 (750) Putzmeister Engineering GmbH
 (731) Max-Eyth-Strasse 10 72631 Aichtal, Germany
 (740) Friedrich Graf von Westphalen & Partner Rechtsanwälte mbB
 Kaiser-Joseph-Straße 284 79098 Freiburg
 (510) (6) Containers, and transportation and packaging articles, made of metal; building and construction
 materials and elements of metal; structures and transportable buildings of metal; storage
 containers, tanks and silos of metal; storage tanks of metal for thick matter and concrete; pipes,
 tubes and hoses, and fittings therefor, including valves, of metal; materials of metal for railway
 tracks; metal framing; metal stairs and ladders; pillars of metal; injection lances of metal; spare
 parts and accessories for all the aforesaid goods as far as included in class 6; injection lances for
 organic and inorganic substances for thermal use., (7) Agricultural, earthmoving, construction, oil
 and gas extraction and mining equipment; pumps [machines]; compressors; robots; transporting
 machines; lifting and hoisting equipment; machines and mechanical apparatus and installations
 consisting thereof as well as their parts for the manufacture, processing, transport and application

of raw materials, building materials, in particular roughcasting machines, continuous mixer, mortar pumps, pumps for concrete, mineworking machines, tunnel construction machines, transport facilities and transporters; mixers and mixing plants, in particular for the construction industry and construction materials industry; handling machines, automatic (manipulators); construction machines; hydraulic transmissions, other than for land vehicles; mechanical, hydraulic and pneumatic system control instruments; mechanical, pneumatic, hydraulic and electric construction equipment (other than hand-operated); stationary and mobile pumps for concrete, mortar and sludge; concrete spraying machines; concrete paving machines; concrete mixers (machines); concrete compressors; concrete spreader appliances; pumps for concrete; fuel dispensing pumps for service stations; transporters; staged and segmented conveyors; belt conveyors; belts for conveyors; archimedean screws; rotating screw conveyors; pneumatic transporters; continuous mixer; machines for backfilling, in particular of shuttering, earth drilling services, piled foundations; cavities in masonries; machines for grouting, in particular of frames and brickwork; injection pumps for cement-bound material; spray paint machines; machine tool holders for spray guns for paint; silo mixing machines; silo mixing pumps; silo conveyor systems; feeders (machines); feeding machines; tubes being fitted parts of machines; feeders [parts of machines]; thick matter pumps; pressure pipes of metal (parts of machines); shredders (machines); processing machines; machines and apparatus for the damping of flow pulsation and/or pressure pulsation in pipelines (machines); mixing plant; mixing machines; mechanic mixing machines; automatic dispensing machines; filtering machines; combined skips and mixers for producing concrete; dedusting systems for mixing plants; sifters as parts for engines for material sorting; sieves [machines or parts of machines]; screening machines; earth moving machines; mineworking machines; mining machines; pipe-jacking machines; scalers (machines); truck mills (for mining purposes); mine borers [machines]; drills for the mining industry; extractors for mines; rock-drilling machines; lifting platforms; mobile platforms [lifting]; tunnelling machines; tunnel boring machines; machines and apparatus for the manufacture of formwork systems, in particular for the moulding and manufacturing of tunnel formwork elements; machines and mechanical apparatus and installations consisting thereof as well as their parts for parting, sorting, conveying, pressing and comminuting of fuel and raw material as well as of waste and garbage; electricity generators, emergency power generators; emergency power generators; electrical generators using solar cells; spare and make-up pieces for all aforementioned goods as far as included in this class; mobile mixing plants and pumping equipment for liquid and semi-solid materials, in particular screed, mortar, coating as well as undercarriages therefor; automatic distribution machines for liquid, concrete or loose building materials., (8) Hand tools and implements (hand operated); hand-operated devices and apparatus for grouting services and drainage services on buildings, hand-operated devices and apparatus for grouting, in particular of frames and brickwork., (9) Scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; electronic control apparatus, units and systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for acquiring, recording, transmission, receiving and reproduction of sound, images or data; communications equipment, data processing equipment, computers; computer software; scales; information technology and audiovisual equipment; recorded content; security, safety, protective and signalling apparatus and equipment; navigation, guidance, positioning, tracking, targeting and mapping equipment; measuring, signaling and checking (supervision) instruments, equipment and devices, electric regulating apparatus; electric and electronic equipment, apparatus and installations composed thereof for telematics, telecommunications and data processing purposes; apparatus, instruments, software and hardware for tracking, monitoring, controlling, remotely controlling and carrying out technical inspections in respect of mechanical engineering and electrical engineering products, structural engineering, civil engineering and mining products, industrial installations, vehicles, equipment and machines; computer programs for the construction industry, for the construction machinery industry, for the mining industry; for the tunnel construction machinery industry; machine-readable data carriers prerecorded with computer programs for the construction industry,

construction machinery industry, mining industry and tunnel construction machinery industry; interface equipment; remote control devices for data processing equipment; apparatus for the transmission of data; electronic data storage devices; electronic devices for malfunction diagnostics as well as electronic data processing apparatus for construction machines, for mineworking machines and for tunnelling machines; testing and quality control devices; calibration testers; inspection machines and testing apparatus for building materials, in particular concrete, mortar, screed and coating; accumulators; chargers for electric batteries; electric apparatus for commutation and regulation apparatus; electric current meters; voltmeters; software for controlling and checking (supervision)., (11) Ventilating fans., (12) Vehicles; land vehicles and conveyances; concrete mixing vehicles; concrete transport vehicle; automatic concrete pumps; vehicles and multipurpose vehicles for construction, mining and tunnelling; vehicles for the transport of apparatus, persons and materials; tankers (automotive vehicles); vehicles for lifting, loading and robbing; vehicles for spraying on materials; vehicles with lifting platforms; driverless cars [autonomous cars]; parts and additional parts for all aforementioned goods as far as included in this class., (17) Flexible tubes (not of metal); goods made of latex (rubber), namely flexible ducting, tubes, pipes and connections; seals, sealants and fillers, insulation and barrier articles and materials and goods made of plastic substances (semi-processed)., (19) Building materials (non-metallic); rigid pipes, not of metal (building); shuttering (non-metallic)., (36) Insurance services; finance services., (37) Construction; repair, namely repair of vehicles of machines and apparatus, in particular pumps, compressors, ventilating fans, robots, transportation devices, roughcasting machines, construction machines, mixers, mixing plants, spray paint machines, mineworking machines, tunnel construction machines, installations relating to the construction industry and construction materials industry, installations relating to mining, installations relating to tunnel construction, construction equipment, current generators, electrical power units, power generators, lighting apparatus; installation services, namely installation of vehicles, machines and apparatus, in particular pumps, compressors, ventilating fans, robots, transportation devices, roughcasting machines, construction machines, mixers, mixing plants, spray paint machines, mineworking machines, tunnel construction machines, installations relating to the construction industry and construction materials industry, installations relating to mining, installations relating to tunnel construction, construction equipment, electrical and generating machinery, power assemblies, electric generators, lighting apparatus; services for the hire of tools, construction machines, apparatus for building construction and demolition services, construction equipment, construction vehicles and construction site vehicles, machines and apparatus, in particular pumps, compressors, ventilating fans, robots, transportation devices, roughcasting machines, construction machines, mixers, mixing plants, spray paint machines, mineworking machines, tunnel construction machines, installations relating to the construction industry and construction materials industry, installations relating to mining, installations relating to tunnel construction, electricity generators, lighting apparatus for construction sites, mining and tunnel construction., (38) Telecommunication services; exchange and transmission of operational data via telecommunications networks., (40) Rental of current generators, rental of electrical power units., (41) Education, training, organizing, arranging and conducting of seminars, congresses, conferences, workshops and electronic desktop publishing (training); publication of texts, as far as included in this class; publication of printed matter, each time as far as included in this class, also in electronic form; providing of training and further training in the form of seminars, conferences and congresses, including via the Internet (e-learning). and (42) Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; industrial research and development; development and maintenance of computer programs for the construction industry, for the construction machinery industry, for the mining industry and for the tunnel construction machinery industry; development of computerised data-logging systems (hardware) for the construction industry, for the construction machinery industry, for the mining industry and for the tunnel construction machinery industry; telemaintenance by means of the computer-aided scanning and configuration of technical installations via telecommunications lines; technical planning and engineering project management services, in

particular in relation to the use of construction machines, apparatus for building construction and demolition services, construction equipment, construction vehicles and construction site vehicles, mineworking machines, tunnel construction machines.

(740) Colette A. Durst Johnson Controls
6600 Congress Avenue Boca Raton FL 33487
(510) (9) Electrical controlling devices; electric control devices for energy management systems and security systems; automation process control systems comprising wireless and wired controllers, controlled devices, and software for appliances, lighting, HVAC, security and other commercial electrical power monitoring and control applications for buildings, facilities and plants; electronic control devices and automation process control systems comprising wireless and wired controllers, controlled devices, and software for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; electronic control devices and automation process control systems comprising wireless and wired controllers,

controlled devices, and software for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; on-site and field computer hardware, software, electronic sensors, monitors, electronic controls, automated process control systems comprised of wireless and wired controllers, controlled devices, and software for individual and integrated on-site and remote monitoring, control, operation, automation and optimization of, and interaction with, building, facility and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; computer hardware, software and automated process control systems comprised of wireless and wired controllers and controlled devices for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data; computer hardware, software and systems comprised of wireless and wired controllers and controlled devices for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data from building, facility and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; computer hardware, software and systems comprised of wireless and wired controllers and controlled devices for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data from building, facility and plant devices, monitors, monitoring systems, sensors, controls, control systems, and apparatus for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; computer hardware and software for wired and wireless networking of building, facility and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, asset management, automation and optimization devices, apparatus and systems; computer software for configuring wide area networks used in energy and security management systems and graphical user interface software; software for use in the creation, configuration, engineering, installation and operation of building, facility, and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; software for recording, tracking, auditing and reporting the performance and compliance of environmental controls systems; application software for enabling the monitoring, control and operation of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical

charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection using a remote computer, smart phone or other mobile device., (37) Installation, maintenance and repair of electrical and electronic controls and control, automation and optimization devices, apparatus and systems comprising wireless and wired controllers and controlled devices for buildings, facilities and plants; installation, maintenance and repair of electrical and electronic controls and control, automation and optimization systems for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems, the foregoing not including installation, maintenance and repair of software; installation, maintenance and repair of electrical and electronic controls and control systems comprising computer hardware for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection., (38) Transmission of data, information and data analytics via electronic communications networks pertaining to the control, automation, optimization and performance of building, facility and plant apparatus and systems, and building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems., (41) Training services in the field of building, facility and plant control, automation and optimization devices, apparatus and systems., (42) Engineering, design and development of building, facility and plant controls, control devices, wireless and wired controllers, and building, facility and plant control, automation and optimization software; technical consultation in the field of design and development of computer hardware, software, and peripherals used for building, facility and plant controls, control devices, apparatus and systems, and building, facility and plant automation and optimization devices, apparatus and systems; computer services, namely, monitoring via electronically gathering, analyzing and formatting data and reporting to others on the performance of building, facility and plant controls, control devices, apparatus and systems, and building, facility and plant, automation and optimization devices, apparatus and systems to ensure proper functioning; providing temporary use of on-line, non-downloadable computer applications and computer software for use in database management and coordinated control of energy management systems and security systems for building, facility, and plant controls, control devices, apparatus and systems, and building, facility and plant automation and optimization devices, apparatus and systems; technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems related to building, facility, and plant controls, control devices, apparatus and systems, and building, facility and plant control, automation and optimization software, devices, apparatus and systems; installation, maintenance and repair of systems comprising computer software for buildings, facilities and plants; installation, maintenance and repair of automation and optimization systems comprising computer software for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; installation, maintenance and repair of control systems comprising computer software for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation,

refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; monitoring building, facility and plant automation and optimization systems to ensure proper functioning. and (45) Monitoring security alarm systems for building, facility and plant automation and optimization systems; monitoring building security alarm systems for facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; monitoring of security alarm systems from building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems.

(510) (9) Electrical controlling devices; electric control devices for energy management systems and security systems; automation process control systems comprising wireless and wired controllers, controlled devices, and software for appliances, lighting, HVAC, security and other commercial electrical power monitoring and control applications for buildings, facilities and plants; electronic control devices and automation process control systems comprising wireless and wired controllers, controlled devices, and software for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; electronic control devices and automation process control systems comprising wireless and wired controllers, controlled devices, and software for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; on-site and field computer hardware, software, electronic sensors, monitors, electronic controls, automated process control systems comprised of wireless and wired controllers, controlled devices, and software for individual and integrated on-site and remote monitoring, control, operation, automation and optimization of, and interaction with, building, facility and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell

electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; computer hardware, software and automated process control systems comprised of wireless and wired controllers and controlled devices for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data; computer hardware, software and systems comprised of wireless and wired controllers and controlled devices for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data from building, facility and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; computer hardware, software and systems comprised of wireless and wired controllers and controlled devices for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data from building, facility and plant devices, monitors, monitoring systems, sensors, controls, control systems, and apparatus for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; computer hardware and software for wired and wireless networking of building, facility and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, asset management, automation and optimization devices, apparatus and systems; computer software for configuring wide area networks used in energy and security management systems and graphical user interface software; software for use in the creation, configuration, engineering, installation and operation of building, facility, and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; software for recording, tracking, auditing and reporting the performance and compliance of environmental controls systems; application software for enabling the monitoring, control and operation of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection using a remote computer, smart phone or other mobile device., (37) Installation, maintenance and repair of electrical and electronic controls and control, automation and optimization devices, apparatus and systems comprising wireless and wired controllers and controlled devices for buildings, facilities and plants; installation, maintenance and repair of electrical and electronic controls and control, automation and optimization systems for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems, the foregoing not including installation, maintenance and repair of software; installation, maintenance and repair of electrical and electronic controls and control systems comprising computer hardware for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation,

refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection., (38) Transmission of data, information and data analytics via electronic communications networks pertaining to the control, automation, optimization and performance of building, facility and plant apparatus and systems, and building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems., (41) Training services in the field of building, facility and plant control, automation and optimization devices, apparatus and systems., (42) Engineering, design and development of building, facility and plant controls, control devices, wireless and wired controllers, and building, facility and plant control, automation and optimization software; technical consultation in the field of design and development of computer hardware, software, and peripherals used for building, facility and plant controls, control devices, apparatus and systems, and building, facility and plant automation and optimization devices, apparatus and systems; computer services, namely, monitoring via electronically gathering, analyzing and formatting data and reporting to others on the performance of building, facility and plant controls, control devices, apparatus and systems, and building, facility and plant, automation and optimization devices, apparatus and systems to ensure proper functioning; providing temporary use of on-line, non-downloadable computer applications and computer software for use in database management and coordinated control of energy management systems and security systems for building, facility, and plant controls, control devices, apparatus and systems, and building, facility and plant automation and optimization devices, apparatus and systems; technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems related to building, facility, and plant controls, control devices, apparatus and systems, and building, facility and plant control, automation and optimization software, devices, apparatus and systems; installation, maintenance and repair of systems comprising computer software for buildings, facilities and plants; installation, maintenance and repair of automation and optimization systems comprising computer software for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; installation, maintenance and repair of control systems comprising computer software for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; monitoring building, facility and plant automation and optimization systems to ensure proper functioning. and (45) Monitoring security alarm systems for building, facility and plant automation and optimization systems; monitoring building security alarm systems for facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; monitoring of security alarm systems from building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems.
