LEGAL NOTICE NO. 113 OF 2021**Public Health (Covid-19) (Risk Determination and Mitigation Measures) (No. 9) Regulations, 2021**

In exercise of the powers conferred on me under sections 16, 17, 18, 38 and 43 of the Public Health Act, 1970¹ and in respect of the disaster-induced state of emergency declared by the Right Honourable the Prime Minister under sections 3 and 15 of the Disaster Management Act, 1997² against COVID-19 pandemic, I,

SEMANO SEKATLE

Minister responsible for health, make the following regulations -

Citation and commencement

1. These regulations may be cited as the Public Health (COVID-19) Risk Determination and Mitigation Measures) (No. 9) Regulations, 2021 and shall come into operation on the date of publication in the Gazette.

Interpretation

2. Unless the context otherwise requires -

“COVID-19” means Corona Virus Disease of 2019, caused by Severe Acute Respiratory Syndrome-Corona Virus 2 (SARS-COV-2);

“essential services” means goods or services as set out in Schedule II;

“face mask” in the case of -

- (a) the general public, means a mask or material which covers the nose and mouth in compliance with WHO hygiene and safety standards for the purposes of preventing and controlling the spread of COVID-19; and
- (b) a health officer or personnel, means a surgical or N95 mask;

“institution” includes a Government department, Government agency, Non-Governmental Organisation working in collaboration with the Government in providing goods and services, and a care facility for vulnerable groups;

“lockdown” means the restriction of movement of persons in accordance with the COVID -19 Risk Determination and Mitigation Measures set out in Schedule I and as may be determined by the Minister and announced by the Prime Minister;

“Minister” means the Minister responsible for health;

“place of residence” includes the dwelling place and surrounding yard;

“polymerase chain reaction (PCR) test” means a technique for rapidly producing many copies of a fragment of DNA or RNA for diagnostic or research purposes, which is conducted in a laboratory setting;

“Risk Determination and Mitigation Framework” means the official document which determines criteria, guidelines and the colour coding system and different stages of infection rate set out in Schedule I; and

“security officer” means an officer of an agency deployed pursuant to regulation 19.

Prevention of introduction and spread of COVID-19

3. (1) There shall be no movement of persons during the period of lockdown from 00:00hrs at night to 04:00hrs in the morning, except –

- (a) for purposes of providing or obtaining essential services under regulation 3(6) and as set out in Schedules I and II;
- (b) where the person is attending to an issue involving a medical emergency or security; or
- (c) any other matter which necessitates the person to travel into Lesotho during the restricted hours of movement and that person shall, when so required to produce a

travel document by a police officer, do so.

(2) No person is permitted to travel to and from Lesotho, except under the following conditions and as set out in Schedule -

- (a) a person who wishes to travel into or outside Lesotho shall -
 - (i) adhere to WHO Health Protocols and Safety Measures provided for in Schedule I;
 - (ii) provide a negative PCR COVID-19 test certificate issued within 72 hours before travelling, upon arrival at the port of entry or departure at the port of exit as set out in paragraph (b);
- (b) a citizen of Lesotho who fails to produce a negative PCR COVID-19 Certificate in accordance with paragraph (a) (ii) upon entering the Country shall be subjected to a rapid antigen testing;
- (c) the negative PCR COVID-19 test certificate referred to under paragraph (a), shall contain the following:
 - (i) names of the traveller corresponding to the names in his passport or any other identity document;
 - (ii) a serial number which is not duplicated;
 - (iii) a clear and visible proof that the certificate is issued within 72 hours;
 - (iv) a date on which the swab was taken and on which the tests results were received and submitted to the traveller; and
 - (v) the name of a testing laboratory approved by the Minister responsible for health; and

- (d) for purposes of subparagraph (iii), if the results of a person who took a rapid antigen tests are negative, but he shows COVID-19 symptoms, the person shall be subjected to -
 - (i) a confirmatory PCR test; and
 - (ii) isolation.

(3) The negative COVID-19 PCR test certificate referred to under sub-regulation (1) shall be valid for a period of 14 days from arrival at the port of entry and may be used for multiple entries during the period of 14 days.

(4) Notwithstanding subregulations (1) and (2), the Minister responsible for home affairs or a person designated by him may, in consultation with the Minister responsible for health -

- (a) in addition to the criteria or guide set out in Schedule, determine a criteria, guide or protocol to restrict movement of international travelers into Lesotho who test COVID -19 negative;
- (b) make further exemption for a special case for a traveller, in addition to those already provided for in these regulations; or
- (c) issue a directive for closure of a port of entry into Lesotho with immediate effect.

(5) For purposes of subregulation (2), all borders of Lesotho, shall be closed except the following designated points of entry -

- (a) Caledonspoort Bridge (Butha-Buthe);
- (b) Maputsoe Bridge;
- (c) Maseru Bridge;
- (d) Qacha's Nek Bridge;

- (e) Vanrooyen's Gate Bridge (Mafeteng);
 - (f) Mosheshoe I International Airport; and
 - (g) Sani Pass.
- (6) A person -
- (a) is prohibited to move beyond his place of residence or workplace, except as set out in these regulations;
 - (b) shall, while in a public place, wear a face mask, except where a security officer requires that he remove the mask for security purposes; and
 - (c) who provides essential services or goods shall be required to produce a permit issued by Commissioner of Police for public officers, private sector staff and general public, which shall be on a Form set out in Schedule III provided by the Commissioner of Police.
- (7) A health worker, security or border agent shall wear a disposable face mask and a deaf person and a person who frequently communicates with the public while providing a service, shall wear a transparent mask or face shield.
- (8) The Government may provide the following categories of people with face masks and where appropriate, the face mask shall be transparent -
- (a) students and learners;
 - (b) vulnerable groups determined as such by the Minister responsible for social development; and
 - (c) inmates.
- (9) A worker, who communicates frequently with the public, including a person with hearing disability, shall wear a transparent face mask and face shield.
- (10) The Minister responsible for health shall ensure that transparent

masks are available in a hospital for use in respect of persons with hearing disability when they seek treatment.

(11) The Minister may, in consultation with the Minister responsible for social development, issue guidelines in respect of persons with disability for purposes of ensuring compliance with health protocols relating to COVID-19.

(12) All businesses and other entities engaged in economic activity shall carry out the economic activity in accordance with Schedule I.

(13) An owner, a manager or person in control of an institution, business, enterprise, facility or entity, where goods are sold or services are supplied, shall -

(a) ensure that the institution, business or enterprise has put in place the following health and safety controls to ensure that customers -

- (i) sanitise;
- (ii) keep a distance of at least one meter from each other; and
- (iii) wears face masks.

(b) ensure that -

- (i) all directions in respect of WHO COVID-19 Health Protocols and Safety Measures and the exposure of persons to COVID-19 are adhered to;
- (ii) where appropriate, an employee wears protective clothing and a surgical, transparent or N95 mask to prevent the spread of COVID-19;
- (iii) where necessary, employees work in shifts to avoid overcrowding and maintain social distancing in accordance with WHO COVID-19 Health Protocols and Safety Measures; or

- (iv) a person who enters the institution, business or enterprise wears a face mask;
- (c) limit the number of people entering the business to prevent the spread of COVID-19;
- (d) where appropriate, avail-

 - (i) COVID-19 related information in accessible format, which may include, but not be limited to, braille and the use of large print option; and
 - (ii) sign language interpreters for supporting a person with a hearing disability during consultation with a doctor, official speech, press conference and TV programme dealing with COVID-19 issues; and

- (e) maintain prices as they were prior to the lockdown.

(14) All gatherings, entertainment, events, parks, recreational facilities and any other social activities shall be conducted in accordance with the terms and conditions set out in the schedules except for a gathering of not more than ten people at or around a bus stop area for purposes of accessing and utilizing public transport services.

(15) A person who is responsible for making arrangements for a COVID-19 funeral, or is an owner of a funeral parlour, shall -

- (a) carry out a risk assessment on the carrying of cords and coffins;
- (b) ensure that a person who carries a coffin at a burial service wears a protective clothing; and
- (c) ensure that the burial service adheres to -
 - (i) guidelines and directives approved and issued by the Minister responsible for local government and chieftainship affairs provided for in Sched-

ule V; and

(iii) these regulations.

(16) All visits by members of the public to -

(a) isolation and quarantine facilities, hospitals and Ministry of Social Development facilities, including child and youth care centers, shelters and treatment facilities,

are suspended for the duration of the lockdown; and

(b) a correctional institution, holding cell and military detention facility, shall, subject to the strict adherence to Schedule I and WHO Health Protocols and Safety Measures,

be controlled and restricted to the nuclear family, health workers, legal counsel and oversight bodies.

(17) Inmates shall, upon admission at a correctional institution, be admitted in a staggered intermittent manner, and an inmate awaiting admission shall be quarantined at a temporary isolation facility for a period of ten days.

(18) An inmate who is awaiting trial shall be -

(a) subjected to a rapid antigen testing at a correctional institute;

(b) quarantined within the correctional institute prior to coming into contact with other inmates;

(c) subjected to a confirmatory PCR test, if the results of the rapid antigen test are negative, but he shows COVID-19 symptoms; and

(d) quarantined at an isolation facility.

(19) Notwithstanding any provision under the immigration laws of Lesotho, a permit issued to a foreign national during the period of lockdown, is

deemed to be extended, if its expiration falls within the period of the lockdown.

(20) No person or owner of an entity or business shall conduct a rapid antigen test, unless he -

- (a) is a qualified health professional;
- (b) has obtained approval from the Minister; and
- (c) conducts the rapid antigen test in accordance with National Reference Laboratory Guidelines issued by the Minister.

Funeral service

4. (1) The maximum limit for physical attendance at a funeral shall be subject to the observance of WHO Health Protocols and Safety Measures and as provided for in Schedule I and -

- (a) a funeral service shall be held in accordance with Schedule I; and
- (b) an area chief, headman or church priest or a family member responsible for organising the funeral shall -
 - (i) ensure that the funeral and burial services adhere to guidelines and directives approved and issued by the Minister responsible for local government and chieftainship provided for in Schedule V; and
 - (ii) be held personally accountable for non-compliance under this subregulation.

(2) Notwithstanding subregulation (1), the maximum number of people permitted to attend a funeral service includes children of all ages and a person hired by the family to assist with arrangement of the funeral service but excludes the burial parlour staff.

- (3) A person who -
- (a) shows symptoms of COVID-19 infection or who tested positive with COVID-19; and
 - (b) is asymptomatic or who has not tested positive for COVID-19 but is in isolation as a contact of a person who has symptoms of COVID-19 or tested positive,

is prohibited from physically attending a funeral service during the period within which he is required to self-isolate.

(4) Notwithstanding subregulation (1)(a), a person, who is leading a funeral service or providing a eulogy may remove the facemask when carrying-out such a service.

Restrictions on transport

5. (1) All public and private transport is permitted to provide services in accordance with Schedule I.

(2) A person in control of a vehicle, including a vehicle which transports children, shall ensure that all measures in respect of WHO COVID-19 Health Protocols and Safety Measures and the limitation of exposure of persons to COVID-19 are adhered to, including wearing a face mask.

(3) The Minister responsible for transport may, after consultation with the Minister responsible for health, foreign affairs, local government, police, trade, justice and correctional services, issue guidelines for the use of public transport for -

- (a) international and domestic travel;
- (b) bus and taxi services;
- (c) private vehicles;
- (d) aerial transport services; and
- (e) railway.

Education

6. (1) Schools shall operate in accordance with Schedule I.

(2) A principal or head of a school in charge of a school shall ensure that the WHO Health Protocols and Safety Measures provided for in these regulations are complied with.

(3) Where a principal or head of a school fails to comply with the provisions of subregulation (2), the school shall remain closed until the Health and Safety Measures are in place.

(4) A school principal or head of a school shall be held personally accountable for non-compliance with the WHO Health Protocols and Safety Measures provided for in Schedule I.

Sports, gyms, fitness centers, parks and recreational facilities

7. (1) Sports, gyms, fitness centers, parks and recreational facilities shall operate in accordance with Schedule I.

(2) An organiser of a sports event shall comply with and ensure that the WHO COVID-19 Protocols and Safety Measures are complied with.

(3) Notwithstanding regulation (1), the training of international sporting events and related travel shall be permitted only with the approval of the Minister responsible for health in consultation with the Minister responsible for sports and shall be carried out in accordance with these regulations and approved guidelines.

Operating hours and mode of operation for gatherings, churches, events, entertainment, entities, enterprises and businesses

8. (1) Operating hours and mode of operation for gatherings, churches, events, entertainment, entities, enterprises and businesses shall be in accordance with Schedule I.

(2) Restaurants, shisanyama and similar entities, enterprises and businesses shall operate in accordance with the Schedule I.

(3) An owner of a hotel, lodge, guest house, self-catering, bed and breakfast, motel and similar entities, businesses and enterprises shall -

(a) keep a proper register of guests for purposes of contact tracing, and the register shall contain the following details of the guest -

(i) full names;

(ii) a copy of an identity document;

(iii) full address and place of residence; and

(vi) contacts; and

(b) when registering a guest who comes from outside Lesotho, request proof that the guest has been cleared of COVID-19.

(4) A manager of a factory shall ensure that -

(a) a minimum distance of one meter is maintained between workers, and that WHO COVID-19 Protocols and Safety Measures are adhered to;

(b) Occupational Health and Safety Guidelines issued by the Minister responsible for labour and applicable health and safety labour laws and social distancing measures set out in the guidelines are adhered to; and

(c) sector specific health protocols are developed and issued by the Minister responsible for the sector in consultation with the Minister responsible for health.

(5) Subject to the stage of lockdown, a night club shall operate in accordance with Schedule I.

(6) A person who utilises, organises, owns or is responsible for a venue where a gathering, church, event, entertainment, or any other social activity is carried out shall -

- (a) screen and maintain a register of attendees upon entry into the venue; and
- (b) ensure that the venue is disinfected before and after the event and in accordance with Schedule IV.

Cleaning and disinfection of public places and places of business

9. (1) For purposes of this section, “public place” means an area which is accessible to members of the public.

(2) The Government shall ensure that public places are cleaned and disinfected based on risk assessment of each workplace in accordance with Schedule IV.

(3) An owner or manager of an entity, enterprise or business shall clean and disinfect his place of business on a daily basis using non-toxic, non-irritant and scientifically proven disinfectants as may be determined by the Minister.

(4) A person referred to in subregulation (3) shall not utilize fumigation, fogging, sanitization tunnels, sanitization booths and high-pressure hose spraying of disinfectants as they are not effective disinfectants.

(5) A head of an institution which provides a religious service shall screen and maintain a register of attendees upon entry into each service and shall ensure that the place where the religious gathering is held is cleaned or disinfected after every service in accordance with Schedule IV.

Sale, distribution or transportation of liquor

10. (1) All premises selling liquor shall operate in accordance with Schedule I.

(2) A person is prohibited from consuming liquor in a public place except as set out in Risk Determination and Mitigation Framework in Schedule I.

(3) A police officer may, without a warrant, seize any liquor sold or purchased in contravention of this regulation, and the seized liquor shall, subject

to changes required in the content, be dealt with in accordance with the provisions of the Liquor Licensing Act, 1998³ as if it were liquor seized in terms of that Act.

Medical screening, testing and PPE

11. (1) A person allowed to enter the country during the period of the lockdown shall be subjected to a screening or testing process at the designated point of entry or any other designated place.

(2) Screening or testing shall be done on people who had travelled to affected countries, contacts of infected people and randomly to the general public.

(3) Any health personnel who is exposed to a confirmed case of COVID-19 shall be subjected to testing and self-isolation.

(4) All persons providing services, obtaining goods or seeking medical attention within Lesotho, may be subjected to screening for COVID-19 by an enforcement officer.

(5) A person who enters the country conveying goods or services shall -

- (a) be subjected to screening;
- (b) wear a protective surgical or N95 mask; and
- (c) adhere to hygiene conditions to prevent the spread of COVID-19.

(6) A producer and supplier of COVID-19 related PPE, shall adhere to standards set and issued by the Minister responsible for health.

(7) A symptom screening shall be conducted at a public office, school or any place which provides goods and services in accordance with these regulations and prescribed guidelines.

(8) A person who owns or is in charge of a testing laboratory shall submit a weekly COVID-19 report on tests and results conducted and obtained

at his laboratory to the National Reference Laboratory in line with the prescribed requirements and if the person fails to comply with this provision, the Minister shall suspend his operating license.

Quarantine and isolation

12. (1) A person who is identified with symptoms of COVID-19 shall be subjected to compulsory self isolation at a place designated as such under subregulation (5).

(2) A person, other than a foreign tourist coming from a high or low risk country with no signs or symptoms of COVID-19, shall -

- (a) be subjected to self-quarantine for a period of 14 days with health personnel monitoring his health status or as otherwise directed by a health personnel; and
- (b) observe quarantine protocols.

(3) A health personnel and a person who is exposed to a confirmed case of a COVID-19 patient shall be subjected to self-quarantine, for a period of 14 days under close monitoring.

(4) For the period of the lockdown, a person refusing to be evacuated from any place subject to quarantine may be removed by an enforcement officer to a temporary shelter, if such action is necessary for the preservation of life;

(5) For the purposes of these Regulations, the Minister shall identify temporary shelters or sites for quarantine and self-isolation that meet the necessary hygienic standards for people who cannot isolate or quarantine in their place of residence.

(6) Notwithstanding subregulations (1), (2) and (3) a person entering Lesotho from a high or low risk country, with or without signs and symptoms of COVID-19, or health personnel who is exposed to a confirmed case of a COVID-19 patient shall be quarantined, isolated and tested, and upon receipt of results, if they test negative, shall be cleared by the Ministry of Health and released from quarantine or isolation without waiting for the lapse of the 14 day quarantine or isolation period.

(7) A person who transports COVID-19 tests or swab specimens, using any means of conveyance including a drone, shall do so in accordance with approved national transportation guidelines to be issued by the Minister in consultation with the Minister responsible for transport.

Travel ban between districts

13. Travel from one district to another is permitted.

Authority to issue directives

14. The Minister may issue directives to address, prevent and combat the spread of COVID-19 in any area of Lesotho, which directives may include—

- (a) recruitment and training of human resources in respect of health;
- (b) deployment of human resources in respect of health services;
- (c) sourcing of human resources from retired health professionals and non-governmental organisations to render services in identified sites;
- (d) the criteria for controlling the entry into and from the country from countries with high COVID-19 infection and transmission rate;
- (e) identification of health equipment, sanitation materials and medical supplies;
- (f) identification of mortuaries that will accommodate all COVID-19 mortal remains; and
- (g) disposal of COVID-19 mortal remains.

Offences and penalties

15. (1) A person who contravenes regulations 3(1), (6), (12), 5(3), 8(1), (3), (4), 9(3) and subregulation (10)(2) commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or imprisonment for a period not exceeding one month or both.

(2) An owner, a manager or person in charge of a business, an institution, enterprise, facility or entity or an organiser of any activity who contravenes regulations 3(13)(e), 5(2), 7, 8 and 9(4) and (5) commits an offence and is liable on conviction to a fine not exceeding 10,000.00 Maloti or imprisonment for a period not exceeding two months or both.

(3) In addition to the penalty set out in subregulation (2), a business or enterprise which contravenes these regulations shall have its license suspended for the period of the lockdown.

(4) A person who fails to confine himself in accordance with regulation 3(1) commits an offence and is liable, on conviction, to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding one month.

(5) An owner, a manager or person in charge of a business who contravenes regulation 10 commits an offence and is liable, on conviction, to a fine not exceeding 20,000.00 Maloti or imprisonment for a period not exceeding two years or both and where the owner, manager or person in charge of a business sells the alcohol outside the normal trading hours shall, in addition to the penalty stipulated, have his operating license suspended for the duration of the lockdown or be revoked by the Minister responsible for tourism.

(6) A person who tests positive but refuses to be quarantined under regulation 11 commits an offence and is liable on conviction to a fine not exceeding 20,000.00 Maloti or compulsory quarantine.

(7) A person who publishes or spreads fake or false information commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding one month or both.

(8) A person who refuses to be screened or tested for COVID-19 commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or imprisonment for a period not exceeding one month, or both.

(9) A person who intentionally and maliciously damages a drone referred to in regulation 12(7), commits an offence and is liable on conviction to a fine not exceeding 20,000.00 Maloti or imprisonment for a period not exceeding two years or both.

(10) A law enforcement officer -

- (a) shall, where a gathering is in contravention of these regulations order a person at the gathering to disperse immediately, and if the person refuses to disperse as ordered by the law enforcement officer, the officer shall take appropriate action which may, subject to the Criminal Procedure and Evidence Act, 1981⁴, include the arrest and detention of any person present at the gathering;
- (b) may, if he suspects that a person is hoarding medical supplies in terms of sub-regulation (12) and he has a search warrant, enter the premises and shall seize the medical supplies or any products or items found on the premises which are suspected to be medical supplies required to combat COVID-19.

(11) A person who facilitates the issuance of or presents at a port of entry, a false negative COVID-19 test certificate, commits fraud and may be detained or arrested, subject to the Criminal Procedure and Evidence Act, 1981.

(12) A person who hoards medical supplies which combat COVID-19 during the period of lockdown commits an offence and is liable on conviction to a fine not exceeding 20,000.00 Maloti or to imprisonment for a period not exceeding two years or to both.

(13) A person who contravenes regulation 3(6) commits an offence and is liable on conviction to a fine not exceeding 50,000.00 maloti or to imprisonment for a period not exceeding three years or to both.

(14) An area chief, a headman, church priest or a family member responsible for organising the funeral who fails to comply with regulation 3(14), (15) and 4(1)(b) commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding six months or to both.

(15) A person who enters or exits or attempts to enter or exit a port of entry at a time or place which is not a designated point of entry under regulation 3(5) commits an offence and shall be dealt with in accordance with the

provisions of the Aliens Control Act, 1966 and may be detained at a temporary detention facility.

(16) A person who aids and abets another person to enter at or exit a border illegally at a time or place which is a designated point of entry or an illegal border crossing, commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding one month or to both.

(17) A person who prevents a customs or immigration officer from discharging his duty and who operates a trading activity within a border control area, except for street vendors and hawkers operating at a designated area of operation, including an uninhabited land along the border, commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding one month or to both.

(18) A parent or guardian is prohibited from sending a learner who shows COVID-19 symptoms to school and if the parent or guardian fails to comply with this provision, he commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding one month or to both.

(19) A person who facilitates, instigates or organises a gathering except for a permitted gathering under regulation 8, fails or refuses to obey an instruction issued by a police in terms of regulation 15(10) commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or to imprisonment for a period not exceeding one month or both.

(20) A person who loiters at or near a border control area commits an offence and is liable on conviction to a fine not exceeding 3,000.00 Maloti or imprisonment for a period not exceeding six months or both.

General penalty

16. A person who contravenes a provision of these Regulations for which no penalty is specifically provided for commits an offence and is liable on conviction to a fine not exceeding 5,000.00 Maloti or imprisonment for a period not exceeding one month or both.

Loss or damage

17. No person is entitled to compensation for any loss or damage arising out of any bona fide action or omission by an enforcement officer under these regulations.

Powers and indemnity

18. These regulations do not limit any powers or indemnities of security services provided for in any law.

Deployment of security agencies

19. The Lesotho Defence Force, Lesotho Mounted Police Service, National Security Services, Lesotho Correctional Services and private security services may be deployed for purposes of enforcing and operationalising these regulations.

Announcement of stages of infection rate of COVID - 19

20. The Prime Minister shall, on the recommendation of the Minister, announce the different applicable colour coding stages of the infection during the lockdown as determined by the situation level stipulated in the Risk and Mitigation Measures set out in Schedule I which shall be complied with.

Repeal

21. The Public Health (COVID-19) (Risk Determination and Mitigation Measures) (No. 8) Regulations, 2021⁶ is repealed.

SCHEDULE II

ESSENTIAL GOODS AND SERVICES

(regulation 2)

1. Health services.
2. Transport services for -
 - (a) transportation of -
 - (i) staff providing essential services;
 - (ii) patients to hospitals;
 - (iii) healthcare providers;
 - (iv) water, food, fuel, basic goods and medical supplies necessary to combat COVID-19 and other medical supplies; or
 - (v) cargo; and
 - (b) breakdown services.
3. A service relating to the generation, supply and distribution of electricity.
4. A service relating to supply and distribution of water.
5. Sewage and sanitary services.
6. A service relating to the production, supply, delivery or distribution of food, in particular, supermarkets and food retail stores, fuel or coal.
7. Fire brigade and ambulance services.
8. Communications and telecommunication including internet.
9. Arms and Organs of State engaged in security services including licences private security services and agencies.
10. Chiefs, only for purposes of providing the registration of births and

deaths services.

11. Border management staff.
12. Social services.
13. Construction works.
14. Banking institutions, insurance companies and money transfer services.
15. Operation of Courts for purpose of enforcing these regulations.
16. National Reforms Authority.
17. Hardware services.
18. Both houses of Parliament.
19. Professional and social services that support the legal and justice system.
20. Any other services declared by the Minister by notice published in a Gazette, to be an essential service for the purposes of these regulations.

The operating hours for providing essential services under items -

- (a) 1 to 13 shall be 24 hours; and
- (b) 14 to 20 shall be normal working hours,

except for those which are permitted to operate beyond the hours provided above, in accordance with these regulations.

SCHEDULE III**(reg 3 (6)(c)(i))****COVID-19 ESSENTIAL SERVICE PERMIT 2021 (FORM CSP/01/2021)
FOR PUBLIC OFFICERS, PRIVATE SECTOR STAFF AND
GENERAL PUBLIC**

Please note that the person to whom the permit is issued must at all times present a form of identification (national ID/Passport) together with this permit. If no identification is presented, the person to whom the permit is issued will have to return to his/her place of residence.

I, Commissioner of Police hereby certify that the person mentioned below is performing essential or permitted services -

DISINFECTION PROTOCOLS

(regs. 7(6) (b) and 8 (2) and (5))

Guidance for Cleaning and disinfection of environmental surfaces in the context of COVID-19 in non-healthcare environments

06 July, 2020

Definitions

Cleaning means physically removing germs, dirt and organic matter from surfaces.

Disinfecting means using chemicals to kill germs on surfaces. It's important to clean before disinfecting because organic matter and dirt can reduce the ability of disinfectants to kill germs.

1. Principles of environmental cleaning and disinfection

Cleaning helps to remove pathogens or significantly reduce their load on contaminated surfaces and is an essential first step in any disinfection process. Cleaning with water, soap (or a neutral detergent) and some form of mechanical action (brushing or scrubbing) removes and reduces dirt, debris and other organic matter such as blood, secretions and excretions, but does not kill microorganisms. Organic matter can impede direct contact of a disinfectant to a surface and inactivate the germicidal properties or mode of action of several disinfectants. In addition to the methodology used, the disinfectant concentration and contact time are also critical for effective surface disinfection.

Therefore, a chemical disinfectant, such as chlorine or alcohol, should be applied after cleaning to kill any remaining microorganisms. A combination of cleaning and disinfection will be most effective in removing the COVID-19 virus. Cleaning reduces the soil load on the surface, allowing the disinfectant to work and kill the COVID-19 virus. Disinfectant may not kill the virus if the surface has not been cleaned with a detergent first.

There is no evidence for equating the risk of fomite transmission of the COVID-

19 virus in the hospital setting to any environment outside of hospitals. However, it is still important to reduce potential for COVID-19 virus contamination in non-healthcare settings, such as in the home, office, schools, gyms or restaurants.

Note -

- **Indoor application of disinfectants to environmental surfaces by spraying or fogging (also known as fumigation or misting) is not recommended for COVID-19.**
- **Spraying or fumigation of outdoor spaces, such as streets or marketplaces, and spraying individuals with disinfectants (such as in a tunnel, cabinet, or chamber) is also not recommended.**

2. Routine cleaning

- Workplaces should clean surfaces at least daily.
- Special attention should be given to frequently touched surfaces (e.g. tabletops, door handles, light switches, desks, toilets, taps, TV remotes, kitchen surfaces and cupboard handles).
- Surfaces should also be disinfected regularly.

Surfaces and fittings should be cleaned more frequently when -

- visibly soiled
- used repeatedly by a number of people (e.g. trolleys, checkouts), and
- after any spillage.

For routine cleaning, disinfectants are usually only necessary if a surface has been contaminated with potentially infectious material. For this reason, when and how often a workplace should undertake disinfection as part of routine cleaning will depend on the likelihood of contaminated material being present at the workplace. For example, in a busy retail environment with many customers and others entering a workplace each day, more frequent disinfection is recommended to prevent the spread of COVID-19. By contrast, for a small work crew operating the same item of plant each day with little interaction with other people, routine disinfection in addition to daily cleaning may not be reasonably practicable.

Procedure

- a. Wear heavy duty gloves when cleaning. Gloves should only be used for cleaning and should not be used for other purposes or shared between workers. These gloves can be cleaned and disinfected as per manufacturer's instructions after each use.
- b. Staff should be trained based on the policies and SOPs of the facility and national guidelines.
- c. Thoroughly clean surfaces using detergent and water. Always clean from the cleanest surfaces to the dirtiest surfaces. This stops the transfer of germs to cleaner surfaces and allows you to physically remove and dispose of the largest possible amount of germs.
- d. Clean the surface first using detergent then apply a disinfectant or use a combined detergent. A disinfectant will not kill germs if the surface has not been cleaned first. Apply disinfectant to surfaces using disposable paper towel or cloth. If non-disposable cloths are used, ensure they are laundered and dried before reusing.
- e. Cleaning should progress from the least soiled (cleanest) to the most soiled (dirtiest) areas, and from the higher to lower levels so that debris may fall on the floor and is cleaned last.
- f. Allow the disinfectant to remain on the surface for the period of time required to kill the virus (contact time) as specified by the manufacturer. If no time is specified, leave for 10 minutes.

3. Cleaning and disinfection when someone at workplace is suspected or confirmed to have COVID-19?

If there has been a person who has been at the workplace and is suspected or confirmed to have COVID-19, all areas suspected to be contaminated, should be thoroughly cleaned and disinfected.

- Close off the affected area before cleaning and disinfection. Open outside doors and windows to increase air circulation (natural ventilation) and then commence cleaning and disinfection.

- Clean and disinfect all areas (for example, offices, bathrooms and common areas) that were used by the suspected or confirmed case of COVID-19.
- Clean hard surfaces by water and detergent, followed by disinfection using chlorine-based products (0.1% concentration). Solutions should be made fresh.
- The disinfectant and its concentration should be carefully selected to avoid damaging surfaces and to avoid or minimize toxic effects for users of public spaces.

Table 1. Calculation of sodium hypochlorite concentrations

[% chlorine in liquid sodium hypochlorite / % chlorine desired] – 1 = Total parts of water for each part sodium hypochlorite.

Ex: [5% in liquid sodium hypochlorite/ 0.5% chlorine desired] -1 = 9 parts of water for each part sodium hypochlorite

There is no need to close down an entire workplace, while cleaning and disinfection takes place, particularly if the person infected, or suspected to be infected, has only visited parts of the workplace. However the cleaning and disinfection must occur before any workers return to affected areas.

Whether there is a need to suspend operations at the workplace, will depend on factors such as the size of the workplace, nature of work, number of people, and suspected areas of contamination in a workplace.

Those cleaning an area of suspected contamination need to be equipped with appropriate Personal protective equipment (PPE). The minimum recommended PPE is rubber gloves, impermeable aprons and closed shoes. Eye protection and medical masks may also be needed to protect against chemicals in use or if there is a risk of splashing.

Wash hands with soap and water for at least 40 to 60 seconds, or where this is not possible, use hand sanitizer with at least 70% alcohol (rub your hands for 20 to 30 seconds) before putting on and after removing PPE.

Cleaning equipment including mop heads and cloths should be laundered using

hot water and completely dried before re-use. Cleaning equipment such as buckets should be emptied and cleaned with a new batch of disinfectant and allowed to dry completely before re-use.

A. Hard surfaces

Disinfectants that are suitable for use on hard surfaces (that is, surfaces where any spilt liquid pools, and does not soak in) include: alcohol in a concentration of at least 70%, chlorine bleach in a concentration of 1000 parts per million, oxygen bleach, or wipes and sprays that contain quaternary ammonium compounds. These chemicals will be labelled as ‘disinfectant’ on the packaging and must be diluted or used following the instructions on the packaging to be effective.

B. Soft or porous surfaces

For soft surfaces such as carpeted floor, rugs, and drapes

- (i) Clean the surface using soap and water or with cleaners appropriate for use on these surfaces.
- (ii) Launder items (if possible) according to the manufacturer’s instructions. Use the warmest appropriate water setting and dry items completely.

OR

- (i) Use a steam cleaner if possible for soft furnishings including car pet and upholstered chairs.
- (ii) Disinfect with household disinfectant/bleach

C. Electronics

- (i) For electronics, such as tablets, touch screens, keyboards, remote controls, etc consider putting a wipeable cover on electronics.
- (ii) Follow manufacturer’s instruction for cleaning and disinfecting.
- (iii) If no guidance, use alcohol-based wipes or sprays containing at

least 70% alcohol (in a wipe and clean the surfaces).

- (iv) Dry surface thoroughly.

4. Donning and Doffing of PPE step-by-step in the context of COVID-19 -

https://www.who.int/csr/resources/publications/ppe_en.pdf?ua=1

4.1 Donning PPE

- Perform hand hygiene: Wash hands thoroughly with soap and water or apply hand sanitizer that contains 70% alcohol if hands are not visibly dirty. However, if hands are visibly dirty, always wash hands with soap and running water.
- Put on gown/ apron
- Wear a mask, make sure it covers the nose, mouth and chin.
- Put on your eye protection if there is a risk of splashing.
- Put on the gloves.

4.2 Doffing PPE

Remove PPE carefully to avoid contamination of the wearer and the surrounding area gloves

- Remove the gloves
- Remove the gown/apron
- Perform hand hygiene: Wash hands thoroughly with soap and water or apply hand sanitizer that contains 70% alcohol if hands are not visibly dirty. However, if hands are visibly dirty, always wash hands with soap and running water.
- Remove eye protection
- Remove the mask
- Perform hand hygiene (as indicated above)

5. Using disinfectants safely

- Follow all manufacturer's instructions and read the label and the Material Safety Data Sheet (MSDS).
- Do not use different types of disinfectants together.
- Store your disinfectants safely and securely, out of direct sunlight and away from heat sources.

- Mix disinfectants in a well-ventilated area. Some concentrated products recommend the use of a local exhaust ventilation system.
- Sodium hypochlorite solution must not be re-used. A new solution must be prepared for every cleaning cycle.
- For spraying or misting products, spray directly into the cleaning cloth to dampen the cloth for use. Take care not to generate a mist.

6. PPE to use when diluting and using disinfectants includes -

- Gloves, elbow-length if available, and
- Eye protection (safety glasses, not prescription glasses).

7. Disposal or cleaning of materials and PPE

- WHO recommends that utility gloves or heavy-duty, reusable plastic aprons are cleaned with soap and water, and then decontaminated with 0.5% sodium hypochlorite solution each time they are used.
- Single-use gloves made of nitrile or latex, apron and gowns should be discarded as infectious waste after each use and not reused.
- Hand hygiene should be performed after PPE is removed.

LEGAL NOTICE NO. 114 OF 2021**Internal Security Curfew Order (No. 3) Notice, 2021**

Pursuant to sections 37A and 37B of the Internal Security (General) Act, 1984¹ and acting in accordance with the directive of The Right Honourable The Prime Minister delivered on the 10th October, 2021 and the Public Health (COVID-19) (Risk Determination and Mitigation Measures) (No. 9) Regulations, 2021², I,

HOLOMO MOLIBELI

Commissioner of Police, being of the opinion that it is necessary in order to prevent danger or harm to public safety and order, make the following curfew order -

1. A curfew is imposed on all persons throughout the Kingdom of Lesotho, except as provided for under the Public Health (COVID-19) (Risk Determination and Mitigation Measures) (No. 9) Regulations, 2021 with effect from the 11th October, 2021 from 00:00hrs in the evening to 04:00hrs in the morning.
2. This order shall remain in force until revoked.
3. The Internal Security Curfew Order Notice, 2021³ is revoked.

DATED: 11TH OCTOBER, 2021

**HOLOMO MOLIBELI
COMMISSIONER OF POLICE**

NOTE

1. Act No. 24 of 1984 as amended by Order No. 14 of 1991
2. L.N. No. 83 of 2021
3. L.N. No. 103 of 2021
