(3) A mineral right shall not be capable of being assigned or transferred to a person or to a legal entity to which it could not be validly granted under the provisions of this Act.

Preparation of reports

32. (1) Upon receipt of an application for a mineral right, or for the renewal of a mineral right made in accordance with this Act, the Commissioner shall, as soon as reasonably possible, submit the application together with a written report on it to the Board.

(2) A written report prepared for the purposes of sub-section (1) shall include the text of any minerals agreement that has been negotiated by the Minister that is relevant to the application.

Requirement of additional information

33. (1) An applicant for a mineral right shall furnish such information as the Commissioner may reasonably require for an application to be considered by the Board.

(2) An application made under this Act shall be deemed to be incomplete until such information as is required by the Commissioner under sub-section (1) has been provided in the prescribed form or, in the absence of a prescribed form, in a form determined by the Commissioner by written notice to the applicant.

Priority of applications

34. (1) This section applies where two or more persons not acting together each make -

- (a) an application for the grant of the same category of mineral right over the same area of land, or over overlapping parts of the same area of land; or
- (b) an application for the grant of mineral rights conferring exclusive rights to carry out prospecting or mining operations over the same area of land, or over overlapping parts of the same area of land.

(2) The Commissioner shall assign priority to the application first received and registered with the Commissioner.

Treatment of pending applications

35. The Board shall extend the term of a mineral right that would otherwise expire through the efflux of time, where -

- (a) the mineral right is a prospecting licence and its holder is awaiting a decision on an application made in accordance with this Act for -
 - (i) the renewal of the licence; or,
 - (ii) a retention licence or a mining licence that applies to the whole, or a part, of the prospecting area;
- (b) the mineral right is a retention licence and its holder is awaiting a decision on an application made in accordance with this Act for -
 - (i) the renewal of the licence; or,
 - (ii) a mining licence that applies to the whole, or a part of the retention area;
- (c) the mineral right is a mining licence or a mining permit and its holder is awaiting a decision on an application for renewal made in accordance with this Act; or

- (d) an extension of the term of a mineral right in accordance with this section shall cease immediately if an application for any of the mineral rights specified in this section is refused.

Large-scale operation

Categories of mineral rights relating to large-scale operations

36. The types of mineral rights that may be granted in respect of large-scale operations are -

- (a) a reconnaissance licence;
- (b) a prospecting licence;
- (c) a mining licence; and
- (d) a retention licence.

RECONNAISSANCE LICENCES

Application for Reconnaissance Licence

37. (1) An application for a reconnaissance licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(2) An application for a reconnaissance licence made under sub-section (1) shall be accompanied by -

- (a) a proposed programme of reconnaissance operations
- (b) a Project Brief in the prescribed form;
- (c) a statement of the financial and technical resources available to the applicant to carry out the proposed reconnaissance operations under the licence and to comply with conditions of the licence;
- (d) a statement that specifies the proposal of the applicant with respect to employment and training of citizens of Swaziland;
- (e) a statement that specifies the proposal of the applicant with respect to the procurement of local goods and services; and
- (f) any other information that the Board may reasonably require for the consideration of the application.

Term of reconnaissance licence

38. A reconnaissance licence may be granted for a term not exceeding one year, which shall be specified in the licence and may be renewed.

Rights conferred by reconnaissance licence

39. (1) The holder of a reconnaissance licence shall enjoy non-exclusive rights to undertake reconnaissance operations in the reconnaissance area in accordance with the terms and conditions of the licence and the provisions of this Act.

(2) In the exercise of the rights granted under sub-section (1), the holder of a reconnaissance licence may, subject to this Act and the terms and conditions contained in the licence -

- (a) demarcate areas that fall within the licence area; and,
- (b) erect camps or temporary buildings, including installations in any waters that form part of the area covered by the licence.

(3) A person appointed by the holder of a reconnaissance licence to act as agent of the holder may exercise the rights of the holder of the licence specified in this section, subject to any limitations on the powers of the agent contained in the instrument of appointment.

Obligations under reconnaissance licence

40. The holder of a reconnaissance licence shall -

- (a) carry on the reconnaissance operations in accordance with the terms and conditions of the licence;
- (b) submit to the Commissioner quarterly, or at such other intervals as the commissioner may determine, geological and financial reports and such other information relating to reconnaissance operations as may be prescribed;
- (c) report any mineral discovery or discoveries to the Commissioner in writing;
- (d) notify the Commissioner in writing of the discovery of any mineral deposit of potential commercial value;
- (e) notify the Commissioner in writing of any archaeological discovery;
- (f) remove on or before the end of the term of the licence, any camps or temporary buildings or installations that the holder erected to carry out reconnaissance operations; and
- (g) any other information that the Commissioner may reasonably require for the consideration of the application by the t Board.

Record-keeping and reporting

41. (1) The holder of a reconnaissance licence shall keep at the registered address complete and accurate records of reconnaissance operations relating to the licence in the manner prescribed.

(2) The records to be kept by the holder of a reconnaissance licence for the purposes of sub-section (1) shall include -

- (a) details of all minerals discovered;
- (b) results of geo-chemical or geo-physical analysis obtained and compiled by the holder;
- (c) results of studies, surveys, tests and other work undertaken in the area or areas of land covered by the retention licence including any interpretation and assessment of those tests and surveys;

- (d) financial statements and such other books of account as the Commissioner may require; and,
- (e) such other reports and information as may be prescribed or, where no such requirements are prescribed, as determined by the Commissioner.

(3) The licence holder shall submit the records referred to in this section to the Commissioner at such intervals and in such form as may be prescribed, or where no such form is prescribed, as determined by the Commissioner.

Minerals obtained during reconnaissance operations

42. Minerals acquired in the course of undertaking reconnaissance operations vests in the *iNgwenyama* in trust for the Swazi Nation and, with the exception of such quantity as may be prescribed for sampling, assaying, analysis or other similar examination, shall not be disposed of by the holder of the reconnaissance licence without the consent of the Board.

Renewal of reconnaissance licence

43. (1) The holder of a reconnaissance licence may apply for a renewal of a licence.

(2) The holder of a licence shall lodge an application form the renewal of a licence at least three months prior to the expiry of the licence.

(3) An application for the renewal of a reconnaissance licence under sub-section (1) shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(4) An applicant for a renewal of a reconnaissance licence shall provide such information as the Board may determine to enable the application to be considered.

(5) An application for the renewal of a reconnaissance licence shall not be taken to have been validly made unless and until the requirements of this section have been complied with.

Term of renewal

44. (1) The term of renewal of a reconnaissance licence shall not exceed twelve months and shall be specified in the licence.

(2) A reconnaissance licence shall not be renewed more than twice.

PROSPECTING LICENCES

Term of prospecting licence

45. The term of a prospecting licence shall not exceed one year and shall be subject to a renewal.

Application for Prospecting Licence

46. (1) An application for a prospecting licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(2) An application for a prospecting licence made under sub-section (1) shall be accompanied by -

- (a) a proposed programme of prospecting operations;
- (b) a Project Brief in the prescribed form;
- (c) a statement of the financial and technical resources available to the applicant to carry out the proposed prospecting operations under the licence and to comply with conditions of the licence;
- (d) a statement that specifies the proposals of the applicant with respect to employment and training of citizens of Swaziland;
- (e) a statement that specifies the proposals of the applicant with respect to the procurement of local goods and services; and
- (f) any other information that the Board may reasonably require for the consideration of the application by the Board.

Rights conferred by prospecting licence

47. (1) The holder a prospecting licence shall enjoy exclusive rights to carry out prospecting operations in the prospecting area covered by the licence in accordance with the terms and conditions of the licence and the provisions of this Act.

(2) In the exercise of the rights provided under sub-section (1), the holder of a prospecting licence may, subject to this Act and the conditions contained in the licence -

- (a) demarcate areas that fall within the prospecting area; and
- (b) erect camps or temporary buildings, including installations in any waters that form part of the prospecting area.

(3) A person appointed by the holder of a prospecting licence to act as agent of the holder may exercise the rights of the holder of the licence specified in this section, subject to any limitations on the powers of the agent contained in the instrument of appointment.

Obligations under prospecting licence

48. The holder of a prospecting licence shall -

- (a) commence prospecting operations within three months of the date of the grant of the prospecting licence or such other period as may be agreed with the Board in writing;
- (b) undertake prospecting operations in accordance with a programme of prospecting operations approved by the Commissioner;
- (c) ensure that the amounts specified in the prospecting licence are expended in the course of undertaking prospecting operations;
- (d) notify the Commissioner of the discovery of any mineral deposit of potential commercial value;
- (e) comply with the conditions contained in any applicable Environmental Compliance Certificate;

- (f) comply with the terms and conditions of the licence and any applicable minerals agreement;
- (g) notify the Commissioner of any archaeological discovery; and,
- (h) repair or make good any damage caused to the surface of the land to the satisfaction of the Commissioner.

Record-keeping and reporting

49. (1) The holder of prospecting licence shall keep at the registered address, complete and accurate records of prospecting operations relating to the licence.

(2) The records that shall be maintained by the holder for the purposes of sub-section (1) shall include details of -

- (a) cores and samples obtained in the exercise of rights conferred under the prospecting licence;
- (b) the minerals discovered;
- (c) the results of geochemical or geophysical analysis obtained and compiled by the holder;
- (d) financial statements and such other books of account as the Commissioner may require; and
- (e) such other reports and information as may be prescribed or otherwise determined by the Commissioner.

Amendment of programme of prospecting operations

50. The holder of a prospecting licence may seek amendments to the approved programme of prospecting operations by application in the prescribed form to the Board.

Renewal of prospecting licence

51. (1) The holder of a prospecting licence may apply for a renewal of a licence.

(2) The holder of a licence shall lodge the application for the renewal of a licence at least three months prior to the expiry of the licence.

(3) An application for the renewal of a prospecting licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(4) An application made in accordance with sub-section (2) shall be accompanied by -

- (a) a statement of the term for which renewal is sought;
- (b) a report on the progress of prospecting operations up until that date;
- (c) a revised Project Brief in the prescribed form;
- (d) a statement of costs so far incurred in the course of undertaking prospecting operations;

- (e) a statement of the financial and technical resources available to the applicant to carry out the proposed prospecting operations during the renewal period and to comply with conditions of the licence;
- (f) particulars of the programme of prospecting operations that the applicant proposes to carry out during the renewal period; and
- (g) a plan identifying the area of land in respect of which renewal of the licence is sought.

(5) An applicant for the renewal of a prospecting licence shall provide such further information as the Board may reasonably require for the application to be considered.

(6) An application for renewal of a prospecting licence shall not be regarded as having been validly made unless and until all of the requirements identified in this section have been complied with.

Term of Renewal

52. (1) The term of renewal of a prospecting licence shall not exceed two years and shall be specified in the licence.

- (2) A prospecting licence may not be renewed more than twice.

Relinquishment

53. (1) Unless the Board agrees that a smaller area may be relinquished, the size of the prospecting area specified in a licence shall be reduced upon renewal by -

- (a) fifty percent (50%) of the prospecting area upon first renewal; and
- (b) twenty-five percent (25%) of the remaining prospecting area upon the second renewal, and any area of land that is covered by a retention licence or a mining licence shall be omitted from the prospecting area upon renewal of the licence.

(2) The holder of a prospecting licence shall designate the area or areas to be relinquished in the application for renewal made under sub-section (1).

(3) If the applicant for a renewal of a prospecting licence fails to designate the area or areas to be relinquished, the Board shall determine the area or areas to be relinquished, having regard to the recommendations made by the Commissioner.

(4) The Board may on the recommendation of the Commissioner, in considering an application for the renewal of a prospecting licence, waive the requirement to relinquish part of the area specified in the licence.

(5) Compensation shall not be payable under this Act in respect of the relinquishment of an area or areas of land that is required in accordance with this section.

MINING LICENCES

Application for mining licence

54. (1) An application for a mining licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(2) An application made in accordance with sub-section (1) shall be accompanied by the following -

- (a) a proposed programme of mining operations, that shall outline mine forecasts and operation plans including the options for minerals beneficiation;
- (b) a Project Brief in the prescribed form;
- (c) a statement regarding the mineral deposits in the area of land over which the licence is sought that includes details of all known minerals as well as possible mineral resources;
- (d) a statement of the financial and technical resources available to the applicant to carry out the proposed mining operations and to comply with conditions of the licence and the requirements of this Act;
- (e) a statement that specifies the proposal of the applicant with respect to employment and training of citizens of Swaziland;
- (f) a statement that specifies the proposal of the applicant with respect to community development; and,
- (g) a statement that specifies the proposal of the applicant with respect to the procurement of local goods and services.

Restrictions in respect of mining licence

55. The Board shall not recommend the grant or grant a mining licence in respect of land that is the subject of a subsisting prospecting licence, a retention licence, or a mining licence unless -

- (a) the applicant is the holder of that licence; or,
- (b) the applicant is applying for a licence to work a mine dump in or on the areas or areas covered by an existing mineral right but not to undertake any other mining operation on the land.

Consideration of applications

56. (1) The Board shall not recommend the grant of a mining licence unless it is satisfied that -

- (a) the area of land over which the mining licence is sought is reasonable having regard to the proposed programme of mining operations of the applicant;
- (b) the applicant has adequate financial resources, technical competence and mining industry experience to carry on the proposed programme of mining operations;
- (c) the applicant has submitted a project brief in the prescribed form;
- (d) the proposal of the applicant with respect to the procurement of local goods and services are acceptable;
- (e) the proposal of the applicant with respect to community development are acceptable;

- (f) the proposal of the applicant with respect to employment and training of citizens of Swaziland are acceptable; and
- (g) any other information that the Commissioner may reasonably require for the consideration of the application by the Board.

(2) The Board shall not recommend the granting of a mining licence that may confer a right to work a mine dump on land that is the subject of another mineral right unless -

- (a) the holder of that other mineral right has been given a reasonable opportunity to comment on the application; and,
 - (b) the Board has satisfied itself that the holder of the other mineral right would not be substantially disadvantaged if the mining licence were to be granted.
- (3) Where sub-section (2) applies, the Board may -
- (a) impose special conditions in a mining licence to work a mine dump; and
 - (b) amend the existing mineral right to impose new terms and conditions, for the purpose of ensuring that the operations permitted under the mineral rights concerned can proceed with the minimal disturbance to the operations of the other.

Treatment of application by holder of prospecting licence

57. Where an applicant otherwise fulfils the requirements for the granting of a mining licence specified in this Act, the Board shall recommend the grant a mining licence to an applicant who -

- (a) is the holder of a prospecting licence or a retention licence; and,
- (b) has given notice to the Commissioner of the discovery of minerals in or on land that is the subject of the prospecting licence, or in respect of minerals to which the prospecting licence relates.

Notices of refusal of grant of mining licence

58. (1) An applicant for the grant of a mining licence shall not be refused on the ground that the applicant has failed to fulfil a requirement of this Act for the grant of the licence, unless -

- (a) the Commissioner has given notice to the applicant of the intention of the Board to refuse to grant the licence, specifying the grounds for refusal and, specifying a period within which the applicant may make an appropriate proposal to correct or remedy the ground for the intended refusal, and
- (b) the applicant has not, within the period specified in the notice made a proposal to the satisfaction of the Board.

(2) Where the ground or grounds for the intended refusal is incapable of being remedied, the applicant may, instead of making an appropriate proposal within the specified period, show cause, to the satisfaction of the Commissioner, why the application should not be refused.

Notice to applicants

59. The Commissioner shall, within sixty days of the receipt of an application for a mining licence, and thereafter at thirty-day intervals, notify the applicant of the measures being taken

regarding consideration of the application.

Form of mining licence

60. A mining licence issued under this Act shall be in the prescribed form and shall include –

- (a) the minerals deposits in respect of which the licence is granted;
- (b) a plan of the mining area;
- (c) the conditions to be complied with by the holder of the licence;
- (d) the programme of mining operations approved by the Board;
- (e) the plan approved by the Board in respect of the procurement of local goods and services;
- (f) the plan approved by the Board in respect of proposals for community development; and,
- (g) the plan approved by the Board in respect of the employment and training of citizens of Swaziland.

Term of mining licence

61. The term of a mining licence shall not exceed twenty five years or the forecasted life of the mine, whichever is the shorter, and shall be subject to a renewal and specified in the licence.

Rights conferred by mining licence

62. (1) The holder of a mining licence shall enjoy the exclusive right to mine the minerals specified in the licence in accordance with the terms and conditions of the licence.

(2) Notwithstanding sub-section (1) –

- (a) the enjoyment of the exclusive rights specified in sub-section (1) may be made subject to the rights to be exercised by the holder of another mining licence or a mining permit concerning the reworking of a mine dump on land specified in a mining licence; and
- (b) the holder of a mining licence may be granted the right to work a mine dump that is on land specified in another mineral right.

(3) Subject to the conditions of the licence and the terms of any relevant mining agreement, the holder of a mining licence may, in order to exercise the right mentioned in sub-section (1) -

- (a) enter the area of land specified in the licence and take all reasonable measures on or under the surface of the area to undertake the mining operations permitted by the licence;
- (b) erect equipment, plant and buildings to mine, transport, dress or treat the minerals recovered in the course of those operations;

(c) dispose of any mineral recovered subject to the payment of the required fees and royalties; and

(d) stack or dump any mine waste or tailings in the manner specified in the licence.

(4) The holder of a mining licence may appoint a person who may act as an agent of the holder and thereby undertake the operations specified in this section.

Obligations under mining licence

63. The holder of a mining licence shall -

(a) conduct mining operations in accordance with standards of good mining practice and in compliance with the programme of mining operations approved by the Commissioner;

(b) demarcate and keep demarcated the mining area in the prescribed manner;

(c) comply with the terms and conditions specified in the licence;

(d) comply with the terms and conditions contained in any applicable Environmental Compliance Certificate;

(e) notify the Commissioner of the discovery of any mineral deposit of potential commercial value; and,

(f) notify the Commissioner of any archaeological discovery.

Record-keeping and reporting

64. (1) The holder of a mining licence shall keep full and accurate records of mining operations relating to the licence in the manner prescribed.

(2) The records to be kept by the holder of a mining licence for the purposes of sub-section (1) shall include -

(a) details of all minerals discovered;

(b) results of geo-chemical or geo-physical analysis obtained and compiled by the holder;

(c) results of studies, surveys, tests and other work undertaken in the area or areas of land covered by the mining licence including any interpretation and assessment of those tests and surveys;

(d) copies of all maps, geological reports, sample analyses, aerial photographs, cores, logs and tests and other data obtained and compiled by the holder; and

(3) The licence holder shall submit the records referred to in this section to the Commissioner at such intervals and in such form as may be prescribed, or where no such form is prescribed, as determined by the Commissioner.

(4) The holder of a mining licence shall also provide to the Commissioner, a copy of an audited annual financial report at the end of each financial year that shows -

- (a) the profit or loss of the holder for the financial year; and,
- (b) the state of the financial affairs of the holder.

Amendment of programme of mining operations

65. (1) Subject to the conditions contained in a mining licence, the licence holder may apply, in the prescribed form, to the Commissioner for an amendment to the programme of mining operations approved in respect of the licence.

(2) The Commissioner shall, within two weeks of receipt of an application referred to in sub-section (1), grant or refuse an application.

(3) If the Commissioner refuses to grant an application referred to in subsection (1), the Commissioner shall provide written reasons for refusal including whether the proposed amendment would substantially alter the programme of mining operations.

Mineral discoveries and amendment of programme of mining operations

66. (1) This section applies where the holder of a mining licence discovers minerals in the licence area which are not covered by the licence.

(2) The licence holder may make an application to the Commissioner in the prescribed form to have newly discovered minerals included in the licence.

(3) An application made under sub-section (2) shall include the documents and material identified in sub-section 47(2) of this Act, in so far as those documents and materials relate to the newly discovered minerals.

(4) Where the Board grants the application it may do so subject to additional conditions being included in the licence.

Cessation, suspension or curtailment of production

67. (1) The holder of a mining licence shall give the Commissioner notice of any intention the holder has to cease, suspend or curtail production from mining operations carried out pursuant to the licence.

(2) The holder shall give notice of at least -

- (a) twelve months if cessation of production is intended; or
- (b) six months if suspension of production is intended; or
- (c) three months if curtailment in production is intended.

(3) A notice given under sub-section (2) shall be accompanied by a statement that sets the technical and economic basis for the proposed cessation, suspension or curtailment of production.

(4) Upon receipt of a notice given in accordance with this section, the Commissioner shall investigate within the prescribed time the circumstances leading to the holder asking the action intended and advise the Board of the action it may take.

(5) Subject to the conditions contained in the mining licence and any applicable minerals agreement, the Board may approve the action the holder intends to take subject to the holder

complying with such conditions as the Board may reasonably determine.

Renewal of mining licence

68. (1) The holder of a mining licence may apply for the renewal of the licence not later than one year before the expiry of the term of a mining licence in respect of all, or a part, of the licence area.

(2) A mining licence shall not be renewed more than once.

Application for renewal

69. (1) An application for the renewal of a mining licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(2) An application made under sub-section (1) shall be accompanied by -

- (a) a statement of the term for which renewal is sought;
- (b) a report on the progress of mining operations;
- (c) a revised Project Brief in the prescribed form;
- (d) a statement of costs so far incurred in course of undertaking mining operations;
- (e) a statement of the financial and technical resources available to the applicant to carry out the proposed mining operations during the renewal period and to comply with conditions of the licence;
- (f) particulars of the programme of mining operations that the applicant proposes to carry out during the period of renewal;
- (g) a plan identifying the area of land in respect of which renewal of the licence is sought; and
- (h) such additional information as the Commissioner may specify.

Term of renewal

70. The term of renewal of a mining licence shall not exceed fifteen years or the forecasted remaining life of the mine, whichever is the shorter and shall be specified in the licence.

RETENTION LICENCES

Eligibility for grant of retention licence

71. (1) This section applies where -

- (a) the holder of a prospecting licence or a mining licence has identified a mineral deposit within the licence area that is of potential commercial significance; and
- (b) the deposit cannot be developed immediately by reason of temporary adverse market conditions, economic factors or other factors beyond the reasonable control of the holder of the prospecting or mining licence.

(2) Where the circumstances described in sub-section (1) exist, the licence holder may apply for a retention licence.

Application for retention licence

72. (1) An application for a retention licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

- (2) An application made in accordance with sub-section (1) shall be accompanied by -
- (a) a full study and assessment by independent experts or consultants on the extent, prospects for recovery and the commercial significance of the mineral deposit and on the relevant adverse market conditions, economical factors, technical constraints or other factors that are stated as making it impossible to develop the minerals or mineral deposit immediately;
 - (b) a Project Brief in the prescribed form; and
 - (c) any additional information that the Board may reasonably require regarding the proposal of the applicant for prospecting, retention and development of the mineral deposit.

Term of retention licence

73. The term of a retention licence shall not exceed three years and shall be specified in the licence.

Rights conferred by retention licence

74. (1) The holder of a retention licence shall enjoy the exclusive right to engage in prospecting operations in the retention area and to apply for a mining licence in respect of the whole or parts of the retention area.

(2) In the exercise of the rights provided under sub-section (1), the holder of a retention licence may, subject to this Act and the conditions contained in the licence -

- (a) demarcate areas that fall within the retention area; and
- (b) erect camps or temporary buildings, including installations in any waters that form part of the retention area.

(3) A person appointed by the holder of a retention licence to act as agent of the holder may exercise the rights of the holder of the licence specified in this section, subject to any limitations on the powers of the agent contained in the instrument of appointment.

Obligations under retention licence

75. The holder of a retention licence shall -

- (a) demarcate the retention area in the prescribed manner;
- (b) in the prescribed manner or as otherwise directed by the Commissioner, backfill or otherwise make safe excavations made during the course of prospecting operations;

- (c) in the prescribed manner or as otherwise directed by the Commissioner, permanently preserve or otherwise make safe any borehole or mine;
- (d) remove any equipment, plant or building erected for prospecting operations in the area specified in the licence;
- (e) carry out studies and assessments of the prospects of the commercial exploitation of the mineral deposits concerned as may reasonably be required by the Commissioner;
- (f) comply with the terms and conditions contained in any applicable Environmental Compliance Certificate;
- (g) comply with the conditions of the licence and any applicable minerals agreement;
- (h) notify the Commissioner of any archaeological discovery; and
- (i) repair or make good any damage caused to the surface of the land to the satisfaction of the Commissioner.

Record-keeping and reporting

76. (1) The holder of a retention licence shall keep full and accurate records of prospecting operations relating to the licence in the manner prescribed.

(2) The records to be kept by the holder of a retention licence for the purposes of sub-section (1) shall include -

- (a) details of all minerals discovered;
- (b) results of geo-chemical or geo-physical analysis obtained and compiled by the holder;
- (c) results of studies, surveys, tests and other work undertaken in the area or areas of land covered by the retention licence including any interpretation and assessment of those tests and surveys;
- (d) financial statements and such other books of account as the Commissioner may require; and,
- (e) such other reports and information as may be prescribed or, where no such requirements are prescribed, as determined by the Commissioner.

(3) The licence holder shall submit the records referred to in this section to the Commissioner at such intervals and in such form as may be prescribed, or where no such form is prescribed, as determined by the Commissioner.

Requirement to apply for mining licence

77. (1) This section applies where the Board is satisfied that it has become technically possible and commercially viable for the mineral deposit that is the subject of a retention licence to be mined during the term of the licence.

(2) The Commissioner may, by written notice to the holder of a retention licence, require the licence holder to apply for a mining licence, where the Board is satisfied that the conditions specified in sub-section (1) exist or, require the holder to give good reasons, before such date as is specified in the notice, why the holder should not be required to apply for a mining licence.

(3) Where the holder of a retention licence fails to comply with a notice served in accordance with sub-section (2), the Board may order the cancellation of the licence.

(4) Compensation shall not be payable under this Act where a retention licence is cancelled in accordance with this section.

MINERALS AGREEMENTS

Minerals Management Board may negotiate mineral agreement

78. The Board may, on behalf of the Government, negotiate a mineral agreement with an applicant or the holder of a reconnaissance licence, prospecting licence, a retention licence, or a mining licence.

Terms of mineral agreement

79. (1) A mineral agreement entered into under this Act may contain terms relating to the rights and obligations of the holder of one or more reconnaissance licences, prospecting licences, retention licences or mining licences, or any combination of such mineral rights.

(2) A mineral agreement may contain, in particular, provisions concerning -

- (a) the payment of royalties, taxes, fees and other fiscal impositions and state participation;
- (b) arrangements concerning participation in any mining operations by the *iNgwenyama* in trust for the Swazi nation;
- (c) the circumstances or the manner in which a discretion conferred under this Act may be exercised;
- (d) subject to any legislative requirements in respect of the environment, the environmental obligations and liabilities of the holder of a prospecting or mining licence; and
- (e) procedures for the settlement of disputes.

Restrictions on entering into mineral agreement

80. Except as otherwise provided by the Constitution, the Minister has no power to execute a Minerals Agreement unless -

- (a) the Board is advised of its terms and conditions; and
- (b) the Board recommends the grant of the licence to which the minerals agreement relates.

Minerals agreement to be consistent with Act

81. (1) A term or condition of a minerals agreement that is inconsistent with this Act shall, to the extent of the inconsistency, have no legal effect.

(2) Nothing contained in a mineral agreement shall be construed as absolving a party to the agreement from any requirement prescribed by law.

Liability under a mineral agreement

82. Where a mineral agreement relates to a prospecting or mining licence, the licence holder shall be bound by the terms and conditions of the agreement and they shall be enforced against that holder accordingly.

SMALL-SCALE OPERATIONS***Categories of mineral rights relating to small-scale operations***

83. Mineral rights that may be granted in respect of small-scale operations are -

- (a) a prospecting permit; or
- (b) a mining permit.

Eligibility restrictions in respect of small-scale operations

84. (1) Mineral rights relating to small-scale operations shall not be granted to an applicant that is not -

- (a) in the case of an individual, a citizen of Swaziland; or
- (b) in the case of a body corporate, a body corporate in which citizens of Swaziland hold a simple majority of the beneficial ownership of the body.

(2) Where the holder of a prospecting or mining permit becomes a person to whom such a permit may not lawfully be granted under this Act, the permit shall be deemed to have been cancelled from the date on which the person became the holder of it.

(3) In this section 'citizen of Swaziland' means a citizen by descent.

Minerals Management Board exercises delegated powers of iNgwenyama

85. (1) The iNgwenyama shall be taken to have assigned to the Board the responsibility to carry out the day-to-day administration of this Act in respect of small-scale operations.

(2) Subject to sub-section (1), the Board shall be responsible for the grant, renewal, suspension and cancellation of mineral rights relating to small-scale mining.

(3) Nothing in this section derogates from the performance of the constitutional functions and responsibilities of the Board.

PROSPECTING PERMITS***Application for prospecting permit***

86. (1) An application for a prospecting permit shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(2) An application made under sub-section (1) shall be accompanied by the following -

- (a) the full name, citizenship, and address of the applicant;
- (b) details of the mineral or minerals in respect of which the permit is sought;

- (c) details of the area in respect of which the permit is sought;
- (d) particulars of the proposed prospecting operations to be carried out under the permit;
- (e) a Project Brief in the prescribed form; and
- (f) a letter of consent from the Chief of the area.

Notice in respect of application for prospecting permit

87. (1) An application for a prospecting permit made by an applicant who is a citizen of Swaziland shall not be rejected unless -

- (a) the Commissioner has given notice to the applicant of the intention of the Board, specifying the ground(s) for refusal and, specifying a period within which the applicant may make an appropriate proposal to correct or remedy the ground for the intended refusal; and
- (b) the applicant has not, within that period made a proposal to the satisfaction of the Board.

(2) Where the ground or grounds for the intended refusal is incapable of being remedied, the applicant may, instead of making an appropriate proposal within the specified period, show cause, to the satisfaction of the Board, why the application should not be refused.

Term of prospecting permit

88. (1) The term of a prospecting permit shall not exceed six months and shall be specified in the permit.

(2) The holder of a prospecting permit may apply for a renewal of the permit up to one month before the expiry of its term.

(3) A prospecting permit may not be renewed more than twice.

(4) An application for the renewal of a prospecting licence shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(5) The term of renewal of a prospecting permit shall not exceed six months and shall be specified in the permit.

Rights conferred by prospecting permit

89. The holder of a prospecting permit enjoys the non-exclusive right to engage in prospecting operations for the minerals or mineral specified in the permit in the prospecting area.

Obligations under prospecting permit

90. The holder of a prospecting permit shall -

- (a) demarcate and keep demarcated the prospecting area in the prescribed manner;
- (b) comply with the terms and conditions imposed on the holder by the permit;

- (c) take all measures required to protect the environment in accordance with this Act; and,
- (d) comply with the record keeping obligations set out in this Act or otherwise prescribed.

MINING PERMITS

Applications for mining permit

91. (1) An application for a mining permit shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(2) An application made under sub-section (1) shall be accompanied by -

- (a) the full name, citizenship, and address of the applicant;
- (b) details of the mineral or minerals in respect of which the permit is sought;
- (c) details of the area in respect of which the permit is sought;
- (d) particulars of the proposed mining operations to be carried out under the permit; and
- (e) evidence of the experience and financial resources available to the applicant to conduct the mining operations to be carried out under the permit.

Notice in respect of application for mining permit

92. (1) An application made by a citizen in the prescribed form shall not be rejected unless -

- (a) the Commissioner has given notice to the applicant of the intention of the Board, specifying the ground(s) for refusal and, specifying a period within which the applicant may make an appropriate proposal to correct or remedy the ground for the intended refusal; and
- (b) the applicant has not, within that period made a proposal to the satisfaction of the Board.

(2) Where the ground or grounds for the intended refusal is incapable of being remedied, the applicant may, instead of making an appropriate proposal within the specified period, show cause, to the satisfaction of the Board, why the application should not be refused.

Term of mining permit

93. The term of a mining permit shall not exceed two years and shall be specified in the permit and shall be subject to renewal.

Rights conferred by mining permit

94. (1) Except where provided by sub-section (2), the holder of a mining permit shall enjoy the exclusive right to engage in mining operations in the permit area.

(2) Notwithstanding sub-section (1) -

- (a) the holder of a mineral right may be granted the right to work a mine dump on land specified in a mining permit; and
 - (b) the permit holder may be granted the right to work a mine dump that is on land specified in another mineral right.
- (3) Subject to the conditions of the permit, the permit holder may, in order to exercise the right mentioned in sub-section (1) -
- (a) enter the area specified in the permit and take all reasonable measures to carry out mining operations approved by the Board;
 - (b) erect on the area temporary buildings and equipment to carry out mining operations;
 - (c) dispose of any mineral recovered subject to the payment of the required fees and royalties; and
 - (d) stack or dump any mine waste or tailings in the manner specified in the permit.
- (4) The holder of a mining permit may appoint a person who is a Swazi citizen to act as agent of the permit holder to undertake the operations specified in this section.

Obligations under mining permit

95. The holder of a mining permit shall -

- (a) conduct mining operations in accordance with standards of good mining practice and in compliance with a plan approved by the Commissioner;
- (b) demarcate and keep demarcated the mining area in the prescribed manner ;
- (c) take necessary measures to protect the environment including compliance with the terms and conditions of any applicable Environmental Compliance Certificate; and
- (d) comply with the record keeping obligations prescribed by this Act or by regulations.

Renewal of mining permit

96. (1) The holder of a mining permit may apply for the renewal of the permit up to three months prior to the expiration of the permit.

(2) An application for the renewal of a mining permit shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(3) An application made under sub-section (2) shall also be accompanied by a revised Project Brief.

PART IV

SURRENDER, SUSPENSION AND CANCELLATION OF MINERAL RIGHTS

Withdrawal of application

97. An application for a mineral right or for the renewal of a mineral right may be withdrawn by written notice to the Commissioner at any time prior to the applicant receiving notification of the approval or rejection of the application.

Surrender of mineral right

98. (1) The holder of a mineral right may seek approval to surrender -

- (a) the licence or permit; or,
- (b) the licence or permit in respect of any part of the area specified in the licence or permit, by giving not less than three months written notice of surrender to the Board.

(2) A notice of surrender made under sub-section (1) shall include -

- (a) if it relates to part of the area specified in a prospecting or mining licence or a mining permit, a diagram of the area to be surrendered; and
- (b) in the case of the surrender of part of the area specified in any other mineral right, a plan of the area to be surrendered in a manner that is acceptable to the Board

(3) A notice of surrender made under sub-section (1) shall also be accompanied by all records and reports with respect to reconnaissance, prospecting or mining operations -

- (a) in the area specified in the right; or
- (b) where only part of that area is to be surrendered, in respect of the area to be surrendered.

Approval of surrender

99. A notice of surrender shall have no effect under this Act unless and until the proposed surrender has been approved by the Board.

Effect of surrender

100. (1) This section applies where -

- (a) the surrender of a mineral right or part of the area specified in a mineral right is approved by the Board; and
- (b) the period of notice ends.

(2) Where the surrender is in respect of the licence or permit, the licence or permit shall be cancelled.

(3) Where the surrender is in respect of a part of the area specified in the licence or permit, the Board shall amend the licence or permit accordingly.

(4) The surrender of a licence or permit or of part of the area specified in a licence or permit does not affect any liability that the holder of the right has by virtue of the right that is outstanding at the time of the surrender.

Grounds for suspension or cancellation

101. (1) The Board may suspend or cancel a mineral right if the Commissioner advises the Board that the licence or permit holder -

- (a) failed to make a payment required under this Act on the date it was due and the payment has not been subsequently made;
- (b) failed to comply with a condition specified in the right and no action has been taken to remedy the failure;
- (c) failed to comply with an obligation imposed on the holder of such a right by this Act and no action has been taken to remedy the failure; or
- (d) made a false statement to the Commissioner or to the Board that is, or was at the time it was made, material to the grant, transfer or renewal of the right, as the case may be.

(2) The Board may also suspend or cancel a mineral right if the Commissioner advises the Board that the licence or permit holder has -

- (a) committed an offence under this Act or any other law of Swaziland;
- (b) has died;
- (c) has become of unsound mind;
- (d) has financial difficulties or has become bankrupt; or
- (e) has otherwise become ineligible to be a holder of the right.

(3) The Commissioner may cancel a prospecting or mining permit if the Commissioner determines that its holder has not started the prospecting or mining operations permitted by the permit within three months of the grant of the permit.

Notice of intention to suspend or cancel mineral right

102. (1) This section applies where a mineral right may be suspended or cancelled because a licence or permit holder has either-

- (a) failed to make a payment required under this Act on the date it was due and the payment has not subsequently been made;
- (b) failed to comply with a condition specified in the licence or permit and no action has been taken to remedy the failure; or,
- (c) failed to comply with an obligation imposed on the holder of such a right by this Act and no action has been taken to remedy the failure.

(2) This section also applies where the Commissioner has determined that the holder of a prospecting or mining permit has not started the prospecting or mining operations permitted by the permit within -

- (a) three months of the grant of the mining permit; or

(b) one month of the grant of the prospecting permit.

(3) The Commissioner shall give one month written notice to the holder of the mineral right before taking any action to suspend or cancel the right.

(4) A notice issued under sub-section (3) shall require the holder of the right -

- (a) to make the payment, to comply with the condition or obligation or to start the operation, as the case may be, within a reasonable time; or;
- (b) where this is not possible, to satisfy the Commissioner why the right should not be suspended or cancelled.

(5) Where -

- (a) the holder of a mineral right has failed to comply with the requirement of a notice given to the holder in accordance with this section; or
- (b) this section does not otherwise apply in respect of a mineral right, the mineral right may be suspended or cancelled by the Commissioner giving the licence or permit holder written notice suspending or cancelling the right.

(6) A notice issued under sub-section (5) shall state -

- (a) the reason or reasons for the suspension or cancellation;
- (b) where it suspends a mineral right, the date when the suspension starts and the term of the suspension; and
- (c) where it cancels a right, whether the right is cancelled forthwith or on some other date.

Effect of suspension

103. (1) Where a mineral right is suspended under this Act, the rights enjoyed by the holder of licence or permit shall cease for the period of suspension of the licence or permit.

(2) The suspension of a mineral right under this Act shall not affect any liability that the holder of the right has by virtue of the licence or permit that is outstanding at the time of the suspension.

Effect of cancellation

104. The rights conferred upon the holder of a mineral right in accordance with this Act will terminate upon the cancellation of a mineral right.

Assets on surrender, expiration or cancellation of a mineral right

105. (1) This section applies where a mineral right is surrendered, expired or is cancelled under this Act.

(2) Where a mineral right is surrendered in respect of part of the area specified in the right, this section applies in respect of that area.

(3) The former holder of a mineral right that is surrendered, expires or is cancelled shall provide a statement of assets to the Commissioner.

(4) A statement furnished for the purposes of sub-section (3) shall identify -

- (a) the buildings and fixed assets the former holder intends to remove from the area; and
- (b) those buildings and fixed assets that the former holder intends to leave in the area.

(5) A former holder of a mineral right that is surrendered, expires or is cancelled shall also notify the Commissioner of any potentially hazardous substances, excavations and buildings erected in the licence area.

(6) The obligations imposed under this section shall be complied with within such period, which may start before the termination of the right, as the Commissioner may direct.

(7) The Commissioner may direct the former holder of a mineral right -

- (a) not to remove a building or any item of fixed machinery the Commissioner considers is necessary for the continued care and maintenance of the area; and
- (b) to remove a building or any other item of fixed machinery as specified by the Commissioner.

(8) The Commissioner may also direct the former holder to remove or make safe any potentially hazardous substances, buildings and excavations -

- (a) in accordance with a site closure plan approved by the Commissioner; or
- (b) in the absence of such a plan, in such manner as the Commissioner may direct.

(9) Where -

- (a) the former holder of a mineral right has stated an intention to remove a building or an item of machinery; and
- (b) the Commissioner has directed the former holder not to remove the building or item of machinery,

the former holder of the mineral right shall be entitled to such compensation as may be agreed or, failing agreement, such compensation as may be fixed by arbitration under this Act.

Delivery of records and documents

106. (1) This section applies where a mineral right is surrendered, expired, or is cancelled in accordance with this Act.

(2) Where a mineral right is surrendered, expired or is cancelled in respect of part of the area specified in the right, this section applies in respect of that area.

(3) The former holder of the mineral right shall deliver to the Commissioner within the prescribed period or, if no period is prescribed, within a reasonable period -

- (a) all records and reports which, prior to surrender, expiration or cancellation of the mineral right, the former holder was obliged to maintain or prepare under this Act; and

- (b) all plans or maps of the area covered by the mineral right prepared by or for the former holder.

Performance of continuing obligations

107. (1) This section applies where a mineral right terminates because its term has come to an end or for any other reason and an obligation remains to be performed that has arisen -

- (a) by virtue of a condition specified in the mineral right; or

- (b) by virtue of an obligation imposed by this Act.

- (2) Where a mineral right terminates for whatever reason in respect of part of the area specified in the right, this section applies in respect of that area.

- (3) Performance of the obligation may be enforced as if the obligation -

- (a) arose under a contract made between the former holder of the right and the Board immediately before the termination of the right; and

- (b) due consideration had been given for its performance.

PART V

**POSSESSION, DEALINGS, IMPORT AND EXPORT OF MINERALS
MINERAL DEALER'S LICENCE**

Authorisation to deal in minerals

108. (1) A person shall not engage in mineral dealings, as either principal or agent, except with and in accordance with a licence of a mineral dealer granted under this Act.

- (2) Sub-section (1) does not apply to the holder of a mineral right who engages in mineral dealings in minerals lawfully obtained in accordance with rights conferred under a mineral right.

- (c) store minerals except at the place or in the premises specified in the licence;
- (d) engage in mineral dealings, as either principal or agent, except at the place or in the premises specified in the licence; or
- (e) fail to comply with any other terms and conditions specified in the licence.

(2) A person who contravenes this section commits an offence and shall, on conviction, be liable to imprisonment of a term not exceeding one

(1) year or to a fine not exceeding ten thousand (10,000) Emalangeni or to both.

Records and reporting

112. (1) The holder of a licence of a mineral dealer shall keep a register of mineral transactions in a form approved for the purpose by the Commissioner.

(2) The holder of a licence of a mineral dealer shall, within twenty four hours of a mineral transaction record in the register referred to in sub-section (1) in respect of that transaction-

- (a) the nature, weight, and price of the minerals purchased or sold;
- (b) the price paid or received for the minerals;
- (c) the date of the purchase or sale;
- (d) in the case of a purchase of minerals, details of the authority of the vendor to sell the minerals; or
- (e) the name and address of the vendor or the purchaser or consignee.

(3) The holder of a licence of a mineral dealer shall deliver to the Commissioner at the end of each quarter, details of the information entered in the register by the holder during that quarter.

(4) The information delivered to the Commissioner under sub-section (3) shall be in the prescribed form or otherwise in the form determined by the Commissioner.

LICENCE OF A GOLDSMITH

Authorisation to work precious minerals

113. (1) A person shall not engage in work as a goldsmith or otherwise manufacture any article from any precious mineral or from any substance containing any precious mineral otherwise than in accordance with a licence of a goldsmith granted under this Act.

(2) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment to a term not exceeding one (1) year or to a fine not exceeding ten thousand (10,000) Emalangeni or to both.

Application for licence of goldsmith

114. An application for a licence of a goldsmith shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

Term of licence of goldsmith

115. (1) The term of a licence of a goldsmith shall not exceed twelve (12) months and shall be specified in the licence.

(2) A licence of a goldsmith may be renewed upon an application being made to the Board on the prescribed form and on payment of the prescribed fee.

Obligations under licence of a goldsmith

116. (1) The holder of a licence of a goldsmith shall comply with the terms and conditions of the licence.

(2) The holder of a licence of a goldsmith shall keep a register in a form approved for the purpose by the Commissioner.

(3) The holder of a licence of a goldsmith shall, within 24 hours of each purchase or sale of articles of commerce containing precious minerals by the holder, record in the register referred to in sub-section (2) the following information in respect of that transaction -

- (a) the nature, weight, and price of the articles and precious minerals purchased or sold;
- (b) the price paid or received for precious minerals;
- (c) the date of the purchase or sale;
- (d) the name and address of the vendor or the purchaser or consignee.

(4) The holder of a licence of a goldsmith shall deliver to the Commissioner at the end of each quarter, details of the information entered in the register by the holder during that quarter in the prescribed form or otherwise in the form determined by the Commissioner.

(5) A person who contravenes this section commits an offence and shall, on conviction, be liable to imprisonment to a term not exceeding one (1) year or to a fine not exceeding ten (10,000) Emalangeni or to both.

117. (1) A person shall not export a mineral than in accordance with an export certificate granted by the Commissioner.

(2) The holder of a mineral right or of a licence of a mineral dealer may apply for an export certificate.

(3) An application for an export certificate shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(4) The grant of an export certificate to a person under this Act shall not have the effect of exempting the person from the obligation to comply with the requirements of any other law relating to the export of minerals.

(5) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment to a term not exceeding one year (1) or to a fine not exceeding ten (10,000) Emalangeni or to both.

Import of minerals

118. (1) A person shall not import minerals except with and in accordance with an import certificate granted by the Board.

(2) An application for an import certificate to import precious minerals shall be made to the Board in the prescribed form and shall be accompanied by the prescribed fee.

(3) Where a person imports precious minerals in accordance with a certificate granted under this section -

(a) the person shall make a declaration before a customs officer regarding the type and quantity of the minerals imported; and

(b) the customs officer shall certify the import certificate accordingly.

(4) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment to a term not exceeding one (1) year or to a fine not exceeding ten (10,000) Emalangeni or to both.

SUSPENSION AND CANCELLATION

Suspension and cancellation

119. (1) The Board may suspend or cancel a licence of a mineral dealer or a licence of a goldsmith if the holder -

(a) fails to make any prescribed payment by the due date;

(b) fails to comply with a condition specified in the licence or an obligation imposed on the holder by this Act and fails to take action to remedy the breach within a reasonable time;

(c) commits an offence under this Act;

(d) made a false statement or supplied false information to the Commissioner, or to a public officer exercising functions under this Act that was, material to the grant of the licence; or

(e) dies, becomes of unsound mind, bankrupt, subject to financial difficulty or otherwise ineligible to hold the licence.

(2) Before suspending or cancelling a licence of a mineral dealer or a licence of a mineral broker the Board shall give the holder of the licence a written notice requiring the holder-

- (a) to comply with the condition or obligation within a reasonable period of time; or
- (b) where this is not possible, to show cause within that period, why the licence should not be suspended or cancelled.

(3) The cancellation of a licence of a mineral dealer or a licence of a goldsmith under this section shall not prejudice any liability or obligation incurred under or in relation to that licence by the licence holder prior to cancellation of that licence.

PART VI

SURFACE RIGHTS, COMPENSATION AND DISPUTES OWNERS AND OCCUPIERS

Evidence of mineral right to be produced

120. (1) This section applies to a person who is exercising or is intending to exercise on any land the rights granted under a mineral right -

- (a) as the holder of the licence or permit; or
- (b) as the agent or employee of the licence or permit holder.

(2) The exercise of the rights under a licence or permit is subject to the obligation to produce the mineral right if required to do so by a person who appears to be the owner or occupier of the land or the agent or employee of that person.

Continuing rights of land owners and occupiers

121. (1) A person who is the owner or occupier of land specified in a mineral right granted under this Act may -

- (a) graze stock on the land; or
- (b) cultivate the surface of the land.

(2) The grazing or cultivation shall not unduly interfere with the operations that may be carried out on the land by the licence or permit holder in accordance with the licence or permit.

Compensation to be paid to owners and occupiers

122. (1) This section applies where -

- (a) a person exercises rights conferred by a mineral right; and
- (b) the exercise of the right -
 - (i) disturbs the rights of the owner or lawful occupier of the land; or
 - (ii) damages the crops, trees, buildings, stock or works belonging to the owner or lawful occupier of the land.

(2) The person who exercises the mineral right shall pay reasonable compensation to the owner or lawful occupier of the land.

(3) Any compensation payable in accordance with this section shall be reduced by an amount equal to the value of any improvements to the land made as a result of the exercise of the rights conferred under a mineral right.

(4) If the amount of compensation to be paid cannot be agreed by the parties either party may refer the question to the Commissioner who shall determine the amount to be paid in accordance with this Part.

(5) The making of a demand for compensation does not entitle the owner or occupier of land to prevent or hinder the exercise of a right conferred under a mineral right.

(6) The amount of compensation agreed or determined may be recovered as a debt due to the owner or lawful occupier of the land, as the case may be.

(7) The amount of compensation payable to an owner or occupier of land under this section shall not be reduced by virtue of sub-section (3) solely by reason of the existence or claimed existence of mineral resources on the land.

SETTLEMENT OF DISPUTES

Settlement of disputes in respect of mineral rights

123. (1) This section applies to a dispute -

(a) between the holder of a mineral right and any other person other than the Government or an agency of the Government that concerns the exercise of rights conferred under the mineral right; or

(b) that relates to the amount of any compensation that is payable to a person by virtue of this Part.

(2) Subject to the terms of any mineral agreement to the contrary, the Commissioner may enquire into and settle any dispute to which this section applies that is referred to the Commissioner in accordance with this section.

(3) An application to the Commissioner to settle a dispute may be made by any party to the dispute and shall -

(a) be made on the prescribed form; and

(b) be accompanied by a statement setting out a summary of the dispute.

(4) Following receipt of the application under subsection (3) the Commissioner shall invite the party against whom the dispute is made to set out in summary the response to the dispute as lodged.

(5) Following receipt of the statements referred to in sub-sections (3) and (4), the Commissioner shall serve written notices to the parties to the dispute -

(a) stating the matter to be determined;

(b) naming of the parties to the dispute;

(c) setting a place where, and a date and time when, the Commissioner will hear and determine the dispute; and

(d) inviting the parties to the dispute to attend either in person or through an agent who may, but need not, be legally qualified.

(6) At the hearing of the dispute evidence may be given on oath and witnesses may be cross-examined.

(7) Subject to the rules of natural justice, the Commissioner shall otherwise determine the procedure to be followed at the hearing.

(8) The Commissioner -

(a) shall give a determination in respect of a dispute in writing; and

(b) may make any order necessary to give effect to the determination.

(9) Any order made under subsection (8) (b) may be registered in a court of appropriate jurisdiction and shall then be enforced as an order of that court.

(10) Any order made under this section is subject to appeal to a court of competent jurisdiction in accordance with the laws of Swaziland.

(11) In the determination of the dispute the Commissioner shall have the jurisdiction of a magistrate's court regardless of the amount or subject matter involved.

PART VII

PROTECTION OF THE ENVIRONMENT

Application of environmental laws and regulations

124. (1) A person granted a mineral right shall comply with the environmental laws and regulations.

(2) Sub-section (1) shall not be interpreted as indicating that a right granted pursuant to a mineral right may be exercised without compliance to any other law relating to the exercise of that right and any such law shall be complied with unless a contrary intention is clearly shown.

Submission of project briefs

125. Where this Act requires the provision of a project brief, that project brief shall -

(a) be in the prescribed form; or

(b) if no form is prescribed, be in a form approved for the purpose by the Commissioner.

Duties of the commissioner in respect of the environment

126. Where the submission of a project brief is required under this Act, the Commissioner shall categorise the project in accordance with the relevant provisions of the environmental laws and regulations.

Requirement for environmental compliance certificate

127. A mineral right shall not be granted under this Act unless and until -

- (a) the Swaziland Environment Authority has issued an Environmental Compliance Certificate ('ECC'); and
- (b) the Environmental Compliance Certificate ECC has been endorsed by the Commissioner where required under the environmental laws and regulations.

Site rehabilitation and mine closure

128. (1) A programme of prospecting operations and programme of mining operations approved under this Act shall include site rehabilitation and mine-closure plans.

(2) The site rehabilitation and mine closure plans shall -

- (a) be in the prescribed form; or
- (b) if no form is prescribed, be in a form approved for the purpose by the Commissioner.

Environmental bond

129. (1) The holder of a prospecting licence, a retention licence or a mining licence shall provide the Commissioner with -

- (a) a bond; or
- (b) some other form of financial security that is satisfactory to the Commissioner, that shall be sufficient to cover the costs associated with the implementation of the environmental and rehabilitation obligations set out in the site rehabilitation and mine-closure plans of the holder of the licence.

(2) The form and amount of the bond or other security specified in sub-section (1) shall be determined by the Commissioner having regard to the characteristics of the particular project.

(3) The amount secured by the bond or other financial security may be reduced by an amount determined by the Commissioner if part of the environmental and rehabilitation obligations set out in the site rehabilitation and mine-closure plans are completed during the term of the licence.

(4) The bond or other financial security specified in sub-section (1) shall be released to the holder when all the environmental and rehabilitation obligations set out in the site rehabilitation and mine-closure plans have been completed to the satisfaction of the Commissioner.

(5) A prospecting licence, retention licence or mining licence may not be granted under this Act unless and until the applicant for that licence has provided a bond or other financial security to the Commissioner in accordance with this section.

Water rights

130. Nothing in this Act and no right conferred under a mineral right granted under this Act shall be construed as exempting a person from complying with the provisions of any law governing rights to use of water or water resources.

Environmental guidelines

131. (1) The Commissioner may, in consultation with the Swaziland Environmental Authority, publish environmental guidelines relating to reconnaissance, prospecting and mining operations.

(2) Guidelines published by the Commissioner under sub-section (1) may be used as evidence that the guidelines-

- (a) were complied with, which may be used to show compliance with any provision of this Act; and
- (b) were not complied with, which may be used to show non-compliance with any provision of this Act.

PART VIII

FINANCIAL PROVISIONS

Prohibition against the disposal of minerals while payments are outstanding

132. (1) The holder of a mineral right shall not dispose of any minerals recovered by virtue of that right unless -

- (a) all fees, royalties, area rent and other charges imposed under this Act have been paid; or
- (b) payment arrangements in respect of any fees, royalties, area rent and other charges have been made and approved by the Commissioner.

(2) Where the holder of a mineral right attempts to dispose of a mineral or minerals contrary to sub-section (1) -

- (a) a title in the property of the mineral shall not pass; and
- (b) a person shall not gain any title to the minerals in any circumstances.

Fees

133. The holder of a mineral right shall pay all fees prescribed in respect of the right at the prescribed times.

Royalties

134. (1) Except as provided by sub-sections (5) to (10), the holder of a mineral right shall pay to the Consolidated Fund a royalty of an amount equal to three percent, (3%) of the gross sale value of any mineral or minerals obtained in operations under the mineral right and sold by the holder in the manner prescribed.

(2) Payment of royalty shall be made on the receipt of each payment for a mineral or minerals.

(3) Payment of royalty shall be accompanied by a statement in the prescribed form that includes details of the gross production figures, when the minerals were sold, to whom they were sold and the price at which they were sold.

(4) A statement under sub-section (3) shall also contain details of all minerals that were disposed of otherwise than by sale.

(5) If the Commissioner is satisfied that any minerals were sold or disposed of otherwise than in an arms-length transaction, the Commissioner shall determine the gross sale value of the minerals so sold or disposed of and royalty shall be paid by reference to the amount so determined.

(6) This section does not apply to minerals or mineral samples that were acquired by the holder of a mineral right solely for the purpose of assay, analysis or technical examination.

(7) A higher percentage than that mentioned in sub-section (1) shall be prescribed in respect of precious minerals and shall have effect instead of the percentage so mentioned.

(8) A different rate of royalty and a different royalty valuation method may be prescribed in the case of building materials to which this section applies, and shall be applied in respect of such materials instead of those set out in sub-section (1).

(9) The Commissioner in consultation with the Board may reduce or temporarily suspend the royalty payable by the holder of a mining right once mining has started in accordance with that right if an economic case is made by the holder, to the satisfaction of the Commissioner, to justify the relief being given.

(10) Any mineral agreement to which a holder of a mining right is a party shall be subject to the provisions of this section.

(11) In this section -

(a) "gross sales value" means the sale value receivable at the point of sale for the mineral on disposal in an arms-length transaction without discounts, commissions or deductions;

(b) "point of sale" means -

(i) the mine gate for domestic sales when first extracted from the mine site;

(ii) the plant gate for minerals sold after beneficiation for the first saleable mineral product;

(iii) the point of export for minerals which are exported;

(c) "arms-length transaction" means a sale transaction in the open market where the purchase price for the sale -

(i) is not influenced by any special relationship or other arrangement between the parties to the transaction; and

(ii) is not affected by any non-commercial considerations including, in particular, any barter, swap, exchange, or transfer price arrangements or restricted transaction that is associated with special financial, commercial or other considerations.

Part of royalty to be dedicated to affected communities

135. (1) Twenty percent (20%) of the royalties received under this Act shall be dedicated to, and administered by the Government for, the public benefit, and in particular for the benefit of Swazi communities most affected by the mining.

(2) The balance of the royalties received under this Act shall remain in the Consolidated Fund for other public purposes.

State participation

136. (1) The *iNgwenyama* in trust for the Swazi Nation shall automatically acquire without any monetary consideration being given, through an appropriate legal entity a share interest in a large scale mining project for which a mining licence is granted.

(2) The share interest mentioned in sub-section (1) shall be such as to guarantee to the *iNgwenyama* in trust for the Swazi Nation ten percent (10%) of the dividends declared in respect of the mining operations authorised under the mining licence.

(3) The share interest arrangement specified in sub-section (1) is without prejudice to the option the Government has to negotiate a different percentage of share interest on a mutually agreed commercial basis.

(4) Any additional share interest negotiated by the Government in accordance with sub-section (3) shall be maintained in an appropriate fund or other financial mechanism established and administered by the Government for the purpose of providing investment opportunities to citizens.

(4) A mining licence granted under this Act -

(a) has no effect until the share interest arrangement provided for by sub-section (1) has been put into place; and

(b) may be cancelled if the holder of the licence or any other person enters into an arrangement, agreement or understanding the intent or effect of which is to defeat the intention of sub-section (1) unless an alternative arrangement or agreement is entered into that will achieve the same result.

Area rental

137. (1) The holder of a prospecting, retention or a mining licence shall pay rent to the Government in respect of the area specified in the licence as prescribed.

(2) The rental payable under sub-section (1) shall become due upon the grant and on each anniversary of the grant of the licence.

PART IX**RECORDS AND REGISTRATION AND MINERAL RIGHTS*****Register of mineral rights***

138. (1) The Commissioner shall maintain a register called the Register of Mineral Rights.

(2) The Commissioner shall enter into the register details of all applications, grants, assignments, transfers, notices, surrenders, and any suspension and cancellation of mineral rights.

(3) Where the Commissioner is satisfied that a mistake has been made or that a matter has been incorrectly entered in the register, the Commissioner shall rectify the error by correcting the mistake or incorrect entry.

Replacement of originals

139. (1) This section applies where the Commissioner is satisfied that an original of a document or instrument that evidences a right granted under this Act has been lost or destroyed or has been rendered illegible.

(2) The Commissioner, at the request of the holder of the document or instrument referred to in subsection (1) and on payment of any prescribed fee, shall-

- (a) prepare a copy of that document or instrument;
- (b) certify the copy of that document or instrument to be a copy of the original;
- (c) send the copy of that document or instrument to the holder of the right; and
- (d) enter details in the register.

Inspection of the register of mineral rights

140. The register of mineral rights shall be available for inspection by any member of the public at all reasonable times on payment of any prescribed fee.

Commissioner may issue evidentiary certificates

141. Upon the payment of the prescribed fee, the Commissioner shall issue an evidentiary certificate certifying that-

- (a) a mineral right was granted, transferred, suspended or cancelled on the date specified in the certificate;
- (b) land was or was not specified in a mineral right on a date specified in a certificate;
- (c) a mineral specified in a certificate was the subject of a mineral right;
- (d) a person named in a certificate is the holder of a mineral right or was that holder on a date specified in the certificate;
- (e) a condition is specified in a mineral right or was so specified on a date shown in a certificate; or
- (f) the land specified in the certificate that formed part of the land specified in a mineral right was on a date also specified in the certificate surrendered by the holder of the mineral right.

PART X
MONITORING, COMPLIANCE AND ENFORCEMENT
POWERS OF SEARCH AND INSPECTION

General powers of search and inspection

142. The Commissioner, or a public officer authorised by the Commissioner to do so, may at any reasonable time -

- (a) enter, inspect and examine any land on which reconnaissance, prospecting or mining operations are being conducted or land that is specified in a mineral right;

- (b) enter a registered address or any other area, structure, vehicle, vessel, aircraft or building that, in the opinion of the Commissioner or public officer has been or is being used for or in connection with reconnaissance, prospecting or mining operations;
- (c) examine, inspect and take copies of accounts, vouchers, documents, maps, drilling logs, or records of any kind relevant to the operations authorised by a mineral right; or
- (d) exercise any powers necessary or expedient to the administration of this Part.

Power to search for evidence of offence

143. (1) This section applies where the Commissioner or a public officer authorised by the Commissioner has reasonable grounds to believe that evidence relating to the commission of an offence under this Act is located on any land, premises, vehicle or aircraft.

(2) The Commissioner or the officer may pursuant to subsection (1) at any time enter the land, premises, vehicle or aircraft and search for and take control of the evidence.

OFFENCES AND PENALTIES

Unauthorised reconnaissance, prospecting or mining operations

144. (1) A person shall not engage in reconnaissance, prospecting or mining operations except with and in accordance with the provisions of this Act and the terms and conditions of a mineral right and any relevant minerals agreement.

(2) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment for a term not exceeding one year or to a fine not exceeding ten thousand (10,000), Emalangeni or to both.

(3) Minerals obtained in the course of the commission of an offence under sub-section (1) shall be forfeited to the Government upon conviction of an offence under this section.

Obstruction of holder of mineral right

145. (1) A person shall not, without reasonable or lawful excuse, prevent, obstruct or hinder the holder of a mineral right from carrying out an act that the holder is authorized to carry out -

- (a) under the terms of the mineral right; or
- (b) by virtue of being the holder of the mineral right.

(2) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment to a term not exceeding one (1) year or to a fine not exceeding ten (10,000), Emalangeni or to both.

False or misleading statements

146. (1) An applicant for a mineral right or the holder of a mineral right shall not knowingly make a false or misleading statement made under this Act that is material to the assessment or approval of an application.

(2) An applicant or holder of a mineral right shall not knowingly include false or misleading information in a report, notice or other document submitted in accordance with this Act.

(3) A person who contravenes sub-section (1) or sub-section (2) commits an offence and shall, on conviction, be liable to imprisonment for a term not exceeding one (1) year or to a fine not exceeding ten thousand, (10,000) Emalangeni or to both.

Salting

147. (1) A person shall not -

- (a) place or deposit material in a place with the intention of misleading another person as to the mineral possibilities of that place; or
- (b) manipulate a sample of ore so as to enhance the value of that ore or in any way change the nature of the ore with the intention of deceiving or defrauding another person or contravening a provision of this Act.

(2) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment for a term not exceeding one (1) year or to a fine not exceeding ten thousand (10,000) Emalangeni or to both.

Unauthorised disclosure of information

148. (1) A person shall not disclose information provided by an applicant for a mineral right or the holder of a mineral right in compliance with this Act except in accordance with this Act or with the consent of the applicant for or the holder of the mineral right.

(2) A person who contravenes sub-section (1) commits an offence and shall, on conviction, be liable to imprisonment for a term not exceeding one (1) year or to a fine not exceeding ten thousand (10,000) Emalangeni or to both.

(3) Sub-section (1) does not apply to any disclosure for -

- (a) the administration of this Act;
- (b) monitoring or enforcement of this Act;
- (c) legal proceedings under this Act;
- (d) the preparation of Government statistics; or,
- (e) making the information available to an officer or a consultant engaged by the Government who has been authorised to receive the information for the administration of this Act.

Criminal liability

149. A person who aids, abets, counsels or procures another person in the commission of an offence under this Act commits an offence and shall be liable in the same manner as the principal offender.

Liability of managers of bodies corporate

150. (1) Where a body corporate commits an offence under this Act, every director or partner and any other person concerned in the management of the body corporate commits the offence and that offender shall upon conviction, be liable in the same manner as the body corporate to the penalty provided for that offence.

(2) A person referred to under subsection (1) shall not be guilty of an offence where that person proves that -

- (a) the offence was committed without the knowledge, consent or connivance of that person; and
- (b) the person exercised all the diligence to prevent the commission of the offence as ought to have been exercised by that person having regard to the nature of the functions of that person in that capacity and to all of the circumstances.

(3) Every director, partner or any other person concerned in the management of, a body corporate to which a mineral right has been issued under this Act shall take all reasonable steps to prevent the body corporate from contravening or failing to comply with the terms and conditions of the mineral right.

(4) For the purposes of this Act, any act or thing done or omitted to be done by a director, officer, employee or agent of a body corporate in the course of exercising their powers, functions or duties is deemed to be an act or thing done or omitted to be done by the body corporate.

(5) Nothing in this section detracts from the liability or responsibility attached to any person under any other Act or law in force in Swaziland.

(6) In any proceedings regarding the failure of a body corporate to comply with the terms of a mineral right, the onus shall be on the director, partner or any other person concerned in the management of that body corporate, to show that all reasonable steps were taken to prevent such failure to comply with the terms and conditions of a mineral right by the body corporate.

Defences

151. (1) Except as otherwise specified in this Act, in any prosecution under this Act, it is a defence for a person charged to prove that the person took all reasonable precautions and exercised all such diligence to prevent the commission of the offence as ought to have been exercised by that person having regard to the circumstances of the case.

(2) It is not a defence to a charge under this Act that the defendant was rendered unable to comply by an act or an omission of the defendant that would have constituted a contravention of this Act.

Documentary evidence

152. In any proceedings under this Act or the regulations, an official document that purports to be signed by the Minister or the Commissioner, including an evidentiary certificate, shall be received in evidence as proof, in the absence of evidence to the contrary, of the facts stated in the document without proof of signature or position of the person appearing to have signed or certified the document.

Suspension and cancellation of mineral rights

153. Upon the application of the prosecutor, any court that convicts a person of an offence under this Act may suspend, amend or cancel any licence or permit issued to that person under this Act and reasons shall be given for that decision.

Deprivation of monetary benefits

154. A court that convicts a person of an offence under this Act shall summarily and without pleadings inquire into the monetary benefit acquired or saved by the person as a result of the commission of the offence, and may, in addition to any other penalty imposed, impose a fine in an amount equal to cover the estimation of that monetary benefit, notwithstanding any maximum penalty provided elsewhere.

Cost of investigation and prosecution

155. Upon the application of the prosecutor, a court that convicts a person of an offence under this Act shall summarily and without pleadings inquire into the costs of investigating and prosecuting the offence and may in addition to any other penalty imposed, order the person convicted to pay an amount equal to the cost to the person(s) who incurred the costs, notwithstanding any maximum penalty provided elsewhere.

PART XI MISCELLANEOUS PROVISIONS

Insurance cover

156. (1) The holder of a mineral right or a person acting as an agent of the licence or permit holder who is undertaking reconnaissance, prospecting or mining operations shall, with respect to those operations, maintain insurance in respect of the prescribed risks.

(2) The licence or permit holder or agent mentioned in sub-section (1) shall, where required to do so by the Commissioner, furnish the Commissioner with authenticated copies of certificates of insurance that set out the insurance policy and any other documents that are required to demonstrate that the policy is valid, effective, and appropriate and covers the prescribed risks.

Radioactive minerals

157. (1) The holder of a mineral right shall notify the Commissioner of the discovery of any radioactive mineral.

(2) A person shall not sell or attempt to sell radioactive minerals except, and in accordance with the authorisation of the Board.

(3) A person who contravenes sub-section (1) or (2) commits an offence and shall be liable, on conviction, to imprisonment for a period not exceeding one (1) year or ten thousand (10,000) Emalangeni or to both.

Notices

158. Without prejudice to any other mode of service that is permitted under any rule of law, a notice to an applicant or holder of a mineral right shall be taken, for the purposes of this Act, to have been effectively delivered if it is delivered personally to the applicant or holder, or sent by registered post to the registered address of the applicant or holder.

Indemnity of officials

159. Members of the Board, the Commissioner and any public officer shall not incur any liability in respect of the exercise or performance, or purported exercise or performance, in good faith of a function under and for the purposes of this Act.

Prohibition against public officers acquiring interests

160. (1) A public officer responsible for the administration of provisions of this Act shall not directly or indirectly acquire a right or interest in a mineral right.

(2) A public officer referred to in sub-section (1), shall not acquire or retain a share in a company carrying on reconnaissance, prospecting or mining operations.

(3) A document or other transaction that purport to confer a right or interest share to a public officer contrary to sub-section (1) or sub-section (2) is of no legal effect.

Commissioner to provide annual report

161. (1) Within three months of the expiration of each financial year the Commissioner shall prepare and present to the Minister an annual report giving full details of all activities undertaken under this Act during that financial year and such other information as the Minister may direct.

(2) The Minister shall cause the report to be laid before both chambers of Parliament.

Recovery of fees, royalty, rent and charges

162. A fee, royalty, area rent or other charge payable under this Act may be sued for and recovered by the Government as if it were a debt due to the Government.

Regulations

163. (1) The Minister may make regulations necessary or convenient for the proper administration of this Act and to facilitate the achievement of the purpose of this Act, and without limiting the generality of the foregoing, may make regulations -

- (a) relating to the fees, royalties, rent and other charges that are payable under this Act or the manner in which they are to be calculated;
- (b) in respect of the royalties that are payable for specific minerals and the manner in which they are to be calculated;
- (c) prescribing the manner in which an area referred to in a mineral right is to be demarcated;
- (d) prescribing the manner in which records, accounts, books and other documents shall be kept, retained and made available for inspection;
- (e) prescribing the manner in which confidential data provided under this Act is to be treated and the periods upon which such data ceases to be confidential;
- (f) procedures to be followed in any tender to be held under this Act;

- (g) providing the measures and procedures to be observed in respect of radioactive minerals and dispositions conferring rights and interests in respect of such minerals;
- (h) providing the measures and procedures to be observed in respect of petroleum and the disposition of rights and interests in respect of petroleum;
- (i) prescribing the measures to be included in approved programmes for prospecting and mining operations;
- (j) prescribing measures to be observed to protect and rehabilitate the environment;
- (k) prescribing measures to be observed regarding the use of explosives for prospecting and mining operations;
- (l) prescribing the measures to be observed concerning health and safety connected to prospecting and mining operations;
- (m) specifying areas that are excluded areas under this Act;
- (n) prescribing the categories of mineral rights that are not to be granted in prescribed areas;
- (o) prescribing the form of any licence, permit, forms, return or other document to be used for the purposes of this Act.

(2) The Minister may also make regulations containing saving, transitional and consequential provisions including, amendments to other Acts and regulations consequent upon the enactment of this Act and the repeal of the Mining Act, 1958.
