to government securities only. The fund intends to dispose their investment in the subsidiary once its performance improves, as outright disposal may not be financially viable.

18. RELATED PARTY TRANSACTIONS

The fund and Central Bank of Kenya are related parties, performing connected duties of bank supervision and deposit protection respectively. No trading is carried with Central Bank. The following transactions however take place between the two organizations:

- The Central Bank pays some operating expenses on behalf of the fund. These are fully reimbursed.
- The staff of the fund are contractually employees of Central Bank but seconded to the fund. Salaries of these staff are met by Central Bank and fully reimbursed by the fund.
- Central Bank is also the sponsor of the Staff Pension Fund to which the fund contributes on behalf of employees seconded to it from Central Bank.
- Central Bank provides the fund with office space and charges the fund rent. In the year, rent charged amounted to Shs. 6 million (2003: Shs. 6 million).

The balance at year-end on transaction with Central Bank is shown in note 6.

19. CONTINGENT LIABILITIES

Litigation

Mr. Ajay Shah filed a case claiming general damages and special damages of Shs. 144 million against Trust Bank Limited (In Liquidation) and the fund on allegations for defamation and publication of malicious false statements. The suit is pending for hearing.

No provision has been made in the financial statements because, in the opinion of the directors, the claim is unlikely to succeed.

20. INCORPORATION

The fund is incorporated under the Banking Act, 1985

21. CURRENCY

The financial statements are presented in thousands of Kenya shillings (KShs'000).
