TR 176**Facts**

R is tax resident in UK. It is a UK registered not-for-profit body corporate and is registered as a Scottish Charity. It offers degree programmes.

T Ltd is a company incorporated in Mauritius and is engaged in the provision of educational services. It is registered with the Tertiary Education Commission ("TEC") but not registered with the Mauritius Qualification Authority ("MQA") in Mauritius. R is not registered either with the TEC or the MQA.

R and T Ltd are not related entities. They have entered into an Agreement whereby they will collaborate to provide higher education to students in Mauritius and, in particular, to facilitate learning to enable students to attain degrees which are conferred by R as the sole awarding body. The services provided by R to T Ltd and the corresponding fees under the terms of the Agreement are as follows:

Services by R to T	Corresponding fees
Preparation of teaching material, meetings with associate lecturers from T Ltd, hosting events, visits to Mauritius, approval of events, meetings with regulatory bodies in Mauritius, 2 weekly strategic meetings over Skype and weekly operational meetings over Skype.	Academic start up support fees.
The supply of undergraduate degree course material and services.	A per student per annum charge which will cover services like access to R's student on-line systems, access to library systems, student registration and administration services, graduation and brand.
The provision of an online platform to students for e-learning (module delivery, library access,	A per student per annum charge which will cover services like access to R's student on-

The provision of fly-in-fly-out staff (both teaching and non-teaching staffs), for a period of less than six months, to Mauritius for Academic Delivery and Quality Assurance purposes. The Quality Assurance services will be provided as an integral part of the educational services provided by R to T Ltd.	Academic delivery and quality assurance fees which will be invoiced on a cost plus basis.
Non-teaching staffs will be mainly carrying Quality Assurance activities but there are also staffs involved in skills transference (technical staff for lab setups). There may also be visits relating to the management of the contract.	Academic delivery and quality assurance fees which will be invoiced on a cost plus basis
Online support, some teaching, assessment boards, Quality Assurance oversight and assessment marking will be provided from the UK by R.	Academic delivery and quality assurance fees which will be invoiced on a cost plus basis

R will not receive any allocation of the Mauritius student tuition fees, either directly from students themselves or collected by T Ltd on behalf of R and repatriated to R.

The degree programmes will be delivered by T Ltd with the collaboration of R. The first year of the degree programmes will be delivered solely by R and the second, third and fourth year degree programmes will be provided by both R and T Ltd. However, in the case where T Ltd cannot deliver the correct level and skills of staff during the first year of the degree programme, R will take delivery and charge T Ltd a higher rate for same.

An academic year consists of 3 trimesters. Each trimester lasts an average of 15 weeks. The company estimates that the fly-in-fly-out staff (teaching and non-teaching staff) provided by R will stay in Mauritius for durations not exceeding 2 weeks in each trimester during academic years 2016/2017 and 2017/2018. As regards year 2018/19, the duration will be 2 weeks for the first and third trimester, and 3 weeks for the second trimester. Overall the fly-in-fly-out staff will spend not more than 3 weeks in Mauritius in any trimester.

The degree programmes will be accredited by R. In case T Ltd wishes to collaborate with a Third Party to extend its portfolio of Programmes, it should discuss same and obtain the decision/agreement of R within 30 days prior to engaging with the Third Party.

The delivery model of T Ltd will be a blended service with part of the degree being delivered online to students via e-learning and partly by face-to-face teaching. T Ltd will maintain at its own expenses appropriate offices, teaching facilities, equipment, administration facilities and systems as may be necessary for the effective performance of its duties under the Agreement. With regards to the use of brand, publicity and promotions, R will grant T Ltd the non-exclusive, revocable personal licence for the use of its trademarks. However, written consent should be obtained by T Ltd before using same.

T Ltd will allow R and its authorized representatives, at any reasonable time, to have access to the teaching premises for the purpose of ongoing assurance and confirmation of the academic environment to support the delivery of the Programmes. Delivery of teaching service will be at the premises of T Ltd.

Points at issue

1. Whether R will be subject to income tax in Mauritius?
2. Whether R will be subject to Tax Deduction at Source ("TDS") in Mauritius?
3. Whether payments made to R with relation to the services like access to GCU's student on-line systems, access to library systems, student registration and administration services, graduation and brand will be considered as a royalty payment made by T?
4. Whether employees of R coming to Mauritius for periods not exceeding six months to deliver courses with regards to the degree programmes will be subject to PAYE in Mauritius?
5. Whether R should be VAT registered in Mauritius?

6. Whether reverse charge should be applicable on the services provided by R to T Ltd?

Ruling

On the basis of the facts provided, it is confirmed that:

1. Having regard to the time spent by the fly-in-fly-out staff of R in Mauritius and the absence of a fixed place of business in Mauritius, R will not have a permanent establishment in Mauritius and will not be subject to tax in Mauritius.
2. Since R will not have a permanent establishment in Mauritius, TDS will not be applicable on the payments made by T Ltd to R.
3. Payments made to R with relation to the services like access to R's student on-line systems, access to library systems, student registration and administration services, graduation and brand will not be considered as a royalty payment made by T but will be treated as business profits. Moreover, since R will not have a PE in Mauritius, the payments will not be subject to tax in Mauritius.
4. In the event that the fly-in-fly-out staffs from R are tax resident in UK, they will be exempt from tax in Mauritius in accordance with Article 15(2) of the Double Taxation Avoidance Agreement between UK and Mauritius and will not be subject to PAYE in Mauritius.
5. R will not have any obligation to apply for VAT registration in Mauritius since educational services provided in Mauritius is an exempt supply by virtue of item 16(a) of the First Schedule to the VAT Act.
6. Since educational services is an exempt supply in Mauritius, reverse charge will not apply.

TR 177**Facts**

Mr N, an Irish national and Mr B, a British national, are both currently residing in Zimbabwe. They were the shareholders of various companies involved in financial services (money remittance services) and technology services/ licencing including a company called C Ltd, a private company incorporated in South Africa. N and B each held 25% of the ordinary shares in C Ltd.

During the year 2014, N and B were approached by a private equity group called P who was interested in acquiring a stake in the businesses owned by N and B.

It was agreed between the parties before the acquisition took place that a separate holding company, H Ltd is established in Mauritius to consolidate and own all the financial services and technology subsidiaries that are involved in money remittance services owned by N and B. The parties also reached a consensus that there will be no existing liabilities at the level of H Ltd once consolidation of the subsidiaries is completed.

H Ltd was incorporated in Mauritius by N and B. H Ltd holds a Category 1 Global Business Licence and the shareholders were R Ltd and T Ltd, two companies incorporated in Nevis, each with a 50% ownership in H Ltd.

The ultimate beneficial owners of R Ltd and T Ltd are N and B respectively.

On 22 December 2014, M Ltd, a company holding a Category 1 Global Business Licence and the holding vehicle for P acquired a stake of 35.2 % in H Ltd from R Ltd and T Ltd for a total consideration of USD 14 million.

On 3 February 2015, N and B entered into a sale of shares agreement in terms of which they both sold their 25 % shareholding respectively in C Ltd to H Ltd. Since no payment was effected, the transaction was reflected in the accounts of H Ltd as a loan of ZAR 12,210,000 due to N and B. However, this transaction which took place after 22 December 2014, the date of acquisition of shares in H Ltd by P, was contrary to the consensus reached by all parties that no liabilities should exist at the level of H Ltd.

N and B now wish to cancel the loan between themselves and H Ltd by waiving the outstanding loan to H Ltd.

Points at issue

Whether the waiver of the loan by N and B would constitute taxable income in the hands of H Ltd?

Ruling

On the basis of facts provided, it is confirmed that the waiver of the loan would not constitute taxable income since the loan was taken for acquiring a capital asset in the form of investment in C Ltd.

TR 178**Facts**

Qualifying employees of X Limited, including non-Mauritian citizens who are relocated to Mauritius so that their legal and economic employer is X Ltd, are entitled to join a 'share scheme' operated by K Ltd, the holding company of X Ltd. The share scheme is typically administered outside Mauritius and provides the employees of X Ltd certain a right pertaining to the shares of K Ltd. K Ltd is resident in South Africa and is a public company whose shares are listed in South Africa.

K Ltd operates two schemes, namely the Equity Growth Scheme ("EGS") and the Share Incentive Scheme ("SIS").

The Equity Growth Scheme

Under the the Equity Growth Scheme ("EGS"), the employees receive Participation Rights ("PR"), subject to certain conditions being met. The conditions may include the number of years of employment with any company forming part of the SBGL group.

The PR is converted into shares at the time the employee exercises the rights. The number of shares that he would be entitled to is determined on the basis of a specified methodology/formula which takes into account the market price of the share at the time the PR is awarded and the market price of the share at the time he exercises his rights. At that time the employee may receive no shares at all should the market price at the date of exercise be lower than the market price of the share at the date of the award of the PR.

The employee is entitled to the shares, if any, free of any charge.

At the time the employee exercises his rights he does not receive the shares to which he is entitled but rather the shares are disposed of by the administrators of the Scheme at the market price prevailing at that date.

The employee receives the cash value/the proceeds of the sale of the shares less the brokerage fees he is required to pay under the Scheme.

The Share Incentive Scheme

Under the Share Incentive Scheme ("SIS"), a qualified employee receives an option to purchase shares of K Ltd at an agreed price. An employee is only able to participate in the SIS if he has been employed by X Ltd for at least 5 years. The SIS is made up of 2 alternatives:

a. Purchase alternative

Under the purchase alternative, the employee has the option to purchase a number of shares on a future date at a predetermined price and is under the obligation to acquire the shares at the agreed price on that date. At the exercise date, the employee is required to dispose of the shares.

b. Option alternative

Under the option alternative, a qualified employee has the option to purchase a number of shares on a future date at a predetermined price and can elect whether to acquire the shares on the exercise date. The employee can choose the date on which the shares should be disposed of.

Points at issue

Whether the gains realised on the disposal of the shares, under the Equity Growth Scheme, should be subject to income tax in the hands of the employee?

- (1) Whether, under the Share Incentive Scheme, either under the Purchase alternative or the Option alternative, the acquisition of the shares at a price lower than their market value at the exercise date gives rise to a taxable benefit in the hands of the employee?

Ruling

On the basis of the aforesaid facts, it is confirmed that:

- (1) A benefit arises at the time the employee exercises his rights under the Equity Growth Scheme. The value of the benefit is the proceeds from the sale of the shares less the brokerage fees. The employee is entitled to the „cash“ realised on the disposal of the shares, i.e the proceeds of the sale less brokerage fees, by virtue of his office or employment and hence, the amount received constitutes employment income. Therefore, the employee is liable to income tax thereon in view of the provisions of section 10(1)(a)(i) of the Income Tax Act.

- (2) The excess of the market price of the share over the agreed price, at the time the employee acquires the share under the Share Incentive Scheme, is a benefit in kind to the employee and is taxable under section 10(1)(a)(i) of the Income Tax Act.

TR 179**Facts**

R Ltd is holder of a Category 1 Global Business Licence. It entered into a loan agreement with Bank X (the “Lender”) on 23 November 2015. The Lender is incorporated in China and is a government- owned entity. The Lender is also indirectly a 40% shareholder of R Ltd.

As per the terms of the Loan Agreement, the Lender shall charge R Ltd interest twice a year in accordance with the interest rate.

Point at issue

Whether interest arising in Mauritius and derived by the Lender will be exempt from withholding tax in Mauritius as the Lender is a governmental body.

Ruling

On the basis of facts provided, it is confirmed that interest paid by R Ltd to the Lender is exempt from income tax in Mauritius by virtue of item 4(a) of Sub-Part B of Part II of the Second Schedule to the Income Tax Act. Hence, R Ltd will not be subject to any withholding tax in Mauritius.
