ANNUAL COUNTY PUBLIC SERVICE BOARD REPORT

1 INTRODUCTION

This annual Report has been prepared by the Kiambu County Public Service Board for presentation to the Kiambu County Assembly in accordance with the requirements of County Government Act 2012 Article 59 which provides that:

- (1) functions of the County Public Service Board shall be, on behalf of the County Government to:

- (d) prepare regular reports for submission to the County Assembly on the execution of the functions of the Board

The County Government Act in Article 59 (5) further states inter alia that,

The report by the County Public Service Board under subsection (1) (f) shall

- (a) be delivered each December to the County Assembly,
- (b) include all the steps taken and decisions made by the board,
- (c) include specific recommendations that require to be implemented in the promotion and protection of the values and principles;
- (d) include specific decisions on particulars of persons of public body who have violated the values and principles, including actions taken or recommended against them;
- (e) include any impediments in the promotion of the values and principles, and
- (f) include the programmes the Board is undertaking or has planned to undertake in the medium term towards the promotion of the values and principles.

This second report of the Kiambu County Public Service Board to the Kiambu County Assembly covers a period of eleven months from January 2014 to November, 2014

2 COMPOSITION OF THE COUNTY PUBLIC SERVICE BOARD

The composition of the Kiambu County Public Service Boards is in accordance with the provisions of the County Government Act 2012 Section 58

The Kiambu County Public Service Board comprises Mr Justin Ndungu Kimani, the Chairman, Mrs. Lucy Wanjiku K. Kamau, the Vice Chairperson, Mr Eric Mwaura Kiriko, Member, Dr. Braham D Vasisht, Member and Mrs. Alexandriah Muhanjir, Member. The Board secretary resigned on 1st September, 2014. The Kiambu County Government advertised for a certified public secretary to fill in the position of secretary to the Board. This was done in accordance with the County Government Act 2012 Section 58 which provides

- (1) The County Public Service Board shall comprise-
- (c) a certified public secretary of good professional standing nominated and appointed by the governor with the approval of the County Assembly, who shall be the secretary to the Board

3. FUNCTIONS OF THE BOARD

The functions of the County Public Service Board are spelt out in Section 59 of the County Government Act as follows

59 (1) The functions of the County Public Service Board shall be, on behalf of the county Government to

- (a) establish and abolish offices in the county public service,
- (b) appoint persons to hold or act in offices of the county public service including in the Boards of cities and urban areas within the county and to confirm appointments,
- (c) exercise disciplinary control over, and remove, persons holding or acting in those offices as provided for under this Part;
- (d) prepare regular reports for submission to the County Assembly on the execution of the functions of the Board,
- (e) promote in the county public service the values and principles referred to in Articles 10 and 232 of the Constitution
- (f) evaluate and report to the County Assembly on the extent to which the values and principles referred to in Article 10 and 232 are complied within the county public service;
- (g) facilitate the development of coherent, integrated human resource planning and budgeting for personnel emoluments on counties,
- (h) advise the county government on human resource management and development;
- (i) advise the county government on implementation and monitoring of the national performance management systems in counties,
- (j) make recommendations to the Salaries and Remuneration Commission on behalf of the County government, on the remuneration, pensions and gratuities for county public service employees

4. STEPS AND DECISIONS MADE BY THE BOARD

The Board has held regular Board meetings and discussed agenda that focused on implementation of the Board's mandate. The Board has established four functional committees in order to efficiently cover all areas of operations within its mandate. 	(iii) Information Technology (ICT)
	(iv) Board Records/Library Services

During the year under review the Board has carried out activities that fall under its mandate. The following are some of the activities -

(a) Recruitment

The County Government Act 2012 section 66 provides that:

If a public office is to be filled, the County Public Service Board shall invite applications through advertisement and other modes of communication so as to reach a wide a population of potential applicants as possible and especially persons who for any reason have been or may be disadvantaged.

Subsequent to the last report in which the Board reported advertising different categories of Administrators and secretariat staff, the said positions have since been filled.

2	County Secretary	1	03.06.14
3	Sub County Administrators	12	01.10.14
4	Ward Administrators	46	01.11.14

The vacant positions for Ward Administrators in the County were 60 in total after the interviews, the Board observed that more than 80% of the candidates interviewed were from the dominant community in the County.

The Constitution of Kenya 2010 Article 56 provides that:

The State shall put in place affirmative action programmes designed to ensure that minorities and marginalised groups -

- (c) are provided special opportunities for access to employment, again at Article 232 (1) The values and principles of public service include -
- (h) representation of Kenya's diverse communities; and
- (i) affording adequate and equal opportunities for appointment, training and advancement, at all levels of the public service, of -
- men and women;
 - the members of all ethnic groups; and
 - persons with disabilities.

The County Government Act Section 65 provides that the CPSB shall consider, among other things, the need to ensure that at least 30 percent of the vacant posts at entry level are filled by candidates who are not from the dominant ethnic community in the county. In observance of these provisions, the Board re-advertised 14 positions for Ward Administrators, targeting the non-dominant communities.

(c) Secondments

The County Government Act 2102 in Sections 138 creates a mechanism for secondment of staff from national government to county governments, Section 73 of the Act stipulates the terms of service including remuneration, allowances, pensions and other benefits.

To compliment the law the Transitional Authority issued guidelines for transition of staff to County Governments through Kenya Gazette Notice No 825 dated 7th February 2014

The board in exercising its powers as provided by the County Government Act Section 73 (5), considered and ratified appointments on secondment of the following staff in the Department of Finance and Economic Planning

(i) Secondment of different categories of staff in Finance Departments

No	Position	No.
1	Ag Director of Finance	1
2.	Chief Accountant	1
3	Economist	1
4.	Senior Accountant	8
5	Senior Finance Officer	1
6	Senior Supply Chain Management Officer	1
7	Records Management Officer	1

(d) Disciplinary Control

The County Government Act Section 59 gives disciplinary control to the Public Service Board and provides the criteria to be followed. In exercising disciplinary control the Public Service Board shall observe the principles of natural justice and ensure that no public officer may be punished in a manner contrary to any provision of the Constitution or any Act of Parliament.

5 RECOMMENDATIONS IN THE PROMOTION AND PROTECTION OF VALUES AND PRINCIPLES

Chapter 232 of the Constitution of Kenya 2010 sets out the National Values and Principles of public service as having a high standard of professional ethics, being efficient and effective, being impartial in provision of services, being accountable and transparent and carrying out sustainable development.

The Board during the year under review has continued to observe all Constitutional provisions in carrying out its mandate

6 ACTIVITIES CARRIED OUT BY THE BOARD

The following are some of the activities that the Board engaged in during the year under review

(i) World Bank Performance Management System

The County Government through the instigation of the Governor has been enrolled in a performance management system

This is a World Bank software that was approved by H.E. the Governor for monitoring efficiency and effectiveness in implementation of activities within the County departments and the Public Service Board as per their specific workload. This is a vital tool in ensuring optimum performance and service delivery to the public

(ii) Training

The Board participated in various training programmes, including Good Corporate Governance for Sustainable Institutions Annual International Conference carried out by ICPSK, Integrity in Public Leadership Program at Strathmore Governance Centre and Capacity Development Forum for Chairpersons and Secretaries of CPSBs at the Kenya School of Government at Strathmore University

• System Application Product (SAP)

The Board attended a System Application Product (SAP) workshop. This is a software whose product allows organizations to track employees performance and activities geared towards making the county more efficient and effective. It is a system that has several modules namely personal data form, payroll, leave application forms, staff performance management system, accounting templates among others. The Board has had a number of presentations from the service provider on how it works. It is a system if approved by the County would enhance performance, efficiency and effectiveness as well as move the County to a paperless County offices. The system is still under discussion. The Board supports approval of this system

Captured here below is a workshop between Systems Applications & Products (SAP) and the Board

• Training on requisition on e-procurement IFMIS-

The Board members underwent e-procurement training by Integrated Financial Management Information System (IFMIS)

• Induction Training

The Board initiated induction training for new staff e.g. Ward Administrators

(iii) Board Meetings

The Board also held two regular meetings each month and special board meeting whenever it became necessary

6 PARTICULARS OF PERSONS WHO HAVE VIOLATED VALUES AND PRINCIPLES OF GOVERNANCE

As stated under the disciplinary control, an Officer in the Department of Lands Housing and Physical Planning under whose watch two buildings that were being constructed in Thika collapsed and killed some people was interdicted after investigations revealed that he had misused his authority and allowed sub standard building materials to be used

7 IMPEDIMENTS IN THE PROMOTION OF NATIONAL VALUES AND PRINCIPLES

The Board also found that it was difficult meeting the threshold spelt out in section 65 (1) e of the County Government Act which states in making appointments there is:-

the need to ensure that at least thirty percent of vacant posts at entry level are filled by candidates who are not from the dominant ethnic community in the county

During the interview for Ward Administrators, the legal requirement of 1/3 threshold of all recruitments being from the non-dominant community had not been achieved. This led the Board to re-advertise in the print media and the Kiambu County website 14 positions primarily targeting the non-dominant communities

8 PROGRAMMES THE BOARD IS UNDERTAKING OR HAS PLANNED TO UNDERTAKE TOWARDS PROMOTION OF THE VALUES AND PRINCIPLES

The Board in seeking to meet the 5% threshold of PLWD being included in the workforce as stipulated in the Persons with Disabilities Act and inclusivity as required in the Constitution of Kenya the Board seeks to create and fill a substantive position to be held by a person living with disability to enhance mainstreaming of PLWD within the County Public Service

In addition the Board continues to engage with PLWD through their umbrella organization together with engaging with Members of the County assembly representing this segment of our populace to find ways and means to assimilate PLWD into our workforce.

In our advertisements we have made conscious effort to request PLWD to apply and also have been circulating job advertisements to the sub counties over and above circulation in the mass media.

9. WAY FORWARD 2015

(i) Human Resource Development

The Board will ensure that it sends all advertisements for positions that come up in the County public service to the Clerk of the County Assembly so that he can avail the advertisements to the members of the County Assembly in a bid to ensure that they encourage the people in their wards to apply.

(ii) Policies

The Board also intends to complete policy documents that govern the County public service in order to bring about uniformity in dealing with public servants. The following are some of the policies.-

No	Policy	Status
1.	Leave Policy - developed to ensure that employees take annual leave within set timelines so that they can recuperate and to avoid accumulation of leave	Completed
2	Training policy - for efficient and effective service delivery	Completed
3	Service Charter-	In progress
4	Promotion policy	In progress
5	Retirement policy	In progress
6.	Internship policy	In progress
7	Performance Contract	In progress
8	Development of organograms for all departments	Drafts are ready in the HR audit report

To-date the Board has submitted the Training and Leave policies before H E. the Governor for adoption.

The internship, promotion and retirement policies are in progress and we shall submit them as soon as they are completed.

(iii) Strategic Plan and Service Charter

The Board is in the process of engaging a strategic management consultant to assist in the development of a strategic plan and service charter to guide the Board in the next five years.

(iv) Promotion of values in public service

The Board will carry out a public awareness campaign within the Kiambu public service in order to sensitize people on National values and the provisions of Constitution.

(v) Early Childhood Education

The Board shortlisted and interviewed 2000 teachers before the High Court stopped the exercise countrywide. This is a critical area and we are looking forward to this ban being lifted to enable the hiring of these teachers to help our children

(vi) Legal Challenges & Representation

During the year under review the Board has been seized with civil suits most of which had been filed against the defunct municipalities

(a) Kenya Local Government Workers Union - vs Kiambu County Secretary, PSB & others

- A contempt of court suit has been filed by 90 workers who were dismissed in 2006

The contempt proceedings were filed further to a court order given to reinstate the workers

(b) Case filed against the Municipal Council of Ruiru

This case filed in July 2010 by workers in Ruiru for wrongful termination of employment

(c) Case filed against County Government of Kiambu for interdicting the services of an officer whose gross negligence led to the collapse of a building under construction that killed some people

(d) KNUT -vs- The Hon. Attorney General & 2 others

Petition filed seeking to stop recruitment of ECD teachers by County Governments

In all these instances the County has legal representation defending the matters

10 CONCLUSION

The Kiambu County Public Service Board seeks to deepen ties with the members of the County Assembly and the national and regional institutions that focus on human resource development. KPSB looks forward to deeper interaction with all stakeholders with the aim of making Kiambu County the leading County in the Republic

JUSTIN N. KIMANI,
Chairman.

GUIDELINES ON IMPORTATION OF INDUSTRIAL SPARE
PARTS BY REGISTERED MANUFACTURERS

PURSUANT to the provisions of Item 31 of Part B to the 5th Schedule of the EAC Customs Management Act, 2004 the following guidelines on importation of spare parts shall apply:

1. The manufacturers shall apply to the Commissioner of Customs Services for importation of Industrial Spare Parts exclusively for machinery of Chapter 84 and 85 of the EAC Common External Tariff for their own use.

2. The commissioner shall appoint and Gazette a committee to vet the application comprising—

- The National Treasury;
- Ministry of Industrialization and Enterprise Development;
- The Kenya Revenue Authority (KRA);
- Kenya Bureau of Standards (KEBS);
- The Kenya Association of Manufacturers (KAM);
- Any other institution as the Vetting Committee may co-opt.

3. The committee shall vet the applications and recommend to the Commissioner of Customs Services for approval.

4. Upon receipt of the vetted application, the Commissioner may visit the applicant's premises to verify the details of the company.

5. The commissioner shall approve vetted applications, register the respective manufacturers as "Registered Manufacturers" and allow them to import spare parts exclusively for machinery of chapter 84 and 85 of the EAC Common External Tariff under exemption regime.

6. The commissioner shall communicate the decision to the applicant with a copy to the National Treasury within 14 days from the date the decision is made provided that, where a visit may be required to the company, then the Commissioner shall communicate the decision to the applicant within 30 calendar days.

7. The commissioner shall create and maintain a database for all "Registered Manufacturers".

8. Parts of general use as defined under note 2 of section XV of the HS nomenclature shall not qualify for exemption.

9. Parts that qualify for this exemption shall be exclusively for machinery of Chapter 84 and 85 of the EAC Common External Tariff and shall not be for resale or any other commercial purposes other than replacement of worn out and obsolete parts of industrial machines.

10. Disposal of the replaced spare parts (i.e. waste or scrap) and un-useable parts shall not be done without prior written authority of the Commissioner; provided that in the case of the parts which are consumed through wear and tear process the manufacturers shall not be required to account for them.

11. Customs entries for spare parts imported under this regime shall be subjected to the normal exemption entry process.

12. The manufacturers shall be required to maintain proper records of the imported spare parts under this exemption regime for verification by the Commissioner at all times.

13. The Registration period for the importation of Industrial Spare Parts for own use shall be for three years (Calendar Year) or part thereof.

Action shall be taken on any manufacturers who abuse the exemption provided under this arrangement in accordance with the East African Community Customs Management Act.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED NORTHERN COLLECTOR TUNNEL PHASE I IN KANGEMA AND KIGUMO SUB-COUNTIES OF MURANG'A COUNTY

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Athi Water Services Board) is proposing to set up a Bulk Water Supply to Nairobi City – Northern Collector Tunnel, a Raw Water Pipeline, and Treated Water Pipeline to Kabete Reservoir Phase I in Kangema and Kigumo Sub-Counties of Murang'a County.

The Northern Collector Phase I (the Project) includes the following components:

Transfer of water from Maragua River, Irati River and Gikie River to Thika dam (Ndakami dam);

Construction of raw water gravity main from Thika dam to the proposed Water Treatment Plant 6km downstream of Thika dam; Construction of Water Treatment Plant 6km downstream of the dam; and

Construction of 44km Treated Water gravity main up to Kabete reservoirs (capacity 1.60m³/s) via Ngethu and Gigiri Water Treatment Plants to meet the city's year 2017 water demand

Below is a summary of the anticipated impacts and the proposed mitigation measures:

Possible Impacts Mitigation Measures

Impacts during construction phase

Loss of land and resettlement; and economic displacement	<ul style="list-style-type: none"> Implement RAP before commencement of the construction works.
Increased risks of landslides and other Geological/ seismic hazards	<ul style="list-style-type: none"> Implement Geotechnical monitoring through Excavation Performance Review (EPR) system to continuously monitor the Geotechnical stability during the

construction phase using appropriate instrumentation.

Soil erosion and sediment generation	<ul style="list-style-type: none"> Formulate an emergency communication plan for alerting the local community where the need arises The contractor must implement planned erosion control measures to avoid erosion in areas that are prone to erosion, e.g. steep slopes and drainage lines. Ensure downstream water users are informed about any unprecedented release of heavily silted water into the river Sediment traps and barriers must be employed due to steep terrain
Soil pollution	<ul style="list-style-type: none"> No vehicle/plant maintenance shall take place on undesignated site. In case of emergency, a drip tray shall be used to avoid diesel and / or oil spills. Concrete mixing shall not be done on bare soil. Concrete must be mixed on mortarboards, a large metal sheet or concrete slab. Excavated material shall be stockpiled at a demarcated site, within the construction zone.
Soil compaction	<ul style="list-style-type: none"> Vehicles must be kept on existing/designated roads/tracks where possible; Rip compacted areas to reduce runoff and re-vegetate where required.
Surface and ground water pollution	<ul style="list-style-type: none"> Implement Standard Operating Procedures (SOPs) for working in water, including checks on equipment condition and refuelling protocols. Ensure that all construction equipment and vehicles are serviced off site at licensed garages. Any contaminated soil should be handled properly as hazardous waste and removed from site for safe disposal.
Overstretching local utilities; and incidences of insecurity	<ul style="list-style-type: none"> Careful planning of construction camp. Any contractor's camp should have a comprehensive waste management and sanitation plan. Any storage tanks and equipment should have correct labels and Material Safety Data Sheets. Adequate Emergency Response Plan should be in place in the camps.
Oil spills	<ul style="list-style-type: none"> Vehicle maintenance should be done on purpose-built impervious concrete platforms with oil and grease traps Monitor effluent discharge from the oil skimming tanks. Effluent discharge shall not exceed 25 mg/litre or the limit specified by the NEMA.
Shifting of labour from tea picking to construction and Increased school drop-outs	<ul style="list-style-type: none"> The contractor should be encouraged to offer wages within the prevailing rates. Contractor must abide by labour laws and avoid any employment of children.

Interference with migratory fishes	<ul style="list-style-type: none"> Minimize activities to areas of construction and initiate habitat restoration immediately after construction works are through Ensure sufficient compensation flow. 	Thika reservoir	<p>from the outfall may help to counter the increased flow. Installation of a gauging station after outfall, will help monitor the water levels changes, so as appropriate measures can be taken; and</p> <ul style="list-style-type: none"> Ensure that the new off take is continuously operational at optimal levels to evacuate the increased volumes.
Riverine microhabitat alterations; Loss of otter dens; and Loss of breeding and nursery grounds for fishes and invertebrates	<ul style="list-style-type: none"> Ensure adequate waste management plan is in place and in use from the onset of construction. Systematic search, capture and safe release of otters inhabiting the right of way (for the weir structures) and fish pass). 	Changes in riverine and riparian floral compositions	<ul style="list-style-type: none"> Observe the minimum ecological flow after intake for R. Maragua, R. Irati and R. Gikigie. Undertake continuous ecological monitoring of hydrophytes and high water specific species to track and mitigate any emerging impacts of the project on the plants
Loss of vegetation cover and Illegal logging of trees of conservation significance	<ul style="list-style-type: none"> Compensate for affected tea bushes and tree/woodlots before construction works begin and allow for salvage of affected timber. Where encountered, plants of conservation importance should be avoided as feasible. Ensure compliance with Wildlife (Conservation and Management) Act, 2013 and sensitize employees on the same. 	Changes in riverine and riparian floral compositions	<ul style="list-style-type: none"> The riparian extent of the project affected rivers should be defined by WRMA and be enforced to prevent people farming up to the river banks to reduce siltation.
Pressure on and disruption of utility services	<ul style="list-style-type: none"> Liaise with relevant utility service providers and roads authorities to minimize any service disruptions Ensure advance notice to all stakeholders including water service providers and KTDA of any planned disruptions. 	Safety risks during tunnel maintenance operations	<ul style="list-style-type: none"> AWSB should establish and implement NCT1 tunnel specific comprehensive O&M Safety and Health Management Plan.
Modification of landscape	<ul style="list-style-type: none"> Encourage reuse of spoil materials e.g. in roads construction and maintenance to reduce land area used for spoil storage. Incorporate landscaping at adits and portals to camouflage the introduced concrete surfaces. 	Concerns of dam safety	<ul style="list-style-type: none"> Review and update the existing safety and Emergency Plan for Thika dam.
Growth of unplanned settlements	<ul style="list-style-type: none"> As much as feasible, the unskilled labour should be obtained from amongst the locals. Liaise with Murang'a county government to control developments in the area and ensure provision of adequate services. 	Loss of water	<ul style="list-style-type: none"> Monitor volumes at intakes and outfall to allow loss detection; and Ensure regular inspection and maintenance of the tunnel.
Destruction of unidentified physical cultural resources	<ul style="list-style-type: none"> Formulate a chance-find procedure for implementation whenever any archaeological sites are encountered. 	Impeded migration of fish	<ul style="list-style-type: none"> Test and evaluate efficacy of fish passes within the first two years of commissioning.
<i>Impacts during operation phase</i>		Spoil generation	<ul style="list-style-type: none"> Maximise the re-use of excavated materials in the works as far as feasible. Properly dispose of the spoil in the approved spoil sites identified by the design team.
Reduced downstream flow (affecting both domestic and ecological needs)	<ul style="list-style-type: none"> Ensure strict adherence to the proposed abstraction weirs operation principles. Construct fish passes as planned and ensure they are regularly maintained. Undertake wet season survey and subsequent annual aquatic fauna surveys to monitor trends and inform any further management interventions. Conduct routine In-stream Flow Release compliance audit/monitoring once operation commences for management interventions. 	Waste handling challenges	<ul style="list-style-type: none"> The contractor should enforce the appropriate management methods based on the three Rs (Reduce, Reuse, and Recycle) Final disposal of the site waste should be done at a location that shall be approved by Resident Engineer in accordance with the Waste Management Plan after consultation with the relevant stakeholders, including the County Administration and local community.
Reduced water temperatures downstream	<ul style="list-style-type: none"> Encourage local communities to plant indigenous trees on the riparian lands to ensure water temperatures are not increased. 	Liquid waste pollution	<ul style="list-style-type: none"> All grey water runoff or uncontrolled discharges from the site/working areas to water courses should be contained and properly channeled Water containing such pollutants as cements, concrete, lime, chemicals and fuels shall be discharged into a conservancy tank for removal from site.
Deterioration of downstream water quality	<ul style="list-style-type: none"> Conduct regular water sampling and laboratory analysis to monitor the water quality variations. 	Dust nuisance and toxic emissions with respiratory health problems	<ul style="list-style-type: none"> Vehicles delivering soil materials should be covered to reduce dust emissions. Consider watering of the access roads during dry season to suppress dust. Provide dust masks to all personnel on dust-prone work sites. All construction machinery should be maintained and serviced in accordance with the equipment specifications and manufacturer's standards.
Increased inflow into Githika river and	<ul style="list-style-type: none"> For possible increased inundation of the riverine areas, stream channel expansion 		

- Noise nuisance and related health problems
- Noise levels shall be kept within acceptable limits preferably as stipulated within the Environmental Management and Coordination (Noise and Excessive Vibration Pollution) Control Regulations, 2009.
 - Monitor noise and vibration in sensitive locations above the tunnel and along the haulage routes to ensure the NEMA requirements are met.
 - Equipment should be maintained regularly to reduce noise resulting from friction.
 - Workers exposed to high-level noise must wear personal protective equipment (PPE).
- Generation of Ozone depleting gases
- Ensure use of approved fuels from licensed suppliers only.
 - Ensure that any cooling units installed at the camps only use ozone friendly coolants in compliance with NEMA guidelines.
- Social delinquency and spread of STIs including HIV/AIDS
- Ensure the contractor liaises with local public health officials and NGO's within the project area in educating the community.
 - Locate construction camps away from concentration of schools; and,
 - The contractor should ensure that the project workers are sensitised on the local culture.
- Traffic inconveniences and damage to local roads
- Ensure the local roads and bridges to be used by the project are improved before construction works start.
 - Ensure that all regulations relating to traffic management are observed and notify the local traffic officials and KTDA of the construction activities; and
 - Install appropriate traffic warning signage and enforce speed limits for construction vehicles on the project affected roads.
- Safety and health risks to workers and the general public
- The contractor should ensure compliance with all standards and legally required health and safety procedures in line with OSHA, 2007 and associated rules and regulations.
 - Implement the specified H&S programme throughout the construction period.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.
- County Director of Environment, Murang'a County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc :

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly
- (4) *Act Supplement* contains Acts passed by the National Assembly

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
(must be correct and filled in where necessary).
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
