27th October, 1954

SIR,

I have the honour to address you on the subject of the administration of the Cameroons under United Kingdom Trusteeship in the light of the recent constitutional changes in Nigeria.

2. You will recall that at the conference on the Nigerian Constitution held in London in 1953 my predecessor arranged special discussions with representatives from both the Northern and Southern Cameroons to ascertain their views regarding the future administration of the Trust Territory. Early in those discussions the representatives of the Southern Cameroons expressed the hope that both parts of the Territory might be administered as one separate Regional unit. When, however, the Northern representative made it clear that the people of the Northern Cameroons wished to continue their association with the Northern Region of Nigeria, the Southern representatives accepted his statement and the majority of them asked that the Southern Cameroons alone should be established as a separate Region. Her Majesty's Government agreed to consider this proposal in the light of the outcome of the general election which was shortly to be held in the Southern Cameroons and also of the Report of the Fiscal Commissioner who was to be appointed in accordance with the recommendations of the conference.

3. These matters were again considered at the resumed conference held in Lagos early this year when further discussions were held with representatives from both parts of the Trust Territory. In the course of these discussions it was established that the Northern Cameroons still adhered to their desire to remain part of the Northern Region, while the Southern Cameroons wished to be part of the proposed Federation of Nigeria though ceasing to be part of the Eastern Region. The detailed proposals then agreed in discussion with the Cameroons representatives and to meet their wishes were put before and endorsed by the resumed conference and are now given effect in the Nigeria (Constitution) Order in Council, 1954, which came into operation on the 1st October.

4. In accordance with the terms of that Order in Council, the Northern part of the Trust Territory remains part of the Northern Region of Nigeria while a separate Government is set up for the Southern part of the Trust Territory with extensive responsibility for the administration of its internal affairs. Specific provision has been made in the Nigeria (Offices of Governor-General and Governors) Order in Council, 1954, for continuing the office of Commissioner of the Cameroons. The Commissioner is directly responsible to the Governor-General of the Federation.

5. Her Majesty's Government retain, of course, their responsibilities to the United Nations under the Trusteeship Agreement for the affairs of both parts of the Trust Territory, and the Constitution Order in Council contains provisions that will enable Her Majesty's Government to ensure the discharge of those responsibilities, for example in sections 64 to 66 of the Order. Moreover the Royal Instructions to the Governor-General of the Federation direct the Governor-General not to assent to any Bill the provisions of which appear to him to be inconsistent with any treaty or other international agreement, including the Trusteeship Agreement, until he has received Her Majesty's Instructions thereon. The Royal Instructions to the Governors of Regions contain a similar direction.

6. At the same time the effect of the Trusteeship Agreement is to require the Trust Territory to be administered as an integral part of Nigeria. It can be seen from what has been said in paragraphs 2 and 3 above that this requirement in no way conflicts with the freely expressed wishes of the peoples of the Cameroons themselves. Provision has therefore also been made to meet this requirement, in accordance with the wishes of the peoples concerned, in a manner designed to promote the development of free political institutions appropriate to the particular circumstances of the territory.

7. Thus, for example, the Southern Cameroons will have its own Legislature with power to legislate on the same list of matters as the Legislature of a Region, and the executive authority of the Southern Cameroons will extend to all matters on which its Legislature has power to legislate. The Southern Cameroons will also elect six members to the Federal House of Representatives, one of whom will be a member of the Federal Council of Ministers. The Northern Cameroons, I understand, will elect four members to the Federal House of Representatives. The Northern House of Chiefs at present contains one Member from the Trust Territory, besides the Lamido of Adamawa whose Emirate lies partly in the Trust Territory and partly outside it. There are three Members from the Trust Territory in the Northern House of Assembly. Under the revised constitution the composition of the Northern House of Chiefs will remain unaltered, in so far as the membership of Chiefs is concerned, but the House of Assembly is to be enlarged, and I understand that when this happens it is contemplated that it will have two representatives from the Dikwa Emirate, in the Trust Territory, and five from Adamawa as a whole. Furthermore, I am informed that a representative of the Northern Cameroons has been appointed to Ministerial office in the Northern Region Executive Council, and that a Consultative Committee is to be set up comprised of Northern Cameroons members of the Northern House of Assembly whose function will be to keep the Government of the Northern Region informed of Northern Cameroons opinion on Regional legislation.

8. Finally, in order that the purposes of the Trusteeship Agreement and of Article 76 of the United Nations Charter may be promoted in both parts of the Trust Territory, the Federal Legislature has powers under section 53 (1) of the Constitution Order to make laws in relation to any Region or the Southern Cameroons for the implementation of treaties or other international agreements, including the Trusteeship Agreement; and it is provided in section 83 that the executive authority of the Federation shall extend to any matter with respect to which the Federal Legislature may legislate. In addition it is my desire that the valuable arrangement should continue whereby the Commissioner of the Cameroons attends meetings of the Trusteeship Council of the United Nations as a Special Representative for both the Northern and Southern parts of the Territory. The Government of the Northern Region will, I am confident, continue to afford all facilities necessary to the Commissioner to enable him to fulfil his responsibilities in this connexion for the Northern Cameroons, so that under your direction the progress of the Trust Territory as a whole may be kept under review.

9. I am sending a copy of this despatch to the Officer Administering the Government of the Northern Region. I have no doubt that you and he will both agree that it would be useful that the arrangements made for the administration of the Cameroons, in accordance with the peoples' wishes and Her Majesty's Government's responsibilities, should be widely known throughout the Trust Territory and indeed throughout the Federation as a whole, and I therefore suggest that this despatch might be published in the Official Gazettes of the Federation, of the Northern Region and of the Southern Cameroons.

I have the honour to be,

Sir,

Your most obedient, humble servant.

ALAN LENNOX BOYD

GOVERNOR-GENERAL

SIR JOHN STUART MACPHERSON, G.C.M.G.

1. *Proportion of Overhead Expenditure.*—With reference to paragraph 6 of my previous report, 20 per cent of the General Overhead Expenditure has again been charged to Apapa Estate Development Account. It is understood that the general question of the apportionment of overhead expenditure between the Apapa Estate Development Account and other Schemes carried out by the Board is to be reviewed.

2. *Rents Receivable.*—Rents Receivable have been calculated on a similar basis to that in 1951-52 and 1952-53. This has resulted in an overcredit of £7,106-6s-2d in the year under review. The necessary adjustments for the three years will be made in the current year's Accounts.

BALANCE SHEET

3. *Land at Valuation.*—With reference to paragraph 11 of my last report, I have been unable to satisfy myself that the land leased and on hand at 31st March, 1954, as shown in the Balance Sheet agrees with the land actually held at that date: nor have I been able to satisfy myself that documents establishing the Board's title to such land are held. The matter is under correspondence.

GENERAL

4. All other outstanding matters have been the subject of comment in the previous report.
