ARC. FOLA ALADE,  
Acting Registrar, ARCON

LIST OF SCHOOLS OF ARCHITECTURE  
RECOGNISED BY THE ARCON

In collaboration with the International Union of Architects and the Commonwealth Association of Architects, the Architects Registration Council of Nigeria hereby announces its recognition of the final degrees or diplomas, awarded (after a minimum of 5 years full-time course) by the following colleges and universities, as academic qualifications acceptable for purposes of registration of architects in the Federation of Nigeria.

This list will be added to from time to time. The mere possession of a degree/diploma from any of the underlisted, does not alone entitle the holder to automatic registration.

4. (i) Candidates will be required to take a written examination the purpose of which is to test their ability to think clearly as well as their knowledge of current affairs. Only candidates who are successful in the written examination will be invited for an interview by the Public Service Commission.

(ii) Notes for the guidance of candidates and instructions as to the date, time and place of attendance at the written examination (to be conducted by the West African Examinations Council) will be issued to all candidates in due course.

(iii) Each candidate will be required to pay a non-refundable fee of ₦5-5s-0d by crossed postal order or money order made payable to the Secretary, Public Service Commission, Ibadan, which should be attached to the completed application form. No responsibility will be accepted for money sent in any other manner than that prescribed herein.

5. *Duties.*—Executive Officers' duties include the treatment of various matters on files by reference to the General Orders, Government Circulars and other Regulations where a significant degree of judgement and initiative are required; investigations requiring the analysis of several factors and the formulation of recommendations, particularly where the matters to be investigated are fairly complex and require a high standard of intelligence and an ability to think clearly and logically; duties involving co-ordination of other functions and requiring co-operation with staff of equal or senior status; supervisory duties requiring planning, co-ordinating and organising abilities and the direction and control of staff; responsibility for cash and stores; the custody of confidential information and the preparation of statistics.

6. *Conditions of service.*—The posts are pensionable and new entrants into the Public Service will be on probation for three years. Other conditions of service will be as prescribed for the time being for officers of equivalent grades in the Public Service of the Western State of Nigeria.

#### 7. *Methods of Application:*

(i) Applications from candidates not in the Government Service should be completed in triplicate on Form WSPSC 1, obtainable from the Secretary to the Federal Public Service Commission or Secretary to any of the State Public Service Commissions in the Federal Republic of Nigeria.

(ii) Applications from candidates in the Government Service should be submitted in letter form through the Head of the Applicant's Department and, in the case of applicants in a Public Service other than that of the Western State of Nigeria, through the Public Service Commission concerned. All applications from serving officers should be accompanied with copies of confidential reports for the last three years. Forwarding Commissions will be expected to send covering

letters containing any special comments that may be of assistance in assessing the candidates' suitability for the post.

8. *Closing date.*—All applications should be submitted to reach the Secretary, Public Service Commission, Western State of Nigeria, Ibadan not later than Friday, 20th October, 1972.

M. S. ADIGUN,  
Secretary,  
Public Service Commission

OF THE UNITED NATIONS

*Post title (Post No., Project).*—TECHNICAL OFFICER  
(WATER UTILIZATION) TF LYB 918.400

*Vacancy announcement.*—No. 846-AGL-110.

*Date issued.*—1st August, 1972.

*Closing date.*—26th September, 1972.

*Duty station.*—Tripoli—Libya.

*Duration.*—Three years.

*Starting date.*—As soon as possible.

*Background.*—To help solve the pressing problem of identifying and planning the sound development of water and soil resources in Libya, the Government has called consultant firms to carry out necessary surveys and prepare development proposals. It now requires assistance from FAO to ensure a proper supervision of the work carried out by these firms and advise the water authority on the development programme to be implemented.

*Duties.*—Within the general terms of reference of the Team, and under the guidance of the Team Leader, the Water Utilization Expert will:

Advise and assist on the water utilization aspects of the resources surveys and related projects which Government is undertaking as set out in detail in the general terms of reference of the Team.

Contribute necessary data to the technical reports which the team will prepare, and also the interim report and the terminal report of the Project.

Prepare specific reports on problems regarding utilization and conservation and the precipitation and the surface and underground water resources

of Libya, both in the immediate and long-term, as requested by the Team Leader to supply the desired information to the General Water Authority.

Train Libyan national staff, and assist in the organization of fellowships.

Lecture at the "periodic courses" which will be given by the Team as part of its in-service programme of training.

Study past and current reports and investigations on water utilization and conservation in Libya, and in the light of experience within the country and elsewhere formulate guidelines which will enable Libya to enhance the value of its precipitation and of its surface and underground water resources through their efficient and harmonious utilization.

Co-operate with the Documentation Centre and the proposed Applied Water Research Centre in the work they may do with regard to the GWA's task of conduction basic and applied research studies at the national level to ensure better utilization of water resources and to explore for new resources of water.

*Qualifications.*—University degree or equivalent.
