TAARIFA YA KAWAIDA NA. 180

In the matter of an Application by Songas Limited

FOR THE SONGAS LIMITED
 (NATURAL GAS PROCESSING AND TRANSPORTATION TARIFF ADJUSTMENT MECHANISM)
 (AMENDMENT) ORDER, 2008

ORDER NO. 08 - 013

On 19th August 2008 Songas Limited ("Songas") filed an Appeal No. 4 of 2008 with the Fair Competition Tribunal (FCT) against conditions 2(d) and 2(e) of the EWURA Order No. 08-009 dated 5th August, 2008, which read as follows:

- "2 (d) in future, Songas and other parties to the basic agreements are permitted to amend, modify or waive any provision of material and adverse impact on regulatory and, or competition matters; only if the consent by EWURA is sought within a reasonable time and is obtained in writing.
- 2 (c) with the exception of Protected Gas Shippers, effective from 1st January, 2009, charge a flat rate on book value and cost reflective basis (in US\$ per thousand cubic feet) for natural gas processing and transportation services between any inlet point and outlet point of Songas' gas processing and transportation facilities."

On 20th October, 2008 Tanzania Electric Supply Company Limited (TANESCO) filed with FCT an application to join Songas, as an intervener, against the entire EWURA Order No. 08 - 009.

On the fulfilment of all conditions precedent to an acceptable degree for submission, of a fresh application, on 23rd October, 2008 Songas filed an Application No. TR-G-08-025 requesting for regulatory review of the Multi-Year Tariff Adjustment Mechanism to cover fourteen (14) years of the existing natural gas infrastructure, and the Natural Gas Processing Plant Expansion Project ("the Project").

During the preliminary screening of the Application No. TR-G-08-025, it became apparent that Appeal No. 4 of 2008 by Songas to FCT, and Application No. TR-G-08-025 for the same project cannot co-exist. It has also become clear that if the judicial process initiated by Songas is left to take its course to natural finality, the main two contracts

for supply and installation of two units of Dew Point Control awarded by Songas will expire, the budgeted project capital costs will go up, and natural gas demand will not be met by the existing natural gas facilities.

After several meetings between Songas and EWURA on the best way forward:

- (a) On 21st November 2008, Songas filed with EWURA a request for a relief by deferring for twelve months the effective date to implement condition 2(e) of the EWURA Order No. 08-009; and
- (b) Songas, on 1st December, 2008, filed with FCT a notice of withdrawal of Appeal No. 4 of 2008 to pave the way for regulatory review of the Application No. TR-G-08-025 to be concluded before 31st January, 2009.

The Board of Directors of EWURA, having met on 5th December, 2008 to consider this matter, has decided that-

- 1. This Order may be cited as the Songas Limited (Natural Gas Processing and Transportation Tariff Adjustment Mechanism) (Amendment) Order, 2008.
- 2. This Order shall take effect from the date of this Order.
- 3. Condition 2(e) of the EWURA Order No. 08-009 is hereby amended by replacing "1st January, 2009" with "1st January, 2010" and thence, deferring for twelve (12) months the effective date to implement condition 2(e).
- 4. All other conditions, including condition 2(d) of the EWURA Order No. 08-009 remain in full force.

TAARIFA YA KAWAIDA NA. 181

In the matter of an Application by the
 "LINDI URBAN WATER SUPPLY AND SEWERAGE
 AUTHORITY" (LUWASA)
 For a Tariff Adjustment, Submitted on 9th October, 2008
 (TR-W-08-024)

ORDER NO. 5

On 9th October, 2008 the Energy and Water Utilities Regulatory Authority (EWURA), received an application for a Tariff review from Lindi Urban Water Supply and Sewerage Authority (LUWASA). LUWASA requested for an increase in tariff on water supply ranging from 20% to 150% for metered customers and an increase of 33% to 100% for unmetered customers. The Applicant also requested to increase reconnection fee by 100% for

domestic customers category while maintaining the same fee for other customer categories. The Applicant further requested for an increase in monthly service charges ranging from 100% to 120% for all customer categories except for domestic customers where the current monthly service charge shall be maintained. As regards to sewerage tariff, LUWASA requested that the customer be charged 30% of water supply charge per month. The new tariffs and charges were requested to start from 1st November, 2008.

LUWASA's proposed tariff increase and charges aim at recovering, the costs incurred in the process of water production, distribution and maintenance of the water supply networks, including replacements and minor extensions.

EWURA is empowered by the Energy and Water Utilities Regulatory Authority Act, Cap 414 ("EWURA Act") to regulate tariff adjustments in the water and sewerage sector. In evaluating the application from LUWASA, EWURA has taken into consideration, among other things, the submitted documents as per the tariff application guidelines, additional information requested by EWURA, comments by various stakeholders and clarifications given by the Applicant.

5.0 On or before 31st May, 2009, LUWASA shall provide evidence to EWURA that it has designed and is implementing preventive maintenance programme to its facilities.

6.0 On or before 30th June, 2009 LUWASA should provide evidence to EWURA that it has designed and is implementing a pro-active program of customer outreach. A status report on the implementation of that programme shall be included with all future applications for tariff adjustment and considered by EWURA in evaluating the reasonableness thereof. LUWASA should educate its customers on meter reading and service charge so that customers should minimize complaints on the accuracy and reasonableness of the monthly water bills and service charge.

7.0 LUWASA shall continue to provide EWURA with information about its financial and operating condition in accordance with the requirements of EWURA. This information will be used by EWURA to evaluate LUWASA performance in comparison with other utilities and the improvement of its performance over time. This evaluation will be considered by EWURA in determining the reasonableness of all future requests for tariff adjustment. In particular LUWASA shall ensure that the accuracy of information provided in monthly reports is improved.

This Order shall take effect from 1st March, 2009.

TAARIFA YA KAWAIDA NA. 181

OMBI LA MAMILAKA YA MAJISAFI NA MAJITAKA
LINDI MJINI ("LUWASA") LA KUREKEBISHA BEI
YA HUDUMA ZA MAJI LILILOWASILISHWA
TAREHE 9 OKTOBA, 2008

(TR-W-08-024)

Agizo Namba 5

Tarehe 9 Oktoba, 2008 Mamlaka ya Uhibiti wa
Huduma za Nishati na Maji ("EWURA") ilipokea ombi la
Mamlaka ya Majisafi na Majitaka MJINI Lindi ("LUWASA")
la kuongeza bei ya majisafi kwa wastani wa katiba asilimia

20 na 150 kwa wateja wenye dira, na wastani kati ya asilimia 33 na 100 kwa wateja wasio na dira. LUWASA pia imeomba kuongeza kwa asilimia 100 ada ya kurejesha huduma kwa wateja wa majumbani wakati kwa wateja wengine LUWASA imeomba waendelee kutumia ada ya sasa. LUWASA imeomba pia ongezeko la gharama za huduma kwa mwezi (monthly service charges) la kati ya asilimia 100 na 120 kwa wateja wote isipokuwa wateja wa majumbani watakaoendelea kutozwa bei ya sasa. Kuhusu bei ya majitaka, LUWASA imeomba kutoza asilimia 30 ya bei ya majisafi kwa mwezi. LUWASA iliomba bei mpya za majisafi na majitaka pamoja na ada za huduma mbalimbali zianze kutumika tarehe 1 Novemba, 2008.

Pendekezo la bei za huduma ya majisafi na majitaka la LUWASA linalenga kufidia gharama zitokanazo na uzalishaji, usambazaji na matengenezo ya mtandao wa majisafi pamoja na kubadilisha mabomba machakavu na kulaza mabomba mapya kupeleka huduma ya maji maeneo ambayo hayana huduma hiyo.

Sheria iliyounda EWURA, "Energy and Water Utilities Regulatory Act" (Sura ya 414)", imeipa Mamlaka uwezo wa kisheria wa kudhibiti marekebisho ya bei katika sekta ya majisafi na majitaka. Katika kutathmini maombi ya LUWASA, EWURA imezingatia:

5.0 Ifikapo tarehe 31 Mei, 2009 au kabla ya hapo, LUWASA iwe imewasilisha uthibitisho wa kutosha wa namna ambavyo imesanifu na kutekeleza mpango wake wa matengenezo ya tahadhari katika miundombinu yake.

6.0 Ifikapo tarehe 30 Juni, 2009 au kabla ya hapo, LUWASA inatakiwa iwe imetoa uthibitisho wa kutosha na jinsi inavyotekeleza mpango wake wa kuimarisha mahusiano, mawasiliiano, utoaji habari, na uelimishaji wa wateja (customer outreach). Taarifa ya utekelezaji wa mpango huo iwasilishwe EWURA katika maombi yote yajayo ya kurekebisha bei za huduma. EWURA itazingatia taarifa hiyo wakati wa kufanya tathmini ya uhalali wa maombi husika.

7.0 LUWASA iendelee kuwasilisha EWURA taarifa zake za fedha na za utendaji kwa mujibu wa mwongozo wa EWURA. Taarifa hizi zitatumiwa na EWURA katika kufanya tathmini ya utendaji wa LUWASA ikilinganishwa na asasi zingine za utoaji wa huduma za majisafi na majitaka na uboreshaji wa huduma zake. EWURA itazingatia matokeo ya tathmini hiyo katika kufanya maamuzi ya maombi yote yatakayo-wasilishwa LUWASA katika siku zijazo. Inasitizwa kuwa, LUWASA itaboresha taarifa zote zinazowasilishwa EWURA kila mwezi.

Agizo hili linaanza kutumika rasmi tarehe 1 Machi, 2009.

TAARIFA YA KAWAIDA NA. 182

OMBI LA MAMLAKA YA MAJISAFI NA MAJITAKA
YA KAHAMA/SHINYANGA (KAHAMMA/SHINYANGA
WATER SUPPLY AND SEWERAGE AUTHORITY –
KASHWASA) LA KUIDHINISHIWA BEI YA HUDUMA
YA MAJISAFI LILILOWASILISHWA

TAREHE 18 SEPTEMBER, 2008

(TR-W-08-017)

AGIZO NA. 09-001

Mnamo tarehe 18 Septemba, 2008, Mamlaka ya Udhibiti wa Huduma ya Nishati na Maji ("EWURA") ilipokea ombi la Mamlaka ya Majisafi na Majitaka la Kahama/Shinyanga ("KASHWASA") la kuidhinishiwa bei ya huduma ya maji safi. KASHWASA iliwasilisha ombi lao la kuuza majisafi kwa bei ya jumla ("bulk supply") lipewe kipaumbele kama dharura ili iweze kuanza kutoa huduma kwa wateja wake pindi mradi utakapomalizika. Wateja wanaotazarniwa kuuziwa majisafi na KASHWASA kwa utaratibu wa jumla ni wa makundi matatu, nayo ni Mamlaka za Majisafi na Majitaka za Kahama na Shinyanga; Vijiji; na Viwanda. KASHWASA wanapendekeza kutoza TZS 280/m³ wateja wa kundi la Mamlaka za Majisafi na Majitaka ambazo ni Mamlaka ya Majisafi na Majitaka Kahama (KUWASA) na Mamlaka ya Majisafi na Majitaka Shinyanga (SHUWASA), TZS 210/m³ kwa wateja wa kundi la Vijiji na TZS 400/m³ kwa wateja wa kundi la Viwanda. Vile vile, KASHWASA imeomba iihinishiwe kutoza TZS 6 kwa ndoo ya lita 20 kwa wateja wa kundi la Mamlaka za Majisafi na Majitaka; TZS 4.20 kwa ndoo ya lita 20 kwa wateja wa kundi la vijiji na TZS 8 kwa ndoo ya mita 20 kwa wateja wa Viwandani.

Pendekezo la KASHWASA la kuidhinishiwa bei za huduma ni la dharura ili waweze kuanza uzalishaji wa maji na usambazaji wa huduma kwa jamii mara tu baada ya kukamilika kwa Mradi wa Majisafi na Majitaka wa KASHWASA.

Sheria ya EWURA, "Energy and Water Utilities Regulatory Authority Act" (Sura ya 414)", imeipa EWURA uwezo wa kisheria wa kudhibiti marekebisho ya bei katika sekta ya majisafi na majitaka. Katika kutathmini maombi ya KASHWASA, EWURA imizingatia pamoja na mambo mengine, taarifa mbalimbali zilizowasilishwa na KASHWASA kama zinavyoelekezwa na Mwongozo wa EWURA wa maombi ya kurekebisha bei, na taarifa za nyong'enza kwa ajili ya kutoa ufanuzi.

Hili ni Agizo la muda ("Provisional Order") na limetolewa ili kukidhi ombi la dharura la bei ya Majisafi kama liliviyowasilishwa na KASHWASA. Taftishi yenye lengo la kubainisha uhalali wa bei zilizoombwa na KASHWASA, itafanya kabilo ya kutolewa / gizo kamili.

ya Wakurugenzi ya EWURA katika kikao cha tareh Februari, 2009 ilijadili ombi la KASHWASA na kutoa ...aamuzi yafuatayo:-

1.0 Bodi imeidhinisha bei ya mauzo ya majisafi kama inavyooneeshwa kwenye jedwali namba 1 hapa chini:

Jedwali Na. 1: Bei Zilizopendekezwa na Zilizoidhinishwa

Aina ya Wateja	Bei Zilizopendekezwa		Bei Zilizoidhinishwa

2.0 Ifikapo tarehe 30 Aprili, 2009 au kabla ya hapo KASHWASA iwe imetoa uthibitisho wa kutosha w jinsi inavyotekeleza mpango wake wa kuimarisha mahusiano, mawasiliano, utoaji habari, na uelimishaji wa wteja. Taarifa ya utekelezaji wa mpango huo iwasilishwe EWURA katika maombi yote yajayo ya kurekebisha bei za huduma, EWURA itazingatia taarifa hiyo wakati wa kufanya tathmini ya uhalali wa maombi husika.

3.0 Ifikapo tarehe 31 Julai, 2009 au kabla ya hapo, KASHWASA iwasilishe EWURA uthibitisho kuonyesha makubaliano kati yake na wateja wake watakaonunua maji kwa ujumla (bulk water purchase).

4.0 KASHWASA itaendelea kuwasilisha EWURA taarifa zake za fedha na utendaji wake kwa mujibu wa mwongozo wa EWURA. Taarifa hizo zitatumiwa na EWURA katika kufanya tathmini ya utendaji wa KASHWASA ikilinganishwa na asasi zingine za utoaji wa huduma za majisafi na majitaka na uboreshaji wa huduma zake. EWURA itazingatia matokeo ya tathmini hiyo katika kufanya maamuzi ya maombi yote yatakayowasilishwa na KASHWASA katika siku zizajo. Inasisitizwa kuwa, KASHWASA itaboresha taarifa zote zinazowasilishwa EWURA kila mwezi.

Bei na gharama za majisafi zitaaanza kutumika rasmi tarehe 15 Februari, 2009.

TAARIFA YA KAWAIDA NA. 182

In the matter of an Application by the
**KAHAMASHINYANGA WATER SUPPLY AND
SEWERAGE AUTHORITY
(KASHWASA)**

For a Tariff Adjustment, Submitted on 18th September, 2008

(TR-W-08-17)

ORDER No. 09-001

On 8th September, 2008 the Energy and Water Utilities Regulatory Authority (EWURA) received a submission for tariff application from Kahama/Shinyanga Water Supply and Sewerage Authority (KASHWASA). KASHWASA requested EWURA to consider and approve the proposed tariff for supply of bulk water services for its three customer categories namely Urban Water Authorities, Villages, and Industries customer categories. It requested to charge TZS 280/m³ for Urban Water Authorities which are Kahama Urban Water and Sewerage Authority (KUWASA), and Shinyanga Urban Water and Sewerage Authority (SHUWASA) TZS 210/m³ for village customers and TZS 400/m³ for Industrial customers category. It has also requested a tariff for a 20 litre water bucket of TZS 6 for Urban Water Authorities customer category TZS 4.20 for villagers and TZS 8 for Industrial customers.

KASHWASA requested its application to be treated as a matter of urgency so as to meet the Kahama/Shinyanga project completion time and start serving the most deserving communities which do not have water supply at the moment.

EWURA is empowered by the Energy and Water Utilities Regulatory Authority Act, Cap. 414 ("EWURA Act") to regulate tariff adjustments in the water and sewerage sector. In evaluating the application from KASHWASA, EWURA has taken into consideration among other things the documents submitted as per the tariff application guidelines, support letter from the Minister for Water and Irrigation and additional information requested by EWURA.

This is a Provisional Order and takes into consideration the urgency need of the tariff by KASHWASA. A formal Inquiry will be instituted so as to determine the reasonableness of the proposed tariff by KASHWASA before issuing an Order.

The Board of Directors of EWURA having met on 3rd February, 2009 to consider this matter decided as follows:

1.0 Approves the six months Water Tariff for KASHWASA as shown in Table 1 below.

Table 1: Proposed and Approved Water Supply Tariff

Customer Categories	Proposed Water Tariff		Approved Water Tariff	
	TZS/m ³	TZS/20lts.	TZS/m ³	TZS/20lts.

KUWASA	280	6.00	223	Not Applicable
VILLAGES	210	4.20	210	Not Applicable
INDUSTRIES	400	8.00	400	Not Applicable
MINES			600	Not Applicable

2.0 On or before 30th April, 2009, KASHWASA shall provide evidence to EWURA that it has designed and is implementing a pro-active programme of customer outreach. A status report on the implementation of that programme shall be included in the formal tariff review application.

3.0 On or before 31st July, 2009 KASHWASA shall submit to EWURA evidence that it has entered into bulk water purchase agreements with its major potential customers.

4.0 KASHWASA shall continue to provide EWURA with information about its financial and operating condition in accordance with the requirements of EWURA. This information will be used by EWURA to evaluate KASHWASA performance in comparison with other water supply and sewerage utilities and the improvement of its performance over time. This evaluation will be considered by EWURA in determining the reasonableness of all future requests for tariff adjustment. In particular KASHWASA shall ensure that the accuracy of information provided in monthly reports is improved.

This Order shall take effect from 15th February, 2009.

TAARIFA YA KAWAIDA NA. 183

FOR NATURAL GAS DISTRIBUTION AND
MARKETING TARIFF ADJUSTMENT MECHANISM
ORDER NO. 09-003

In the matter of an Application by PanAfrican Energy Tanzania Limited and Tanzania Petroleum Development Corporation

On 30th June 2008 PanAfrican Energy Tanzania Limited (PAT) and Tanzania Petroleum Development Corporation (TPDC) (together, hereinafter referred to as "the Applicants") submitted to EWURA Application No TR-G-08-018 for a multi-year tariff adjustment mechanism for natural gas distribution and marketing services.

The Applicants propose that the plants directly connected to the high pressure (above ten (10) bars absolute) pipeline system owned by Songas Limited be charged a Metering, Marketing and Connection Tariff 1(DT1). The Applicants further propose that for industrial

customers in Dar es Salaam, two tariff categories be created:

- (a) the Distribution Tariff 2 (DT2) for industrial customers being supplied with natural gas through the existing low pressure ring main and via Compressed Natural Gas; and
- (b) the Metering, Marketing and Connection (MMC) Tariff 3 (DT3) for all non-power users.

In the Application No TR-G-08-018, the Applicants requested for EWURA's approval of the following:

- (a) the formula and methodology for DT1, DT2 and DT3 until year 2025;
- (b) the downstream distribution tariff levels of US\$0.139/MMBTU for DT1, US\$0.639/GJ for DT2, and US\$0.402/GJ for DT3) for the period of 1st September 2008 to 31st December 2009;
- (c) the rate of return of eleven point zero seven five (11.075) percent; and
- (d) September of each year be set as the month when distribution tariffs for the subsequent year are determined.

Pursuant to Section 19(2)(h) of the EWURA Act, Cap 414, EWURA conducted a public hearing in Dar es Salaam on 19th August 2008 as part of the Public Inquiry. At the public hearing the Applicants explained the basic of their Application No TR-G-08-018.

Interventions were made by the Consumer Consultative Council (CCC), Government Consultative Council (GCC), Tanzania Electric Supply Company Limited (TANESCO), Tanzania Breweries Limited (TBL), as well as members of the general public. The stakeholders' opinions and responses by the Applicants have been taken into account by EWURA in determining the distribution tariff.

On 23rd December 2008, the Applicants requested EWURA specifically to take into consideration the following:

- (a) the gas business is not currently financed through a traditional debt/equity capital structure. To date all finance has been provided through PAT equity;
- (b) the debt capacity of the business to support a rate of return of 11.075% is completely uncertain, particularly in the light of the current world financial crisis;
- (c) the cost of the US dollar debt to a non-recourse project finance vehicle in Tanzania is not widely available, and at present, can only be estimated; and

In addition to the US risk-free debt and the country risk premium for Tanzania, there will be an additional risk premium based upon commercial bank assessment of the PAT's cash flow risk.

Therefore, owing to non provision of reliable data to facilitate a meaningful calculation for the actual cost of capital for the business, the Applicants have asked EWURA to approve an interim rate of return to commence the regulatory regime for year 2009, which rate of return could be adjusted once market data are more firmly established and verified by EWURA. The Applicants have further requested EWURA to disregard the previous weighted average cost of capital calculation (using the proposed cost of debt, capital structure (75:25), equity risk premium and beta) given that all these data will require subsequent validation at such time as up to date market parameters have been obtained.

On 6th February, 2009 EWURA conducted an Exit Conference with PAT, TPDC, Songas Limited, TANESCO, CCC, GCC and the Ministry of Energy and Minerals for the purpose of exchanging views on the draft Order. All information and opinion obtained during the exit conference form an integral part of the tariff review process and have been considered in the determination of this matter.

The Board of Directors of EWURA, having met on 24th February, 2009 to consider this matter has decided the following:

1.0 The tariff review process for Application No TR-G-08-018 is hereby terminated and referred back to the Applicants on grounds of non provision of current data required to perform meaningful calculations for the actual cost of capital for the business.

2.0 Without prejudice to Paragraph 1.0 above, and with effect from 1st April 2009, the Applicants shall charge a provisional DT2 at fifty-two US cents (US\$ 0.52) per Giga Joule (GJ) for natural gas distribution services until such time as the new tariff is determined by EWURA following submission of a new application by PAT and TPDC.

3.0 Not later than 31st March each year, the Applicants shall submit DT2 proposals to EWURA for review and the approval thereof to be applied in the subsequent Regulatory Year.

4.0 The Annual Revenue Requirement for any Regulatory Year "t" shall be calculated using the following formula:

$$\text{ARR}_t = r(\text{Cap}_t - \text{CD}_{t-1}) + \text{Opex}_t + d$$

where,
"ARR," means the annual revenue requirement for the Regulatory Year 't' commencing on 1st July each calendar year;

“r” means rate of return;
 “Cap,” means the Capital component for the Regulatory Year ‘t’;
 “CD_{t-1}” means the cumulative depreciation up to Regulatory Year ‘t - 1’;
 “Opex,” means the O&M Costs component for the Regulatory Year ‘t’;
 and
 “d” means the annual depreciation.

5.0 The Applicants shall be required to satisfy the following conditions:

5.1 not later than 31st March, 2009 submit to EWURA a firmly established cost of debt, capital structure, equity risk premium and beta necessary to determine the nominal rate of return based upon market data;

5.2 not later than 31st March, 2009 furnish EWURA with the wellhead price for industrial customers approved by the Ministry of Energy and Minerals;

5.3 not later than 31st March, 2009 establish the costs for metering, marketing and connections charges in lieu of DT1 and DT3, and file an appropriate application to EWURA for determination;

5.4 with effect from 1st April, 2009 the burner-tip gas shall consist of the wellhead price (referenced in condition 5.2 above), applicable processing and transportation tariff and DT2 (referenced in paragraph 2.0 above); and

5.5 not to enter into any new non-classic gas agreement, such as the Portfolio Gas Sales Agreement, without prior consultation and agreement with EWURA in writing; and

5.6 not to amend or modify any provision of the Gas Processing and Transportation Agreement and, or the Gas Agreement without prior consultation and agreement with EWURA in writing.

6.0 This Order shall take effect from 1st March, 2009.

KANUNI YA KUREKEBISHA TOZO KWA HUDUMA YA USAMBAZAJI WA GESI ASILIA AGIZO NA. 09-003

*Ombi la Kampuni ya PanAfrican Energy Tanzania
 Limited na Shirika la Maendeleo ya Petroli
 Tanzania*

Tarehe 30 Juni, 2008, Mamlaka ya Udhibiti wa Huduma za Nishati na Maji (“EWURA”) ilipokea Ombi Na. TR-G-08-018 kutoka kwa Kampuni ya PanAfrican Energy Tanzania Limited (PAT) na Shirika la Maendeleo ya Petroli Tanzania (TPDC), kuhusu kanuni ya kurekebisha tozo kwa huduma ya kusambaza na kukuza soko la gesi asilia.

PAT na TPDC walipendekeza kuwa wamiliki wa mitambo ya kuzalisha umeme iliyounganishwa moja kwa moja kwenye bomba kuu la gesi asilia linalomilikiwa na Kampuni ya Songas Limited lenye msongo mkubwa (unaozidi bars 10), watozwe gharama ya kusoma dira, kutafuta soko la gesi asilia, na kuunganishwa wateja kwenye mfumo wa usambazaji (DT1). Aidha, PAT na TPDC walipendekeza kuwa wenye viwanda vinavyotumia gesi asilia jijini Dar es Salaam wawekwe katika makundi mawili ya tozo, kama ifuatavyo:

(a) tozo kwa huduma ya kusambaza na kukuza soko la gesi asilia (DT2) kwa wateja ambaa wanapata gesi asilia kuititia bomba lenye msongo mdogo wa gasi asilia (ring main) na wateja watakaopata huduma kutumia mitungi maalum (Compressed Natural Gas); na

(b) tozo kwa huduma ya kusoma dira, kutafuta soko la gesi asilia na kuunganishwa wateja wa gesi asilia wasiozalisha umeme (DT3).

Kwa mujibu wa Ombi Na. TR-G-08-018, PAT na TPDC wameomba EWURA kuidhinisha vipengele vifuatavyo:

(a) kanuni ya kurekebisha tozo za DT1, DT2 na DT3 itumike hadi mwaka 2025;

(b) tozo kwa huduma mbalimbali za gesi asilia kiwango cha Dola za Marekani 0.139/MMBTU kwa huduma ya DT1, Dola za Marekani 0.639/GJ kwa huduma ya DT2, na Dola za Marekani 0.402/GJ kwa huduma ya DT3 kuanzia tarehe 1 Septemba, 2008 hadi 31 Desemba, 2009;

(c) faida kwenye mtaji ya asilimia kumi na moja nukta sifuri saba tano (11.075%); na

(d) mwezi Septemba kila mwaka utakuwa ni mwezi ambaa marekebisho ya tozo kwa mwaka unaofuata yatapangwa.

Tarehe 19 Agosti, 2008, EWURA ilifanya taftishi kwa mujibu wa kifungu 19(2)(h) cha Sheria ya EWURA jijini Dar es Salaam na kukusanya maoni na hoja za wadau kuhusu uhalali wa Ombi Na. TR-G-08-018.

Wadau waliowasilisha maoni na hoja ni Baraza la Watumiaji wa Huduma za Nishati na Maji (CCC), Baraza la Ushauri la Serikali kuhusu Huduma za Nishati na Maji (GCC), Shirika la Umeme Tanzania (TANESCO), Kampuni ya Bia Tanzania (TBL) na wananchi kwa ujumla. Hoja za wadau na usafanuzi uliotolewa na PAT na TPDC vimezingatiwa kikamilifu na EWURA katika kutoa uamuzi.

Tarehe 23 Desemba, 2008, PAT na TPDC waliowasilisha pendekezo kwa maandishi, kuiomba EWURA izingatie yafuatayo:

- (a) kwamba uwekezaji wa sasa katika biashara ya gesi asilia nchini haifuati taratibu za kawaida kuhusu muundo wa mtaji (debt/equity capital structure) unaozingatia urari, na kwamba mtaji wote umetokana na fedha za PAT pekee;
- (b) hakuna uhakika wa kupata mkopo wa biashara, hususan katika kipindi hiki cha hali mbaya ya kifedha duniani, kwa riba ya asilimia kumi na moja nukta sufuri saba tano (11.075%) kama walivyoomba;
- (c) si rahisi kupata mkopo kwa Dola za Marekani nchini Tanzania, wenye masharti nafuu kugharamia mradi, hivyo makadirio ndiyo yaliyotumika; na
- (d) licha ya vigezo muhimu kama vile kupata mkopo salama (US risk-free debt) na gharama ya kufanya biashara Tanzania (country risk premium), benki za biashara zikitathmini ukwasi wa PAT (cash flow risks), gharama za kukopa zitaongezeka.

Kutokana na kukosekana kwa takwimu thabiti za kutetea hoja ya msingi ya Ombi Na. TR-G-08-018, imeshindikana kukamilisha mchakato kama ilivyokusudiwa. PAT na TPDC wamewasilisha EWURA ombi la kuidhinisha tozo ya mpito kwa huduma za gesi asilia zitakazotumika katika mwaka 2009 ili wapate fursa ya kutosha kukamilisha taarifa muhimu na kuziwasilisha. Kiwango hiki cha tozo ya mpito kitarekebishwa mara baada ya kupata takwimu zenye uhakika kutokana na mwenendo wa soko la gesi asilia. Aidha, PAT na TPDC waliomba EWURA isizingatiwa taarifa na vigezo vya kukokotoa viwango vya faida kwa wawekezaji (weighted average capital cost) viliviyowasilishwa awali kwa kuwa uhalali wa tozo yoyote unategemea ubora wa takwimu na vigezo vinavyotumika katika kukokotoa viwango husika.

Tarehe 6 Februari, 2009, EWURA ilifanya mkutano wa mwisho (Exit Conference) na wadau wakuu (PAT, TPDC, Songas, TANESCO, CCC, GCC na Wizara ya Nishati na

Madini), ili kupata maoni yao kuhusu rasimu ya Agizo la EWURA (Draft Order). Maoni yaliyopatikana katika mkutano huo yamezingatiwa katika kufikia maamuzi ya ombi husika.

Bodi ya Wakurugenzi ya EWURA, katika kikao chake cha tarehe 24 Februari, 2009 ilijadili Ombi la PAT na TPDC na kufikia maamuzi yafuatayo:

1.0 Kusitisha mchakato wa kutathmini ombi la PAT na TPDC kutokana na PAT na TPDC kushindwa kuwasilisha takwimu na taarifa za uhakika za kuiwezesha EWURA kukokotoa faida inayostahili kwenye mtaji wa wawekezaji.

2.0 Pasipo kuathiri maamuzi katika aya ya 1.0 na kuanzia tarehe 1 Aprili, 2009, tozo kwa huduma ya kusambaza gesi asilia (DT2) litakuwa senti hamsini na mbili za Marekani kwa kila Giga Joule (US\$0.52/Giga Joule) hadi hapo EWURA itakapotoa uamuzi mwingine kufuatia PAT na TPDC kuwasilisha ombi jipya.

3.0 Kabla ya tarehe 31 Machi ya kila mwaka, PAT na TPDC watawasilisha EWURA ombi la tozo kwa huduma ya DT2, ili lifanyiwe tathmini na kuidhinishwa kwa ajili ya mwaka wa fedha unaofuata.

4.0 Ombi la mapato (Revenue Requirement) kwa ajili ya mwaka mpya wa fedha liandaliwe na PAT na TPDC kwa kufuata kanuni ifuatayo na kuwasilishwa EWURA kwa uhakiki na kuidhinishwa:

$$\text{ARR}_t = r(\text{Cap}_t - \text{CD}_{t-1}) + \text{Opex}_t + d$$

ambapo,

" ARR_t " ni mahitaji ya mapato ya mwaka 't' utakaoanz tarehe 1 Julai kila mwaka;
 "r" ni kiwango cha rejesho (*rate of return*);
 " Cap_t " ni mtaji kwa mwaka husika 't';
 " CD_{t-1} " ni gharama za uchakavu wa mitambo (*accumulated depreciation*) kwa mwaka uliopita 't-1';
 " Opex_t " ni gharama za uendeshaji na matengenezo (*operations and maintenance costs*) kwa mwaka husika 't'; na
 "d" ni gharama ya uchakavu wa mitambo kwa mwaka (*annual depreciation*).

5.0 PAT na TPDC wanaagizwa kutekeleza masharti yafuatayo:-

5.1 Ifikapo tarehe 31 Machi, 2009 wakye wamethibitisha gharama za kukopa za kuwasilisha EWURA taarifa (muundo wa mtaji), na viashiria vya gharama ya mtaji) zitakazowezesha kukokotoa tozo kwa huduma za kusambaza gesi asilia.

- 5.2 Ifikapo tarehe 31 Machi, 2009, wawe wamewasilisha EWURA uthibitisho wa bei za gesi asilia (wellhead prices) kwa ajili ya wateja wa viwandani kama itakavyoidhinishwa na Wizara ya Nishati na Madini.
- 5.3 Ifikapo tarehe 31 Machi, 2009, kwa kadri watakavyoona inafaa, wawe wamewasilisha EWURA gharama halisi za kusoma dira, kutafuta soko na kuunganisha wateja (badala ya tozo kwa huduma za DT1 na DT3) ili zifanyiwe tathmini na kuidhinishwa.
- 5.4 Kuanzia tarehe 1 Aprili, 2009, bei ya gesi asilia kwa wateja ioneshe bayana bei ya gesi asilia kwenye visima (wellhead price) kwa mujibu wa aya ya 5(b) hapo juu, tozo ya kusafisha na kusafirisha gesi asilia, na tozo kwa huduma za DT2 kwa mujibu wa aya ya 2.0 ya Agizo hili EWURA.
- 5.5 PAT na TPDC hawataruhusiwa kuingia mikataba mikubwa mipyä (new non-classic agreements) ukiwemo Portifolio Gas Sales Agreement, bila ya kuishirikisha na kukubaliana na EWURA kwa maandishi.
- 5.6 PAT na TPDC hawataruhusiwa kubadili au kurekebisha vipengele vya mikataba (the Gas Agreement and the Gas Processing and Transportation Agreement), bila ya kuishirikisha na kukubaliana na EWURA kwa maandishi.
- 6.0 Agizo hili litaanza kutumika kuanzia tarehe 1 Machi, 2009.

GENERAL NOTICE No. 184

In the matter of an Application by the

"MPWAPWA URBAN WATER SUPPLY AND
SEWERAGE AUTHORITY" (MPWUWSA)

(TR-W-08-020)

ORDER No. 08-016

For a Tariff Adjustment, Submitted on 13th August 2008

On 13th August 2008 EWURA received an application for a tariff review from mpwapwa Urban Water Supply and Sewerage Authority (MPWUWSA). MPWUWSA has requested for an increase in tariff on water supply ranging from 25% to 233% for metered customers and an increase

of 43% for unmetered customers. The applicant has also requested to increase reconnection fee by 50% from Tsh. 10,000/= to Tsh. 15,000/= for domestic customers while for other categories of customers the reconnection fee will not change. The Applicant is also requesting to impose a monthly service charge of Tsh. 1,000/= to all the customers. The new tariffs and charges are requested to start from 1st January 2009.

MPWUWSA's proposed tariff increase and charges aim at recovering, as practicable as possible, the costs incurred in the process of water production, distribution and maintenance of the water Supply networks, including replacement and minor extensions in order to expand customer base and improve service delivery.

EWURA is empowered by the Energy and Water Utilities Regulatory Authority Act, Cap, 414 ("EWURA Act") to regulate tariff adjustments in the water and sewerage sector. In Evaluating the application from MPWUWSA, EWURA has taken into consideration, among other things, the submitted documents as per the tariff application guidelines, additional information requested by EWURA comments and clarification from the consultation process.

A Public Hearing meeting was conducted on 30th October, 2008 at CCM Hall in Mpwapwa District as part of an Inquiry into the reasonableness of the proposed tariff adjustment. During the meeting, all stakeholders including the Consumer Consultative Council (CCC), the Government Consultative Council (GCC) and the Public were given an opportunity to present their opinions on the proposed tariff increase. Both the CCC and the GCC were concerned about the high increase in tariffs for domestic customers and urges MPWUWSA to reduce the rates into reasonably affordable water tariffs. Furthermore the CCC was concerned about the high Unaccounted for Water (UfW) of 35.8% and urges MPWUWSA to reduce UfW to an acceptable level of 20%. The GCC was also concerned with the short duration of only seven (7) hours of service and advises MPWUWSA in Cooperation with the Government to plan how to address the problem. The public was very much concerned about the poor service they get from MPWUWSA evidenced by short duration of water availability to most of the customers.

As a result of the Inquiry and analysis of the information received, EWURA adjusted the MPWUWSA's proposed tariff increase into reasonably justifiable rates which cover operation and maintenance costs and are comparable to the rates of the other Category C Authorities.

The Board of Directors of EWURA having met on 30th December, 2008 to consider this matter has decided the followig:-

1.0 The Board approves tariff increase in water supply for metered and unmetered customers, new connection fee, reconnection fee and service charges as shown in Table number 1 to 4 below.

This Order shall take effect from 1st January, 2009

2.0 On or before 30th 2009 MPWUWSA shall submit to EWURA its plan to:

- (a) Reduce Unaccounted for Water (UfW) from the current 35.8% to 25% by 30th June 2011;
- (b) Increase the population directly served with water services from 43.6% to 60 by 30th June 2011.

3.0 On or before 30th May 2009 MPWUWSA should provide evidence to EWURA that it has designed and is implementing a pro-active program of customer outreach. A Status report on the implementation of that programme shall be included with all future applications for tariff adjustment and considered by EWURA in evaluating the reasonableness thereof.

4.0 On or before 30th June, 2009 MPWUWSA shall install bulk water meters in various water sources to enhance accurate measurement of the volume of water produced.

5.0 On or before 30th September, MPWUWSA shall meter all customers.

6.0 With immediate effect, MPWUWSA shall perform physical, chemical and bacteriological water quality tests regularly each year.

7.0 On or before 31st December 2009, MPWUWSA shall provide evidence to EWURA that it has designed and is implementing a preventive maintenance programme to its facilities.

8.0 MPWUWSA shall continue to provide EWURA with information about its financial and operating condition in accordance with the requirements of EWURA. This information will be used by EWURA to evaluate MPWUWSA performance in comparison with other utilities and the improvement of its performance over time. This evaluation will be considered by EWURA in evaluating the reasonableness of all future requests for tariff adjustment. In particular MPWUWSA shall ensure that the accuracy of information provided in monthly reports is improved.

TAARIFA YA KAWAIDA NA. 184

OMBI LA MAMILAKA YA MAJI SAFI NA MAJI TAKA
MPWAPWA (Mpwapwa Urban Water Supply and
Sewerage Authority-MPWUWSA) LA KUREKEBISHA
BEI YA HUDUMA YA MAJISAFI NA MAJITAKA

Lililowasilishwa Tarehe 13 Agosti, 2008

(TR-W-08-020)

AGIZO NA. 08-016

Tarehe 13 Agosti 2008 EWURA ilipokea ombi la kurekebisha bei za huduma ya maji kutoka kwa Mamlaka ya Majisafi na Majitaka Mpwapwa (MPWUWSA). MPWUWSA imeomba kuongeza bei za huduma ya maji kwa kiasi cha 25% hadi 233 % kwa wateja wenye dira na kiasi cha 43% kwa wateja wasio na dira.

Mwombaji pia ameomba kuongeza gharama za kurejeshewa huduma kwa kiasi cha 50% kutoka Shilingi 10,000/= hadi Shilingi 15,000/= kwa wateja wa majumbani wakati kwa makundi mengine ya wateja gharama ya kurejeshewa huduma haitabadiili.

Pia Mwombaji ameomba kutoza gharama za huduma (service charges) kiasi cha Shilingi 1,000/= kwa mwezi kwa makundi yote ya wateja. Bei na gharama mpya zilizombwa zianze kutumika kuanzia tarehe 1 Januari 2009.

Pendekezo la bei za huduma ya maji la MPWUWSA linalenga kufidia kwa kadiri iwezekanavyo gharama zitokanazo na uzalishaji, usambazaji na matengenezo ya mtandao wa majisafi pamoja na kubadilisha mabomba machakavu na kulaza mabomba mapya kupeleka huduma ya maji maeneo ambayo hayana huduma hiyo.

Sheria ya EWURA, "Energy and Water Utilities Regulatory Authority Act" (Surá ya 414)", iméipa EWURA uwezo wa kisheria wa kudhibiti marekebisho ya bei katika sekta ya majisafi na majitaka. Katika kutathminji maombi ya MPWUWSA, EWURA imizingatia, pamoja na mambo mengine, taarifa mbalimbali zilizowasilishwa na MPWUWSA kama zinavyoolekezwa na Mwongozo wa EWURA wa maombi ya kurekebisha bei, taarifa za nyongeza kwa ajili ya kutoa ufanuzi, hoja na ufanuzi mbalimbali kutoka kwa wadau.

Mkutano wa Taftishi ulifanyika tarehe 30 Oktoba 2008 katika Ukumbi wa CCM Wilaya ya Mpwapwa ili kupata maoni ya wadau kuhusu uhalali wa kurekebisha viwango vya bei za huduma ya maji zinazotolewa na MPWUWSA. Wakati wa mkutano, wadau wote akiwemo mjambe wa Baraza la Watumia Huduma zinazodhibitiwa na EWURA (CCC), mjambe wa Baraza la Ushauri la Serikali (GCC) na Umma wa wananchi Mpwapwa walipewa fursa ya kutoa maoni yao kuhusu pendekezo la kurekebisha bei za huduma ya maji. Mabaraza yote mawili, yaani CCC na GCC yalikuwa

na hoja juu ya ongezeko kubwa la viwango vya bei za huduma ya maji hasa kwa wateja wa majumbani na kuitaka MPWUWSA kuangalia uwezekano wa kupunguza viwango hivyo kwa kiasi ambacho watumia maji watamudu kukilipa bila matatizo. Aidha, CCC walikuwa na hoja juu ya kiwango kikubwa cha maji yanayopotea (UfW) cha 35.8% na kuitaka MPWUWSA kupunguza upotevu huo hadi kiwango kinachokubalika cha 20%. GCC walikuwa na hoja juu ya muda mfupi wa utoaji huduma wa wastani wa saa 7 tu kwa siku na kuishauri MPWUWSA kwa kushirikiana na serikali kuangalia namna inavyoweza kuboresha utoaji wa huduma hii muhimu. Wananchi wa Mpwapwa walikuwa na hoja juu ya huduma zisizoridhisha zinazotolewa na MPWUWSA ikidhihirishwa na muda mfupi wa upatikanaji wa huduma ya maji kwa wateja walio wengi.

Baada ya Taftishi hiyo, EWURA imerekebisha viwango vya bei za huduma vilivyopendekezwa na MPWUWSA na

kupitisha viwango ambavyo ni halali, vinakidhi gharama ya uendeshaji na matengenezo na vinawiana na bei za Mamlaka nyingine zilizopo daraja la C.

Bodi ya Wakurugenzi ya EWURA katika kikao cha tarehe 30 Desemba, 2008 ilijadili ombi la MPWUWSA na kutoa maamuzi yafuatayo:

1.0 Bodi imeidhinisha ongezeko la bei za huduma ya majisafi kwa wateja wenye dira na wasio na dira, ada ya kuunganishiwa maji, bei ya kurejesha huduma ya maji na gharama ya huduma (Service charges.) Mchanganuo wa bei zilizoidhinishwa ni kama zinavyoonyeshwa katika jedwali namba 1 hadi namba 4 hapa chini

Ongezeko la bei na gharama mbalimbali litaanza kutumika kuanzia tarehe 1 Januari 2009.

2.0 Ifikapo tarehe 30 Aprili 2009 au kabla ya hapo MPWUWSA iwe imewasilisha EWURA mpango wake wa:

- (a) kupunguza kiwango cha maji yanayopotea (UfW) kutoka kiwango cha sasa cha asilimia 35.8 hadi asilimia 25;
- (b) kuungeza idadi ya wateja wanaopata huduma ya maji kutoka asilimia 43.6 hadi asilimia 60.

3.0 Ifikapo tarehe 30 Mei 2009 au kabla ya hapo, MPWUWSA iwe imetoa uthibitisho wa kutosha wa jinsi inavyotekéléza mpango wake wa kuimarisha mahusiano, mawasiliano utoaji habari, na uelimishaji wa wateja. Taarifa ya utekelezaji wa mpango huo iwasilishwe EWURA katika maombi yote yajayo ya kurekebisha bei za huduma. EWURA itazingatia taarifa hiyo wakati wa kufanya tathmini ya uhalali wa maombi husika.

4.0 Ifikapo tarehe 30 Juni 2009 au kabla ya hapo, MPWUWSA iwe imefunga dira za maji kwenye vyanzo vyake ili, kupima kwa usahihi kiasi cha maji kilichozaishwa.

5.0 Ifikapo tarehe 30 Septemba, 2009 au kabla ya hapo MPWUWSA, iwe imewafungia dira wateja wake wote.

6.0 Kuanzia sasa MPWUWSA iwe inafanya upimaji wa ubora wa maji mara kwa mara kila mwaka.

7.0 Ifikapo tarehe 31 Desemba, 2009 au kabla ya hapo, MPWUWSA iwe imewasilisha EWURA ushahidi wa kutosha jinsi inavyotekéléza mpango wa ukarabati wa miundombinu yake.

8.0 MPWUWSA iendelee kuwasilisha EWURA taarifa zake za fedha na utendaji wake kwa mujibu wa mwongozo wa EWURA. Taarifa hizo zitatumiwa na EWURA katika kufanya tathmini ya utendaji wa MPWUWSA ikilinganishwa na asasi zingine za utoaji wa huduma za majisafi na majitaka na uboreshaji wa huduma zake, EWURA itazingatia matokeo ya tathmini hiyo katika kufanya maamuzi ya maombi yote yatakayowasilishwa na MPWUWSA katika siku zijazo. Inasisitizwa kuwa, MPWUWSA itaboresha taarifa zote zinazowasilishwa EWURA kila mwezi.

TAARIFA YA KAWAIDA NA. 185

In the matter of an Application by the
“MASWA URBAN WATER SUPPLY AND
SANITATION AUTHORITY”
("MAUWASA")

For a Tariff Adjustment, Submitted on 17th November, 2008
(TR-W-08-026)
Ordre No. 09-006

On the 17th November 2008 EWURA received an Application from Maswa Urban Water Supply and Sanitation Authority ("MAUWASA") requesting an increase in its tariff and charges for water supply services. MAUWASA requested an increase in tariff for metered customers ranging between 0% and 100%; and for flat rate customers ranging between 25% and 50%. For metered customers. MAUWASA proposed to introduce minimum charges ranging from TZS 3,000 for rural domestic customers to TZS 50,000 for big industries. MAUWASA also proposed to introduced a metered tariff for cattle troughs consisting of TZS 10,000 as a minimum charge and TZS 500/m³ for any consumption above 8m³. As regards other charges, MAUWASA proposed a 100% increase in meter rent for government institutions, industrial and commercial customers. MAUWASA requested that the requested tariff and charges, if approved, take effect from 1st January, 2009.

The proposed increase in tariff and charges aims at assisting MAUWASA to meet increase in prices of water treatment chemicals; increases in maintenance costs; and to sustain the existing water services.

EWURA is empowered by the Energy and Water Utilities Regulatory Authority Act, Cap 414 ("EWURA ACT") to regulate tariff and charges adjustments in the water and Sewerage sector. In evaluating the Application from MAUWASA. EWURA has taken into consideration, among other things, the submitted documents as per the Tariff.

TAARIFA YA KAWAIDA NA. 185

Ombi la Mamlaka ya Majisafi na Usafi wa Mazingira Mjini Maswa ("MAUWASA") la Kurekebisha Bei ya Huduma za Maji lililowasilishwa Tarehe 17 Novemba, 2008.

(TR-W-08-026)
Agizo Namba 09-006

Tarehe 17 Novemba, 2008 Mamlaka ya Üdhibiti wa Huduma za Nishati na Maji ("EWURA") ilipokea ombi la Mamlaka ya Majisafi na Usafi wa Mazingira Mjini Maswa ("MAUWASA") la kuongeza bei na gharama za huduma ya maji. Katika ombi hilo MAUWASA iliomba ongezeko la bei la wastani wa kati ya asilimia 0 na 100 kwa wateja wenye dira, na kati ya asilimia 25 na 50 kwa wateja wasio na dira.

Kwa wateja wenye dira, MAUWASA pia iliomba kuanzisha gharama za kima cha chini cha matumizi ya maji ("minimum charges") ambazo ni kati ya TZS 3,000 kwa wateja wa nyumbani wa vijijini hadi TZS 50,000 kwa wateja wa viwanda vikubwa. MAUWASA iliomba pia kuanzisha bei mpya ya maji kwa ajili ya majosho ya ng'ombe ambayo ni TZS 10,000 kama gharama za kima cha chini cha matumizi ya maji na TZS 500 kwa kila mita ya ujazo inayozidi mita 8 za ujazo. Kuhusu gharama mbalimbali, MAUWASA iliomba ongezeko la kodi ya dira la asilimia 100 kwa wateja wa taasisi za serikali, viwanda na biashara. MAUWASA ilipendekeza marekebisho ya bei na gharama hizo za huduma ya maji zianze kutumika rasmi tarehe 1 Januari 2009,

Pendekezo la kurekebisha bei za huduma za majisafi linalenga kuisaidia MAUWASA kukabiliana na ongezeko la bei ya madawa ya kutibu maji, ongezeko la gharama za matengenezo na kuiwezesha MAUWASA kutoa huduma bora na endelevu.

Sheria iliyounda EWURA, "Energy and Water Utilities Regulatory Act" (Sura ya 414), imeipa Mamlaka uwezo wa kisheria wa kudhibiti marekebisho ya bei katika wa bei zilizoidhinishwa ni kama zinavyoonyeshwa katika jedwali namba 1 hadi namba 3 hapa chini.

TAARIFA YA KAWAIDA NA. 186

In the matter of an Application by the
"NGARA URBAN WATER SUPPLY AND
SEWERAGE AUTHORITY"
("NGUWASA")

For a Tariff Adjustment, Submitted on 26th May, 2008
TR-W-08-015
Order No. 09-002

On the 4th September 2008 EWURA received an application for a Tariff review from Ngara Urban Water Supply and Sewerage Authority ("NGUWASA"). NGUWASA requested for a weighted average increase in tariff on water supply of 33%; an increase in charges (that is, connection application form fee; connection fee; reconnection fee; and meter rental fee) ranging from 0% to 50%; and an introduction in service charges which will be TZS 500 per month. The new tariffs and charges were requested to start from 1st November 2008.

The proposed increase in tariff and charges aims at assisting NGUWASA to meet increase in the costs of distribution; rise in prices of materials, increase in production costs attributed to increases in diesel and electricity costs; increase in wages; decrease in subsidy from the government; lack of sufficient permanent and experienced staff; and to rehabilitate and maintain the water distribution system which is dilapidated and thus tends to increase the costs of repair and maintenance.

EWURA is empowered by the Energy and Water Utilities Regulatory Authority Act, Cap. 414 ("EWURA Act") to regulate tariff and charges adjustments in the water and sewerage sector. In evaluating the application from NGUWASA, EWURA has taken into consideration, among other things, the submitted documents as per the tariff application guidelines, additional information requested by EWURA, comments and clarifications provided during the consultation process.

EWURA conducted an Inquiry into the reasonableness of the proposed tariff as well as service charges. This inquiry included an economic and a technical evaluation of the Application and a Public Hearing meeting that was conducted in Ngara town on 30th October 2008 to hear the

views of stakeholders including EWURA's Consumer Consultative Council (CCC), Government Consultative Council (GCC) and the public. Both the CCC and GCC were concerned about the high unaccounted for water (UFW) of 45%. The Public was concerned about the water disconnection exercise which takes place without their knowledge resulting into being compelled to pay TZS 20,000 as a reconnection fee after settling the bill. The public also questioned NGUWASA about reasons behind kiosk agents selling water at tariff rate different from that approved by EWURA. The issues raised during the Public Hearing, led to further discussions with NGUWASA and provision by the Applicant of Supplementary Material in support of the proposed tariff increase.

As a result of the Inquiry and analysis of the information received, EWURA adjusted the NGUWASA's proposed tariff increase into reasonably justifiable rates which cover operation and maintenance costs.

The Board of Directors of EWURA having met on 3rd February 2009 to consider this matter has decided as follows:-

1.0 The Board approves tariff increase in water supply, connection application form fee, connection fee, reconnection fee, meter rental fee and service charges as shown in Table number 1 and 2 below.

Table 1: Schedule of Current, Proposed and Approved Water Tariffs

Category	Current Tariff (TZS/m ³)	Proposed Tariff (TZS/m ³)	Approved Tariff (TZS/m ³)
Domestic	450	600	530
Institutional	600	800	705
Commercial	600	800	705
Kiosk	450	600	450

Table 2: Schedule of Current, Proposed and Approved Charges

	Current Charges (TZS)	Proposed Charges (TZS)	Approved Charges (TZS)
Connection Application	2,000	3,000	2,000
Connection Fee	18,000	25,000	25,000
Reconnection Fee	20,000	20,000	20,000
Meter Rental Fee	1,000	1,000	1,000
Service Charges		500	500

2.0 On or before 30th June 2009 NGUWASA shall submit to EWURA its plan to:

- 2.1 increase the population directly served with water services from 74% to 85% by 31st December 2010;
- 2.2 construct a sewerage system which shall include sewerage treatment facilities; and

2.3 reduce Unaccounted for Water (UfW) from 43.6% in 2007/08 to 35% by 30th June 2010.

3.0 On or before 30th September 2009 NGUWASA shall recruit one accounting personnel and one water technician.

4.0 On or before 31st March 2009, NGUWASA shall conduct meetings of Kiosk users to decide on the way to operate their kiosks and the mode of payment.

5.0 NGUWASA shall develop procedures for debt recovery and disconnection of indebted customers and submit them for EWURA's approval before 30th June 2009.

6.0 NGUWASA shall continue to provide EWURA with information about its financial and operating condition in accordance with the requirements of EWURA. This information will be used by EWURA to evaluate NGUWASA's performance in comparison with other utilities and the improvement of its performance over time. This evaluation will be considered by EWURA in determining the reasonableness of all future requests for tariff adjustment.

This Order shall take effect from 15th February, 2009.

TAARIFA YA KAWAIDA NA. 186

Ombi la Mamlaka ya Majisafi na Majitaka Ngara Mjini ("NGUWASA")
La kurekebisha Bei ya Huduma za Maji liliowasilishwa
Tarehe 4 Septemba, 2008.
(TR-W-08-015)

Agizo Namba 09-002

Tarehe 4 Septemba 2008 Mamlaka ya Udhibiti wa Huduma ya Maji na Nishati ("EWURA") ilipokea ombi la kurekebisha bei za huduma ya majisafi kutoka kwa Mamlaka ya Majisafi na Majitaka Mjini Ngara ("NGUWASA"). NGUWASA iliomba kuongeza bei za huduma za maji kwa wastani wa asilimia 33. Mwombaji pia ameomba kuongeza ada za fomu ya kuomba maji, kuunganisha maji, kurudisha maji yaliyokatwa, na kukodi meta kwa kati ya asilimia 0 hadi asilimia 50. Vilevile, NGUWASA iliomba kuanzisha tozo la gharama za huduma ("service charge") ambayo itakuwa TZS 500 kwa inwezi. NGUWASA ilipendekeza marekebisho ya bei na gharama za huduma ya maji zianze kutumika rasmi tarehe 1 Novemba 2008.

Pendekezo la bei na gharama za huduma la NGUWASA linalenga kuisaidia Mamlaka kukidhi ongezeko la gharama za usambazaji, ongezeko la bei ya vitendea kazi,

ongezeko la gharama za uzalishaji ambalo limesababishwa na kupanda kwa bei ya mafuta na umeme, ongezeko la mishahara, punguzo la ruzuku kutoka serikalini, ukosefu wa wafanyakazi wa kudumu na wenye ujuzi, na ukarabati wa mtandao wa maji ambaou umechakaa kiasi cha kuongeza gharama za uendeshaji na matengenezo.

Sheria ya EWURA, "Energy and Water Utilities Regulatory Authority Act" (Sura ya 414), imeipa EWURA uwezo wa kisheria wa kudhibiti marekebisho ya bei katika sekta ya majisafi na majitaka. Katika kutathmini maombi ya NGUWASA, EWURA imizingatia, pamoja na mambo mengine, taarifa mbalimbali zilizowasilishwa na NGUWASA kama zinavyoolekezwa na Mwongozo wa EWURA wa maombi ya kurekebisha bei, taarifa za nyongeza kwa ajili ya kutoa usafanuzi, hoja na fasanuzi mbalimbali zilizotolewa wakati wa taftishi.

EWURA ilifanya taftishi kuhusu uhalali wa ombi hilo la ongezeko la bei na gharama za huduma ya majisafi. Taftishi hiyo ilihiusisha tathmini ya masuala ya kiuchumi na ya kifundi pamoja na kufanya mkutano wa taftishi katika Mji wa Ngara tarehe 30 Oktoba 2008 ili kupata maoni kutokaa kwa wadau ambaao ni Baraza la Watumiaji Huduma zinazodhibitiwa na EWURA (CCC). Baraza la Ushauri la Serikali (GCC) na Umma wa wananchi wa Ngara. Mabaraza yote mawili, yaani CCC na GCC yaliikuwa na hoja juu ya kiwango kikubwa cha maji yanayopotea (UFW) cha asilimia 45. Wananchi wa Ngara walikuwa na hoja juu ya zoezi la kuwakatia maji linalofanywa bila ya wao kupewa taarifa ambapo inawalazimu kulipa TZS 20,000 kama gharama ya kurudisha maji baada ya kulipa deni. Wananchi walihoji pia kuhusu bei ya maji wanayouziwa kwenye vioski ambayo ni tofauti na ile iliyoidhinishwa na EWURA. Hoja zilizotolewa katika mkutano wa taftishi, zilipelekea EWURA kuitaka NGUWASA itoe maelezo zaidi kuhusu ombi lake.

Kutokana na hoja zilizotolewa katika taftishi na uchambuzi wa ripoti mbalimbali zilizowasilishwa. EWURA imerekebisha mapendekezo ya bei yaliyowasilishwa na NGUWASA na kufikia kwenye viwango halali na vyenye mantiki vinavyoilezesha NGUWASA kulipia gharama zake za uendeshaji.

Bodi ya Wakurugenzi ya EWURA katika kika cha tarehe 3 Februari 2009, ilijadili ombi la NGUWASA na kutoa maamuzi yafuatayo:

1.0 Bodi imeidhinisha ongezeko la bei za huduma ya majisafi, ada ya fomu ya kuomba maji, ada ya kuunganisha maji, ada ya kurejeshewa maji yaliyokatwa, ada ya kukodi mita na ada ya utoaji huduma (Service charges kama zinavyoonyeshwa katika jedwali namba 1 na namba 2 hapa chini).

Jedwali Na. 1: Bei za Maji

Kundi la Wateja	Bei ya Sasa (TZS/m ³)	Bei ilio-ombwa (TZS/m ³)	Bei ilio-idhinishwa (TZS/m ³)
Majumbani	450	600	530
Taasisi	600	800	705

Biashara	600	800	705
Vioski	450	600	450

Jedwali Na. 2: Ada mbalimbali za Huduma ya Maji

	Gharama za sasa (TZS)	Gharama zilizombwa (TZS)	Gharama zilizoidhinishwa (TZS)
Ada ya Fomu ya Maombi ya Kuunganisha Maji	2.000	3,000	2,000
Ada ya Kuunganisha Maji	18,000	25,000	25,000
Ada ya Kurejeshewa Maji yaliyokatwa	20,000	20,000	20,000
Ada ya Kukodi Dira ya Maji	1,000	1,000	1,000
Ada ya Utoaji Huduma (Service Charges)		500	500

2.0 Ifikapo tarehe 30 Juni 2009 au kabla, NGUWASA, itawasilisha EWURA mpango wake wa:

2.1 kuongeza idadi ya wananchi wanaopata huduma ya maji kutoka asilimia 74 hadi asilimia 85 ifikapo tarehe 31 Desenba 2010;

2.2 kujenga infumo wa majitaka ambaou utakuwa na mtambo wa kusafisha majitaka hayo; na

2.3 kupunguza kiwango cha upotevu wa maji kutoka asilimia 43.6 mwaka 2007/2008 hadi asilimia 35 ifikapo tarehe 30 Juni 2010.

3.0 Ifikapo tarehe 30 Septemba 2009 au kabla, NGUWASA iwe imeajiri mfanyakazi mwenye taaluma ya uhasibu na mwingine mwenye taaluma ya ufundi wa maji (water technician).

4.0 Ifikapo tarehe 31 Machi 2009, NGUWASA iwe imetisha mikutano ya watumiaji wa maji kwa kila Kioski ili waamue utaratibu watakaoutumia katika kuendesha Vioski na kulipia gharama ya maji.

5.0 Ifikapo tarehe 30 Juni 2009, NGUWASA iwe imetayarisha utaratibu wa kudai wadeni wa maji pamoja na ule wa kuwakatia maji wanaodaiwa na kuwasilisha EWURA ili upitishwe.

6.0 NGUWASA iendelee kuwasilisha EWURA taarifa zake za fedha na utendaji wake kwa mujibu wa mwongozo wa EWURA. Taarifa hizo zitatumwa na EWURA katika kufanya tathmini ya utendaji wa NGUWASA ikilinganishwa na asasi zingine za utoaji wa huduma za majisafi na majitaka na uboreshaji wa huduma zake. EWURA itazingatia matokeo ya tathmini hiyo katika kufanya maamuzi ya maombi yote yatakayowasilishwa na NGUWASA katika siku zilazo. Inasilitizwa kuwa, NGUWASA itaboresha taarifa zote zinazowasilishwa EWURA kila mwezi.

Ongezeko la bei na gharama mbalimbali litaanza kutumika kuanzia tarehe 15 Februari 2009.
