WESTERN REGION MARKETING BOARD

1959 PALM KERNELS MARKETING SCHEME MINIMUM PRODUCER PRICES

It is notified for general information that the Western Region Marketing Board, by virtue of its powers under section 16 (a) of the Western Region Marketing Board Law (No. 10 of 1954), has fixed the prices set out in Column II of the Schedule subjoined as the minimum prices payable for palm kernels during 1959 at gazetted buying stations in the Western Region specified in Column I.

2. The minimum prices are based on the naked ex-scale port of shipment price less the appropriate cost of transport by the approved normal routes.

3. The amount of the middlemen's allowance under the 1959 palm kernels marketing scheme is £1-4s-6d per ton. As in previous years, this allowance has been taken into account in calculating the minimum prices payable for unbagged and ungraded palm kernels at "First Schedule" buying stations. At these stations a sum of £1-4s-6d will be paid for each ton of bagged, graded and sealed palm kernels in addition to the minimum prices payable for unbagged and ungraded palm kernels.

4. **Produce Sales Tax.**—Under the provisions of the Produce Sales Tax Law 1957 (No. 14 of 1957), all sales of palm kernels made in the Western Region to licensed buying agents of the Western Region Marketing Board are subject to Produce Sales Tax at the rate of £1 per ton.

5. For purposes of collection of this tax for which the Marketing Board is accountable to the appropriate regional authority in respect of all sales of palm kernels made to it or to its licensed buying agents in the Region, the arrangements set out in paragraph 6 are prescribed.

6. The prices payable by the licensed buying agents of the Marketing Board for palm kernels in the Western Region will take into account the incidence of produce sales tax and will accordingly be at the rates set out in Column III of the Schedule subjoined (being the minimum buying station prices by the Marketing Board reduced by the amount of the produce sales tax).
