THE WATER ACT

(No. 8 of 2002, section 107)

NORTHERN WATER SERVICES BOARD

NYAHURURU WATER AND SANITATION COMPANY (NYAHUWASCO)

INVITATION OF COMMENTS REGARDING PROPOSED REGULAR TARIFF ADJUSTMENT

NOTICE is given to the general public in the area of the Northern Water Service Board (NWSB) which has a license to provide water services in the counties of Laikipia, Samburu, Isiolo, Marsabit, Mandera, Wajir and Garissa. NWSB has applied to the Water Services Regulatory Board for a regular tariff review for its agent, Nyahururu Water and Sanitation Company for the period 2014/2015 to 2017/2018. The Nyahururu Water and Sanitation Company serves the areas of Nyahururu Town and its environs.

Northern Water Services Board proposes an upward tariff review to enable Nyahururu Water and Sanitation Company to attain full cost recovery, undertake minor investments and meet conditions for improving service delivery.

The Northern Water Services Board proposes to adopt rising block tariffs for all consumer categories except water kiosks.

Details of the current tariff and the proposed tariff can be obtained from www.nwsb.go.ke or at the Nyahururu Water and Sanitation Company offices (Hekima Building, Kenyatta Avenue).

Written comments on improvements on service delivery and/or justified objections to the upward tariff review should be addressed to:

Managing Director, Nyahururu Water and Sanitation Company Limited, P.O Box 952-20300, Nyahururu or info@nwsb.go.ke.

The closing date for such comments shall be on 3rd, June, 2015, (30 days after the publication of this notice).

MR/7413553 **ABDIKADIR N.OSMAN,**
Chief Executive Officer.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED DUALLING OF MOMBASA-MARIAKANI
ROAD, MOMBASA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Kenya National Highway) is proposing to dual Mombasa-Mariakani (A109) Road, Mombasa County.

The project road is approximately 41 km. and forms part of the 500 kilometres Mombasa-Nairobi Highway. The project road starts at the junction of Kenyatta Avenue (A109) and Digo Road (A14) within Mombasa City. It runs in a northerly direction through Changamwe, Miritini, Mazeras, Mariakani, before terminating at Mariakani Weighbridge. The proposed rehabilitation and expansion of Mombasa-Mariakani Road is a national flagship under the Kenya Vision 2030 and has economic benefits to the country as well as the immediate neighbouring states (Uganda, Sudan, Rwanda and to some extent Burundi). At the local level, the road expansion will address the persistent traffic congestion between Miritini and the City Centre (where at time it runs into hours) through streamlining the flow of heavy traffic.

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Mitigation measures
Degradation of water sources	<ul style="list-style-type: none"> • Ensure valid permits on construction water abstraction (sources established in Kokotoni and Mwache areas). • Groundwater abstraction be on permits conditions (locations to be identified). • Ensure the public at target water sources gets priority on surface water sources.
Air quality	<ul style="list-style-type: none"> • Ensure deviations and dry materials are kept damp at all times. • Extraction Materials to be under damp conditions. • Establish information flow process to the communities on dusty conditions. • Material delivery trucks to comply with established emission standards. • Undertake sampling for air quality in 4No. Pre-identified locations every 6 months for monitoring purposes. • Utilization of Non Motorized Transport provisions for public safety.
Vegetation cover degradation	<ul style="list-style-type: none"> • Plan for landscaping and beautification for the project corridor upon project completion (all sections of the road). • Only the immediate required section of the new road sections shall be cleared of vegetation (Miritini – Mazeras sections has the highest potential for vegetation cover loss). • Undertake a tree (>12inch girth) count throughout the corridor for compensation purposes through planting (limited large trees noted but coconut trees are significant). • Plan to compensate for lost mangrove sections and other vegetation lost along the Makupa Causeway sections (lost through section expansion and removed for efficient construction works).
Waste management	<ul style="list-style-type: none"> • Develop Standard Operating Procedures (SOPs) and schedules for the project works. • The contractor(s) to develop waste management plans and provide appropriate facilities for their operations. • Prepare signed agreements with landowners where spoil earth is to be disposed indicating conditions and responsibilities for restoration and management. • The spoil disposal sites should be approved by NEMA before dumping commence. • Consider re-use of used/waste asphalt concrete for public access roads in the

Land use	<p>neighbouring area.</p> <ul style="list-style-type: none"> • Monitor emerging land use trends along the road during construction in liaison with planning department, Land use planning and zoning to commence during the construction phase and enforced immediately. • KeNHA would encourage the local authorities on the provisions of social amenities along the corridor in light of changing social and economic development. 	<p>an employment plan and implement in accordance to law.</p> <ul style="list-style-type: none"> • The contractor to establish and manage environmental and social initiatives to oversee mitigation measures developed under this report. Ensure effective signage and information to road users, especially on deviations and construction sections with obstacles. • Provide safe crossings and walkways during the construction works backed up with appropriate signage.
Health and safety	<ul style="list-style-type: none"> • Provide safety programmes for material sites and working areas including emergency response mechanisms. • Safety provisions (signage and lighting) for the work areas along the road corridor. • Appropriate information and warning signs shall be provided along all the deviation roads for enhanced safety. • Awareness, prevention and training on HIV/AIDS and other social diseases (KeNHA). • Provide wellness centers at: <ul style="list-style-type: none"> • The construction camp sites. • Adoption of pre-identified health centers within the road corridor. • Selected sites for parking yards. • Provide group medical insurance and personal Protective Equipments (PPEs) for the construction workers and ensure application. 	<ul style="list-style-type: none"> • Provision for community improvement services under social responsibility including health, education, water supply, sanitation, access roads, etc.
Road maintenance	<ul style="list-style-type: none"> • Establish modalities for the involvement of the residents in the maintenance of the road. • Install and maintain appropriate road signs. • Collaborate on the control of roadside billboards that are a safety risks. • Maintain trash bins at strategic locations along the roads including bus stops, foot bridge landings, under pass exits. 	<p>Provision of road reserve</p> <ul style="list-style-type: none"> • All the PAPs should be identified and compensated before the project commences (RAP process undertaken). • Consider monetary options for livelihood restoration of the PAPs on the face of shortage of free land space in the project counties. • Avoid disruption of public institutions to the extent possible (schools, religious premises and health centers) – None was observed within the existing alignment. • Ensure the design of the road is confined within the reserve corridor that is already available. <p>Decommissioning of Construction Installations</p> <ul style="list-style-type: none"> • Carry out decommissioning audits for the camp sites and seek approval of the decommissioning plan from NEMA. • Prepare and submit for approval by NEMA the rehabilitation and restoration plans for all materials sites used for the project (quarry sites, borrow pits and spoil dumping areas). • Rehabilitate all material sites and materials preparation yards in accordance with the approved rehabilitation plans.
Impacts of deviation routes	<ul style="list-style-type: none"> • Confine construction traffic to the construction road reserve to the extent possible (there will be 40M corridor available). • If deviations are unavoidable, inform the road users and residents in advance seeking for co-operation. • Install appropriate signage and information (including reflective barriers and signs) on the construction road and deviations for reduced conflicts and accidents. • Maintain the deviation roads in good motorable conditions at all times for efficient traffic flow. • Deviation roads should be maintained damp for dust control at all times (the roads are within proximity of social and economic activities). 	<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED REHABILITATION OF THE LESSERU-
KITALE-MARICH PASS ROAD (B1, A1) PROJECT IN UASIN
GISHU, TRANS NZOIA AND WEST POKOT COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Kenya National Highways Authority) is proposing to The Lesseru-Kitale-Marich Pass Road (B1, A1) in Uasin Gishu, Nzoia and West Pokot County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Mitigation Measures</i>
Soil erosion	<ul style="list-style-type: none"> Construction activities have to be organized in a very efficient manner. Soil and gravel should be shaped and compacted immediately after transport to its final destination. Construction activities should be carried out during the beginning and or towards the end of the rainy season. Landscape and plant vegetation on disturbed surface on completion of the construction phase of the project. Provision of suitable storm water drainage channels to effectively discharge water safely. Soil erosion control measures e.g. grassing; scour Checks; culverts; gabion Works and Stone pitching and cut-water Drains.
Dust/particulate matter	<ul style="list-style-type: none"> Watering gravel site areas and deviations and the road sections being worked on. Fencing/restricted entry to active sites. Off-road driving should be prevented by ensuring the road is always in motorable condition. Creating awareness among drivers Provision of PPEs to the staff. Development of dust management plan for construction and operation phases. Restricting vehicle speed on unsealed road access to construction site to reduce dust. Regular servicing of construction machinery and vehicles. Bulk earthworks for exaction should be carried out in a controlled manner.
Noise and vibration	<ul style="list-style-type: none"> Construction activities to be carried out during daytime (8 a.m. to 6 p.m.). Noise monitoring at the site and equipment to maintain/check noise emissions levels. Use of PPEs. Regular maintenance of equipment to keep it in good working condition. Operators of construction equipment to be made aware of the potential noise issues and how to minimize noise emissions.
Fire and explosion hazards	<ul style="list-style-type: none"> Fire-fighting equipments.
Wastewater streams	<ul style="list-style-type: none"> Provide storm water drains. The construction of box and pipe culverts so that the flow of water is unimpeded. Side drains; mitre drains, and bridges required to direct road runoff. Regular maintenance that siltation of the structures does not occur.

Energy consumption	<ul style="list-style-type: none"> Regular servicing of vehicles and machinery. Switch off idle vehicles and machinery. Use efficient energy consuming equipments. Use energy saving bulbs in the labour camps.
Removal of vegetation	<ul style="list-style-type: none"> Selective removal of vegetation. Replant some of the vegetation on completion of the construction activity. Compensate landowners for all trees/vegetation to be cut down.
Water consumption	<ul style="list-style-type: none"> Contractors to obtain water abstraction permit from WRMA. Avoid unnecessary wastage of water during operation. Residuals from diesel and lubricants used on site should be stored safely awaiting appropriate disposal in order to prevent migration of contaminant hydrocarbons into the site soil and water bodies.
Air pollution	<ul style="list-style-type: none"> Regular watering of dusty sections of the road project. Use of PPEs e.g. dust masks. Regular servicing of machinery and vehicles. Buy fuel from authorized dealers.
Wasteoils and other spillages	<ul style="list-style-type: none"> Proper labelling of containers for holding hazardous materials. Servicing of machinery and equipments to be done at a designated place with a paved surface and oil interceptors.
Public and occupational safety and health	<ul style="list-style-type: none"> Fence off work active sites. Use of PPEs. Dust suppression measures. Provide adequate location and maintenance sanitary facilities. Camps housing to be in accordance with approved site plans. Create awareness on HIV/AIDs and other sexually transmitted diseases. Avail health care services. Provide safe drinking water points; and Control of Malaria.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Uasin Gishu County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
