The proposed project will also comprise of an underground level will have 323No. parking spaces, 2No. swimming pools, storm water drainages, solid waste disposal and collection facilities, underground and rooftop water tanks, boundary wall, associated amenities and facilities. The proposed project will be located on Plot L.R. Ngong/Ngong/4483, Ongata Rongai, Kajiado County.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Mitigation Measures

Environmental Impacts	Mitigation Measures
Solid and effluent wastes	<ul style="list-style-type: none"> • use of an integrated solid waste management system i.e. the 5Rs: Reduce, Reuse, Recycle, Residual and Recover. • Accurate estimation of the dimensions and quantities of material required. • Use of durable, long-lasting materials that will not need to be replaced as often. • Use NEMA licensed waste handler to collect and transport and dispose at designated areas. • Use building material that have minimal or no packaging. • Reuse packaging materials such as cartons, cement bags, empty metal and plastic containers.

Environmental Impacts

Mitigation Measures

	<ul style="list-style-type: none"> • Waste water must be discharged in manner stipulated by NEMA and local Council. • Recycle and reuse all the waste water generated on site in areas such as irrigating of landscaped gardens. • Ensure that regular inspection of the sewer system is done to ensure that the set standards of discharge are met and no blockage to the sewer system is done.
Noise and vibration	<ul style="list-style-type: none"> • Ensure that all construction activities are limited to 8 a.m. and 5 p.m. to avoid any disturbance to the neighbors. • Serviceable vehicles in good working condition will be used. • Use quiet machinery during construction to reduce any disturbance. • Ensure that buffer zones are created to reduce much disturbance. • Enhance speed limits within the site for transportation vehicles.
Occupational health and safety	<ul style="list-style-type: none"> • Firefighting equipment such as fire extinguishers and hydrant systems should be provided at strategic locations. • Provide workers with appropriate PPE's e.g. overalls, safety footwear, gloves, ear protection equipment. • Develop standard procedures covering the procedures and response. • plan for the main activities, which could generate emergency situations through accidents or neglect of responsibilities. • Provide full first aid kits at the construction site office.
Air pollution/dust and other emission	<ul style="list-style-type: none"> • Avoid excavation works in extremely dry weather. • Ensure strict enforcement of on-site speed limit regulations. • Stockpiles of earth should be covered/watered during dry or windy conditions. • Sensitize truck drivers and machines operators to switch off engines when not in use. • Alternative non-fuel construction equipment's shall be used where feasible. • PPE's to be provided to workers and ensure constant and proper use.
High water demand	<ul style="list-style-type: none"> • Sparingly use of the available water and if possible, try to harvest rain water. • Seek other alternative sources of water such as sinking a borehole on site. • Install water meters to efficiently monitor usage. • Consider recycling all the waste water and reusing it within the commercial building.
Fire safety	<ul style="list-style-type: none"> • Post "No smoking signs" where flammable materials are stored. • Train staff on the use of the available fire fighting equipment. At least one person trained in handling fire fighting equipment should be available throughout the construction phase of the project. • Conduct regular fire fighting drills within the site.

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> Develop and post at the site fire emergency and evacuation procedures. Provide adequate number of appropriate firefighting equipment at strategic places within the property.
Increased energy consumption	<ul style="list-style-type: none"> Ensure electrical equipment, appliances and lights are switched off when not being used. Install energy saving bulbs at all lighting points to help saving the amount of energy used. Install stand by generators at the project site to avoid much reliance on the KPLC supplied power to run all the power-driven activities such as lifts within the buildings.
Increased traffic and congestion	<ul style="list-style-type: none"> Ferry building materials during off-peak hours. Employ traffic marshals to control traffic in and out of site. Provide bill boards at the site/entrance to notify motorists and general public about the proposed project. Enforce speed limits for construction vehicles especially along the roads leading to the site. Develop a traffic management plan to ensure that the site vehicles do not interfere with the regular traffic along the access roads.

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, 1999, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above-proposed project.

The proponent, Onlyou Investments Limited proposes to develop 3No. blocks with a total of 120No.units. Each block will have ground

floor and 21No. floor levels each comprising of 38No.units three-bedroom, 57No.units four-bedroom, 19No.units five-bedroom, 1No.units four-bedroom penthouse, 3No.units five-bedroom penthouse and 2No.units six-bedroom penthouse. 1st to 19th floor will comprise of (2No.units three-bedroom, 3No.units four-bedroom, and 1No.units five-bedroom in each floor). 20th to 21st floor will have (1No. four-bedroom penthouses, 3No.units five-bedroom penthouses and 2No.units six-bedroom penthouses). Basement, ground floor of podium and first floor of podium comprises of a total of 246No.parking spaces and ground floor will have (swimming pool, playground, management office, gymnasium, green area, restaurant, barbecue and open –garden café)and roof level will have slab roof and water storage tanks. The proposed project will also comprise of elaborate sewer system, boundary wall, four storage rooms, garbage collection units, bicycle parking area, five shops, guard houses, associated amenities and facilities. The proposed project will be located on Plot Nairobi/Block 17/287, located along Elgeyo Marakwet Road, Kilimani Area, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
Disruption of existing natural environment.	<ul style="list-style-type: none"> Development restricted to follow zoning policy/approved density – building line, plot coverage and plot ratio. Careful layout and orientation of buildings to respect wind and sun direction. Adequate provision of green and open space planted with grass, shrub and tree cover. Minimum use of reflective building material and finishes for roof, wall and pavement.
Noise and dust pollution	<ul style="list-style-type: none"> Damping down of site e.g. sprinkling water to dusty areas on construction site. Containment of noisy operation, including locating noise operations away from sensitive neighbors. Construction work limited to day time only and take shortest time possible. Display signs to indicate construction activities. Maintain all equipments. Adhere to provisions of Noise Prevention and Control Rules, 2005, Legal Notice No. 24 regarding noise limits at the workplace as well as NEMA Noise Excessive Vibration Pollution Control Regulations, 2000.
Increased water demand	<ul style="list-style-type: none"> Have paved local access road and walkway system. Encourage rainwater harvesting. Provision of increased water storage capacity. Provide adequate storm water drainage system. Provide mechanisms to supplement NCWSC water supply to the proposed development.
Public health, occupational safety and health	<ul style="list-style-type: none"> Employ skilled and trained workers, provide protective clothing (PPES). Prepare clear work schedule and the organization plan. Have adequate worker insurance cover. Enforce occupational health and safety standards. Design of sewerage system should be as provided in the plans and should be constructed to approved size and design, standard and of approved materials.

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
Increased social conflict	<ul style="list-style-type: none"> • Ensure use of standard construction materials and to the specifications. Avoid undesirable, substandard, hazardous or unauthorized materials during construction and maintenance. • Sensitized staff on social/health issues such as drugs. • Increased housing stock in the area and Nairobi. • Increased economic activities employment generation, income earnings and housing capital stock formation. • Encourage formation of community policing and formation of neighborhood associations.
Generation of solid and liquid waste	<ul style="list-style-type: none"> • During construction phase, designate an area for temporarily holding waste materials. • All wastes should be disposed of in accordance with the Environmental Management and Co-ordination (Waste Management) Regulations, 2006 and other relevant laws. • Segregation of wastes at the source for ease of handling and disposal. • Contract a NEMA licensed waste transporter to transport solid waste from the proposed site during construction and occupation phases.
Road traffic disruption	<ul style="list-style-type: none"> • No overloading of trucks and good driving practices to be practiced. • Suitable junction/access point to be provided. • Use of appropriate and legible signage. • Employment of formal flagmen/ women to ensure the public safety.

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, 1999, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above-proposed project.

The proponent, LAPTRUST proposes to construct 13No. blocks of residential apartments of 15No. floors each (ground, 15No. floors plus a roof floor) comprising a total of 1284 No. units (31No. One bedroom units, 865No. two bedroom units of type A, B, C and D and 388No. three bedroom units), 99No. shops, circulation spaces, parking silos, health centre with wellness and hospitality components, associated facilities and amenities. The proposed project will be located on Plot L.R. No. Kisumu Municipality/Block 9/28 (a portion thereof).

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
Change of land use	<ul style="list-style-type: none"> • Apply for and obtain a change of user from the County Government of Kisumu. • Landscaping of the area post construction.
Overexploitation of raw materials	<ul style="list-style-type: none"> • Adoption of green building technologies. • Conservation of resources; use of renewable resources; rain water harvesting and storage; installation of solar energy systems. • Sourcing materials from environmentally compliant suppliers/sources. • Use of recyclable materials; Installation of water conserving taps and facilities; waste water recycling and reuse. • Ensure electrical equipment, appliances and lights are switched off when not being used. • Design to provide for adequate natural lighting and ventilation.
Increased water demand and effluent generation	<ul style="list-style-type: none"> • Liaise with Kisumu Water Supply and Sanitation Company Limited to ensure reliable supply of water to the development. • Install oil and grease traps in the kitchen sinks. • Installation of water-conserving automatic taps and toilets. • Any water leaks through damaged pipes and faulty taps shall be fixed promptly by a qualified staff. • Comply with the Environmental Management and Co-ordination (Water Quality Regulations), 2006.
Solid waste generation and management	<ul style="list-style-type: none"> • Procure appropriate infrastructure for solid waste management including receptacles with segregation capacity. • Designate of a waste collection area. • Procure the services of a NEMA licensed contractor. • Comply with the Environmental Management and Co-ordination (Sustainable Waste Management Act) 2022.
Public health and occupational safety and health risks	<ul style="list-style-type: none"> • Register the site with Director of Occupational Safety and Health Services (DOSHS) as a workplace. • Ensure workers are allocated duties and responsibilities based on their training and competencies.

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> • Provide first aid kits at the site and train selected employees on first aid administration. • Provide and enforce the use of appropriate Personal Protective Equipment (PPEs). • Erect safety signage and boards at all construction zones. • Ensure moving parts of machines and sharp surfaces are securely protected with guards to avoid unnecessary contacts and injuries. • All accidents should be reported, investigated and corrective action taken to prevent reoccurrence. • Contractor should have appropriate insurance cover as per the Work Injury Benefits Act. • Comply with the Occupational Safety and Health Act, 2007.
Noise pollution	<ul style="list-style-type: none"> • Locate peak noise producing machines away from settlements. • Procure and provide adequate earmuffs. • Use serviceable machinery. • Sensitize truck drivers to avoid unnecessary hooting and running of vehicle engines • Comply with Environmental Management and Co-ordination the (Noise Regulations), 2009
Air pollution	<ul style="list-style-type: none"> • Install appropriate and adequate dust screens around the project site. • Sprinkle water at the excavation areas to suppress fugitive dust. • Cover stockpiles of construction materials. • Procure, provide and enforce the use of dust masks. • Use serviceable machinery/equipment and trucks. • Comply with Environmental Management and Co-ordination (Air Quality Regulations), 2014.
Traffic congestion	<ul style="list-style-type: none"> • Erect signage and warnings along the road to forewarn other road users on the use of the road by HCVs. • Offload construction materials on the site and not on the road reserves to ensure smooth flow of traffic. • Sensitize drivers to observe the designated speed limit along the road. • Comply with the provisions of the Environmental Management and Co-ordination Act (Traffic Act), 2016.
Impacts of climate change	<ul style="list-style-type: none"> • Incorporate climate change proofing in the design of the proposed residential development. • Comply with the Climate Change Act, 2023 and National Climate Change Action Plan 2018-2022.
Fire risks and emergency	<ul style="list-style-type: none"> • Ensure the development with an insurance company to safeguard against loses from fire risks. • Develop, clearly display and implement a fire and emergency response action plan.

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> • Install appropriate firefighting equipment at strategic locations within the development. • Firefighting equipment should be serviced by fire service providers. • Designate a fire assembly point and clearly display emergency exit points at strategic locations within the development. • Size all staircases for emergency escape. • Undertake regular inspection and maintenance of electrical appliances.
Insecurity	<ul style="list-style-type: none"> • Contract a reputable security company to provide adequate guards, radio and alarm back-ups. • Install CCTV cameras at strategic locations within the development. • Control access to the development at all times. • Provide adequate lighting along the sky streets and the fence areas of the development.
Increased energy demand	<ul style="list-style-type: none"> • Sensitize the residents to switch off lights along the stairways and corridors when not in use. • Promote the use of energy saving bulbs in the apartments. • Harness solar energy to power lighting system in areas such walkways and parking areas among others. • Install solar water heating systems.

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, 1999, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above-proposed project.

The proponent, Blissful Residences Investment Limited proposes to construct 4No. blocks of residential apartments of 18No. floors each (ground, 18No. floors plus 3No. basements) comprising a total of 324No. units (144No. One bedroom units, 108No. two bedroom units, 54No. three bedroom units and 18No. four bedroom units), driveway, parking spaces, recreational facilities, associated facilities and amenities. The proposed project will be located on Plot L.R. No. Nairobi/Block 17/392, along Ndemi Road in Kilimani, Dagoretti North Sub-county, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
Soil erosion	<ul style="list-style-type: none"> Control earthworks. Install drainage structures to control flow of storm water. Ensure management of excavation activities.
Loss of vegetation	<ul style="list-style-type: none"> Only area earmarked for development should be cleared. Plant trees, shrubs and flowers on remaining open spaces.
Changes in hydrology/impended drainage/deep excavations	<ul style="list-style-type: none"> Proper Installation of drainage structures. Install cascades to break the impact of water flowing in the drains. Ensure efficiency of drainage structures through proper design and maintenance. Provide gratings to the drainage channels. A geotechnical survey shall be conducted and the recommendations thereof followed. There shall be no blasting during excavation. A methodology for excavation shall be generated as required by National Construction Authority.
Air pollution	<ul style="list-style-type: none"> Stockpiles of earth should be sprayed with water or covered during dry seasons. Provide dust masks for personnel in dusty areas. IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement, etc.:*

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be Clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE HUMAN RESOURCE POLICIES AND PROCEDURES MANUAL FOR THE PUBLIC SERVICE —

Kenya Gazette

A.30 (1) All communication for publication in the *Kenya Gazette* should reach the Government Printer not later than Friday of the week before publication is desired.

(2) A State Department will be required to meet the cost of advertising in the *Kenya Gazette*.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be Clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
