ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT

FOR THE PROPOSED DEMOLITION AND RECONSTRUCTION OF LAMU CUSTOMS JETTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed demolition and reconstruction of the Lamu Customs Jetty.

The proposed project involves three phase's namely planning, demolition, reconstruction and operation of the jetty.

The proposed demolition, construction and civil works and later on, subsequent operation of the jetty will be located on the Lamu waterfront.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation measures
Soil erosion	<ul style="list-style-type: none"> Control earthworks. Install drainage structures properly. Ensure management of excavation activities.
Air pollution	<ul style="list-style-type: none"> Stockpiles of earth should be sprayed with water or cover during dry seasons. Provide dust masks for the personnel in dust generation areas. Sensitize construction workers.
Noise pollution	<ul style="list-style-type: none"> Sensitize workforce including operators of construction machines. Install sound barriers for pile driving activity. Install portable barriers to shield compressors and other small stationary equipment where necessary. Put up signs to indicate construction activities. Maintain all equipments. Workers in the vicinity of high level noise to wear safety and protective gear.
Dust generation	<ul style="list-style-type: none"> Spray stock piles of earth with water. Cover all trucks hauling soil, sand and other loose materials. Provide dust screen where necessary.
Exhaust emissions	<ul style="list-style-type: none"> Vehicle idling time shall be minimized. Alternatively fuelled construction equipment shall be used where feasible. Equipment shall be properly tuned and maintained.
Water sources	<ul style="list-style-type: none"> Management of water usage. Avoid unnecessary wastage of water. Avail storage tanks. Harvesting of rain water.
Site cleanliness and sanitary facilities	<ul style="list-style-type: none"> Special attention shall be paid to the sanitary facilities on site. Garbage shall be disposed off periodically.
Road safety	<ul style="list-style-type: none"> Road signs on main roads. Enforce speed limits for construction vehicles.
Possible Impacts	Mitigation measures
Public health and occupational safety	<ul style="list-style-type: none"> Ensure proper solid waste disposal and collection facilities. Proper handling and disposal of solid waste. Provide suitable safety gear for all personnel.

- Biodiversity impact
- Non drilling of the sand dunes if found on site.
 - Flora: very limited; moved if encountered Fauna.
 - Best construction and drilling methods will be applied to avoid disturbance.
 - Appropriate design and construction of the jetty. Regular monitoring.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED PETROL STATION EMBAKASI, UTAWALA AREA ON PLOT NO. 6845/71, NAIROBI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed construction of a petroleum and vehicle service station.

The proposed development entails construction of a petroleum and vehicle service station comprising of:

- Construction of the petroleum station building block.
- Laying of fuel tanks and pipes.
- Construction of a fuel points, driveway, sidewalk and parking lot.
- Development utilities (water, drainage, electricity etc.).
- Site landscaping.

The proposed project is located approximately 30 Kilometers from Nairobi Central Business District on Plot No. 6845/71 in Embakasi, Utawala area. The plot size is 2 ½ acres.

The following are the anticipated impacts and proposed mitigation measures:

Possible impacts	Mitigation measures
Minimize vegetation disturbance	<ul style="list-style-type: none"> Ensure proper demarcation and delineation of the project area to be affected.

Minimize occupational health and safety risks	<ul style="list-style-type: none"> • Ensure that construction machinery are kept in good condition to reduce noise generation. • Ensure that all generators and heavy duty equipment are insulated or placed in enclosures to minimize ambient noise levels. • Ensure the general safety and security at all times by providing day and night security guards and adequate lighting within and around the premises. • Suitable overalls, safety footwear, dust masks, gas masks, respirators, gloves, ear protection equipment etc. Should be made available and construction personnel must be trained to use the equipment. • Implement all necessary measures to ensure health and safety of workers and the general public during operation of the housing project as stipulated in Factories and other places of work Act Cap 514. • Well stocked first aid box which is easily available and accessible should be provided within the premises. • Firefighting equipment such as fire extinguishers should be provided at strategic locations such as stores and construction areas. • Regular inspection and servicing of the equipment must be undertaken by a reputable service provider and records of such inspections maintained. • Signs such as "NO SMOKING" must be prominently displayed within the premises especially in parts where inflammable materials are stored.
Increased solid waste generation	<ul style="list-style-type: none"> • Use of an integrated solid waste management system i.e. through a hierarchy of options: a) source reduction b) recycling c) composting and reuse d) combustion e) sanitary land filling. • Through accurate estimation of the sizes and quantities of materials required, order materials in the sizes and quantities they will be needed, rather than cutting them to size or having large quantities of residual materials. • Ensure that construction materials left over at the end of construction will be used in other project rather than being disposed of. • Ensure that damaged or wasted construction materials including plumbing and lighting fixtures, marbles and glass will be recovered for refurbishing and use in other projects. • Donate recyclable/reusable or residual materials to local community groups, institutions and individual local residents or home owners. 	Air, soil, groundwater and surface water bodies contamination	<ul style="list-style-type: none"> • Construct an oil/water separator and contain all the oil effluent from the motor workshop before appropriate disposal. • Construct appropriate drainage system within fuel delivery and dispensing areas to divert all oil/fuel spills to the constructed oil/water separator. • Construct appropriate peripheral surface drainage system around the motor workshop to control surface run-off by diverting all storm water and prevent it from contamination with oil effluent. • Ensure that all fuel dispensers (pumps) are fitted with leak proof drip tray to ensure that product from small internal leaks flows onto the forecourt surface where it can be noticed and diverted to the oil/water separator. • All installations including dispensers, storage tanks and pipework should be well maintained and checked regularly for integrity and any defective installation be removed and replaced appropriately.
Reduce dust emissions	<ul style="list-style-type: none"> • Ensure strict enforcement of onsite speed limit regulations. • Avoid excavation works in extremely dry weathers. • Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles. • Safety gear should be provided. 		
Exhaust emission	<ul style="list-style-type: none"> • Vehicle idling time shall be minimized. • Alternatively fuelled construction equipment shall be used where feasible equipment shall be properly tuned and maintained. • Sensitize truck drivers to avoid unnecessary racing of vehicle engines at loading/offloading points and parking areas and to switch off or keep vehicle engines at these points.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed housing scheme.

The project involves completion of Langata Housing Scheme. The proponent has already developed Phase I, II and III and intends to develop phase IV & V which will comprise of 230 three bedroomed housing units complete with associated external works as presented below.

- Type A – 3 Bedroomed units (109SM) – 70 units
- Type C – 3 Bedroomed units (112SM) – 40 units
- Type D – 3 Bedroomed units (122SM) – 120 units

The project is located on Plots Nos. Nairobi Block 106/251 & 106/255, about 5Km from Nairobi CBD and neighbours Kibera Slums, Ngeno and Southern land Estates.

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible Impact</i>	<i>Mitigation measures</i>
Clearance of vegetation and soil erosion	<ul style="list-style-type: none"> • Minimize disturbance to flora and fauna in the neighboring areas • Apply soil erosion control measures • Establish grass lawns, flower gardens and trees around and within the site
Water and energy use	<ul style="list-style-type: none"> • Provide adequate water storage facilities & reuse water where possible. • Residents should use energy conserving lighting bulbs. • Raise awareness on water and energy conservations
Solid waste management	<ul style="list-style-type: none"> • Contract a licenced waste collection and disposal company or NCC • Proper containment & disposal of solid waste in all project phases • Segregate, separate and re-use construction wastes.
Effluent discharge	<ul style="list-style-type: none"> • Project to be connected to NWSC sewer line. • Maintain internal sewer network during operation
Air and noise pollution	<ul style="list-style-type: none"> • Ensure that noisy machineries are insulated/temporary fenced. • Noise hazard signs should be put displayed where necessary. • Machinery should be well lubricated and serviced • Avoid excavation works in dry weather and sprinkle water to reduce dust.
<i>Possible Impact</i>	<i>Mitigation measures</i>
Occupational health and safety	<ul style="list-style-type: none"> • Restrict construction activities to day time only. • Provide and enforce use of proper PPEs. • Ensure that all workers have insurance covers. • All lifting equipments should be inspected and well maintained. • Shield construction activities to

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed complex commercial development.

The proponent intends to construct a complex commercial development. The structure is expected to house many facilities that include:

- Hyper market
- Atriums
- IKEA
- Food Court
- Shops
- Offices
- Conference Hall
- Cinema Halls
- Toilet Blocks
- Car Parks

The proposed complex commercial development will be located on plot L.R. No. 12803/28-30, 36-39, 44-45 along Thika Road in Kasarani, Nairobi North. The project site is near Roysambu Round About, next to Roysambu Pub. It is neighboured by St. Catherine

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette*, *Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
