AFRICAN TRAINING AND RESEARCH CENTRE
IN ADMINISTRATION FOR DEVELOPMENT

(CAFRAD)

October, 1976

JOB DESCRIPTION

Title: Director-General Designate.*Location:* Tangier (Morocco).*Background*

The African Training and Research Centre in Administration for Development (CAFRAD) was founded through out the initiative of the Government of Morocco supported in the General Conference of UNESCO by ten African States covering the major regions of the Continent. Its legal existence rests upon an agreement signed on 13th May 1964, between UNESCO and Morocco. The first meeting of the Governing Board in July 1964 determined CAFRAD's work and objectives and its general organizational framework. In December 1967 a Permanent Multilateral Agreement was signed by eleven Member States.

Legally, the Centre is an "African regional institution" under international law, open to the membership of all African States and located in Tangier, Morocco.

By June 1976 the number of States that had joined CAFRAD totalled thirty: Algeria, Botswana, Burundi, Cameroon, Central African Republic, Chad, Egypt, Gabon, The Gambia, Ghana, Ivory Coast, Kenya, Liberia, Libya, Mauritania, Morocco, Niger, Nigeria, Senegal, Sierra Leone, Somalia, Sudan, Swaziland, Tanzania, Togo, Tunisia, Uganda, Upper Volta, Zaire, Zambia.

In 1971, all the parties concerned have signed the UNDP Project of Assistance to CAFRAD for the first phase and in 1975 for the second phase. The Member States are committed to completely taking over the financial responsibility for the Centre from the UNDP by December 1978, and to this effect have greatly increased their financial contributions from 1975.

Functions of CAFRAD, as defined by the 1967 Agreement, are as follows:

to undertake, promote and co-ordinate comparative studies and research on administrative problems connected with social and economic development in Africa;

to organize scientific meetings, seminars and in-service training courses for high-ranking officials from the public and private sectors in African countries who plays a significant role in development;

to compile, analyse and disseminate documentation on the structure, organization and administrative methods of to act as host and as a scientific liaison body for the particular benefit of institutions and schools of administration, universities and, more generally, any other agencies whose activities come within the scope of the competence of the Centre.

Recent developments and the expressed needs of African Governments require that CAFRAD shall embark on a dynamic programme of providing at Tangier, and throughout Africa, short high-level training and staff development seminars for senior administrators and teachers of development administration, as well as expand its research, consultancy, documentation and publication activities in order to give support to, and supplement the work of, national public administration instructions.

The major objective of CAFRAD is to provide assistance to the African States in solving their practical administrative problems through training, research consultancy and documentation, in accordance with their needs and wishes. CAFRAD has developed, with the advice of African Governments, a programme for 1974-78 which emphasizes the management

aspect of the public sector activity—that is on an inter-disciplinary and innovative approach to the problems of combining resources and technology and action programmes leading to rapid economic and social development. In presenting its programmes CAFRAD co-operates, at the regional sub-regional and national levels, with other interested international organizations and agencies such as the ECA, OAU and the ADB, and particularly with the national training institutions.

Under the CAFRAD Agreement the Governing Board is composed of all Member States; organizations and institutions supporting its work are represented at the meetings of the Governing Board as appropriate.

Responsibilities:

The Director-General will be responsible to the Governing Board for the policies, practices and procedures, the Centre's staff, buildings and equipment, and for their continual development and improvement.

Authority: The Director-General will have authority

- (1) to engage and recommend the engagement of staff, recommend their dismissal, promotion, etc. in accordance with and within the limits set out by the Statutes of CAFRAD
- (2) to authorise expenditure determined by the Governing Board.

Duties: The main duties of the Director-General will be

- (1) to draft the annual work programme of CAFRAD and to present it for approval by the Governing Board, and to ensure that it is carried out effectively;
- (2) to prepare and submit an annual budget for CAFRAD and to ensure that it is adhered to, once approved by the Governing Board;
- (3) to ensure that CAFRAD develops and maintains sound working relationships with the member states, public administration institutions, international organizations, foundations and agencies, with a view to enhancing the growth and reputation of the Centre;
- (4) to visit the countries of the African region in order to promote the work of CAFRAD, and also in order to recruit more member states for the Centre;
- (5) to attend outside business meetings and conferences;
- (6) to keep a regular check on the work performance of the staff of CAFRAD;
- (7) to report regularly the progress of the work programme to the governing board

Qualifications

The job demands intelligent leadership and direction and ability to innovate; it also demands energy, perseverance and patience. The wide variety of contracts and pressures to be handled requires excellent public relations and considerable mental agility. The incumbent must therefore not only have a sound basic education, but also be highly motivated, energetic, able to communicate his ideas well and persuasively, and have good judgment.

CENTRAL STATISTICS OFFICE—MINISTRY OF FINANCE DEVELOPMENT AND ECONOMIC PLANNING
CONSUMER PRICE INDEX FOR MINeworkERS 3RD QUARTER, 1976

The Mineworkers Consumer Price Index has since its inception been based on prices collected in the three major Mining Areas of the country, i.e. Marampa, Yengema and Tongo Field. Starting with the third Quarter 1976, the Mineworkers CPI will no longer reflect price changes in Marampa. This has been made necessary by the temporary closure of the SLDC Mines at Marampa. The present index will therefore not be strictly comparable with the former series.

For the purposes of comparison therefore, the Central Statistics Office gives below the CPI for the Diamond Mining Area only. (i.e. excluding Marampa Mines).

ALL ITEM INDEX

2nd Quarter, 1976=181.7
3rd Quarter, 1976=187.8

The Consumer Price Index for 3rd quarter 1976 for Mineworkers of the Diamond Mining Areas—Yengema and Tongo Field was 187.8 as compared with 181.7 for the 2nd quarter 1976 for the same areas. This shows an increase of 6.1 points or 3.2 per cent over the previous quarter.

The most important increase among the major group items was for Housing which increased by 7.1 per cent over the previous period. The index (1961=100) indicates the average movement of retail prices of selected items known as "market basket." This market basket represents the purchases of the low income African families in the mining areas of Marampa, Yengema and Tongo Field. Separate indices are computed for Marampa and the Diamond Areas (Yengema and Tongo Field combined). These are combined into a single index weighted in proportion to the number of workers employed in each area.

Food and Drinks: The index for this group rose 6.9 points or about 3.0 per cent over the previous period. This increase resulted consequent to the average price increases of onions, rice and cassava. Contrary however, there was a decrease in the average prices of small pepper, tinned tomato puree, pounded groundnut and dried bonga. Foofoo and soft drinks were among few of the items whose prices remained constant.

Housing: This is the only index this quarter that rose considerably. It increased 13.2 points or 7.1 per cent. This was mainly due to appreciable price increases in spoons, kettles (buckets), medium size drinking glasses, firewood and locally made mattresses. Prices of points, chairs, putty and electricity charges remained constant.

Clothing: Contrary to the high increase noticed last quarter, there was a slight increase of 1.6 points or 1.0 per cent due to small average price increases in ladies' and men's plastic sandals and drill materials.

Miscellaneous: This group index rose 4.6 points or 3.1 per cent over the last quarter. This increase resulted consequent to price increases in cough mixture (liquifruta) and transportation charges. Prices of phensic however declined while items like laxative (S'S' Pills) union dues, church dues, school fees etc. remained unchanged.
