The Kenya Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Attorney-General under section 35.

Section 35 provides that:

1. Following an investigation, the Commission shall report to the Attorney-General on the results of the investigation.
2. The Commission's report shall include any recommendation the Commission may have that a person be prosecuted for corruption or economic crime.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Attorney General under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney-General.
4. The Attorney-General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the third quarter of the year 2010 and is for the period commencing 1st July, 2010 to 30th September, 2010.

INVESTIGATIONS COVERING THE PERIOD 1ST JULY TO
30TH SEPTEMBER, 2010

KACC/FI/INQ/15/2010

Inquiry into allegations that a Senior Education Officer in the Ministry of Education misappropriated KSh. 3,936,200 entrusted to him for the purpose of carrying out capacity building workshops for stakeholders in the Most Vulnerable Children (MVC) Support Grant Programme at Machakos and Garissa Teachers' Training Colleges. The Commission had received a report alleging that a sum of KSh. 103 million allocated to the Kenya Education Sector Support Programme (KESSP) of the Ministry of Education had been misappropriated by the implementing officers. Specific to this inquiry was the allegation that the Senior Education Officer had misappropriated a sum of KSh. 3,936,200 that was intended for conducting sensitization workshops for stakeholders from various schools that were involved in the implementation of the MVC Support Grant Programme under the KESSP HIV and AIDS component. It was a requirement that before the funds could be released, the school head teachers and other stakeholders would be sensitized on the use of the funds. The investigations established that the suspect applied for and was given an imprest of KSh. 3,936,200 to cater for the two workshops, and that after completion of the workshops, he surrendered the imprest using false documents to justify a higher expenditure than was the case.

The file was forwarded to the Attorney-General on 16th September, 2010 with the recommendation that the suspect be prosecuted for the offences of fraudulent acquisition of public property contrary to section 45 (1) (a) of the Anti-Corruption and Economic Crimes Act, 2003, false accounting by a public officer and uttering a false document contrary to sections 331 (1) and 353 of the Penal Code, Chapter 63 of the Laws of Kenya. The Attorney-General returned the file on 4th October 2010, accepting KACC's recommendations that prosecution and recovery proceedings should ensue against the suspects.

KACC/FI/INQ/158/2009

Inquiry into allegations of fraud and corruption against the Human Resources Officer of the Western Kenya Community Driven Development and Flood Mitigation Project (WKDD/FMP). It was alleged that the suspect, took an imprest of KSh. 3,699,000 for use in conducting a sensitization workshop on HIV/AIDS but misappropriated the same. Investigations confirmed that the suspect had applied for and received an imprest of KSh. 3,699,000 as alleged but surrendered the same using falsified documents. The suspect prepared false schedules bearing forged signatures of the participants indicating that they were paid more than what they actually received. Some of the alleged participants were categorical that they never attended the training.

The file was forwarded to the Attorney-General on 16th September, 2010 with the recommendation that the suspect and her accomplice be prosecuted for the offences of conspiracy to defraud contrary to section 317 of the Penal Code, Chapter 63 of the Laws of Kenya, Deceiving Principal and fraudulent acquisition of public property contrary to sections 41 (2) and 45 (1) (a) of the Anti-Corruption and Economic Crimes Act, 2003, and uttering a false document contrary to section 353 of the Penal Code.

The Attorney-General returned the file on 4th October 2010, accepting KACC's recommendations that prosecution should ensue against the suspects

KACC/FI/INQ/10/2010

Inquiry into allegations that a Senior Education Officer in the Ministry of Education misappropriated KSh. 2,012,000 entrusted to her for conducting a workshop for the school infrastructure committees in Western Kenya Region. The Commission had received a report alleging that a sum of KSh. 103 million allocated to the Kenya Education Sector Support Programme (KESSP) of the Ministry of Education had been misappropriated by the implementing officers. Specific to this inquiry was the allegation that a Senior Education Officer had misappropriated a sum of KSh. 2,012,000 that was intended for facilitating the training of members of school infrastructure committees in the Western Kenya Region. The investigation established that the suspect was indeed entrusted with an imprest in the sum of KSh. 2,012,000 to facilitate the subject training and that the workshops were indeed held. However it was ascertained that the suspect did not truthfully account for the expenditure at the time of surrender. It was noted that the forms signed by the participants to acknowledge payment were altered to indicate that they received more money than what they had received, some participants listed as having been paid facilitation allowance disputed the same, and falsified receipts were used to account for some of the imprest.

The file was forwarded to the Attorney-General on 26th July 2010 with the recommendation that the suspect be prosecuted for the offences of false accounting by a public officer and uttering a false document contrary to sections 331 (1) and 353 of the Penal Code, Chapter 63 of the Laws of Kenya. The Attorney-General returned the file on 4th October, 2010, accepting KACC's recommendations that prosecution should ensue against the suspect.

KACC/AT/INQ/16/2009

Inquiry into allegations that private developer had illegally acquired a piece of land, L.R. No. 209/16441 belonging to Racecourse Primary School, a public school run and maintained by the City Council of Nairobi. The investigations confirmed the allegation and established that by the time the land in issue was being transferred to the private developer in 2006, it had already been allocated to the City Council of Nairobi by the Commissioner of Lands and was not available for disposal. It was further established that the transfer in favour of the private developer had been effected using a false Part Development Plan (PDP) and a forged letter of allocation with the complicity of some officials of the City Council of Nairobi and the Ministry of Lands.

The file was forwarded to the Attorney-General on 5th July 2010 with the recommendation that the private developer and the concerned officers of the City Council of Nairobi and the Ministry of Lands be prosecuted for the offences of fraudulent acquisition/disposal of public property contrary to section 45 (1) (a) and (b) of the Anti-Corruption and Economic Crimes Act, unlawful failure to pay fees payable to a public body contrary to section 45 (1) (d) of the Anti-Corruption and Economic Crimes Act, conspiracy to defraud contrary to section 317 of the Penal Code, and making a document without authority contrary to section 357 (a) of the Penal Code. The Attorney-General returned the file to KACC on 6/10/2010 with a directive that the outstanding investigations be completed and the file re-submitted for AG's directions.

KACC/FI/INQ/06/2010

Inquiry into allegations of embezzlement of KSh. 2,632,000 against an Assistant Director in the Ministry of Education. It was alleged that several officials of the Ministry of Education had defrauded the Ministry of millions of shillings through a series of capacity building workshops that were organized by the Ministry under the Kenya Education Sector Support Programme (KESSP) Project. One of the workshops targeted the School Infrastructure Committees for which the suspect in this inquiry was entrusted with

KSh. 2,632,000 imprest. The investigation revealed that the suspect colluded with the host institution to inflate the number of participants and that false receipts were used to account for and surrender the imprest.

The file was forwarded to the Attorney-General on 13th July 2010 with the recommendation that the suspect be prosecuted for the offences of fraudulent acquisition of public property contrary to section 45(1) (a) and (b) of the Anti-Corruption and Economic Crimes Act, knowingly deceiving principal contrary to section 41 of the Anti-Corruption and Economic Crimes Act, conspiracy to commit an offence of corruption or economic crime contrary to section 47A(3) of the Anti-Corruption and Economic Crimes Act, 2003 and uttering a false document contrary to section 353 of the Penal Code, Chapter 63 of the Laws of Kenya. The Attorney-General returned the file on 4/10/2010 with directions that further investigations be carried out.

KACC/MSA/FI/INQ/9/2009

Inquiry into an allegation of failure to adhere to public procurement laws and regulations in the procurement of three tractors and two ploughs by officials of Lamu West Constituency Development Committee. Allegations were made to the Commission of various malpractices and violation of the procurement law in the management of Constituency Development Funds in Lamu West Constituency. The allegations involved conflict of interest, bid rigging, failure to comply with procurement laws, and abuse of office. The investigations into the allegations were initiated, with this particular inquiry targeting the alleged failure to comply with procurement law in the acquisition of three tractors and their accessories. The investigation confirmed three officials of the Lamu West Constituency Development Committee violated the procurement law and regulations in the acquisition of three tractors and their accessories.

The file was forwarded to the Attorney-General on 14th July 2010 with the recommendation that the three officials be charged with the offence of wilful failure to comply with the law relating to procurement of goods under section 45 (2) (b) of the Anti-corruption and Economic Crimes Act, 2003. The Attorney-General returned the file on 15th September 2010, accepting KACC's recommendations that prosecution should ensue against the suspects.

KACC/FI/INQ/110/2009

Inquiry into allegations of misappropriation of KSh. 106,500 belonging to the Western Kenya Community Driven Development and Flood Mitigation Project (WKCD/FMP) by the Chief Fisheries Officer, Bondo District. It was alleged that part of the funds donated by the World Bank to finance the WKCD/FMP had been misappropriated on the pretext that it was used for restocking the Ochoi Fish Dam. Investigations confirmed that the suspect had applied for and received an imprest of KSh. 106,500 for the purpose of carrying out an ecological survey and re-stocking of Ochoi Dam with fingerlings and that he surrendered the imprest in the usual manner. Some of the documents attached to the surrender voucher were receipts allegedly issued for the hire of a boat and for the purchase of fingerlings. The owners of the boat and the fish farm from which the fingerlings were allegedly bought denied the transactions and the receipts found to be false documents.

The file was forwarded to the Attorney-General on 13th July 2010 with the recommendation that the suspect be prosecuted for the offences of false accounting by a public officer contrary to section 331(1) of the Penal Code and uttering a false document contrary to section 353 of the Penal Code. The Attorney-General returned the file on 4th October 2010, accepting KACC's recommendations that prosecution should ensue against the suspect.

KACC/AT/INQ/08/2007

Inquiry into allegations that a Police Officer based at Ruaraka Police Station, Nairobi and the officer in charge of Highway Traffic Patrol was corrupt and had unexplained assets, a list of which was provided to the Commission. The Commission carried out investigations into the allegations and established that a significant portion of the assets in question belonged to the suspect's wife and were owned by her before they got married. It was further established that the suspect's wife was an established businesswoman owning considerable assets. It was the wealth declarations made by the suspect following their marriage that appear to have triggered the suspicions about his possessing unexplained assets, which were sufficiently accounted for by both the suspect and his wife. The investigations unearthed no evidence that the suspect was involved in corrupt activities or economic crime.

The file was forwarded to the Attorney-General on 7th July 2010 with the recommendation for closure of the file. The Attorney-General returned the file on 9/8/2010 and accepted KACC's recommendations that the file be closed.

KACC/FI/INQ/99/2009

Inquiry into allegations of conflict of interest against officials at the Kuria West District Treasury in the award of a tender for the renovation of the District Treasury offices. The investigation confirmed that funds had been set aside for the renovation of the District Treasury premises to create more office space. Subsequent to the receipt of the money, Bills of Quantities were prepared by the Ministry of Works, on the basis of which Requests for Quotations were floated. The quotations were thereafter evaluated and an award made to the lowest evaluated bidder. The decision was communicated to the bidders and a Local Service Order issued. The investigation further established that the works were undertaken and payment made upon verification thereof. It became evident therefore that the relevant procurement procedures were followed in the award of the tender. There was equally no evidence to show that any of the officers involved in the processing of the tender influenced the award or had any connection with the successful bidder or the proceeds of the tender.

The file was forwarded to the Attorney-General on 19th July 2010 with the recommendation that the inquiry file be closed. The Attorney-General returned the file to KACC on 2nd September 2010 and directed that the contractor be recalled back to the site to complete the renovations as per the Bill of Quantities, failure to which the District Accountant be surcharged for the cost of the incomplete work.

KACC.CR.764/246/2010: COURT FILE NO. NAKURU ACC. 4/2010

Inquiry into allegations that a police officer attached to Gilgil Police Station had corruptly solicited for a benefit from the complainant as an inducement to facilitate the withdrawal of charges of robbery with violence filed against the complainant's son at Naivasha Law Courts. The investigation established the solicitation and receipt of the benefit. The suspects were arrested and charged with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and the case is pending before the Nakuru Anti-Corruption Court.

The file was forwarded to the Attorney-General on 13th July, 2010 with a recommendation that the case pending before court be prosecuted to its logical conclusion. The recommendation was accepted by the Attorney-General on 15th September, 2010.

KACC.CR.021/19/2010: COURT FILE NO. MOMBASA ACC. 2/2010

Inquiry into allegations that a Security Officer at the Kenya Ports Authority had corruptly solicited for a benefit from the complainant as an inducement to frustrate investigations into allegations of corruption against the complainant in which the suspect was the key witness. The suspect indicated that he could frustrate the investigation and eventual prosecution of the case against the complainant by failing to attend court when required to testify. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and the case is pending before the Mombasa Anti-Corruption Court.

The file was forwarded to the Attorney-General on 25th August, 2010 with a recommendation that the case pending before court be prosecuted to its logical conclusion. The Attorney-General returned the file on 4/10/2010 and accepted KACC's recommendations to prosecute.

KACC.CR.811/103/2010: COURT FILE NO. KITALE ACC. 234/2010

Inquiry into allegations that a senior support staff at the Ministry of Roads Kitale Office had corruptly solicited for a benefit from the complainant as an inducement to facilitate the approval of site building plans. The investigation established the solicitation and receipt of the benefit. The suspects were arrested and charged with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read

with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and the case is pending before the Kitale Anti-Corruption Court.

The file was forwarded to the Attorney-General on 11th August, 2010 with a recommendation that the case pending before court be prosecuted to its logical conclusion. The Attorney-General returned the file on 4/10/2010 and accepted the recommendations by KACC that the matter be prosecuted.

KACC.CR.141/381/2009: COURT FILE NO. NAIROBI ACC. 24/2010

Inquiry into allegations that a clerical officer employed by the City Council of Nairobi had corruptly solicited for a benefit from the complainant as an inducement to facilitate the processing of a death certificate in respect of the complainant's deceased brother. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged with the offences of soliciting and receiving a benefit contrary to section 39 (3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and the case is pending before the Nairobi Anti-Corruption Court.

The file was forwarded to the Attorney-General on 16th September, 2010 with a recommendation that the case pending before court be prosecuted to its logical conclusion. The Attorney-General returned the file on 4/10/2010 and accepted recommendations by KACC that the matter be prosecuted.

KACC/CR.141/356/2010: COURT FILE NO. NAIROBI ACC. 22/2010

Inquiry into allegations that a Senior Administrative Assistant at Kenyatta University had corruptly solicited for a benefit from the complainant as an inducement to facilitate the release of a diploma certificate to the complainant, who had previously been a student at the University. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and the case is pending before the Nairobi Anti-Corruption Court.

The file was forwarded to the Attorney-General on 20th September, 2010 with a recommendation that the case pending before court be prosecuted to its logical conclusion. The Attorney-General returned the file on 6/10/2010 and accepted recommendations made by KACC.

Air	<ul style="list-style-type: none"> Maintaining low dust levels during construction through either surfacing the non-surfaced portion of the road or/and water regions not paved. This will reduce the amount of dust generated. Installation of scrubbers on the exhausts of emitting machinery Erection of screens and buffer fences (noise barriers) to reduce the amount of dust and noise generated during construction reaching neighboring utilities Use of noise absorbent padding in fixed plant installations Use of silencers/mufflers in Heavy Earth Moving Machines (HEMM) Use of ear-muffs by employees to reduce any exposure from noise Retain and continue planting green- belts to create barriers between source and receiver this strategy is a long term measure as trees take a long time to be effective in creating noise barriers. Flower bushes and shrubs can be planted around noise emitting utilities

Water

- Ensure conservation of water in the construction phase through wise and only necessary use as well as recycling where applicable and appropriate Management of any liquid and solid wastes to ensure that they do not lead to the contamination of surface water in the nearby streams and the underground waters
- Employing water catchments measures such as roof catchments where water harvested this way can be used for cleaning or lawn maintenance purposes
- Maintaining vegetative cover within the non- paved area so as to reduce direct evaporation and
- Maintain the micro- climate of the area.

Hazards

Hazards especially from moving vehicles and trucks in and out of the site could be handled in a number of ways

- Erecting hazards warning signs
- Using smaller trucks that make narrow turnings
- Construct storm water drains to channel flood waters given the steep slope of the site
- Keep the percentage of the area of impervious surface as low as possible to reduce runoff during storm periods

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KYENI-EMBU 132KV ELECTRICAL
TRANSMISSION LINE AND ASSOCIATED SUBSTATIONS IN
EMBU EAST AND EMBU WEST DISTRICTS, EASTERN
PROVINCE

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Kyeni-Embu 132kv electrical transmission line and associated substations.

The proposed project involves construction of a 21kms 132 kV electrical transmission line from Kyeni to Embu. This transmission line is a t-off of the Ishiara 132kV transmission line. The components of the proposed project include:

- A 21km 132Kv electrical transmission line from Kegonge in Kyeni Division to Gatondo in North Location of Embu West District.
- A 132/33kV electrical sub-station at Kegonge in Kyeni Division of Embu East District.
- A 132Kv electrical sub-station at Gatondo in Embu West District

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Terrestrial habitat Alteration	<ul style="list-style-type: none"> • Re-vegetation of disturbed areas with native plant species; • Undertake selective clearance by removing tall woody species leaving saplings, for quick regeneration of vegetation along the way-leave • The selective removal of tall-growing tree species and the encouragement of low growing grasses and shrubs in transmission line rights-of-way. • Removal of alien invasive plant species, • Cultivating native plant species; • Avoiding clearing in riparian areas; • Vegetation management should not eradicate all vegetation
Noise and vibration	<ul style="list-style-type: none"> • Sensitise the workforce and truck drivers on issues of equipment maintenance. Supervise construction traffic, maintain plant and equipment, undertake construction only during the daytime for peace of the neighbours, workers to wear ear plugs, muffs as part of the personal protective gear. • Consider the possibility of investing in silencers to reduce quantity of noise produced • Create a barrier well beyond the perimeter of the high level noise area and the community
Aquatic habitat alteration	<ul style="list-style-type: none"> • Minimizing clearing and disruption to riparian vegetation.
Risk of leaks or spills	<ul style="list-style-type: none"> • Regular maintenance of site equipment • Investigate the possibility of catalytic converters • Safety procedures for fuel storage and refuelling
Road safety	<ul style="list-style-type: none"> • Enforce speed limits for construction vehicles during construction, design a separate vehicle entry different from the common entrance with the residents, streamline traffic flow into and out of the premises, initiate changes in traffic flow in the micro-area upon commissioning, install approximate cautionary signage for motorists entering the premises. • Ensure appropriate road safety signage • Ensure all drivers adhere to the traffic laws and requirements • Erection of bumps where human and vehicular traffic have high interaction opportunities

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Power line related avifauna mortalities	<ul style="list-style-type: none"> • To minimize collision, undertake wire-marking to alert birds to the presence of power line, allowing them time to avoid the collision. • Build raptors platforms on top of pylons for roosting and nesting
Soil erosion	<ul style="list-style-type: none"> • Soils excavated for the erection of towers should be used for re-filling and should not be left exposed to wind or water for long periods • The contractor should avoid steep terrain during the transportation of construction material by using alternative routes or use light vehicles where appropriate • Riverine vegetation should be minimally disturbed during the construction phase to reduce soil erosion and safeguard riverbank protection • Re-plant degraded areas with local species common in the area to complement natural vegetation regeneration to improve ground cover.
Air Pollution (dust, fuel emissions)	<ul style="list-style-type: none"> • Control speed of construction vehicles • Prohibit idling of vehicles • Water should be sprayed during the construction phase on excavated areas • Regular maintenance of plant and equipment. • Provision of dust masks for use when working in dusty conditions
Contamination of ground and surface water	<ul style="list-style-type: none"> • Maintenance of construction vehicles should be carried out in the Contractor's camp and a recognized garage • Proper storage, handling and disposal of oil wastes from machinery, discourage servicing of machinery and vehicles
Management of Solid Waste	<ul style="list-style-type: none"> • Contractor must dispose solid wastes away from the site to an approved disposal site. • Temporary pit latrine for construction workers
Risk of fire	<ul style="list-style-type: none"> • Establishing a network of fuel breaks of less flammable materials or cleared land to slow progress of fires and allow fire fighting access. • Provision of fire safety system that includes training, firefighting equipment; regular maintenance of machinery, vehicles and equipment; and no burning activities to be allowed close to or within the site • Controlled burning of vegetation in transmission line rights-of-way should adhere to applicable burning regulations, fire suppression equipment requirements, and typically must be monitored
Electrocution from Live Power Lines	<ul style="list-style-type: none"> • A maintenance system to ensure physical integrity of structures is maintained • Deactivating and properly grounding live power distribution lines before work is performed on, or in close proximity, to the lines;

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> Ensuring that live-wire work is conducted by trained staff Workers should not approach an exposed energized or conductive part even if properly trained unless the worker is:- properly insulated from the energized part with gloves or other approved, insulation; the energized part is properly insulated from the worker and any other conductive object; the worker is properly isolated and insulated from any other conductive object (live-line work)
Working at heights	<ul style="list-style-type: none"> Testing structures for integrity prior to undertaking work; Implementation of a fall protection program that includes training in climbing techniques and use of fall protection measures; Inspection, maintenance, and replacement of fall protection equipment; Installation of fixtures on tower components to facilitate fall protection systems; An approved tool bag should be used for raising or lowering tools or materials to workers on structures Use of helmets and other protective devices will mitigate against scratches, bruises, punctures, lacerations and head injuries due to dropping objects.
Land acquisition and Resettlement	<p>Ensure that the displaced persons are:</p> <ul style="list-style-type: none"> Informed about their options and rights pertaining to resettlement Consulted on, offered choices among, and provided with alternatives; Provided prompt and effective compensation at full replacement cost for losses of assets attributable directly to the project. Offered support after displacement, for a transition period, based on a reasonable estimate of the time likely to be needed to restore their livelihood and standards of living; Provided with development assistance in addition to compensation measures;
Waste Management	<ul style="list-style-type: none"> Avoid unnecessary wastage and spillage of water Solid waste holding bins (segregated into different compartments), engage approved refuse handling agents for the various waste types emanating from the building, carry out an annual waste audit to determine quantities and characterization of wastes and hence mode of disposal, identify hazardous wastes for specialized disposal.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED KENYATTA UNIVERSITY TEACHING AND REFERRAL HOSPITAL

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Kenyatta University Teaching and Referral Hospital.

The proposed project entails development of a teaching, research and referral hospital.

The project is located within the Kenyatta University Campus on land parcel L.R. No. 33404, Kasarani Division.

The following are the anticipated impacts and mitigation measures:

<i>Possible Impact</i>	<i>Mitigation</i>
Air Emissions	<ul style="list-style-type: none"> • Compaction of soil during various construction activities • Ambient air quality within the premises of the proposed project to be monitored • Stack emissions from DG sets to be optimally monitored • Maintenance of internal roads to avoid dust generation • Incinerator equipped with rigorous pollution control technologies • Air quality monitoring
Noise	<ul style="list-style-type: none"> • List of all noise generating machinery on site along with the age to be prepared • Night working to be monitored • Silencers and mufflers to be affixed to the exhaust systems of all mechanical equipment • Personal Protective Equipment (PPE) • Constant machinery maintenance to reduce noise from friction, loose parts etc • Noise to be monitored in ambient air within the plant premises • The noise level will not exceed the permissible limit both during day and night times • Noise generated from operation of DG sets to be optimized and monitored. DG sets to generate less than 75 dBA at 100 m from the source. DG sets are to be provided with acoustic enclosures with height of chimney above roof level
Water Management	<ul style="list-style-type: none"> • Control of runoff from site • Use of sediment and grease traps to intercept runoff from drainage areas • Provision of suitable drainage system • Rainwater harvesting
Wastewater Discharge	<ul style="list-style-type: none"> • No untreated discharge to be leaked to surface water, groundwater or soil • The discharge point will be properly selected and sampling and analysis should be undertaken prior to discharge • Care taken in disposing wastewater generated such that soil and groundwater resources are protected
Drainage and Effluent Management	<ul style="list-style-type: none"> • Ensure drainage system and specific design measures are working effectively. The design will incorporate existing drainage pattern and avoid disturbance of the same
Non-routine Events and Accidental Releases	<ul style="list-style-type: none"> • Plan to be drawn up considering likely emergencies and steps required to limit consequences
Waste Management	<ul style="list-style-type: none"> • All solid waste to be appropriately disposed of in drums or dumpsters • Adequate number of collection bins to be provided separately for biodegradable and non-biodegradable waste • Landscape waste managed to prevent surface runoff • Potentially infectious waste treated prior to disposal • Implement waste management plan that identifies and characterizes every waste product associated with proposed activities and that identifies the procedures for collection, handling and disposal of each type of waste

<i>Possible Impact</i>	<i>Mitigation</i>
Biomedical Waste	<ul style="list-style-type: none"> • Distinctive protocols for the classification and segregation of waste to be in place
Drainage and Effluent Management	<ul style="list-style-type: none"> • Ensure specific design system and design measures are working effectively. The design to incorporate existing drainage pattern and avoid disturbance of same
Indoor Air Contamination	<ul style="list-style-type: none"> • Contaminants such as CO, CO₂, and VOCs to be reduced by providing adequate ventilation
Energy Use	<ul style="list-style-type: none"> • Energy usage for air-conditioning and other activities to be minimized. • Conduct annual energy audit for the buildings
Emergency Preparedness, such as fire fighting	<ul style="list-style-type: none"> • Fire protection and safety measures to take care of fire and exposure hazards, to be assessed and steps taken for their prevention

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED GREENLAND SERVICE STATION ON L.R. NO. KERICHO/CHEMOIBEN/12, LITEIN TOWN, SOTIK DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed development of a medium sized petrol station.

The Proposed project will hold a prefabricated office building, service bay, toilets, car wash section, water/oil separator, four underground storage tanks and five fuel pumps.

The proposed 50 x 100fts site is located along Kericho-Sotik-Kisii Road, within the neighbourhood of Litein Market to the North and Litein Mission Hospital to the East.

The project anticipates the following impacts and mitigation measures:

<i>Possible Impact</i>	<i>Mitigation Measures</i>
Soil Erosion	<ul style="list-style-type: none"> • Ensure that land is leveled and practice soil trapping • Filling up holes with earth and plant grass on any exposed surfaces left (re-vegetation).

<i>Possible Impact</i>	<i>Mitigation Measures</i>
Air Pollution	<ul style="list-style-type: none"> • Modification/replacement of worn out process equipment. • Wet-sweep the offices and company compound • Only use recommended types of fire extinguishers • Avoid combustion of materials • Sprinkling of water on soil surface to minimize dust
Waste Management	<ul style="list-style-type: none"> • Hiring of disposal services and recycling of wastes. • Install garbage bins • Construction of oil interceptors to prevent water and soil contamination • Regular liquid waste analysis before release to environment • Install screens to filter out particulates from liquids entering the oil interceptor • Confinement of oily wastes in oil interceptor.
Fire Outbreaks	<ul style="list-style-type: none"> • Put up a no smoking sign at a strategic place • Ensure periodic servicing of fire extinguishers, and prompt refilling whenever one is used • Training of staff on fire safety and first aid. • Develop an elaborate fire policy
Water Misuse	<ul style="list-style-type: none"> • Installation of storage tanks • Encourage roof harvesting of water
Occupational Health and Safety	<ul style="list-style-type: none"> • Ensure adherence to provisions of the Occupation Health & Safety Act of 2007 • Have well-trained personnel handle the fuels • Provision of Material Safety and Data Sheets (MSDS) • Training of staff on First Aid techniques • Training of staff on proactive safety attitudes
Energy Use	<ul style="list-style-type: none"> • Ensure/maintain regular electrical appliances check-ups • Install energy saving appliances

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED POWER ALCOHOL PLANT AT MUMIAS
SUGAR COMPANY LIMITED

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed power alcohol plant.

The proposed project involves installation of an 80,000 litre per day (24 million litres per year) multi-product distillery for effective utilisation and value addition of the cane molasses produced as a by-product of the sugar production process. The company also plans to include a vinasse concentration and incineration facility which will produce an additional 2 MW of electricity. The project aims to produce at least 65,000 litres per day of any or a combination of the following products:

- Rectified spirit; Extra neutral spirit; Absolute alcohol.

The project is to be located on about 5 acres of land located on the north western side of the sugar mill, on the area with the meanders. The distillery will be owned and run by MSCL (Mumias Sugar Company Ltd.) as part of the existing factory where it will also be located.

<i>Possible Impact</i>	<i>Mitigation Measures</i>
Community engagement	<ul style="list-style-type: none"> • Develop a grievance mechanism which shall outline how MSCL addresses any complaints or grievances raised by the neighbours or by their employees. • All communication with the community shall be documented • Try as much as possible to complete the project within the stipulated time to reduce nuisance to the neighbourhood
Water quantity and quality	<ul style="list-style-type: none"> • The contractor shall put measures in place to ensure water conservation during construction and operation activities
Noise	<ul style="list-style-type: none"> • Ensure regular maintenance of construction equipment, and where necessary the use of silencing equipment
Sanitation and Hygiene	<ul style="list-style-type: none"> • The contractors work camp must have sanitation facilities installed to include a minimum of one latrine and washing area • The septic tank for management of foul drainage shall be well maintained
Noise Pollution	<ul style="list-style-type: none"> • Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. • Ensure that construction machinery are kept in good condition to reduce noise generation
Fire Risk, Emergency Response and Preparedness	<ul style="list-style-type: none"> • Firefighting equipment must be installed at the site in accessible locations • All site staff must be trained on fire safety procedures • Buildings shall have doors that open outwards for easy exit during emergencies • First Aid training shall be provided to key members of staff.

<i>Possible Impact</i>	<i>Mitigation Measures</i>
Air Pollution	<ul style="list-style-type: none"> • Provide dust masks to construction staff working in dust generating areas • During construction, stock piles of earth shall be enclosed/watered during windy conditions to reduce dust emissions to neighbouring areas • Workers shall be sensitized on the importance of using protective wear • The air shall be monitored regularly to ensure no hazardous gases escape to the air
HIV/AIDS	<ul style="list-style-type: none"> • Develop and communicate the company policy for HIV/AIDS in line with government policy guidelines • Display communicative posters within company premises on HIV/AIDS related messages • Avail literature on HIV/AIDS awareness to staff
Soil Erosion	<ul style="list-style-type: none"> • Ensure that exposed areas of ground are re-vegetated/ Landscaped so as to mitigate soil erosion by agents such as wind and storm water • Maintain one vehicle route to minimize ground compaction
Increased Water Demand	<ul style="list-style-type: none"> • Provision of adequate water storage facilities • Re-use of water where possible, mainly at construction phase • Installation of water harvesting facilities • Sensitize staff on water conservation measures • Install water saving taps and constantly check pipes to minimize leakages
Socio-Economic/cultural Impact	<ul style="list-style-type: none"> • Provide priority in employment opportunities to people from the neighbouring community • Security to be provided on site at all times. • Provide training on awareness on HIV/AIDS at the workplace • Put up a fence around the site to minimise intrusion and promote good neighbourliness
Soil and ground water pollution	<ul style="list-style-type: none"> • Ensure no spillage of the vinase on the ground since its highly acidic and can be washed into water ways • Ensure the ash does not mix with the water • Monitor water being discharged into the river to ensure it meets the required standards

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
