#### REZONING OF THE REMAINDER OF ERF 106, KLEIN WINDHOEK

**Du Toit Town Planning Consultants**, on behalf of the owner of the erf, F A Properties CC (Sole Director Louis Edwin Wessels), in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), intends to apply to the Windhoek City Council and the Urban and Regional Planning Board for:

- **Rezoning of the Remainder of Erf 106, Klein Windhoek from 'residential' with a density of 1 dwelling per 900m<sup>2</sup> to 'special' with primary uses for a dwelling unit, a nursery, and a coffee shop; and**
- **Consent for a 'business building'.**

The Remainder of Erf 106 is located on the corner of Barella and Friederich Giese Streets in Klein Windhoek, along and to the southwest of the Klein Windhoek River. The erf is 3216m<sup>2</sup> in extent and zoned 'residential with a density of 1 dwelling per 900m<sup>2</sup>'.

The owners, Namibia Landscapes Gardeners, has been using the erf as a private nursery to keep the plant stock for their own gardening projects for many years already. The erf has a beautiful, natural character with plenty of large trees. Due to this, it is the intention of the owner to create a park-like atmosphere within the nursery where people can enjoy the natural environment and give their children an opportunity to play in a safe, outside environment. All while enjoying a cup of coffee or a light meal from the coffee-kiosk. The owner also intends to live on the premises.

The erf forms part of the Riverwalk Project which aim to create a socio-economic (recreational and economic) spine from the western extensions of the City, to the Avis Dam in the east and also rehabilitate the Klein Windhoek River by allowing certain socio-economic activities along the river.

Sufficient parking can be provided for on-site as per the City of Windhoek requirements.

#### REZONING OF PORTION 17 OF THE FARM KRUMHUK NO. 30

**Du Toit Town Planning Consultants**, is applying on behalf of the owner of Portion 17 of the Farm Krumhuk, Mr F W J Carstens in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the Windhoek City Council and the Urban and Regional Planning Board for:

- **Rezoning of Portion 17 of Farm Krumhuk No. 30 from ‘Light Industrial’ to ‘Industrial’; and**
- **Consent to use Portion 17 of Farm Krumhuk No. 30, for a noxious trade for recycling/cleaning of oil.**

Portion 17 of Farm Krumhuk No. 30 is located ± 25km south of Windhoek at Aris - in the previous Aris Settlement Area. Since the late 1960's/early 1970's a brickmaking plant operated from Portion 17. The plant used recycled oil generated by the railways and other industries to fire the bricks. The oil was pumped from the Aris railway siding by pipeline under the national road to an 83m<sup>3</sup> burner fuel tank. Remnants of the pipeline and the burner fuel tank is still visible on the Portion. With the drafting of the Aris Town Planning Scheme (before the incorporation into Windhoek Municipal boundaries), the Portion was zoned as ‘light industrial’ despite the activities being more of an industrial and noxious nature. The brickmaking activities continued on a small scale for the past years and since 2013, the property is also let to OilTech Namibia for the recycling, storage and cleaning of oil.

OilTech Namibia has over the past years ensured that they not only comply with the current Namibian legislation and policies but also strived to ensure that the activity has a low impact on the environment. The necessary licenses have been obtained from Ministry of Mines and Energy and the Environmental Clearance Certificate is up to date. Regular monitoring of the air quality is done to ensure the proper working of the closed processing system. The company is on the verge of ISO 9001 and 140001 certification which illustrate their commitment to not only operate an environmentally sound business but also the massive investment over time in technology, infrastructure, human resources and finances.

The current non-compliance with the Windhoek Zoning Scheme is believed to be an oversight at the time of the drafting of the Aris Town Planning Scheme and the purpose of the rezoning application is thus to bring the use in line with the Windhoek Zoning Scheme and allow the current offices to obtain their fitness certificates.

Further take notice that the locality plan of the site lies for inspection on the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and at the offices of Du Toit Town Planning, 4 Dr. Kwame Nkrumah Avenue, Klein Windhoek.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the publication of this notice (**final date for objections is 15 June 2022**).
