OBITUARY

His Excellency the Governor announces with regret the death of the following :—

CLIFFORD LINDO KING, pensioner, late Health Superintendent, Medical Department, at Jos, on the 14th September, 1954.

CHRISTOPHER DE LIVERA, pensioner, late Assistant Engineer, Public Works Department, in England, on the 10th August, 1954.

EDWARD SHOPPARD TREASURE, M.B.E., Assistant Superintendent of Police, Police Department, at Enugu, on the 9th August, 1954.

WILLIAM BABATUNDE WEST, Assistant Chief Clerk, Agricultural Department, in Lagos, on the 14th September, 1954.

Government Notice No. 1661

The following administrative arrangements consequent upon the constitutional changes made by the Nigeria (Constitution) Order in Council, 1954, are notified for public information.

The Northern Region of Nigeria, the Western Region of Nigeria, the Eastern Region of Nigeria, the Southern Cameroons and the Federal Territory of Lagos shall together form the Federation of Nigeria. The style "Government of Nigeria" will no longer be used: There will be substituted the style "Government of the Federation".

The Government of the Federation will be headed by His Excellency the Governor-General and correspondence which has hitherto been addressed to the Private Secretary to His Excellency the Governor, Government House, Lagos, should be addressed to the Private Secretary to His Excellency the Governor-General at the same address. In accordance with usual practice, the wife of the Governor-General will be referred to as "Her Excellency".

The Council of Ministers (which will consist of the Governor-General as President; the Chief Secretary of the Federation, the Attorney-General of the Federation, and the Financial Secretary of the Federation; and ten Ministers appointed from among the Representative Members of the House of Representatives) will continue to be the principal instrument of policy for Nigeria in matters which are the concern of the Government of the Federation. Communications which have hitherto been addressed to the Secretary to the Council of Ministers should continue to be so addressed.

The matters with which the Government of the Federation will be concerned are:—

The implementation of treaties.

The regulation of external trade.

The government of Lagos.

All those matters which are set out in the First Schedule to the Nigeria (Constitution) Order in Council, 1954.

The First Schedule to the Constitution Order in Council is in two parts. In the first are listed those matters which will be the exclusive concern of the Federation; in the second are listed those matters which are the concern also of the Regional Governments. It will probably be necessary to publish later more detailed instructions relating to matters in the second part of the Schedule but, for the present, it will suffice if correspondence which has hitherto been addressed to headquarters organizations of the Government of Nigeria about such matters is addressed to the corresponding organization of the Government of the Federation.

Under the transitional provisions of the Constitution, those persons who are at present Members of the Council of Ministers will continue to be Members until fresh appointments are made after elections to the House of Representatives. For the present, therefore, no changes in Ministerial portfolios are proposed and correspondence which has hitherto been addressed to:—

The Chief Secretary.

The Attorney-General.

The Financial Secretary.

The Permanent Secretary to the Ministry of Commerce and Industries.

The Permanent Secretary to the Ministry of Communications.

The Permanent Secretary to the Ministry of Education.

The Permanent Secretary to the Ministry of Health.

The Permanent Secretary to the Ministry of Labour.

The Permanent Secretary to the Ministry of Land and Natural Resources.

The Permanent Secretary to the Ministry of Mines and Power.

The Permanent Secretary to the Ministry of Public Works.

The Permanent Secretary to the Ministry of Transport.

should continue to be so addressed.

All other correspondence about government business should, after the 1st of October, be addressed to the Region concerned, or to the Southern Cameroons.

The Government of each Region will be headed by His Excellency the Governor of the Region and correspondence which has hitherto been addressed to the Private Secretary to His Honour the Lieutenant-Governor, Government Lodge, Kaduna (or Ibadan, or Enugu), should be addressed to the Private Secretary to His Excellency the Governor, at the same address.

The Governments of each Region will no doubt be publishing in due course the arrangements which they propose for the despatch of public business. In the meantime, it will suffice if correspondence which has hitherto been addressed to the Permanent Secretary to a Regional Ministry continues to be addressed in the same way. The following arrangements resulting from the Constitution are, however, notified for immediate information:

There will continue to be a post of Civil Secretary in the Northern Region; but there will no longer be such posts in either the Western Region or the Eastern Region.

There will be in each Region a post of Attorney-General (although the holders of these posts in the Western and Eastern Regions will not be members of the Executive Council) and correspondence which would formerly have been addressed to the Legal Secretary should, after the 1st of October, be addressed to the Attorney-General of the Region.

There will continue to be a post of Financial and Development Secretary in the Northern Region. In the Western and Eastern Regions, correspondence which would hitherto have been addressed to the Financial Secretary should in future be addressed to the Permanent Secretary to the Ministry of Finance.

There will be in the Western and Eastern Regions (but not in the Northern Region) posts of Deputy Governor. The functions of these officers and the correspondence which should be addressed to them will be notified by the respective Regional Governments in due course.

All those matters which, in a Region will be the concern of the Regional Government will, in the Southern Cameroons, be the concern of the Legislature and Executive of the Southern Cameroons.

The Governor-General of the Federation will be the authority to assent, in Her Majesty's name, to legislation enacted by the Legislature of the Southern Cameroons, but there will be an Executive Council for the Southern Cameroons consisting of the Commissioner of the Cameroons; the Deputy Commissioner of the Cameroons, the Legal Secretary of the Southern Cameroons, and the Financial and Development Secretary of the Southern Cameroons; and four unofficial Members. Detailed instructions will be issued later about the manner in which the official correspondence of the Executive of the Southern Cameroons will be handled but it will suffice for the present if all correspondence which would hitherto have been addressed to the Commissioner of the Cameroons, Buea, continues to be so addressed.

The Government Departments and organizations concerned with all matters other than those for which the Government of the Federation is exclusively responsible will, as from the 1st of October, be divided into five organizations serving respectively the Government of the Federation (in respect of its responsibilities for Lagos and for some matters on the Concurrent List), the three Regions, and the Southern Cameroons. The Head of a Federal Department will not, as heretofore, have any advisory or supervisory function in respect of departmental work in the Regions other than such work as may be done for the Federal Government in the discharge of its specific constitutional responsibilities.

The following brief notes on each of the Departments affected by these changes may later have to be amplified by more detailed information:

Administration.—The office of Administrator of the Colony will cease to exist on the 30th September. The principal administrative officer for Lagos will thereafter be known as "The Chief Administrative Officer, Lagos." Correspondence about Colony matters outside the Township boundary should be addressed to the Resident, Colony Province, Ikeja, or other appropriate officer of the Western Regional Government. Correspondence about matters within the Township which would heretofore have been addressed to the Administrator of the Colony, should be addressed to the Chief Administrative Officer, Lagos, at the same address.

Administrator-General.—When Regional High Courts have been established and have assumed their functions, some of the probate work now done in the office of the Administrator-General will pass to the Registrars of those Courts. In the meantime, the functions of the Administrator-General will remain unchanged.

Agriculture.—As a result of constitutional changes, the post of Inspector-General of Agriculture will be abolished. The research and other responsibilities of the Government of the Federation will be discharged by an organization headed by a Director of Agricultural Research. Until this officer has been appointed, correspondence may continue to be addressed to the office of the Inspector-General and will be re-directed as appropriate.

Each Region will have its own Director of Agriculture. The officer at the head of the Department in the Southern Cameroons will be styled Principal Agricultural Officer.

Audit.—Each Region will in future have its own Director of Audit. The officer in charge of audit work in the Southern Cameroons will be styled

Principal Auditor, Southern Cameroons. The officer responsible for the audit work of the Government of the Federation (and, until the accounts of the Government of Nigeria have been closed, examined and certified, the audit work of the former Government of Nigeria) will be styled Director of Federal Audit. All Nigerian and Regional audit will continue to be supervised by the Director-General of Colonial Audit in London.

Chemistry.—It is intended that each Region should have its own Department headed by a Government Chemist. This intention may shortly be achieved in the Northern Region but the Federal Government Chemist will continue, for the time being, to be responsible for work in the Western and Eastern Regions. After the establishment of Regional Departments, the Federal Government Chemist will be responsible for chemical and analytical services required by the Government of the Federation in Lagos and for all such work required in the Southern Cameroons.

Chief Secretary's Office.—Correspondence on matters for which the Chief Secretary has ministerial responsibility (see Government Notice No. 270 published in the *Nigeria Gazette* No. 8 of 4th February, 1954) should be addressed to the Chief Secretary of the Federation, Chief Secretary's Office, Lagos. The address "Nigerian Secretariat" will no longer be appropriate.

Civil Service Commission.—The organization headed by the Civil Service Commissioner will be discontinued.

All establishment and personnel matters concerning members of the Federal Public Service and of the former Public Service of Nigeria will be the responsibility of a branch of the Chief Secretary's Office and all correspondence on such matters should be addressed to the Chief Secretary of the Federation.

Matters relating to the appointment, promotion, dismissal or disciplinary control of officers in the Federal Public Service will be the concern of the Public Service Commission (which will *not* be part of the Chief Secretary's Office) and correspondence about such matters should be addressed:

The Secretary to the Federal Public Service Commission, Lagos.

Development Secretary.—The post of Development Secretary will be abolished with effect from the 1st of October. Correspondence which would heretofore have been addressed to the Development Secretary should in future be addressed to the Permanent Secretary of the Ministry concerned with the subject of the correspondence.

Coastal Agency.—The work heretofore done by the Passages Officer in the Chief Secretary's Office and the work done in clearing imports and exports of Government cargo (except for the Medical, Posts and Telegraphs and Public Works Departments, which make their own arrangements) will in future be done by a Coastal Agency. This organization will be self-supporting and will raise charges for services rendered. It will be operated by a Management Committee on which all Regions will be represented. For the time being at any rate, the Agency will be concerned only with Lagos and Apapa.

Correspondence about passages of Government officers and their dependents should continue for the time being to be addressed to the Passages Officer, care of Chief Secretary's Office, Lagos, and correspondence about imports and exports which would formerly have been addressed to the Marine Transport Officer, Lagos, should in future be addressed to the Government Coastal Agent, Apapa.

Commerce and Industries.—Considerable changes are contemplated in the responsibilities of this Department, particularly in respect of Industries. Reorganization of the Department is not finally settled and, for the present, correspondence should continue to be addressed as heretofore, subject to any instructions that may be published by Regional Governments about trade and industrial matters which are within Regional competence.

Co-operative Department.—The post of Adviser on Co-operatives has been abolished. By arrangement with the Government of the Western Region, the Registrar of Co-operative Societies of that Government will perform the functions of Registrar in respect of Lagos. Correspondence should be addressed to him at the Co-operative Office, Lagos. A Registrar of Co-operative Societies is also to be appointed for the Southern Cameroons.

Education Department.—The responsibilities of the Federal Government for education matters will be discharged by an organisation headed by the Chief Federal Adviser on Education and correspondence which would formerly have been addressed to the Inspector-General of Education should be sent to the Chief Federal Adviser at Education Department Headquarters, Lagos.

Each Region will have its own Department headed by a Director of Education. The officer at the head of the Department in the Southern Cameroons will be styled Chief Education Officer.

Financial Secretary's Office.—Correspondence on matters for which the Financial Secretary has ministerial responsibility (see Government Notice No. 270 published in the *Nigeria Gazette* No. 8 of 4th February, 1954) should be addressed to the Financial Secretary of the Federation, Financial Secretary's Office, Lagos.

Although it is not intended to maintain the present post of Banking and Exchange Control Officer, correspondence on banking and exchange control matters should continue to be addressed to the Financial Secretary's Office.

Fisheries.—The responsibility of the Government of the Federation for Fisheries matters will be discharged by an organization headed by the Chief Fisheries Officer, Ministry of Land and Natural Resources, Lagos.

Forestry.—The post of Inspector-General of Forests will be abolished. The research and other responsibilities of the Government of the Federation will be discharged by an organization headed by a Director of Forest Research. Until this officer has been appointed, correspondence may continue to be addressed to the office of the Inspector-General and will be re-directed as appropriate.

Each Region will have its own Department headed by a Chief Conservator of Forests. The officer at the head of the Department in the Southern Cameroons will be styled Conservator of Forests.

Information Service.—Each Region will in future have its own Department concerned with Information services and each will have its own Regional

Head. The Federal Department will be known as Federal Information Service, Nigeria. The style of the Head of the Department will be Director, Federal Information Service, Nigeria, and correspondence should be addressed to him at the offices now occupied by the Nigerian Information Service.

Judicial.—Until such time as Regional High Courts and Magistrates' Courts have been established and assumed their functions, correspondence on matters which are the concern of the Judicial Department should be addressed as heretofore.

Labour.—No immediate change is contemplated in the organization of the Labour Department.

Land.—Each Region will have its own Land Department. Correspondence about land matters in Lagos should be addressed to the Federal Land Officer, Land Department, Lagos.

Marketing and Exports.—The Department of Marketing and Exports will be the executive agent of the all-purpose Marketing Boards, to be set up in each Region to replace the present commodity Marketing Boards. There will be an Assistant Director of Marketing and Exports in each Region in immediate charge of the operations of the Department there.

Each Region is to set up its own Produce Inspection Service, independent of the Department of Marketing and Exports. That Department will, however, continue to be responsible for a limited amount of produce inspection, namely, the check-testing of produce at ports.

Medical Department.—The responsibilities of the Government of the Federation for medical and health matters will be discharged by an organization headed by the Chief Medical Adviser to the Federal Government of Nigeria. He will be assisted by a Deputy Medical Adviser and a Principal Medical Officer.

Each Region will have its own Department headed by a Director of Medical Services.

Correspondence about all medical institutions in Lagos which would formerly have been addressed to the Director of Medical Services, Western Region, should now be addressed to the Chief Medical Adviser to the Federal Government of Nigeria.

The officer at the head of the Medical Department in the Southern Cameroons will be styled Principal Medical Officer.

Police.—The Nigeria Police will continue to be a unified Force under a single command. The title of Inspector-General, Nigeria Police, will be unchanged. Correspondence which has hitherto been addressed to the Commissioner of Police of a Region should continue to be so addressed, save that correspondence about Police matters in Lagos which has hitherto been addressed to the Commissioner at Ibadan should now be addressed to the Commissioner, Headquarters, Lagos.

Printing and Stationery.—This Department is to be completely regionalized. Each Region will have its own Government Printer. The officer at the head of the Government Press in Lagos will be styled Federal Government Printer. He will, at least for the time being, be responsible for such printing work as the Southern Cameroons cannot have locally executed.

Public Works Department.—The post of Inspector-General of Public Works will be abolished. The responsibility for all public works in Lagos and for Federal public works elsewhere will be that of a Department headed by a Director of Federal Public Works.

Each Region will have its own Department headed by a Director of Public Works.

The officer directly responsible for public works in Lagos, formerly styled Deputy Director of Public Works (Colony), will be styled Chief Engineer, Lagos, and will maintain his organization at the present address.

The officer in charge of the Department in the Southern Cameroons will be styled Chief Engineer, Southern Cameroons.

Social Welfare.—By arrangement with the Government of the Western Region, the Principal Social Welfare Officer, Ibadan, will serve also as the adviser on and supervisor of social welfare work in Lagos. Correspondence should be addressed to him at the Social Welfare Office, Lagos. (This office will continue to be housed in the building in Broad Street which will also accommodate Federal Medical Headquarters and the Chief Administrative Officer, Lagos.)

Statistics.—No change is contemplated in the organization of the Department of Statistics, save that it is hoped to post a Senior Statistician to each Regional Headquarters.

Survey.—There will be a Federal Department responsible for survey work in Lagos and for certain "national" functions. It will be headed by the Director of Federal Surveys, whose office will continue to be in the building on Racecourse Road now occupied by the Inspector-General of Surveys.

Each Region will have its own Department headed by a Director of Survey. The officer at the head of the Department in the Southern Cameroons will be styled Principal Surveyor.

Treasury.—Each Region will in future have its own Treasury organization headed by an Accountant-General. The officer at the head of the Department in the Southern Cameroons will be styled Chief Accountant. The organization in the Regions and in the Southern Cameroons will continue to receive revenue and make payments on behalf of the Federal Treasury. The officer at the head of the Federal Department will be styled Accountant-General, Federation of Nigeria.

Veterinary Department.—The research and other responsibilities of the Government of the Federation will be discharged by an organization headed by a Director of Veterinary Research. This officer will be stationed at Vom, as the Inspector-General of Animal Health Services has been and correspondence should be addressed to him there. The Veterinary Officer in Lagos will be responsible to the Head of the Federal Department at Vom.

The organization of the Department in the Southern Cameroons has yet to be finally settled and will be the subject of a later notice.
