TO THE SHAREHOLDERS OF DEVELOPMENT BANK OF SEYCHELLES Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of Development Bank of Seychelles "the Bank" set out on pages 6 to 43, which comprise the statement of financial position as at 31 December 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and a five-year financial summary.

In our opinion, the accompanying financial statements of the Bank give a true and fair view of the financial position of the Bank as at 31 December 2023 and of its financial performance and its cash flows for the year then ended in accordance with the, financial reporting provisions of International Financial Reporting Standards "IFRS's", Development Bank of Seychelles Decree 1977, Financial Institutions Act 2004, as amended and Regulations and Directives of the Central Bank of Seychelles.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Seychelles. We have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in the audit of our financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Impairment allowance for loans and advances:

Our audit considered impairment allowance for financial assets carried at amortised cost as a key audit matter. The materiality of the reported amounts and impairment allowance thereof, the subjectivity associated with Management's impairment estimation, involvement of complex manual calculations underpinned our basis for considering it as a key audit matter.

Significant estimates and assumptions used by the Management in such calculations are disclosed in Notes

To assess the reasonableness of the impairment allowance, our audit procedures (among others) were designed to obtain sufficient and appropriate audit evidences, included the following:

TO THE SHAREHOLDERS OF DEVELOPMENT BANK OF SEYCHELLES Report on the audit of the financial statements (cont...)

Key audit matters (cont...)

- We evaluated design effectiveness of controls over estimation of impairment of financial assets, which
 included assessing the level of oversight, review and approval of impairment policies by the Board Audit
 Committee and Management.
- We test-checked the underlying calculations and data.
- We assessed the completeness of the underlying information in financial assets used in the impairment calculations by agreeing details to the Bank's source documents and information in the information technology system (IT).
- We assessed Management's key assumptions, such as: definition of default, probability of default ("PD"),
 loss given default, significant increases in credit risk and the staging applied by Management, forward
 looking assumptions and the determination of lifetime PD curves;
- We assessed the adequacy of the related financial statement disclosures as set out in Note 06.

Responsibilities of Management and those charged with governance for the financial statements

The Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, Development Bank of Seychelles Decree 1977, Financial Institutions Act 2004, as amended and Regulations and Directives of the Central Bank of Seychelles, and for such internal control as the management determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intend to liquidate the Bank or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Bank's internal control.

TO THE SHAREHOLDERS OF DEVELOPMENT BANK OF SEYCHELLES Report on the audit of the financial statements (cont...)

Auditor's responsibilities for the audit of the financial statements (cont...)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal regulatory requirements

Financial Institutions Act 2004, as amended and Regulations and Directives of the Central Bank of Seychelles

The Financial Institutions Act 2004, as amended and Regulations and Directives of the Central Bank of Seychelles requires that in carrying out our audit, we consider and report to you the following matters. We confirm that,

- in our opinion, the financial statements have been prepared on a basis consistent with that of the preceding
 year and are complete, fair and properly drawn up and comply with the Financial Institutions Act 2004, as
 amended and Regulations and Directives of the Central Bank of Seychelles.
- the explanations or information called for or given to us by management and employees of the Bank were satisfactory.
- the Bank did not carry out any fiduciary duties during the year under review.
