*Government Notice No. 1932—continued*

REPORT OF THE DIRECTOR OF AUDIT ON THE  
ACCOUNTS OF THE LAGOS EXECUTIVE DEVELOPMENT  
BOARD FOR THE YEARS ENDED THE 31ST MARCH,  
1952 AND THE 31ST MARCH, 1953

## INCOME AND EXPENDITURE ACCOUNT

1. *Unauthorised Expenditure.*—I have not seen the approval of the Board for the following expenditure in excess of the approved Estimates in 1951-52:—

*Pensions and Gratuities*

	£	s	d
Expenditure .. .. .	7,573	4	10
Approved Estimate .. .. .	2,350	0	0
<i>Excess</i> .. .. .	£5,223	4	10

2. *Daily Paid Labour.*—It was observed that daily paid labour in the employ of the Board has from time to time been used for private works on a repayment basis. Records showing the basis of allocation between the various works of the Board and private works have not however been provided, and it is in any case considered undesirable that the Board's labour should be used for such purposes. The question is the subject of correspondence with the Board, and an assurance has been given that this practice has ceased.

3. *Transport Allowances.*—It has been observed that transport allowances payable to officers of the Board are not entirely in accordance with Government General Orders. In order to clarify the position this Department has suggested that the Board should either adopt Government General Orders or, alternatively, that a separate set of instructions should be drawn up and approved by the Board. The question is under correspondence.

## GENERAL LAND ACCOUNT

4. *Purchases.*—The amount of £387-12s-9d charged to the General Land Account in 1951-52 represents compensation paid by the Board for land acquired some years ago. It has been agreed that this is not a correct charge to the General Land Account and it is understood that the matter will be adjusted in the current year's accounts.

5. *Land on Hand.*—Due to various errors in computation, the balance of land on hand at 31st March, 1952, is overstated by £226 and at 31st March, 1953 by a net figure of £137-10s-0d. The necessary adjustment will be made in the current year's accounts.

## APAPA ESTATE DEVELOPMENT ACCOUNT

6. *Proportion of Overhead Expenditure.*—With reference to paragraph 3 of the 1949-50 Report and paragraph 4 of the 1950-51 Report, 20 per cent of the General Overhead Expenditure has again been charged to the Apapa Estate Development Account in 1951-52 and 1952-53. I have not yet seen the Board's approval for apportionment on this basis.

7. *Rents Receivable.*—In calculating Rents Receivable for the years under review, credit has been taken for more than twelve months' rent, the maximum which it is considered can be regarded as the income for any financial year. This has resulted in an over-credit of £21,855-2s-4d in 1951-52 and £13,762-13s-11d in 1952-53. The necessary adjustments will be made in the current year's accounts.

## BALANCE SHEET

8. *Treasury Current Account.*—At the date of this report the balances of the Treasury Current Account at 31st March, 1952 and 31st March, 1953, in the Board's books had not been reconciled with the corresponding balances in the Treasury.

9. *Miscellaneous Deposits.*—The balances of the Control Account in the General Ledger at 31st March, 1952 and 31st March, 1953 have not been reconciled with the sum of the individual balances in the Deposit Ledger. The question is under correspondence and is being investigated by the Board.

10. *Cash at Bank and in Hand.*—This includes an amount of £3,149-4s-4d at 31st March, 1952 and £3,231-9s-9d at 31st March, 1953 on Deposit in the Post Office Savings Bank on account of the Pensions and Gratuity Reserve.

11. *Land at Valuation.*—I have been unable to satisfy myself that the Land leased and on hand at 31st March, 1952 and 31st March, 1953 as shown in the Balance Sheet agrees with the land actually held at that date; nor have I been able to satisfy myself that documents establishing the Board's title to such land are held. The matter is under correspondence.
