## GAZETTE NOTICE NO. 1230

COUNTY GOVERNMENT OF MURANG'A  
MURANG'A COUNTY PUBLIC SERVICE BOARD

REPORT ON THE EXECUTION OF THE FUNCTIONS OF THE BOARD FOR  
THE PERIOD ENDED 31ST DECEMBER, 2023

THIS Report was approved and adopted by the Murang'a County  
Public Service Board for onward transmission to the Murang'a County  
Assembly .

### Scope of the Report

This Report covers the period from the 1st January to 31st December, 2023.

### Introduction

The Murang'a County Public Service Board is a body corporate established under sec. 57 of the County Governments Act, 2012 being the actualization of Article 235 of the Constitution of Kenya.

The Board has perpetual succession and is capable of suing and be sued under its corporate name. The Board is composed of the following—

Catherine Kamau — *Chair*  
 Richard Kamami — *Vice-Chair*  
 Dominic Mathenge — *Board Secretary*  
 Ignatius Kibe (Dr.) — *Member*  
 Agnes Nyambura (Dr.) — *Member*  
 Rebecca Kamande — *Member*  
 Stephen Macharia

### Functions of Murang'a County Public Service Board

The functions of the Board as given by section 59 of the County Governments Act, 2012 are as follows:

- (a) To establish and abolish offices in the County Public Service.
- (b) To appoint persons to hold or act in offices of the County Public Service including in the Boards of Cities and Urban Areas within the county and to confirm appointments.
- (c) To exercise disciplinary control over, and remove, persons holding or acting in those offices as provided for under this part.
- (d) To prepare regular reports for submission to the County Assembly on the execution of the functions of the board.
- (e) To promote in the County Public Service the values and principles referred to in Articles 10 and 232.
- (f) To evaluate and report to the County Assembly on the extent to which the values and principles referred to in Articles 10 and 232 are complied with in the County Public Service.
- (g) To facilitate the development of coherent, integrated human resource planning and budgeting for personnel emoluments in the county.
- (h) Advise the County Government on human resource management and development.
- (i) To advise County Government on implementation and monitoring of the national performance management system in the county.
- (j) Make recommendations to the Salaries and Remuneration Commission, on behalf of the County Government, on the remuneration, pensions and gratuities for County Public Service employees.

In the performance of its functions as given by section 59 (1) (d) of the County Governments Act, 2012 i.e. 'To prepare regular reports for submission to the County Assembly on the execution of the functions of the board', the Board presents the following report to the County Assembly of Murang'a.

### Execution of Board Mandate

For the period ended 31st December, 2023, the Board in accordance with its mandate and powers undertook the following:

- (a) Establishing and abolishing offices in the County Public Service and appoint persons to hold or act in offices of the County Public Service including in the Boards of Cities and Urban Areas within the county and to confirm appointments.

In pursuit of this mandate, the Board approved promotion of various Officers as attached under Appendix I.

The Board also recruited for various cadres shown as Appendix II. However, the Board had commenced but not concluded the recruitment of 56 youth polytechnic instructors and 286 interns by the close of the year.

- (b) Exercise disciplinary control over, and remove, persons holding or acting in those offices as provided for under this part;

In pursuit of this mandate, the Board in 2014 issued an advisory requiring the Executive Arm of Government to constitute a County Human Resource Advisory Committee that handles matters related to discipline, promotions and training requests from the County Public Service. Recommendations from this Committee are subsequently forwarded to the Board for review and determination. 25 disciplinary cases were escalated to the Board for the period in question and appropriate action taken.

- (c) Promotion in the County Public Service the values and principles referred to in Articles 10 and 232 and evaluation and reporting to the County Assembly the extent to which the values and principles referred to in Articles 10 and 232 are complied within the County Public Service;

The Board has prepared a separate report on this.

- (d) Advise the County Government on human resource management and development;

In the pursuit of this mandate: -

The Board was instrumental in the development of the 2022/2023 Human Resource budget that was subsequently approved by the County Assembly.

- (e) To advise the County Government on implementation and monitoring of the national performance management system in the county;

In pursuit of this mandate, the board has: -

On a continuous basis, the Board has monitored implementation of the performance appraisal system through the offices of CECM Public Service and Administration, County Secretary and Director Human Resource Management.

- (f) Make recommendations to the Salaries and Remuneration Commission, on behalf of the County Government, on the remuneration, pensions and gratuities for County Public Service employees

In pursuit of this mandate, the Board has continuously consulted with SRC as regards this mandate more so on matters relating to remuneration of staff in county public service.

### Conclusion

The Board will continue engaging all stakeholders in line with the requirements of the Constitution and County Government Act as it pursues achievement of its mandate.

## GAZETTE NOTICE NO. 1239

## THE RETIRED BENEFITS ACT

(No. 3 of 1997)

RETIREMENT BENEFITS PRACTICE NOTES FOR THE  
DETERMINATION OF DEFINED BENEFITS OBLIGATIONS

IT IS notified for the general information of the public that pursuant to section 55 (3) of the Retired Benefits Act, 1997, the Retirement Benefits Authority issues the Retirement Benefits Practice Notes for the Determination of Defined Benefits Obligations as set out in the Schedule.

## SCHEDULE

## Citation

1. These Practice Notes may be cited as the Retirement Benefits Practice Notes for the Determination of Defined Benefits Obligations.

## Interpretation

2. In these Practice Notes, unless the context otherwise requires—

“accrued benefits” means benefits earned in respect of service earned up to a particular point in time;

“actuarial certificate” means a statement provided by an actuary quantifying the financial implications of proposed amendments of the scheme;

“actuarial liability” means the monetary value of the future benefits stemming from the members accrued benefits as calculated by the scheme actuary, in accordance with the scheme provisions and existing legislations;

“actuarial valuation” means an assessment by an actuary on the financial soundness of a defined benefit scheme;

“annuity” means an insurance contract that pays regular income during the life of a member;

“commutation factor” means the cost of one shilling of pension payment for the lifetime of a member by the scheme, as determined by an actuary;

“defined benefit scheme” means a scheme which offers a form of guaranteed benefit to the members of the scheme and includes hybrid scheme and post-retirement medical fund which offers a benefit guarantee;

“defined contribution scheme” means a scheme in which members and employers contributions are fixed either as a percentage of pensionable earnings or as a shilling amount, and a member’s retirement benefit has a value equal to those contributions, net of expenses, including premiums paid for insurance of death or disability risks, accumulated in an individual account with investment return and any surpluses or deficits as determined by the trustees of the scheme;

“early retirement factor” means an adjustment to the pension payable to a member of a scheme who has attained the early retirement age of the scheme in lieu of early access of benefits before the normal retirement age;

“hybrid scheme” means a pension scheme that has the features of both a defined benefits and defined contribution scheme;

“incentive exercise” means a payment or concession made by the employer to encourage the members of a defined benefit scheme to transfer out of the scheme or modify the members’ benefits in order to reduce risk or costs associated with defined benefit scheme;

“income drawdown” means an arrangement that allows members of a scheme to access their accumulated retirement benefits as a regular income through reinvesting their benefits from an income drawdown fund registered by the Authority;

“late retirement factor” means an adjustment to a member payable to a member who remains in active service of the employer past the normal retirement age of the scheme;

“scheme actuary” means the actuary appointed to advice the trustee of a retirement benefit scheme;

“surplus” means an excess of the value of a scheme’s assets over the actuarial liabilities;

“transfer value” means the amount determined by an actuary as the present value of the benefit entitlement of the members, which can be transferred out of the scheme at a particular time;

“trivial pension” means any amount which shall be from time to time, as determined by the Authority, which shall not be less than fifty per cent of the average minimum wage prescribed by the Cabinet Secretary for the time being responsible for matter relating to labour in the year in which the benefits become due;

“trust deed” means a legal instrument constituting a scheme to which the rules form the schedule and shall be deemed to form an integral part; and

“underfunded scheme” means a scheme whose assets are less than the actuarial liabilities.

#### *Objects of these Practice Notes*

3. The objects of these Practice Notes are—

- (a) to provide guidance to the trustees, sponsors, administrators and actuaries of a defined benefits scheme on the determination, processing and discharge of benefits;
- (b) to enhance communication to members of a defined benefits scheme and handle dispute resolution with the scheme; and
- (c) to ensure the protection of members benefits in a defined benefit scheme.

#### *Application of these Practice Notes*

4. (1) These Practice Notes shall apply to defined benefit schemes registered by the Authority in respect of the duties and the responsibilities of sponsors, trustees, administrators and actuaries in relation to the discharge of members’ benefits obligations.

(2) These Practice Notes shall not apply to defined contribution schemes.

#### *Principles of these Practice Notes*

5. These Practice Notes shall espouse and promote the following principles—

- (a) fair and equitable treatment of members and sponsors;
- (b) good governance;
- (c) justice;
- (d) transparency and accountability; and
- (e) efficiency.

#### *Communication and Disclosure*

6. (1) The trustees of a defined benefits scheme shall communicate in writing any changes in the benefit structure of the scheme within thirty days after making the changes.

(2) Trustees shall ensure that any communication to members is comprehensive, simple clear, accurate and impartial.

(3) Benefit statements generated for members shall include notes clearly explaining the contents of the statements.

(4) Trustees shall ensure that the existing members of the scheme are supplied with a benefit calculation schedule or access to a portal for such calculations outlining the determination of members benefits.

(5) The benefit calculation schedule or access to a portal for such calculations shall be furnished to members before trustees process the members’ benefits.

(6) The trustee shall ensure that members affirm that they have understood the calculations in the benefit schedule or in the portal and consent to the benefit being paid.

(7) Members shall be given full disclosure of the options available to them including the right to access a trivial pension as a lump sum.

(8) Trustees shall ensure that members receive full and proper advice on the implications of transferring out of the defined benefit scheme or participating in an incentive exercise.

(9) Each member shall be given a period of at least thirty days to exercise an option which affects the nature of the member’s benefits.

(10) Trustee shall make available a copy of the actuarial valuation report to members upon request within a period not exceeding seven days

(11) Commutation factors, early retirement factors and late retirement factors shall be disclosed to members through the actuarial valuation report.

#### *Amendment of Scheme Rules*

7. (1) A defined benefit scheme may amend the provisions of the scheme rules if—

- (a) the amendment shall not reduce the accrued benefits of a member;
- (b) the amendment shall not invalidate or reduce the accrued rights of members or interests of the sponsors; and
- (c) the amendment shall only apply to future benefit accruals.

(2) Where scheme rules have been amended in terms of subparagraph (1), the trustees shall be required to split pensionable services for respective scheme rules whenever they introduce an amendment that alters members benefits.

(3) Any retrospective application of the effective date of the amendment of scheme rules may only be considered if the amendment improves members benefits.

(4) Any changes in the benefit design shall be consistent with the Act and any other relevant written law.

(5) An amendment to scheme rules shall only be actionable after approval and registration of a deed of amendment by the Authority.

(6) Where there are conflicts in the legal provisions of the scheme, the provision that is most advantageous to the members shall be adopted:

Provided that if any amendment affects the financial position of the scheme, the trustees shall prepare and submit an actuarial certificate to the Authority.

#### *Calculations and Determinations*

8. (1) Members benefits shall be conferred by the trust deed and rules of the scheme or other relevant written laws.

(2) The trustees shall be responsible for the determination of benefit entitlement to the members of the scheme.

(3) The trustees shall consider actuarial advice in establishing the following—

- (a) the funding level of the scheme in the statutory actuarial valuation exercise;
- (b) commutation or withdrawal factors;
- (c) early retirement and late retirement factors;
- (d) the cost of discretionary pension increases; and
- (e) the format and contents of the annual benefits statement.

(4) The trustees shall furnish the actuary with accurate and complete information in every material respect for the purposes of the calculation or determination under subparagraph (3).

(5) The actuarial valuation reports shall include the commutation or withdrawal factors and early retirement or late retirement factors that will be applicable up to the date of subsequent actuarial valuations.

#### *Discharge of Defined Benefits*

9. (1) Trustees shall ensure that members benefits are discharged in accordance with the provisions of the scheme rules.

(2) Where trustees and sponsors intend to transfer to an insurance company the obligations of the scheme to pay members’ benefits, the following conditions shall apply—

- (a) the trustees shall ensure that the cost of the transferred liability is fully funded without compromising the security of any residual liability;

- (b) the trustees shall ensure that members' rights and benefits are protected by ensuring that the transferred obligations mirror the provisions of the scheme;
- (c) trustees shall perform due diligence in procuring the underwriter for purposes of transferring the schemes obligations to members' benefits;
- (d) trustees shall file a final report on the transfer and distribution of benefits with the Authority;
- (e) members shall be granted a period of at least thirty working days from the date of the notification from the trustees on the amount to be discharged within which the members may lodge complaints in respect of the benefits being transferred;
- (f) subject to the provisions of the Act or any other relevant written law, no claim may lie against the trustees or Authority once the transfer is finalised and the period for lodging complaint under item (e) has expired; and
- (g) all transfers under this paragraph shall be subjected to approval by the Authority.

(3) Members of a defined benefits scheme shall not exercise the option of accessing their non-commutable benefits through an income drawdown arrangement.

#### *Members Expectations*

10. Trustees shall manage members expectations by ensuring that—

- (a) any information furnished to members including members' booklet is updated and reflects the provisions of the scheme rules;
- (b) members' benefits are accurate; and
- (c) any past practices relating to the discharge of members' benefits is well documented.

#### *Scheme Legal Instruments*

11. (1) Trustees and sponsors shall ensure that the trust deed and scheme rules or the legal instruments establishing the scheme are—

- (a) up to date;
- (b) clear and precise;
- (c) consistent with the Act and Regulations thereunder;
- (d) duly executed by the trustees and sponsors and registered by the Authority; and
- (e) applied consistently and form the basis for the determination of benefits entitlements to members.

(2) The trustees shall ensure that the resolutions of trustees and the sponsor or any other relevant communications including Government directives, policies which affect the operations of the scheme are included in the schemes legal instrument and complied with.

(3) Trustees shall explicitly provide in the scheme rules on the manner of determination of benefits and the application of early retirement and late retirement factors where necessary.

(4) Trustees shall explicitly provide in the scheme rules that pension increment and any discretionary increases shall be by resolutions of the board of Trustees and the sponsor.

(5) Trustees shall provide in the scheme rules for compensation of interest for any arrears in benefits payment in line with the actuarial valuation interest rate of the scheme.

(6) All scheme documents shall be prepared by the relevant professionals.

#### *Protection of Members Benefits*

12. (1) Trustees shall ensure that that the sponsor complies with the funding requirements of the scheme as informed by the actuarial valuation of the scheme.

(2) The authority may, at any time, direct the trustees of an underfunded scheme to pro-rate retirement benefits based on the level of the scheme and, in such a case, the sponsors shall be required to

fund the balance of the payments outstanding to the members or beneficiaries.

(3) Trustees shall ensure that any surplus is equitably distributed in accordance with the provisions of the law or any other Practice Notes issued by the Authority.

#### *Professionalism and Conduct of Service Providers*

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR PROPOSED CONSTRUCTION OF RESIDENTIAL APARTMENTS ON PLOT L.R. NO. NAIROBI/BLOCK 34/420 ALONG WESTLANDS ROAD, IN WESTLANDS SUB-COUNTY, NAIROBI CITY COUNTY

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, 1999, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Hai Jiang International Company Limited proposes to construct 2No. Residential blocks of 28No.storeys (2No.basement floors, ground floor plus 28No.upper floors) comprising a total of 450No.units (300No. 1-bedroom and 150No.2-bedroom Units), 330No.parking spaces, gym, swimming pool, children play area, landscaped garden associated facilities and amenities, on plot L.R. No. Nairobi/Block 34/420 along Westlands Road in Westlands Sub-county, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

*Impacts*

Dust emission

*Mitigation Measures*

- Watering all active construction areas as and when necessary to lay dust.
- Cover all trucks hauling soil, sand and other loose materials or require all trucks to maintain at least two feet of freeboard.
- Pave, apply water when necessary, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas and staging areas at construction sites.
- Sweep daily (with physical sweepers) all paved access roads, parking areas and staging areas at construction sites.
- Cover construction site with hessian cloth/scaffolding netting to contain the dust within the premises and plant trees around the site upon construction completion.

Noise pollution

- Use of noise suppressors or silencers on noisy equipment or noise shields i.e. corrugated iron sheet structures.
- Construction works should be carried out only during the specified time i.e. from say 0800hrs to 1700 hrs.
- Machineries should be maintained regularly to reduce noise resulting from friction.
- Workers should be provided with suitable Personal Protective Equipment (PPE) such as earmuffs when operating noisy machinery and when in noisy environment.
- Drivers delivering materials should avoid unnecessary honking of the trucks/vehicles.
- Provision of a bill board at the construction site/gate notifying of the construction activity and timings.
- Drivers to switch off vehicle engines while offloading materials.

Solid waste generation

- Efficient use of building material to reduce waste and recycling where possible.
- Engage the services of registered waste handlers to transport waste to designated disposal sites.
- Use of an integrated solid waste management system; through a hierarchy of options: source reduction, recycling, composting and reuse, will facilitate waste handling during occupation phase.
- Provision for dustbin cubicles.

Increased energy demand

- Turn off machinery and equipment when not in use.
- Put off all lights immediately when not in use or are not needed.
- Use energy conserving electric lamps for general lighting.
- Make use of alternative source of energy such as solar power.

Occupational health and safety

- Use of personal protective equipment (PPE) to avoid injuries and illness.
- A First Aid Kit should be provided within the site and during construction phase.
- Adapt a suitable emergence response plan to manage occurrence of anticipated hazards during construction phase.
- Conduct safety awareness regular safety meetings, safety training.

<i>Impacts</i>	<i>Mitigation Measures</i>
Increased water demand	<ul style="list-style-type: none"> <li>• The contractor should have workmen's compensation cover. It should comply with Workmen's Compensation Act, as well as other ordinances, regulations and union agreements.</li> <li>• Workers should always be sensitized on social issues such as drugs, alcohol, diseases such as HIV/AIDS and STIs.</li> <li>• Ensure provision of safe drinking water for the workers on site.</li> <li>• Drill a borehole to supply water for the development in both construction and occupation phase.</li> <li>• The contractor should use water bowsers and tankers to bring in water for construction activities such as during periods of high-water demand.</li> <li>• Install water conserving taps that turn-off automatically when water is not in use.</li> <li>• Encourage water reuse/recycling during construction and occupation phases.</li> <li>• Roof catchments of building blocks should be provided with rainwater harvesting systems (gutters, down pipes and water storage facilities).</li> <li>• Provide notices and information signs to sensitize on means and needs to conserve water resource for instance keep/leave the tap closed.</li> </ul>
Liquid waste generation	<ul style="list-style-type: none"> <li>• Construction soak pit and septic tanks.</li> <li>• The design of the internal sewerage system should consider the estimate discharges from individual sources and the cumulative discharge of the entire project.</li> <li>• All drain pipes passing under building, driveway or parking should be of heavy duty PVC pipe tube encased in concrete surround. All manholes on drive ways and parking areas should have heavy-duty covers set and double sealed airtight; as approved by specialists.</li> <li>• Sanitary facilities should be kept clean always, through regular washing/cleaning.</li> <li>• Frequent monitoring of the internal drainage system.</li> <li>• Blockages and damages should be fixed expeditiously.</li> </ul>
Traffic management	<ul style="list-style-type: none"> <li>• All transportation of construction raw materials and excavated materials are to be conducted at traffic off peak hours only.</li> <li>• Sensitize truck drivers to avoid unnecessary road obstruction.</li> <li>• Cover all trucks hauling soil, sand and other loose materials to avoid spillage and dust emissions that may interfere with smooth motoring.</li> <li>• Access to driveways will be maintained at all times unless other arrangements are made.</li> </ul>

The full report of the proposed project is available for inspection during working hours at:

- (a) Principal Secretary, Ministry of Environment, Climate Change and Forestry, NHIF Building, 12th Floor, Ragati Road, Upper Hill, Upper Hill, P.O. Box 30126-00200, Nairobi.

THE ENVIRONMENTAL MANAGEMENT AND  
CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY  
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT  
FOR THE PROPOSED TWO RIVERS DAM PROJECT LOCATED  
IN ELDORET TOWN, UASIN GISHU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Central Rift Valley and Lake Victoria North Works Development Agencies intends to construct a dam which will involve gravity flow distribution of treated water. The design capacity of the proposed dam is 74167m<sup>3</sup>/day. The proposed dam will submerge the existing two rivers dam and therefore the current production (12000m<sup>3</sup>/day) of the existing two rivers dam will be lost. The selected dam type is Roller Compacted Concrete Dam (RCC) of structural height 39.3m high with an Overflow Ogee Spillway(126m) stepped spillway chute and a stilling basin. Other key features of the proposed dam include: Riverbed Elevation (2150masl), Storage Level (2173.55masl), Full Supply Level (NWL); 2180.3Masl, maximum water level at floods (2182.80masl), Dam Crest Level (2184.3masl), Dead Storage 6.62Mm<sup>3</sup>, Live Storage 9.06mm<sup>3</sup>, total Dam Volume 15.686mm<sup>3</sup>, Area Inundated at Full Supply Level 1.74km<sup>2</sup>. The raw water from the two rivers dam will be transmitted to the Sosiani Water Treatment Works for treatment before distribution to consumers. The project will be located in Eldoret Town, Uasin Gishu County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Mitigation Measure</i>
Loss of biodiversity (Flora)	<ul style="list-style-type: none"> <li>• Where possible, clearing of vegetation more so the indigenous trees need to be avoided during construction as much as possible.</li> <li>• Where clearing of trees is inevitable, the land should be landscaped and planted with as much indigenous vegetation as possible so as to restore the lost biodiversity.</li> <li>• The extent of clearing within the work stations should be clearly marked.</li> <li>• Instruct all construction workers to restrict clearing to the marked areas and not to work outside defined areas.</li> <li>• Avoid introduction of invasive alien species in the landscaping activities.</li> </ul>
Increased soil erosion	<ul style="list-style-type: none"> <li>• Pile the top soil where it can be reused.</li> <li>• Soil erosion control measures should be undertaken to avoid erosion in sensitive areas and those prone to erosion.</li> </ul>

<i>Impact</i>	<i>Mitigation Measure</i>	<i>Impact</i>	<i>Mitigation Measure</i>
	<ul style="list-style-type: none"> <li>Rehabilitation of degraded environment should be undertaken to stabilize the soil and therefore reduce rate of soil erosion and siltation.</li> <li>Soil conservation measures should be observed especially at stockpiled areas.</li> <li>Bare areas should be landscaped after completion.</li> <li>Operations will be timed to take place during the dry season when soils are dry to reduce soil compaction.</li> <li>Re-vegetation should be enhanced to reduce run off.</li> </ul>		<ul style="list-style-type: none"> <li>Machines should be maintained at manufacturers' specifications.</li> </ul>
Disruption of movement during construction	<ul style="list-style-type: none"> <li>Where such excavations are wide, foot bridges should be erected at the livestock corridors to facilitate their movement.</li> <li>Since this is a short-lived occurrence, the contractor should engage local people to make them understand the importance of the exercise and encourage them to use other alternative routes.</li> </ul>	Solid and liquid waste generation and management	<ul style="list-style-type: none"> <li>A waste management plan should be adopted as part of the construction works.</li> <li>Hazardous substances should be handled safely and at designated and safe area.</li> <li>Identify areas where re-fueling and vehicle maintenance activities and storage of hazardous materials will be permitted.</li> <li>Skips and bins should be strategically placed within the campsite and construction site.</li> <li>Skips and bins should be adequately designed and covered to prevent access by vermin and minimize odour. They should also be emptied regularly.</li> <li>Careful pumping of sewage from upstream manholes to downstream manholes.</li> <li>Block off the main trunk line to minimize chances of exposing staff to raw sewage during work.</li> <li>Measures to ensure that waste materials from the Project are disposed at suitable sites should be taken. These will include engaging only reputable truckers and conducting appropriate spot checks to verify that disposal are done in accordance with the requirements of NEMA</li> </ul>
Removal and disposal of asbestos pipes	<ul style="list-style-type: none"> <li>Asbestos containing pipes be replaced with other pipe types.</li> <li>Before disposal commences, an environmental audit should be conducted.</li> <li>The disposal of asbestos should be guided by the "Asbestos management plan (AMP)".</li> <li>The asbestos material should be conveyed, handled and distributed in a safe manner so as not to cause any ill effects to any person or the immediate environment.</li> <li>The onsite and offsite disposal sites shall be marked clearly as asbestos hazard area in accordance with the National Guidelines on Safe Management and Disposal of Asbestos.</li> <li>Removal including onsite/offsite disposal of asbestos shall be subjected to environmental impact assessment in accordance with the Environmental (Impact Assessment and Audit) Regulations, 2003.</li> </ul>	Changes in hydrology/impended drainage/deep excavations	<ul style="list-style-type: none"> <li>Release of adequate water for the downstream communities and aquatic organisms.</li> <li>The amplitude of this impact will be sized during the continuation of the hydro sedimentology studies that will detect the need or not to take direct control actions, as the dredging of the sandy sediment. The bottom discharger may collaborate in reducing the sediment build-up in the reservoir area.</li> <li>Application of rainfall and meteorological stations in the monitoring water supply for continuous follow-up of the climatic conditions.</li> <li>Earthworks should be restricted to construction sites.</li> <li>Install warning signs and lightings at both deep and shallow trenches.</li> <li>Backfilling trenches as soon as works are completed.</li> <li>Provide temporary bridges and protection rails at deep trenches to facilitate people movement.</li> </ul>
Air pollution	<ul style="list-style-type: none"> <li>Use of water sprays when dusts are being generated or at times of strong wind.</li> <li>All materials stored or stockpiled on site should be adequately covered.</li> <li>Maintain machineries at manufacturer's specifications of minimizing emissions.</li> <li>Where unavoidable, construction workers working in dusty areas should be provided and fitted with respirators or personal protective equipment.</li> <li>Conduct air quality analysis regularly.</li> <li>Cover all trucks hauling soil, sand and other loose materials to avoid spillage and dust emissions that may interfere with smooth motoring.</li> <li>Site roads should be dampened every 4-6 hours or within reasonable interval to prevent dust nuisance and on hotter days, this frequency should be increased.</li> <li>Cover or wet construction materials such as sand and unpaved areas with gunny bags to prevent dust nuisance.</li> </ul>	Traffic obstruction	<ul style="list-style-type: none"> <li>Ensure all construction vehicles to and from the construction site use the designated Entry/Exit to the project site.</li> <li>Construct traffic diversions.</li> <li>Sensitize truck drivers to avoid unnecessary road obstruction.</li> <li>Contractor should stick to the provided timeline for completion of works of the Project.</li> </ul>
Excess noise and vibrations	<ul style="list-style-type: none"> <li>Use of equipment that is fitted with noise reduction devices such as mufflers.</li> <li>Construction workers operating equipment that generates noise should be equipped with noise protection equipment.</li> </ul>	Occupational safety and health	<ul style="list-style-type: none"> <li>There should be adequate Personal Protective Equipment (PPE) to all workers and they should be worn all the time.</li> <li>There should be adequate provision of the requisite sanitation facilities for human waste disposal.</li> <li>Workers should receive requisite training especially on the operation of the</li> <li>There should be adequate warning and directional signs.</li> </ul>

<i>Impact</i>	<i>Mitigation Measure</i>
	<ul style="list-style-type: none"> <li>• Provide clean drinking water for the employees.</li> <li>• Develop a site safety action plan detailing safety equipment to be used, emergency procedures, restriction on site, frequency and personnel responsible for safety inspections and controls.</li> <li>• A sign board warning on HIV/AIDS, drugs and alcohol abuse be displayed at the construction camp sites.</li> <li>• The campsites and their facilities need to be constructed at sites carefully selected away from the sensitive areas.</li> <li>• Rehabilitate excavated sites soon as construction is complete.</li> <li>• Train workers on the use of firefighting equipment.</li> <li>• Provide First Aid kit within the construction site.</li> <li>• Recording of all injuries that occur on site in the incident register, corrective actions for their prevention are instigated as appropriate.</li> <li>• Provide prevention tools such as condoms at the health centre and construction site to all.</li> <li>• Contractor to ensure compliance with the Workmen's Compensation Act, ordinance regulations and union agreements.</li> <li>• Guide all workers in Safety Health and Environment (SHE).</li> </ul>
Fire risks and emergency preparedness	<ul style="list-style-type: none"> <li>• Put "No Smoking Signs" in areas where inflammables are stored.</li> <li>• Guide all workers in Safety Health and Environment (SHE).</li> <li>• Provide adequate firefighting equipment capable of fighting all classes of fire.</li> <li>• Provide first Aid kit within the construction site.</li> <li>• Label all inflammable materials and store them appropriately.</li> <li>• There should be adequate PPE to all workers and should be worn all the time.</li> <li>• Conduct regular fire-fighting drills.</li> <li>• Develop a fire fighting emergency plan.</li> <li>• Train one member of staff on fire preparedness</li> </ul>
Displacement of the affected people	<ul style="list-style-type: none"> <li>• Sensitization of stakeholders and land owners in decision making at all levels.</li> <li>• Compensate all the PAPs affected by the land take.</li> <li>• Provide alternative land of similar value to the PAPs.</li> <li>• Avoid areas with heavy residential buildings as much as possible.</li> <li>• Issue advance notices to all affected individuals before commencement of property demolition exercise.</li> <li>• A Resettlement Action Plan Report (RAP) and valuation of assets has been undertaken. It is advisable that compensation be done before project commencement.</li> </ul>
Increased insecurity	<ul style="list-style-type: none"> <li>• Provide day and night security guards.</li> <li>• Provide adequate lighting within and around the construction site.</li> </ul>
