ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED MIXED USE DEVELOPMENT OFF SOUTH
LAKE ROAD ON L. R NO. NAIVASHA/ MWICHIRINGIRI
BLOCK 5/3, NAIVASHA

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed mixed use development.

The proposed project entails constructing a mixed development of residential houses, offices and a commercial complex with associated facilities on a 42 acre piece of land

The proposed project will be located on L.R. No. Naivasha/Mwlichiringiri Block 5/3, South Lake Road, Naivasha.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Air pollution	<ul style="list-style-type: none"> Spray of water during construction activities. Control of speed and movement of construction vehicles. Use of low-sulphur diesel for diesel-operated machinery. Covering loose materials such as soil piles at the site to prevent dust pollution and spreading by wind. Vehicles transporting such materials shall also be covered.
Noise Pollution	<ul style="list-style-type: none"> Use of ear protection aids by construction workers. No unnecessary hooting by construction

	<ul style="list-style-type: none"> vehicles, visitors' and occupants' vehicles. • Restriction of construction activities to day time. • Use of attenuated equipment. • Temporary fencing-off noisy machinery such as vibrators. • Limit pick up trucks and other small equipment to an idling time when necessary, encourage workers to turn off vehicle engines whenever possible. 	Fire hazards and accidents	<ul style="list-style-type: none"> • Acquire fire fighting facilities for different types of fires. • Sensitise workers on fire safety. • Keep well-stocked first aid box. • Store all hazardous chemicals in their original containers and obtain their Material Safety Data Sheets. • Keep all escape routes and fire exits clear and make regular checks to ensure that this is the case. • Conspicuous notices such as "No Smoking" and "Switch Off Engine" shall be displayed at the service station to alert customers. • Ensure all fire fighting equipment is regularly maintained, serviced and inspected. • Fire fighting emergency response plan
Clearing of vegetation and trees	<ul style="list-style-type: none"> • Planting grass to cover open/bare grounds. • Maintaining trees at the site. • Proper landscaping. • Utilise specialised construction methods to minimise damage to tree roots. 		
Disturbance of soil structure	<ul style="list-style-type: none"> • Put soil traps around perimeter fence and on steep areas. • Landscaping with trees and grass planting. • Maintaining specified routes for construction vehicles. • Use of light machinery and equipment during construction. 	Traffic density	<ul style="list-style-type: none"> • Adequate road warning signs to traffic regulations. • Set driving speed limits and erection of road bumps. • Put deceleration and acceleration lanes to and from the main road. • Choice of access routes during construction phase shall take into account minimum disturbance to the neighbours. • Develop a traffic plan to minimise traffic flow interference from construction activities e.g. schedule operations affecting traffic for off-peak hours.
Destruction of habitat	<ul style="list-style-type: none"> • Maintaining of trees and plants in areas not affected. • No off-road driving. • Control of earthworks. 		
Generation of solid waste	<ul style="list-style-type: none"> • Provision of waste collection bins. • Re-use of soil, construction debris and other waste. • Proper containment and disposal of solid waste. • Contracting a licensed waste collection and disposal company. • Creation of awareness on proper solid waste disposal. • Reuse of timber off-cuts and wooden support for fuel or in other construction projects. 	Oil leaks and spills	<ul style="list-style-type: none"> • All oil products shall be stored and handled carefully. • Machinery, pipes, storage tanks should be well maintained to prevent oil leaks. • Drainage channels at the service area should be installed in a proper way to prevent contact with storm water. • Contactor shall have a designated area where maintenance is carried out and it should be protected from rain water.
Increased demand for water and electricity	<ul style="list-style-type: none"> • Conservation of water and electricity. • Installation of rainwater harvesting structures. • Re-use of water where possible, especially during construction phase. • Utilise existing power source or clean fuel generators rather than temporary power generators. • Explore other sources of renewable energy, for example installation of solar panels. • Use of energy saving and efficient appliances. 	Public health and safety	<ul style="list-style-type: none"> • Proper handling and disposal of solid waste. • Operation of noisy machinery at daytime only. • Control of visitors to the site. • Installation of adequate water supply. • Controlled developments around the facility.
Occupational health and safety risks	<ul style="list-style-type: none"> • Use of suitable personal protective equipment. • Site to be sprinkled with water to minimise dust. • Use of stable ladders and other climbing/support structures. • Sensitise workers on construction safety measures. • Fencing or covering of risky areas such as deep pits. • Safety signs/posters. • Engagement of skilled labourers. 	<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED PLATEAU FUELS SERVICE STATION
ALONG MATUU–THIKA ROAD, NDALANI BLOCK1/1525,
PARCEL NO. 394 KITHIMANI TOWN, YATTA

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed plateau fuels service station.

The proposed development will involve construction of an office block, forecourt, underground tanks, pump island installations, service bay, car wash facilities and fast food cafeteria.

The proposed project is located along Matuu –Thika Road, Ndalani Block1/1525, Parcel No. 394 Kithimani Town, Yatta. The plot area covers approximately 0.16 hectare.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts Mitigation measures

Vegetation disturbance	<ul style="list-style-type: none"> • Ensure proper demarcation and delineation of the project area to be affected by construction works. • Specify locations for vehicles and equipments, and the site which shall be kept free of traffic, equipment and storage. • Designate access routes and parking area within the site. • Introduction of vegetation (trees, shrubs and grass) on open spaces and around the project site and their maintenance.
Erosion control	<ul style="list-style-type: none"> • Earthworks should be controlled so that land that is not required for the construction works is not disturbed. Wherever possible, earthworks should be carried out during the dry season to prevent soil from being washed away by the rain. • Excavated materials and excess earth will be kept at appropriate sites approved by the supervising engineer.
Waste water and waste oil management practices	<ul style="list-style-type: none"> • Carefully collect used oil in drums and dispose of by licensed refuse contractor. • Adhere to wastewater management regulation of the legal Notice 121 and Water quality regulations of the Legal Notice 120. • Conduct wastewater monitoring to check compliance and submit the results to NEMA. • Document and train staff in the emergenc spill response plan.
Leakage of tanks and product lines:	<ul style="list-style-type: none"> • The tank and lines will be used as per their design life of 30 years and a UST / line replacement programme put in to ensure tanks and lines are replaced prior to failure in timely fashion. • Monitor daily reconciliation of wet stock and inventory records. • In case of suspect losses, institute tank and line integrity testing; and • Conduct a soil gas survey to check the extent of contamination from the leaks.
Increased solid waste generation	<ul style="list-style-type: none"> • Comply with the requirements of the Environmental Management (Waste Management) Regulations Legal Notice 120; • Use of an integrated solid waste management plan i.e. through a hierarchy of options:- 1.

Reduction of source, 2. Recycling, 3. Reusing, 4. Incineration, 5. Sanitary landfilling.

- Use durable, long-lasting materials that shall not need to be replaced as often, thereby reducing the amount of construction waste generated over time.
- Waste should not be burned on site or dumped in undesignated waste disposal areas.
- Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements.
- Clearly designate and construct an appropriate waste collection facility or provide covered refuse skips.
- Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste.
- Reuse packaging materials such as cartons, cement bags, empty metal and plastic containers to reduce waste at site;
- Segregate waste at source.
- Monitor waste volumes.

Dust emission

- Identify Licensed waste disposal contractor to remove from site and monitor performance; Waste collection bins to be provided at designated points on site.
- Ensure strict enforcement of on-site speed limit regulations.
- Sprinkle water during excavation works by heavy machines.
- Sprinkle water on graded access roads when necessary to reduce dust generation by construction vehicles.
- Provide masks to be provided to employees and worn.

Fire and accident

- Provision and placement of appropriate fire extinguishers and training of personnel to handle emergency situations.
- Provision of fully equipped First Aid box on site at all times.
- Display warning signs at suitable locations.
- Prohibit unauthorized persons at the station.
- Weatherproof fittings for all lighting and power points located outside the fuel station.

Air pollution

- Ensure that the generator are maintained to manufactures specifications, records maintained and availed whenever there is need.
- Ensure that tank vents are located away from sensitive receptors.

Noise and vibration

- Noise level is within acceptable limits and construction activities shall, where possible, be confined to normal working hours.
- All construction machinery are maintained and serviced in accordance with the contractor's specifications.
- Sensitize construction vehicle drivers and machinery operations to switch of engines of vehicles or machinery not being used.
- Sensitize construction drivers to avoid revving vehicle engines or hooting.
- Sound barriers to be erected around the construction areas.

Water and soil contamination

- No grey water runoff or uncontrolled discharges from the site/working areas (including washdown areas) shall be

permitted.

- Potential pollutants of any kind and in any form shall be kept, stored and used in such a manner that any escape can be contained and the water table not endangered.
- The Contractor shall take reasonable measures to control storm water and the erosive effects.
- No construction materials shall be stockpiled within areas that are at risk of flooding.
- Plastic sheeting, sandbags or geofabric approved by the Supervising Engineer shall be used to prevent the migration of fine grained soil particles.
- Develop a site safety action plan detailing safety equipment to be used, emergency procedures, restrictions on site, frequency and personnel responsible for safety inspections and controls.
- Daily site inspections should be done to ensure safe work practises are adhered to.
- All workmen should be provided with personal protective equipment.
- The Conditions of Contract in the tender documents should stipulate health, safety and environment regulations and work procedures.
- The Contractor must appoint a foreman with knowledge on health, safety and environment regulations.
- All injuries that occur on site must be recorded in the accident registers and corrective actions for their prevention be instigated as appropriate.
- Site personnel should be encouraged to report "near-miss incidents" in order to avoid potential problems and increase safety awareness.

The full report of the proposed project is available for inspection during working hours at:

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
