NOTES TO THE FINANCIAL STATEMENTS

1. Statement of compliance and basis of preparation

The Authority's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Authority and all values are rounded to the nearest thousand (Ksh000). The accounting policies have been consistently applied to all the years presented.

The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the indirect method. The financial statements are prepared on accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Revenue Recognition

(i) Agency Income

In accordance with the Kenya Revenue Authority Act CAP 469, income to the Authority is "such amounts not exceeding 2% as may be determined by the Minister each financial year" of the total estimated revenue to be collected by the Authority on behalf of the Exchequer. In addition, the Authority is entitled to a Bonus of 3% of the surplus revenue collected above the estimates and also earns income from other activities.

(ii) Revenue from exchange transactions

Finance Revenue

Finance revenue comprises interest receivable from fixed deposits and security deposits. Finance revenue is recognised as it accrues in profit or loss, using the effective yield method.

Rental income

Rental income is recognised on a straight line basis over the lease term.

Commission revenue

Commission income comprises agency fees charged on collections on behalf of regulatory bodies.

Other operating income

Other income is recognised when significant risks and rewards of ownership are transferred to the recipient and the amounts of revenue can be measured reliably.

Interest income

Interest income is derived from short term placements held in approved commercial banks.

(b) Development funding and capital grants by the Treasury

Grants by the Treasury in form of assets or funding for acquisition of major assets or development projects are recognized as a financing reserve when received. No repayment of the financing is expected by the Authority.

(c) Property, Plant and Equipment

All categories of property, plant and equipment are stated at cost or valuation less accumulated depreciation and annual impairment losses. Depreciation is calculated to write off the cost or valuation of each asset to its residual value where applicable, over the expected useful life of the asset in equal instalments. A full year's depreciation is charged in the year of purchase but no charge is made in the year of disposal.

The estimated useful life is as follows:

Plant & Machinery	8 years
Equipment/Furniture/Fittings	8 years
Boats	8 years

Motor Vehicles	5 years (with a 10% residual value)
Computers	3 years
Computer Software	3 Years
Buildings	40 years
Leasehold land	Over the remaining lease period

Gains or losses on property, plant and equipment are determined by reference to their carrying value and are taken into account in determining the surplus / (deficit) for the year.

(d) Intangible Assets

Intangible assets consist of various computer software systems purchased for use by the Authority. The Authority recognises Intangible Assets acquired separately at cost less accumulated amortisation. Amortisation is charged on a straight-line basis over their useful lives as estimated by management from time to time.

(e) Cash and Cash equivalents

For purposes of the cash flow statement, cash and cash equivalents comprise cash in hand and short-term deposits held with banks.

(f) Translation of foreign currencies

Transactions in foreign currencies during the year are converted into Kenya Shillings at rates ruling at the transaction dates. Assets and liabilities at the balance sheet date, which are expressed in foreign currencies, are translated into Kenya Shillings at the rate ruling on that date. The resulting foreign exchange gains and losses are recognized on a net basis, differences are dealt with in the income and expenditure statement in the financial year in which they arise.

(g) Employee benefits costs

(i) Retirement benefit obligations

The Authority operates as hybrid pension scheme with a defined contribution plan for the permanent and pensionable employees. Payments to the scheme are recognised as an expense when employees have rendered service entitling them to the contributions. The scheme is funded by contributions from both the entity and employees. The entity and all its employees also contribute to the National Social Security Fund, which is a defined contribution scheme.

(ii) Other entitlements

Employees' entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave at the reporting date.

(h) Inventories

All consumable stocks held for use in operations are expensed on purchase

(i) Receivables

Receivables are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts. Objective evidence of impairment of the receivables is when there is significant financial difficulty of the counter party or when there is a default or delinquency in payment according to agreed terms. When a receivable is considered uncollectible it is written off. Subsequent recoveries of amounts previously written off are credited in the Statement of Financial Performance. Changes in the carrying amount of the allowance account are recognized in the Statement of Financial Performance.

(j) Payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognized initially at the transaction price and subsequently measured at amortized cost using the effective interest method.

(k) Provisions

Provisions for liabilities are recognised when there is a present obligation (legal or constructive) resulting from a past event, and it is probable that an outflow of economic resources will be required to settle the obligation and a reliable estimate can be made of the monetary value of the obligation.

(l) Budget information

The annual budget is prepared on Activity basis, that is, activities are identified and costs and expenditure associated to the same.

(m) Nature and Purpose of Reserves

The Authority creates and maintains reserves in terms of specific requirements. The Authority has created Capital Grants from the National Treasury reserves to represent the National Treasury's input by directly funding capital development for the Authority.

The Revaluation reserves represent revaluation on land and buildings by the Authority.

(n) Related Parties

The Authority regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa.

(o) Critical Accounting Estimates and Judgements in applying the Authority's accounting policies

In the process of applying the entity's accounting policies, management has made estimates and assumptions that affect the reported amounts of assets and liabilities within the next

financial period. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. These are dealt with below:

Critical accounting judgments in applying the Authority's policies*Impairment losses*

At each reporting date, the entity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash generating unit to which the asset belongs.

Plant and equipment

Property and equipment is depreciated over its useful life taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed at the reporting date and may vary depending on a number of factors. In reassessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

Contingent liabilities

The directors evaluate the status of any exposures on a regular basis to assess the probability of the entity incurring related liabilities. However, provisions are only made in the financial statements where, based on the directors' evaluation, a present obligation has been established.

(ii) Land & buildings

The Authority received several leasehold properties (land and buildings) from the government at inception in 1995. The Authority was not required to pay for the property hence did not incur any cost on the same. To recognize the property in its books, the Authority did a professional valuation of the land and building in 1996 and the values were adopted in the Authority's statement of financial position. This was done by recognizing land and buildings assets in the statement of Financial Position.

The Authority is yet to receive title documents for some 17 pieces of leasehold land received Government. These properties are at various stages of registration with the Commissioner of Lands. Another title deed is in the name of East African Common Services Authority (EACSA) and the process transfer of the title is ongoing. The Authority also bought one parcel of land in Taveta in 2010 for construction of a border station and is in the process of obtaining the title.

(iii) Fully depreciated assets

Included in the assets are fully depreciated assets comprising of Motor Vehicles whose original cost was Kshs. 473,351,390 with a residual value of Kshs. 47,335,139, Motor Boats whose cost is Kshs. 16,091,088, Computers whose cost is Kshs. 1,381,276,270, Office Equipment of Kshs 202,333,250, Laboratory Equipment Kshs. 21,377,450, Plant and Machinery Kshs. 661,017,785 and Furniture and Fittings of Kshs. 193,300,969 whose book value is nil. The total notional depreciation charge for the assets is Kshs. 673,827,383 (2014- Kshs. 645,818,353). Most of these assets are in use by the Authority.

25. FINANCIAL RISK & CAPITAL MANAGEMENT

The Authority's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Authority's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk.

The Authority's financial risk management objectives and policies are detailed below:

(i) Credit risk

The Authority has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as agency and other receivables.

The carrying amount of financial assets recorded in the financial statements representing the Authority's maximum exposure to credit risk is made up as follows:

	Fully Performing Kshs 000	Past Due Kshs 000	Impaired Kshs 000
At 30 June 2015			
Receivables	473,261	-	-
Bank Balances	8,695,832	-	-
At 30 June 2014			
Receivables	467,025	-	-
Bank Balances	7,122,465	-	-

The credit risk associated with these receivables is minimal hence no allowance for uncollectible amounts has been recognised in the financial statements.

(ii) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the Authority on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the Authority's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit Committee.

The Authority's Corporate Risk Department is responsible for the development of detailed risk management policies and for the day to day implementation of those policies.

There has been no change to the Authority's exposure to market risks or the manner in which it manages and measures the risk.

(a) Foreign currency risk

The Authority has transactional currency exposures. Such exposure arises from foreign denominated bank balances.

The carrying amount of the Authority's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Ksh Shs '000	Others Shs '000	Total Shs '000
At 30 June 2015			
Financial assets (Bank balances)	67,802	-	67,802
Liabilities			
Payables	-	-	-
Net foreign currency liability	67,802	-	67,802

(b) Interest rate risk

Interest rate risk is the risk that the Authority's financial condition may be adversely affected as a result of changes in interest rate levels. The Authority's interest rate risk arises from fixed and security deposits. This exposes the Authority to cash flow interest rate risk.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The Authority analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Using the end of the year figures, the sensitivity analysis indicates the impact on the statement of financial performance if current floating interest rates increase/decrease by five percentage (5% as a decrease/increase of Kshs. 35,457,000 (2014: Kshs.18,061,000).

(iii) Price risk

The Authority does not hold investments that would be subject to price risk; hence this risk not relevant.

26. CONTINGENT LIABILITIES

These include:

- An amount of Kshs. 2 million included in utility deposits representing a bank guarantee to Kenya Power and Lighting for Times Tower power supply.
- An amount of Kshs 1,297,759 representing a guarantee to Telkom Kenya Limited for supply of telephone facilities in the Times Tower building.
- Pending legal cases and court awards against the Authority estimated at Kshs 4,454,051,492 at the financial year end. The Treasury is expected to meet the cost of settling the awards should they materialize.

27. COMPARATIVES

Where necessary, comparatives have been adjusted to conform to changes in presentation in the current year.

REPORT OF THE AUDITOR-GENERAL ON KENYA REVENUE AUTHORITY FOR THE YEAR ENDED 30 JUNE 2015

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Kenya Revenue Authority set out herein which comprise the statement of financial position as at 30 June 2015, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act, 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 15(2) and (3) of the Public Audit Act, 2003 and submit the audit report in compliance with Article 229(7) of the Constitution. The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. An audit also includes evaluation the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

1. Land without Title Deeds

The financial statement reflects land and buildings with a net book value of Kshs. 9,291,654,000 as at 30 June 2015, as disclosed in Note 8(i). Included in the balance of Kshs. 9,291,654,000 are 17 parcels of land without title deeds valued at Kshs. 378,000,000 which were transferred to the Authority by the Government in 1995. The net book value of Kshs. 9,291,654,000, however excludes three (3) unvalued parcels of land in Machakos, Taita Taveta and Shimonoi which also do not have title deeds. It has not been possible under the circumstances to confirm ownership status of these 17 parcels of land and whether property, plant and equipment balance of Kshs. 12,607,320,000 is fairly stated as at 30 June 2015.

2. Idle Plant and Equipment

Included in property plant and equipment balance of Ksh. 12,607,320,000 is a palletized X-ray air cargo scanner with a net book value of Kshs. 29,182,666 (cost Kshs. 166,700,000) at Jomo Kenyatta International Airport, which remained idle during the year under review.

3. Buildings

Kenya Revenue Authority has been upgrading all its border stations throughout the country through demolition of old buildings and structures and putting up new complexes. However, old buildings and structures that were long demolished with a book value of Kshs. 121,228,000 located in Malaba, Isebania, Lwakhakha and Suam are still retained in fixed assets schedule and books of account. Similarly, new complexes in the same border posts, some of which are completed and in use, are yet to be valued and recorded in books of account.

Further, a parcel of land, Plot LR 209/9355 measuring 0.3716 ha located at Wilson Airport and valued at Kshs. 127,000,000 has been included in the property, plant and equipment balance of Kshs. 12,607,320,000. This property was however, rented out and the Authority received rental income of Kshs. 10,953,000 from the property in the year 2014/2015. No satisfactory reasons have been provided for classifying the property as part of the property, plant and equipment instead of investment property.

4. Amount due from Treasury

The financial statements reflect Kshs. 2,123,899,000 as due from Treasury as at 30 June 2015. The amount relates to 2013/2014 and earlier financial years. However, documentary evidence showing commitment by the National Treasurer has not been seen and therefore its recoverability is doubtful. Consequently, the recognition and disclosure of this amount may be misleading.

5. Debtors and Receivables

Debtors and receivables balance of Kshs. 473,261,000 reflected in the financial statements and disclosed in Note 10 includes staff debtors balance Kshs. 119,315,000. The staff debtors in turn include medical scheme debtors totaling Kshs. 31,212,517 out of which an amount of Kshs. 7,167,670 relates to 2013/2014 and earlier years. No recoveries in respect of the amounts for earlier years were made in the year under review and appropriate provision was not made for those doubtful debts. Consequently, debtors and receivables may be overstated.

Qualified Opinion

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Kenya Revenue Authority as at 30 June 2015, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Kenya Revenue Authority Act, Cap 469 of the Laws of Kenya.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement, etc.*:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
