4.0 CHALLENGES FACED BY THE BOARD IN PROMOTING VALUES AND PRINCIPLES STATED IN ARTICLES 10 AND 232 OF THE CONSTITUTION OF KENYA 2010

4.1 GENDER BALANCE

The Board has faced challenges in attaining gender balance due to;

- Male and Female candidates excelling in different professional skills and capacities
- Technical professions such as accounts, engineering and driving which attracts fewer female applicants than their male counterparts
- Other field based professions such as Sub County and Ward Administrators also attracted fewer female candidates owing to the strenuous and rigorous nature of the training and the job.

In conclusion the Board notes that gender balance will be attained gradually. However, the Board continues to encourage female applicants during advertisements for vacancies in the various cadres.

4.2 RESIDENCE BY MARRIAGE VIS-A-VIS BIRTH

Capturing data of applicants especially female applicants during data entry and short listing per Sub- county and wards creates confusion. At short listing, a candidate's identification documents may indicate that she is from a particular Ward, whereas at the time of interview she clarifies that she is from a different ward. Such claims requires proof such as Affidavit or Marriage Certificate which candidates normally lack

Such confusion affects the allocation of appointments and balancing in the wards and Sub counties.

4.3 REGIONAL BALANCING

Whereas the board would want to uphold the requirement of regional balancing within the County, there have been challenges when it comes to meeting minimum requirements as per the advertised vacancies across the county.

Applicants from certain areas are usually disadvantaged due to their levels of qualifications. The board has however had to invoke affirmative measures to mitigate these challenges to ensure equity and social justice

The board supplements adverts on print media with electronic particularly the local vernacular radio stations to reach a wider audience. The board further launched its website in October, 2014 at www.siaya.cpsb.co.ke to further reach even a more wider audience.

4.4 DIVERSE COMMUNITIES

Siaya County is largely not cosmopolitan. People from other ethnic communities are present in the county mostly as public servants, students or members of the minority business community.

Applicants for various vacancies are few and mainly from the neighboring counties.

The law requires that the Dominant Ethnic Group be 70 per cent and non-Dominant Ethnic Group be 30 per cent according to section 65 (1) (e) of the County Governments Act, No.17 of 2012. However, certain vacancies do not attract applicants from outside the Dominant Ethnic Group. To mitigate this, the Board has at times resorted to head hunting. As at now, Non- Dominant Ethnic Group stands at 5.93 per cent. It is the voluntary personal decision of an applicant to choose to respond to a vacancy announcement, however, it is the duty of the county government and by extension the Board to assure the eligible candidates of stability in job tenure. The Board has strived to ensure this through advertisements by indicating at all times that Siaya County is an equal opportunity employer.

4.5 POLITICAL ENVIRONMENT

The board recognizes the fact that it operates within a political environment amongst others. This therefore can affect certain aspects of recruitment and selection exercise and by extension the board's activities. The board however strives to remain apolitical while at the same time encourage consultation and consensus building in the discharge of its duties and delivering on its mandate.

4.6 INADEQUATE INFRASTRUCTURE

Inadequate infrastructure is still a challenge in Siaya County as a whole and therefore by extension affects the Board's intention to attract competitive candidates and qualified personnel in its Public Service. Some of the neighboring Counties are better off when it comes infrastructure development thereby attracting applicants due to the same. The Board has noted that even some successful candidates are still compelled to seek residence in other Counties due to this challenge particularly when it comes to educational institutions, residential houses, ICT, medical facilities and road networks.

4.7 PERSONS WITH DISABILITY

Advertised positions have so far attracted few people living with disabilities. The board is currently looking at ways and means of capturing data on disabilities among the applicants. Such initiatives may include requirements that enables the board to ascertain as at the time of short listing, information that can capture Persons Living With Disability. It is however important to recognize that vacancies such as drivers or ward administrators which require physical presence, para- military training or strenuous work, may pose a challenge to such persons living with disabilities.

Despite the challenge, there have been people living with disability as successful candidates

4.8 INADEQUATE FUNDING

In the Financial Year 2014/2015 the board budgeted for Kshs. 107 Million for its operations. However, the board was allocated KSh. 53 Million which is less than 50 per cent of its budget. This has posed a challenge in the effective and efficient delivery of services. For example, the allocation of Kshs. 3 Million for advertisement has already been exhausted as at November, 2014 thereby hampering recruitment and selection exercise

4.9 OFFICE SPACE

The board's offices are currently located at Ardhi House, Bondo. The Board is accommodated in the premise on tenancy basis. This poses the following challenges:

- Commuter and shuttle difficulties to and from the County headquarters.
- Inadequate office space and Board rooms to host both the Board Members and the Board's Secretariat
- Lack of security, particularly for documents, information and assets.

The board, in mitigation, has sourced for Bills of Quantity from Department of Lands, Survey and Housing and applied for development funds for refurbishment of a block that has been donated by the Bondo Sub county Commissioner. The requests are pending at the offices of Director of Procurement and that of the Interim County Secretary.

5.0 WORKPLAN TO FORMULATE AND PROMOTE VALUES AND PRINCIPLES

The board plans to launch the Siaya County Public Service Board Strategic Plan 2014- 2019 and the Siaya County Public Service Board Bill (proposed), in 2015 to ensure sustainable development and continuity of good governance in the implementation of its statutory functions and powers, as well as the tenets of Article 10 and 232 of the Constitution. The board shall ensure public participation and democracy in the process.

The board plans to exercise its powers under section 59 (4) (a) and (i) of the County Governments Act, 2012 to inform and educate Siaya County Public Officers and the public about the values and principles and recommend to the County Government of Siaya effective measures to promote the values and principles.

The board will assist the county in the formulation and implementation of programmes intended to inculcate in the public officers and the public the duty to uphold the values and principles. It will continuously assess and report on the status of compliance with the values and principles and hear complaints on the same and recommend actions to be taken on the issues raised.

It will continue visiting the various work stations, offices and bodies at all levels within the County to ensure compliance to the values and principles in Article 10 and 232 of the Constitution of Kenya, 2010.

The board has initiated partnership, networking and exchange programmes locally and overseas in its quest to cover a wider margin in the promotion of values and principles in its third year, 2015. The board upheld the national values and principles of governance and Public Service by:

5.0 IMPEDIMENTS THE SAMBURU COUNTY PUBLIC SERVICE BOARD FACED IN ITS AIM TO PROMOTE NATIONAL VALUES AND PRINCIPLES OF GOVERNANCE AND PUBLIC SERVICE

As the board promoted the values and principles; it encountered the following challenges:

- (a) Budget constraints, limited office space and inept human resource
- (b) Inadequate means of transportation and inaccessible parts of Samburu County

- (c) The defunct local Authority staffs were demoralized and during the process of reorganization staffs were resistant to change.
- (d) Minority communities living in Samburu County identify with the majority community and thus it became difficult to identify the true minorities in the application forms
- (e) Gender balance was difficult to achieve since most women and youth who apply for the advertised positions do not meet the minimum requirements
- (f) Disabled persons do not identify themselves in the applications. (There were no certificates attached from National Council for disabled)
- (g) Literacy levels are very low in the County; in fact, some professional fields such as engineering and legal services do not get any applicants when advertised by the board.
- (h) Insecurity in Samburu County is also another impediment. Applicants especially from other counties consider Samburu County as insecure and therefore, either request higher allowances or fail to report for the positions recruited for.
- (i) Interruption of the board duties due to court injunction during the recruitment of the county chief officers.

6.0 RECOMMENDATIONS

For the national values and principles of governance and of Public Service to be upheld in Samburu County Public Service the Board recommends the following—

- (a) The board to be facilitated with the necessary requirements to achieve its core functions and mandates
- (b) Board needs more training and capacity building programmes for better service delivery
- (c) The board will be engaging in civic education to enlighten the public on the values and principles referred in Article 10 and 232.
- (d) The Board shall enhance its communication systems to make sure that persons with disability and minority communities are informed of job opportunities and other services available for them
- (e) All entities of County Government ought to be involved in the promotion and compliance of the above values and principles
- (f) Board's budget should not be altered after it has been approved.

7.0 CONCLUSION

The Samburu County Public Service Board is committed to ensuring that the national values and principles of governance and of Public Service are adhered to through the County Public Service. In light of the above the Board intends to vigorously do the following:

- (a) Effective ways of promoting the values and principles in article 10 and 232.
- (b) Hold public Barazas and embrace programs that enlighten the public and instil in them the duty to uphold the values and principles.
- (c) Advising the County Government on its obligation under international treaties and conventions on good governance in the County Public service.
- (d) On a continuous basis the Board shall be assessing and inspecting the status of compliance with the values and principles.
- (e) Any violations to the above values shall be promptly investigated and necessary recommendations and/or actions to be taken.
- (f) Perform any other duty that it considers necessary for promotion and compliance of the values and principles of public service.

The proposed plant is designed to consist of three major installations with a total capacity of producing 157,000 tons of steel products per year. The three installations are;

- Mechanized and Automated Rolling mill of 125,000 tons per year capacity for the manufacture of Thermo- Mechanically Treated (TMT) bars known as Top TMT.
- Light and Medium Structural Mill with an installed capacity of 20,000 tons per year.
- Tube Mill Plant with an installed capacity of 12,000 tons per year.

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Mitigation measures
Increased demand for water and energy	<ul style="list-style-type: none"> • Construction quality water will be brought in from available sources • Contractor will ensure that usage avoids wastage • Excavation and construction machines will be in good condition to avoid unnecessary consumption of fuel.

Occupational health and safety of workers	<ul style="list-style-type: none"> • Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. • The contractor will register the site as a workplace with the Directorate of Occupational Health and Safety (DOHS). • Provision of adequate and appropriate Personal Protective Equipment (PPE) including safety shoes, helmets, gloves and overalls. • Employees to be given the correct tools and equipments for the jobs assigned. • Employees to be trained in the use of all equipment that they will be required to operate. • Rest times and breaks will be observed • First aid services and an emergency vehicle to be readily available at the site. Particular attention should be paid to the following points.

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya
