REPORT OF THE AUDITORS

As auditors appointed under section 44 (1) of the Central Bank of Nigeria Act (Chapter 30), we have examined the above balance sheet and profit and loss account which are in agreement with the books of account.

In our opinion proper books of account have been kept. We have obtained all the information and explanations which we considered necessary for our audit and, in our opinion, these accounts show a true and fair view of the state of the bank's affairs at 31st December, 1972 and of the profit, ascertained in the manner indicated, for the year ended on that date.

LAGOS, 14th February, 1973.

NOTES ON THE ACCOUNTS

With effect from 1st January, 1973 the Nigerian currency was decimalised and the new units of currency became the naira and kobo (1 Naira = £N0.5 and 100 kobo = 1 Naira). The old notes and coins on issue at 31st December, 1972 will cease to be legal tender after 14th February and 30th September, 1973 respectively. However the Governor of the Bank may as respects currency notes extend the period for another two weeks, unless further extended by the Governor with the approval of the Federal Executive Council.

2. Included in other assets is an amount of £N3,413,598 being claims on the British Government under the terms of the Sterling Guarantee Agreement 1967, in respect of losses arising from the floatation of sterling during 1972. These claims are still under negotiation and may not be fully realised.

3. Assets and liabilities in foreign currencies have been converted at the rates ruling at the balance sheet date.
