SUPPLEMENTS

Statutory Instrument

- No. 4—The Business, Technical, Vocational Education and Training (Establishment of the Uganda Nurses and Midwives Examination Board (UNMEB)) Regulations, 2009.
- No. 5—The Atomic Energy Act (Commencement) Instrument, 2009.

Legal Notice

- No. 2—The Uganda National Bureau of Standards (Declaration of Compulsory National Standards) Notice, 2009.

General Notice No. 41 of 2009.

THE UGANDA NATIONAL BUREAU OF STANDARDS ACT, 1983

(Act No. 1 of 1983, Section 15)

NOTICE

NOTICE FOR DECLARATION OF NATIONAL STANDARDS

IT IS HEREBY NOTIFIED for general information that the National Standards Council, in exercise of the powers conferred upon the Council by Section 15 of the Uganda National Bureau of Standards (UNBS) Act (Cap 327), hereby declare that the following standards the scopes of which appear hereunder, are elaborated Uganda National Standards.

These standards may be viewed (and/or obtained at a fee) at the UNBS Head Office, Plot M217 Nakawa Industrial Area, P.O. Box 6329, Kampala, Tel: 0414-222367/9, 0414-505995, Fax: 0414-286123, E-mail: unbs@infocom.co.ug

A ENGINEERING STANDARDS

A.1 ROOFING MATERIALS

1. US 816:2008, Specification for clay roofing tiles and ridges

Scope: This Uganda Standard covers clay roofing tiles and ridges intended for use as roof coverings where durability and appearance are required to provide a weather-resistant surface of specified design. This standard specifies requirements for Mangalore, Marseilles, Roman and Portuguese roofing tiles and clay roofing ridges.

A.2 FURNITURE

2. US 776:2008, Furniture - Chairs and tables for educational institutions - Functional sizes

Scope: This Uganda Standard specifies the basic functional sizes for seating and tables in educational institutions. It does not include any special requirements that apply to "special schools" or to adjustable furniture. The requirements for materials, design construction or quality are covered in the relevant standards.

3. US ISO 9424:2003, Wood-based panels—Determination of dimensions of test pieces

Scope: This Uganda Standard specifies a method for measuring the thickness, length and width of test pieces of wood-based panels.

4. US ISO 9426:2003, Wood-based panels—Determination of dimensions of panels

Scope: This Uganda Standard specifies methods for measuring the thickness, width and length, as well as the squareness, edge straightness and flatness of wood-based panels. It applies to full-size flat panels.

5. US ISO 9427:2003, Wood-based panels—Determination of density

Scope: This Uganda Standard specifies a method for determining the density of wood-based panels.

6. US ISO 12460-1:2007, Wood-based panels—Determination of formaldehyde release - Part 1: Formaldehyde emission by the 1-cubic-metre chamber method.

Scope: This Uganda Standard specifies a 1 m³ chamber method for the determination of the formaldehyde emission from wood-based panels under defined conditions, relating to typical conditions in real-life.

7. US ISO 16979-1:2003, Wood-based panels—Determination of moisture content

Scope: This Uganda Standard specifies a method for determining the moisture content of wood-based panels.

A.3 ELECTROTECHNOLOGY

A.3.1 CABLES AND CONDUCTORS

8. US EAS 497:2008, Colours of the cores of flexible cables and cords

Scope: This Uganda Standard applies to flexible cables and cords with not more than five cores. The object of this standard is to establish a standard colour identification for the earthing core in flexible cables and cords. The introduction of the same identification code in all countries would remove the risk of accidents due to connecting plugs to flexible cables or cords attached to imported appliances. This risk may occur where the

colour standardized for the identification of the earthing core in the country of import is different from that standardized in the country of export.

9. US EAS 498-1:2008, Low-frequency cables and wires with PVC insulation and PVC sheath - Part 1: General test and measuring methods

Scope: This Uganda Standard specifies mechanical, electrical and climatic test methods for low-frequency cables and wires designed for use in telecommunication inside plant and equipment and in electronic devices employing similar techniques.

10. US EAS 498-2:2008, Low-frequency cables and wires with PVC insulation and PVC sheath—Part 2: Cables in pairs, triples, quads and quintuples for inside installations

Scope: This Uganda Standard is applicable to cables for inside installations, intended for the interconnection of transmission equipment; telecommunications equipment; and equipment for data processing.

11. US EAS 498-3:2008, Low-frequency cables and wires with PVC insulation and PVC sheath - Part 3: Equipment wires with solid or stranded conductor wires, PVC insulated, in singles, pairs and triples

Scope: This Uganda Standard is applicable to equipment wires with solid or stranded conductor, polyvinyl chloride (PVC) insulated, in singles, pairs and triples to be used for internal wiring of telecommunication equipment, industrial and consumer electronic equipment.

12. US EAS 499-1:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 1: General requirements

Scope: This Uganda Standard applies to rigid and flexible cables with insulation, and sheath if any, based on polyvinyl chloride, of rated voltages U_0/U up to and including 450/750 V used in power installations of nominal voltage not exceeding 450/750 V a.c.

13. US EAS 499-2:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 2: Test methods

Scope: This Uganda Standard specifies the methods of carrying out the tests for specified polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V.

14. US EAS 499-3:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 3: Non-sheathed cables for fixed wiring

Scope: This Uganda Standard details the particular specifications for polyvinyl chloride insulated single-core non-sheathed cables for fixed wiring of rated voltages up to and including 450/750 V.

15. US EAS 499-4:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 4: Sheathed cables for fixed wiring

Scope: This Uganda Standard details the particular specification for light polyvinyl chloride sheathed cables of rated voltage of 300/500 V.

16. US EAS 499-5:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 5: Flexible cables (cords)

Scope: This Uganda Standard details the particular specifications for polyvinyl chloride insulated flexible cables (cords), of rated voltages up to and including 300/500 V.

17. US EAS 499-6:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 6: Lift cables and cables for flexible connections

Scope: This Uganda Standard details the particular specifications for both circular and flat lift cables and cables for flexible connections of rated voltages up to and including 450/750 V.

18. US EAS 499-7:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 7: Flexible cables screened and unscreened with two or more conductors

Scope: This Uganda Standard details the particular specifications for polyvinyl chloride insulated, screened and unscreened control cables of rated voltages up to and including 300/500 V.

19. US EAS 501:2008, Conductors of insulated cables

Scope: This Uganda Standard specifies the nominal cross-sectional areas, in the range 0.5 mm² to 2 500 mm², for conductors in electric power cables and cords of a wide range of types. Requirements for numbers and sizes of wires and resistance values are also included. These conductors include solid and stranded copper, aluminium and aluminium alloy conductors in cables for fixed installations and flexible copper conductors. The standard does not apply to conductors for telecommunication purposes.

20. US EAS 502:2008, Electric cables - Tests on extruded oversheaths with a special protective function

Scope: This Uganda Standard provides a range of tests which may be required for electric cables which have an extruded oversheath and where that oversheath performs a special protective function. The standard covers cables for use in insulated systems and in uninsulated systems.

21. US EAS 503-1:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 1: General requirements [+Am1:2007]

Scope: This Uganda Standard applies to rigid and flexible cables with insulation, and sheath if any, based on vulcanized rubber of rated voltages U_0/U up to and including 450/750 V used in power installations of nominal voltage not exceeding 450/750 V a.c.

22. US EAS 503-2:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 2: Test methods

Scope: This Uganda Standard gives the test methods specified in all parts of IEC 60245 as far as not laid down in IEC 60811.

23. US EAS 503-3:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 3: Heat resistant silicone insulated cables [+Am1:1997]

Scope: This Uganda Standard details the particular specifications for silicone rubber insulated cables of rated voltage of 300/500 V.

24. US EAS 503-4:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 4: Cords and flexible cables

Scope: This Uganda Standard details the particular specifications for rubber insulated and braided cords and for rubber insulated and rubber or polychloroprene or other equivalent synthetic elastomer sheathed cords and flexible cables of rated voltages up to and including 450/750 V.

25. US EAS 503-5:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 5: Lift cables [+Am1:2003]

Scope: This Uganda Standard details the particular specifications for rubber insulated lift cables of rated voltage of 300/500 V.

26. US EAS 503-6:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 6: Arc welding electrode cables [+Am1:1997 and Am2:2003]

Scope: This Uganda Standard details the particular specifications for rubber insulated arc welding electrode cables.

27. US EAS 503-7:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 7: Heat resistant ethylene-vinyl acetate rubber insulated cables [+Am1:1997]

Scope: This Uganda Standard details the particular specifications for ethylene-vinyl acetate rubber insulated cables of rated voltages up to and including 450/750 V.

28. US EAS 503-8:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 8: Cords for applications requiring high flexibility

Scope: This Uganda Standard details the particular specifications for rubber or cross-linked polyvinyl chloride insulated and rubber or cross-linked polyvinyl chloride sheathed cords of rated voltage 300/300 V, for use in applications where high flexibility is required, for example for iron cords.

29. US EAS 504:2008, Standard colours for insulation for low-frequency cables and wires

Scope: This Uganda Standard applies to thermoplastic insulation to be used with low-frequency cables and wires.

30. US EAS 505:2008, Basic and safety principles for man-machine interface, marking and identification - Identification of conductors by colours or alphanumerics

Scope: This Uganda Standard provides general rules for the use of certain colours or alphanumerics to identify conductors with the aim of avoiding ambiguity and ensuring safe operation. These conductor colours or alphanumerics are intended to be applied in cables or cores, busbars, electrical equipment and installations.

31. US EAS 506-1:2008, Power cables with extruded insulation and their accessories for rated voltages from 1 kV ($U_m = 1.2$ kV) up to 30 kV ($U_m = 36$ kV) - Part 1: Cables for rated voltages of 1 kV ($U_m = 1.2$ kV) and 3 kV ($U_m = 3.6$ kV)

Scope: This Uganda Standard specifies the construction, dimensions and test requirements of power cables with extruded solid insulation for rated voltages of 1 kV ($U_m = 1.2$ kV) and 3 kV ($U_m = 3.6$ kV) for fixed installations such as distribution networks or industrial installations. This standard includes cables which exhibit properties of reduced flame spread, low levels of smoke emission and halogen-free gas emission when exposed to fire.

32. US EAS 506-2:2008, Power cables with extruded insulation and their accessories for rated voltages from 1 kV ($U_m = 1.2$ kV) up to 30 kV ($U_m = 36$ kV) - Part 2: Cables for rated voltages from 6 kV ($U_m = 7.2$ kV) up to 30 kV ($U_m = 36$ kV)

Scope: This Uganda Standard specifies the construction, dimensions and test requirements of power cables with

extruded solid insulation from 6 kV up to 30 kV for fixed installations such as distribution networks or industrial installations.

33. US EAS 506-4:2008, Power cables with extruded insulation and their accessories for rated voltages from 1 kV ($U_m = 1.2$ kV) up to 30 kV ($U_m = 36$ kV) - Part 4: Test requirements on accessories for cables with rated voltages from 6 kV ($U_m = 7.2$ kV) up to 30 kV ($U_m = 36$ kV)

Scope: This Uganda Standard specifies the test requirements for type testing of accessories for power cables with rated voltages from 3.6/6 (7.2) kV up to 18/30 (36) kV, complying with IEC 60502-2.

34. US EAS 507:2008, Aluminium-magnesium-silicon alloy wire for overhead line conductors

Scope: This Uganda Standard is applicable to aluminium-magnesium-silicon alloy wires of two types having different mechanical and electrical properties for the manufacture of stranded conductors for overhead power transmission purposes. It specifies the mechanical and electrical properties of wires in the diameter range 1.50 mm to 4.50 mm.

35. US EAS 508:2008, High-voltage test techniques - Partial discharge measurements

Scope: This Uganda Standard is applicable to the measurement of partial discharges which occur in electrical apparatus, components or systems when tested with alternating voltages up to 400 Hz or with direct voltage.

36. US EAS 509:2008, Zinc-coated steel wires for stranded conductors

Scope: This Uganda Standard is applicable to zinc-coated steel wires used in the construction and/or reinforcement of conductors for overhead power transmission purposes. It is intended to cover all wire used in constructions where the individual wire diameters, including coating, are in the range of 1.25 mm to 5.50 mm.

37. US EAS 510:2008, Hard-drawn aluminium wire for overhead line conductors

Scope: This Uganda Standard is applicable to hard drawn aluminium wires for the manufacture of stranded conductors for overhead power transmission purposes. It specifies the mechanical and electrical properties of wires in the diameter range 1.25 mm to 5.50 mm.

38. US EAS 511:2008, Sleeves of insulating material for live working

Scope: This Uganda Standard is applicable to insulating sleeves for the protection of workers from accidental contact with live electrical conductors, apparatus or circuits.

39. US EAS 512:2008, Thermal-resistant aluminium alloy wire for overhead line conductor

Scope: This Uganda Standard is applicable to thermal-resistant aluminium alloy wires before stranding for manufacture of stranded conductors for overhead lines. It specifies the mechanical, electrical and thermal resistant properties of wires in the diameter range commercially available.

40. US EAS 513:2008, Overhead electrical conductors - Formed wire, concentric lay, stranded conductors

Scope: This Uganda Standard specifies the electrical and mechanical characteristics of

- concentric lay, overhead conductors of wires formed or shaped before, during or after

- stranding, made of combinations of any of the following metal wires:
- hard aluminium as per IEC 60889 designated A1;
- hard aluminium as per IEC 60889 designated A1F wire shaped before stranding;
- hard aluminium alloy as per IEC 60104 designated A2 or A3;
- hard aluminium alloy as per IEC 60104 designated A2F or A3F shaped before stranding;
- regular strength steel, designated S1A or S1B, where A and B are zinc coating classes,
- corresponding respectively to classes 1 and 2;
- high strength steel, designated S2A or S2B;
- extra high strength steel, designated S3A;
- aluminium clad steel, designated SA.

41. US EAS 514:2008, IEC standard voltages

Scope: This Uganda Standard applies to:-a.c. transmission, distribution and utilization systems and equipment for use in such systems with standard frequencies 50 Hz and 60 Hz having a nominal voltage above 100 V;-a.c. and d.c. traction systems;-a.c. and d.c. equipment having nominal voltages below 120 V a.c. or below 750 V d.c.,the a.c. voltages being intended (but not exclusively) for 50 Hz and 60 Hz applications; such equipment covers batteries (from primary or secondary cells), other power supply devices (a.c. or d.c.), electrical equipment (including industrial and communication),and appliances. This publication shall not apply to voltages representing or transmitting signals or measured values. This publication shall not apply to standard voltages of components and parts used within electrical devices or items of equipment.

A.3.2 ELECTRICAL APPLIANCES

42. US 662:2008, Code of practice for inspection and acceptance of audio, video and similar electronics apparatus

Scope: This Code of practice is intended to form a basic reference document for acceptable used electronic apparatus in Uganda and promote the safe usage and dumping of used electronic apparatus to safeguard the environment. Any contract adhering to these general procedures with the intention of providing such safe and performing used electronic apparatus should be eligible to apply for certification to this code. This code of practice applies to used electronic apparatus designed to be fed from the mains, from a supply apparatus, from batteries or from remote power feeding and intended for reception, generation, recording or reproduction respectively of audio, video and associated signals. This code also concerns apparatus intended for household and similar general use but which may also be used in places of public assembly such as schools, theatres, places of worship and the workplace.

43. US 735:2008, Code of practice for repair and service of electrical and electronic machines/devices

Scope: This code of practice specifies the requirements for repairers of electrical and electronic machines/devices. It provides the essential elements and conditions for service points centres or workshops undertaking servicing or repairing of electrical equipments or devices.

44. US 819:2008, General labelling of electrical appliances - Instructions for use

Scope: This Uganda Standard establishes the principles of, and gives recommendations on the design and formulation of instructions for the use of consumer products with specific reference to electrical appliances. It is intended for committees preparing standards for consumer products, and product designers, manufacturers, technical writers or other people engaged in the work of conceiving and drafting such instructions. It also guides consumers and traders of electrical items on the instructions used on these items.

B MANAGEMENT SYSTEMS STANDARDS

B.1 DISASTER PREPAREDNESS

45 US 701-3:2008, Code of practice for disaster management - Part 3: Hazard-specific response planning

Scope: This Uganda Standard covers the development of operational plans for specific hazards identified in the risk assessment process as a high priority hazard. The standard covers planning requirements for three of the most frequently recurring hazards in Uganda namely floods and dam failure; hurricanes and storm winds; and dangerous goods incidents.

46 US 701-4:2008, Disaster management - Part 4: Standard specification for handling disasters

Scope: This Uganda Standard lays down the minimum requirements for handling and responding to disasters in the areas of water supply and sanitation, nutrition, food aid, shelter and site planning and health services.

B.2 QUALITY MANAGEMENT SYSTEMS

47 US ISO 10001:2007, Quality management - Customer satisfaction - Guidelines for codes of conduct for organizations

Scope: This Uganda Standard provides guidance for planning, designing, developing, implementing, maintaining and improving customer satisfaction codes of conduct. This standard is applicable to product-related codes containing promises made to customers by an organization concerning its behaviour. Such promises and related provisions are aimed at enhanced customer satisfaction.

48 US ISO 10003:2007, Quality management - Customer satisfaction - Guidelines for dispute resolution external to organizations

Scope: This Uganda Standard provides guidance for an organization to plan, design, develop, operate, maintain and improve an effective and efficient dispute-resolution process for complaints that have not been resolved by the organization.

B.3 HYGIENE MANAGEMENT

49 US 713:2008, Requirements for hygiene in commercial skin penetration, hairdressing, and beauty and natural therapy

Scope: This Uganda Standard covers requirements for the hygiene in commercial skin penetration, hair dressing, beauty and natural therapy. The guidelines also outline and review the infection prevention techniques that are critical in reducing the risk of disease

transmission. It provides operators with information that enables them to take all reasonable precautions towards infection control. By following these provisions, operators can be reassured that they are minimizing the risk of transmitting infectious diseases. This standard applies to commercial operators involved in beauty treatments including facials, waxing, massage, skin peels, manicures and pedicures; and hairdressing services including cutting, shaving, coloring, and perming; and skin penetration including tattooing, acupuncture, ear piercing and electrolysis.

B.4 OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEMS

50 US 534:2008, Occupational health and safety management systems - Specification

Scope: This Uganda Standard gives requirements for an occupational health and safety (OH&S) management system, to enable an organization to control its OH&S risks and improve its performance. It does not state specific OH&S performance criteria, nor does it give detailed specifications for the design of a management system.

Approved this 11th day of December, 2008.

DR. WILLIAM SSALI,
Chairman,
NATIONAL STANDARDS COUNCIL

DR. TERRY KAHUMA,
Secretary,
NATIONAL STANDARDS COUNCIL

General Notice No. 42 of 2009.

THE UGANDA NATIONAL BUREAU OF STANDARDS ACT, 1983 (Cap 327, Section 18)

NOTICE FOR THE DECLARATION OF COMPULSORY STANDARDS

PRELIMINARY NOTICE

IN ACCORDANCE with Section 18 of Cap 327 of the laws of Uganda, the National Standards Council intends to recommend to the Minister of Tourism, Trade and Industry to declare the standards indicated below for compulsory application.

The National Standards Council therefore calls upon all interested persons or parties that may have any objection to declaring the compulsory application of these standards to lodge their objections in writing to the Executive Director, Uganda National Bureau of Standards, Plot M217 Nakawa Industrial Area, P.O. Box 6329, Kampala, Tel: 0414-222367/9, 0414-505995, Fax: 0414-286123, E-mail: unbs@infocom.co.ug within 60 days of this notice.

Every person who has an objection to the declaration of a standard as compulsory shall be entitled to be heard by the National Standards Council. No standard specification shall be declared compulsory until the council has heard all persons who have lodged objections.

ENGINEERING STANDARDS

1. US 662:2008, Code of practice for inspection and acceptance of audio, video and similar electronics apparatus

Scope: This Code of practice is intended to form a basic reference document for acceptable used electronic apparatus in Uganda and promote the safe usage and dumping of used electronic apparatus to safeguard the environment. Any contract adhering to these general procedures with the intention of providing such safe and performing used electronic apparatus should be eligible to apply for certification to this code. This code of practice applies to used electronic apparatus designed to be fed from the mains, from a supply apparatus, from batteries or from remote power feeding and intended for reception, generation, recording or reproduction respectively of audio, video and associated signals. This code also concerns apparatus intended for household and similar general use but which may also be used in places of public assembly such as schools, theatres, places of worship and the workplace.

2. US 735:2008, Code of practice for repair and service of electrical and electronic machines/devices

Scope: This code of practice specifies the requirements for repairers of electrical and electronic machines/devices. It provides the essential elements and conditions for service points centres or workshops undertaking servicing or repairing of electrical equipments or devices.

3. US 819:2008, General labelling of electrical appliances - Instructions for use

Scope: This Uganda Standard establishes the principles of, and gives recommendations on the design and formulation of instructions for the use of consumer products with specific reference to electrical appliances. It is intended for committees preparing standards for consumer products, and product designers, manufacturers, technical writers or other people engaged in the work of conceiving and drafting such instructions. It also guides consumers and traders of electrical items on the instructions used on these items.

4. US 816:2008, Specification for clay roofing tiles and ridges

Scope: This Uganda Standard covers clay roofing tiles and ridges intended for use as roof covering where durability and appearance are required to provide a weather-resistant surface of specified design. This standard specifies requirements for Mangalore, Marseilles, Roman and Portuguese roofing tiles and clay roofing ridges.

5. US 776:2008, Furniture - Chairs and tables for educational institutions - Functional sizes

Scope: This Uganda Standard specifies the basic functional sizes for seating and tables in educational institutions. It does not include any special requirements that apply to "special schools" or to adjustable furniture. The requirements for materials, design construction or quality are covered in the relevant standards.

6. US EAS 497:2008, Colours of the cores of flexible cables and cords

Scope: This Uganda Standard applies to flexible cables and cords with not more than five cores. The object of this standard is to establish a standard colour

identification for the earthing core in flexible cables and cords. The introduction of the same identification code in all countries would remove the risk of accidents due to connecting plugs to flexible cables or cords attached to imported appliances. This risk may occur where the colour standardized for the identification of the earthing core in the country of import is different from that standardized in the country of export.

7. US EAS 498-2:2008, Low-frequency cables and wires with PVC insulation and PVC sheath - Part 2: Cables in pairs, triples, quads and quintuples for inside installations

Scope: This Uganda Standard is applicable to cables for inside installations, intended for the interconnection of transmission equipment; telecommunications equipment; and equipment for data processing.

8. US EAS 498-3:2008, Low-frequency cables and wires with PVC insulation and PVC sheath - Part 3: Equipment wires with solid or stranded conductor wires, PVC insulated, in singles, pairs and triples

Scope: This Uganda Standard is applicable to equipment wires with solid or stranded conductor, polyvinyl chloride (PVC) insulated, in singles, pairs and triples to be used for internal wiring of telecommunication equipment, industrial and consumer electronic equipment.

9. US EAS 499-1:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 1: General requirements

Scope: This Uganda Standard applies to rigid and flexible cables with insulation, and sheath if any, based on polyvinyl chloride, of rated voltages U_0/U up to and including 450/750 V used in power installations of nominal voltage not exceeding 450/750 V a.c.

10. US EAS 499-3:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 3: Non-sheathed cables for fixed wiring

Scope: This Uganda Standard details the particular specifications for polyvinyl chloride insulated single-core non-sheathed cables for fixed wiring of rated voltages up to and including 450/750 V.

11. US EAS 499-4:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 4: Sheathed cables for fixed wiring

Scope: This Uganda Standard details the particular specification for light polyvinyl chloride sheathed cables of rated voltage of 300/500 V.

12. US EAS 499-5:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 5: Flexible cables (cords)

Scope: This Uganda Standard details the particular specifications for polyvinyl chloride insulated flexible cables (cords), of rated voltages up to and including 300/500 V.

13. US EAS 499-6:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 6: Lift cables and cables for flexible connections

Scope: This Uganda Standard details the particular specifications for both circular and flat lift cables and cables for flexible connections of rated voltages up to and including 450/750 V.

14. US EAS 499-7:2008, Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V - Part 7: Flexible cables screened and unscreened with two or more conductors

Scope: This Uganda Standard details the particular specifications for polyvinyl chloride insulated, screened and unscreened control cables of rated voltages up to and including 300/500 V.

15. US EAS 501:2008, Conductors of insulated cables

Scope: This Uganda Standard specifies the nominal cross-sectional areas, in the range 0.5 mm² to 2 500 mm², for conductors in electric power cables and cords of a wide range of types. Requirements for numbers and sizes of wires and resistance values are also included. These conductors include solid and stranded copper, aluminium and aluminium alloy conductors in cables for fixed installations and flexible copper conductors. The standard does not apply to conductors for telecommunication purposes.

16. US EAS 503-1:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 1: General requirements [+Am1:2007]

Scope: This Uganda Standard applies to rigid and flexible cables with insulation, and sheath if any, based on vulcanized rubber of rated voltages U_0/U up to and including 450/750 V used in power installations of nominal voltage not exceeding 450/750 V a.c.

17. US EAS 503-3:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 3: Heat resistant silicone insulated cables [+Am1:1997]

Scope: This Uganda Standard details the particular specifications for silicone rubber insulated cables of rated voltage of 300/500 V.

18. US EAS 503-4:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 4: Cords and flexible cables

Scope: This Uganda Standard details the particular specifications for rubber insulated and braided cords and for rubber insulated and rubber or polychloroprene or other equivalent synthetic elastomer sheathed cords and flexible cables of rated voltages up to and including 450/750 V.

19. US EAS 503-5:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 5: Lift cables [+Am1:2003]

Scope: This Uganda Standard details the particular specifications for rubber insulated lift cables of rated voltage of 300/500 V.

20. US EAS 503-6:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 6: Arc welding electrode cables [+Am1:1997 and Am2:2003]

Scope: This Uganda Standard details the particular specifications for rubber insulated arc welding electrode cables.

21. US EAS 503-7:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 7: Heat resistant ethylene-vinyl acetate rubber insulated cables [+Am1:1997]

Scope: This Uganda Standard details the particular specifications for ethylene-vinyl acetate rubber insulated cables of rated voltages up to and including 450/750 V.

22. US EAS 503-8:2008, Rubber insulated cables - Rated voltages up to and including 450/750 V - Part 8: Cords for applications requiring high flexibility

Scope: This Uganda Standard details the particular specifications for rubber or cross-linked polyvinyl chloride insulated and rubber or cross-linked polyvinyl chloride sheathed cords of rated voltage 300/300 V, for use in applications where high flexibility is required, for example for iron cords.

23. US EAS 504:2008, Standard colours for insulation for low-frequency cables and wires

Scope: This Uganda Standard applies to thermoplastic insulation to be used with low-frequency cables and wires.

24. US EAS 505:2008, Basic and safety principles for man-machine interface, marking and identification - Identification of conductors by colours or alphanumerics

Scope: This Uganda Standard provides general rules for the use of certain colours or alphanumerics to identify conductors with the aim of avoiding ambiguity and ensuring safe operation. These conductor colours or alphanumerics are intended to be applied in cables or cores, busbars, electrical equipment and installations.

25. US EAS 506-1:2008, Power cables with extruded insulation and their accessories for rated voltages from 1 kV ($U_m = 1.2$ kV) up to 30 kV ($U_m = 36$ kV) - Part 1: Cables for rated voltages of 1 kV ($U_m = 1.2$ kV) and 3 kV ($U_m = 3.6$ kV)

Scope: This Uganda Standard specifies the construction, dimensions and test requirements of power cables with extruded solid insulation for rated voltages of 1 kV ($U_m = 1.2$ kV) and 3 kV ($U_m = 3.6$ kV) for fixed installations such as distribution networks or industrial installations.

This standard includes cables which exhibit properties of reduced flame spread, low levels of smoke emission and halogen-free gas emission when exposed to fire.

26. US EAS 506-2:2008, Power cables with extruded insulation and their accessories for rated voltages from 1 kV ($U_m = 1.2$ kV) up to 30 kV ($U_m = 36$ kV) - Part 2: Cables for rated voltages from 6 kV ($U_m = 7.2$ kV) up to 30 kV ($U_m = 36$ kV)

Scope: This Uganda Standard specifies the construction, dimensions and test requirements of power cables with extruded solid insulation from 6 kV up to 30 kV for fixed installations such as distribution networks or industrial installations.

27. US EAS 507:2008, Aluminium-magnesium-silicon alloy wire for overhead line conductors

Scope: This Uganda Standard is applicable to aluminium-magnesium-silicon alloy wires of two types having different mechanical and electrical properties for the manufacture of stranded conductors for overhead power transmission purposes. It specifies the mechanical and electrical properties of wires in the diameter range 1.50 mm to 4.50 mm.

28. US EAS 509:2008, Zinc-coated steel wires for stranded conductors

Scope: This Uganda Standard applies to zinc-coated steel wires used in the construction and/or reinforcement of conductors for overhead power transmission purposes. It is intended to cover all wire used in

constructions where the individual wire diameters, including coating, are in the range of 1.25 mm to 5.50 mm.

29. US EAS 510:2008, Hard-drawn aluminium wire for overhead line conductors

Scope: This Uganda Standard is applicable to hard drawn aluminium wires for the manufacture of stranded conductors for overhead power transmission purposes. It specifies the mechanical and electrical properties of wires in the diameter range 1.25 mm to 5.50 mm.

30. US EAS 511:2008, Sleeves of insulating material for live working

Scope: This Uganda Standard is applicable to insulating sleeves for the protection of workers from accidental contact with live electrical conductors, apparatus or circuits.

31. US EAS 512:2008, Thermal-resistant aluminium alloy wire for overhead line conductor

Scope: This Uganda Standard is applicable to thermal-resistant aluminium alloy wires before stranding for manufacture of stranded conductors for overhead lines. It specifies the mechanical, electrical and thermal resistant properties of wires in the diameter range commercially available.

32. US EAS 513:2008, Overhead electrical conductors - Formed wire, concentric lay, stranded conductors

Scope: This Uganda Standard specifies the electrical and mechanical characteristics of

- concentric lay, overhead conductors of wires formed or shaped before, during or after
- stranding, made of combinations of any of the following metal wires:
- hard aluminium as per IEC 60889 designated A1;
- hard aluminium as per IEC 60889 designated A1F wire shaped before stranding;
- hard aluminium alloy as per IEC 60104 designated A2 or A3;
- hard aluminium alloy as per IEC 60104 designated A2F or A3F shaped before stranding;
- regular strength steel, designated S1A or S1B, where A and B are zinc coating classes,
- corresponding respectively to classes 1 and 2;
- high strength steel, designated S2A or S2B;
- extra high strength steel, designated S3A;
- aluminium clad steel, designated SA.

33. US EAS 514:2008, IEC standard voltages

Scope: This Uganda Standard applies to:-a.c. transmission, distribution and utilization systems and equipment for use in such systems with standard frequencies 50 Hz and 60 Hz having a nominal voltage above 100 V;-a.c. and d.c. traction systems;-a.c. and d.c. equipment having nominal voltages below 120 V a.c. or below 750 V d.c., the a.c. voltages being intended (but not exclusively) for 50 Hz and 60 Hz applications; such equipment covers batteries (from primary or secondary cells), other power supply devices (a.c. or d.c.), electrical equipment (including industrial and communication), and appliances. This publication shall not apply to voltages representing or transmitting signals or measured values. This publication shall not apply to standard voltages of components and parts used within electrical devices or items of equipment.

MANAGEMENT SYSTEMS STANDARDS

34. US 713:2008, Requirements for hygiene in commercial skin penetration, hairdressing, and beauty and natural therapy

Scope: This Uganda Standard covers requirements for the hygiene in commercial skin penetration, hair dressing, beauty and natural therapy. The guidelines also outline and review the infection prevention techniques that are critical in reducing the risk of disease transmission. It provides operators with information that enables them to take all reasonable precautions towards infection control. By following these provisions, operators can be reassured that they are minimizing the risk of transmitting infectious diseases. This standard applies to commercial operators involved in beauty treatments including facials, waxing, massage, skin peels, manicures and pedicures; and hairdressing services including cutting, shaving, coloring, and perming; and skin penetration including tattooing, acupuncture, ear piercing and electrolysis.

35. US 534:2008, Occupational health and safety management systems - Specification

Scope: This Uganda Standard gives requirements for an occupational health and safety (OH&S) management system, to enable an organization to control its OH&S risks and improve its performance. It does not state specific OH&S performance criteria, nor does it give detailed specifications for the design of a management system.

Approved this 11th day of December, 2008.

THE TRADE MARKS ACT.

(Cap. 83).

NOTICE.

NOTICE IS HEREBY GIVEN that any person who has grounds to oppose the registration of any of the marks advertised herein may within sixty days from the date of this *Gazette*, lodge a Notice of opposition on Trade Mark Form No. 6 together with a fee of Shs. 4000 in case of National applicants or US\$ 250 in case of Foreign applicants. The period of lodging Notice of opposition may be extended in suitable cases by the Registrar as he thinks fit upon such terms as he may direct. Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant so that he may have an opportunity to withdraw his application before the expense of opposition proceedings is incurred. Failure to give such notice will be taken into account in considering any application by the opponent for an order for costs if the opposition is uncontested by the applicant. Representations of the marks herein advertised can be inspected at the office of the Registrar of Trade Marks, Amamu House, Plot No. 5B George Street, P.O. Box 6848, Kampala.

IN THE MATTER OF THE CHANGE OF NAMES BY
KIYAGA RODNEY (A MINOR)

DEED POLL

Know ye all men by this Deed Poll, that Kiyaga Rodney (a minor) of C/o. P.O. Box 980 Kampala Uganda formerly known as Nsubuga Marvin Rodney, a Ugandan do hereby renounce and abandon the use of his former name and in lieu thereof assume as from the 30th day of January, 2009 the name Kiyaga Rodney.

For purposes of evidencing such change of name, Kiyaga Rodney hereby declares that at all material times hereinafter, in all records, deeds and instruments in writing, in all dealings and transactions upon all occasions whatsoever use or subscribe the said name of Kiyaga Rodney in lieu of Nsubuga Marvin Rodney, as abandoned.

And I, Martha Nakabugo, the mother hereby authorise and require all persons whoever to describe and address him at all material times by such name of Kiyaga Rodney.

In witness whereof Kiyaga Rodney hereunto has adopted and substituted name of Kiyaga Rodney this 30th day of January, 2009.

Dated at Kampala this 30th day of January, 2009 by the said Martha Nakabugo, Mother of the renouncer Kiyaga Rodney (a Minor).

Signed for and on behalf of the Renouncer by the said Martha Nakabugo, Mother.

STATUTORY INSTRUMENTS

2009 No. 4.

The Business, Technical, Vocational Education and Training (Establishment of the Uganda Nurses and Midwives Examinations Board (UNMEB)) Regulations, 2009.

IN EXERCISE of the powers conferred upon the Minister responsible for education by sections 26 and 29 of the Business, Technical, Vocational Education and Training Act, 2008, Act No.12 of 2008, these Regulations are made this 12th day of February, 2009.

1. Title

These Regulations may be cited as the Business, Technical, Vocational Education and Training (Establishment of the Uganda Nurses and Midwives Examination Board (UNMEB)) Regulations, 2009.

2. Interpretation

In these Regulations, unless the context otherwise requires—

“Board” means the Uganda Nurses and Midwives Examinations Board (UNMEB) established by paragraph 3;

“candidate” means a person enrolled by the Board for the purpose of sitting for any of the Board's examinations;

“certificate” means a document awarded by the Board which is duly signed by the authorised officers showing the results obtained by a particular candidate in a particular vocational level nursing and midwifery examination sat by him or her;

“committee” means a committee of the Board;

“constituencies” means bodies or group of stakeholders related to

the functioning of allied health training institutions;

“Currency point” means UGShs.20,000;

“diploma” means a document awarded by the Board which is duly signed by the authorised officers showing the results obtained by a particular candidate in a particular technical level nursing examination sat by him or her;

“examination material” means question papers and any other material which are to be used for the purposes of a public examination and are identified as such;

“Minister” means the Minister responsible for education;

“question bank” means a collection of prepared questions by various tutors from different schools of nursing and midwifery stored in a safe place to enable the setters select and moderate the appropriate questions for the final national examinations;

“setter” means a tutor who sets questions for an examination.

3. Establishment of the Board

There is established a Board to be known as the Uganda Nurses and Midwives Examinations Board (UNMEB).

4. Object of the Board

The object of the Board is to streamline, regulate and coordinate examinations and awards in the nursing and midwifery profession in Uganda.

5. Composition of the Board

(1) The Board shall consist of thirteen members drawn from the constituencies involved in health training, stakeholders, and professionals representing disciplines as follows—

- (a) representative from Universities (department of nursing);- 1
- (b) representative of Tutors of nursing schools; - 1

- (c) outstanding nursing professional who has made a significant contribution to the nursing profession; - 1
- (d) representative of the private for profit nursing schools;- 1
- (e) directorate of Industrial Training; - 1
- (f) Uganda nurses and midwives council; - 1
- (g) Ministry responsible for education; - 1
- (h) Ministry responsible for health; - 1
- (i) Uganda National Examinations Board (UNEB); - 1
- (j) representative Uganda Catholic Medical Bureau (UCMB); - 1
- (k) representative Uganda Protestant Medical Bureau (UPMB);- 1
- (l) representative Uganda Moslem Medical Bureau (UMMB);- 1
- (m) representative of the Health Service Commission. - 1

(2) Members of the Board shall be appointed by the Minister in consultation with the ministry or body represented by the respective office bearer.

(3) The chairperson of the Board shall be appointed by the Minister from among the members of the Board.

6. Tenure of office of the Board

(1) Members of the Board shall hold office for three years and are eligible for re-appointment for one more time.

(2) Of the first members appointed seven members shall hold office for two years and are eligible for re-appointment for one more term for a full term.

7. Termination of membership of the Board

(1) The Minister may at any time remove a person from membership of the Board if he or she is satisfied that the member—

- (a) is incapacitated by physical or mental illness;

- (b) is guilty of gross misconduct or misbehaviour;
- (c) has been absent without approval of the Board for more than three consecutive meetings of the Board; or
- (d) has been convicted of an offence involving fraud, dishonesty or moral turpitude.

(2) A member of the Board may resign his or her office by writing to the Minister through the Chairperson of the Board.

8. Filling vacancies on the Board

(1) Where a vacancy occurs among members of the Board whether by resignation, removal, death or otherwise, the vacancy shall be filled in the same manner in which the predecessor was appointed to the vacant office.

(2) A person appointed to fill a vacant office shall only hold office for the unexpired term of office of his or her predecessor and shall, at the expiry of that term be eligible for election or re-appointment as the case may be subject to these Regulations.

9. Functions of the Board

(1) The functions of the Board shall be to—

- (a) conduct business and technical examinations for specialised training institutions in Uganda;
- (b) accredit theory and practical examination centers used for the conduct of the examinations;
- (c) make rules regulating the conduct of the examinations;
- (d) establish and oversee practical and theoretical questions' banks;
- (e) publish past examination papers;
- (f) establish and maintain a database of examination results in safe custody;

- (g) collaborate with other bodies relevant to its functions;
- (h) provide feedback to training institutions on examinations; and
- (i) award certificates and diplomas to successful candidates in such examinations.

(2) The Board shall present the examination results to the Minister for official release to the public.

(3) The Board may, with the prior approval of the Minister, delay, nullify, or withhold the examination results for a reasonable cause.

10. Powers of the Board

The Board may for the purpose of its functions, do all such things and act in all ways necessary for, or incidental to, the object for which it is established, and without prejudice to the general effect of the foregoing, may in particular—

- (a) acquire, hold, charge, alienate and dispose of property both moveable and immoveable;
- (b) carry out any improvement upon land or other property held by it;
- (c) derive capital or income from property held by it;
- (d) invest any money not immediately required in any investment or project approved by the Minister;
- (e) enter into agreements with any person or body;
- (f) raise or borrow money in such manner and upon such security as it may from time to time determine;
- (g) delegate any of its powers and functions, other than the approval of estimates or any powers required under these Regulations to be exercised by resolution of the Board, to any member, officer or committee of the Board as it may deem necessary.

11. Meetings of the Board

(1) The Board shall meet at least once in a year and whenever necessary for discharge of its functions.

(2) The chairperson shall preside over all meetings of the Board and in absence of the chairperson members present shall elect one of their number to preside.

(3) The quorum of the meeting shall be at least two thirds of the members excluding the chairperson.

(4) A vacancy in the Board shall not affect the proceedings of the Board in which quorum is realized or any decision made in that proceeding.

(5) The Board may co-opt any suitable person or persons as advisor or advisors to assist at any meeting of the Board, but a person co-opted shall have no right to vote on any matter coming before the Board for decision.

(6) Subject to the provisions of this regulation, the Board shall regulate its own proceedings.

12. Secretariat of the Board

(1) The Board shall be housed at an appropriate location determined by the Ministry responsible for education.

(2) The Board shall have a secretariat consisting of—

- (a) Executive Secretary;
- (b) Deputy Secretary;
- (c) Principal Examination Officer (2);
- (d) Senior Examination Officer (2);
- (e) Examination Officer (2);
- (f) Principal Administrative Officer;
- (g) Assistant Administrative Officer (2);
- (h) Principal Accountant;

- (i) Records Officer;
- (j) Secretary;
- (k) Clerks (4);
- (l) Office Attendant;
- (m) Receptionist;
- (n) Driver; and
- (o) such other persons as the Board may, on the recommendation of the Executive Secretary, appoint.

(3) All persons listed in subregulation (2) shall be appointed by the Board.

(4) The Executive Secretary, the Deputy Secretary, and the Principal Examinations Secretary shall be professionals in the nursing or midwifery profession or both and shall be persons who possess—

- (a) at least a masters degree in education or medical education;
- (b) experience of at least ten years in managing the Nurses and Midwives Final National Examinations at institutional level;
- (c) experience in setting, moderating and marking of the written and OSCE/OSPE (practical examinations);
- (d) working experience of at least fifteen years, five of which shall be at management level in a nurses or midwives training institution or both.

(5) The Executive Secretary may recommend to the Board for appointment such other staff as may be necessary for the proper and efficient discharge of its functions.

13. Functions of the Executive Secretary

The Executive Secretary shall—

- (a) be the Chief Executive of the Board and shall in the performance of his or her duties be responsible to the Board;
- (b) be the Secretary to the Board, responsible for recording all the proceedings of the meetings of the Board and its committees and shall keep custody of all records and documents of the Board;
- (c) be head of the Board's Secretariat, responsible for the management of funds, property and overall administration and organization of its business;
- (d) develop and recommend the rules and regulations on the conduct of the examinations;
- (e) prepare and ensure smooth conduct of the nursing and midwifery national examinations;
- (f) prepare the examination results in a timely manner and present the results to the Board;
- (g) keep sequential record of examinations and its processes;
- (h) keep database of examinations and results;
- (i) prepare timely feedback on examinations to schools;
- (j) prepare for Board members local and international meetings;
- (k) ensure that local and international research is carried out;
- (l) keep the seal of the Board in safe custody and ensure it is not used or affixed to any document except in accordance with a resolution adopted by the Board;
- (m) keep the sealed certificates, diplomas, and pass slips in safe custody;
- (n) update the tutors on the current examination technique;
- (o) exercise the powers of the Board when the Board is not sitting

subject to the final approval of the Board;

- (p) carry out all such other things as are necessary to achieve the object and functions of the Board.

14. Committees of the Board

The Board shall have the following committees—

- (a) Finance, Administration and Development Committee;
- (b) Appointments, Welfare and Disciplinary Committee;
- (c) Examination Committees;
- (d) Examinations Research Committee;
- (e) Examinations Security Committee; and
- (f) such other committees as the Board may from time to time consider necessary to appoint.

15. Functions of the committees of the Board

(1) The Finance Administration and Development Committee shall consider and recommend to the Board—

- (a) the conditions of service of officers and other employees of the Board, including setters, examiners, and moderators;
- (b) the fees to be charged from candidates taking examinations of the Board;
- (c) to consider and recommend ways and methods of raising funds for the Board; and
- (d) all other matters involving estimates of income and expenditure accounts of the Board.

(2) An Examination Committee shall—

- (a) ensure the security of examination papers and scripts;
 - (b) consider and approve the nature of examinations to be set;
 - (c) approve arrangements for the conduct of examinations provided by the Board;
 - (d) approve setters, moderators, invigilators, supervisors, chief examiners, and examiners;
 - (e) ensure the maintenance of standards appropriate to the subjects taken and to the candidates taking examinations;
 - (f) consider and recommend reports on past examinations for consideration by the Board.
- (3) The Examination Research Committee shall—
- (a) consider and approve research proposals submitted by the Secretariat;
 - (b) consider and approve research reports for dissemination;
 - (c) advise the various examination committees on the findings of the research carried out by the Secretariat;
 - (d) review examination results statistics with a view to improving examination techniques; and
 - (e) consider such other matters as may be referred to it by the Board.

16. Composition and meetings of committees

(1) The Finance, Administration and Development Committee shall consist of—

- (a) Chairperson of the Board, who shall be the Chairperson of the Committee;
- (b) a representative of the Ministry responsible for education, who is a member of the Board;

- (c) a representative of the Ministry of Health, who is a member of the Board;
- (d) the Director of the Directorate of Industrial Training who is a member of the Board;
- (e) a representative of the universities, who is a member of the Board;
- (f) a representative of the Uganda Nurses and Midwives Council, who is a member of the Board;
- (g) a representative of the Health Service Commission, who is a member of the Board;
- (h) the Chairperson of the Examinations Committee elected by the Board, who is a member of the Board.

(2) The Finance, Administration and Development Committee may call upon any number of persons to act as advisors or help it in any way in the discharge of its functions.

(3) Five members of the Committee shall form a quorum.

(4) An Examination Committee shall each consist of—

- (a) a representative from the training institutions, who shall be the Chairperson;
- (b) the representative of the Ministry responsible for education, who is a member of the Board;
- (c) the representative of the Uganda Nurses and Midwives Council, who is a member of the Board;
- (d) the member of the Board from Health Service Commission;
- (e) the representative of the universities who is a member of the Board;

- (f) one representative of the medical bureaux, who is a member of the Board;
- (g) the representative of the tutors, who is a member of the Board.

(5) The Examination Research Committee shall consist of—

- (a) a Chairperson appointed by the Board;
- (b) a representative of the Ministry of Health, who is a member of the Board;
- (c) a representative of the universities who is a member of the Board;
- (d) a representative of the Medical Bureau, who is a member of the Board;
- (e) a representative of the Uganda Nurses and Midwives Council, who is a member of the Board;
- (f) a representative of the Health Service Commission, who is a member of the Board;
- (g) two other members elected by the Board from among their number.

(6) The quorum for a meeting of the committee shall be five members.

(7) The Chairman, members of the Board, and any other persons attending any meeting of the Board or a committee shall be paid such remuneration or allowances as the Minister, in consultation with the Minister responsible for finance, may determine.

17. Financing the Board

(1) The funds of the Board shall consist of—

- (a) grants from the Government;
- (b) money that may become payable to the Board in the discharge

of its functions;

- (c) interest on investment and deposits;
- (d) gifts and donations;
- (e) money that may be raised by the Board.

(2) All funds received by the Board shall be deposited to the credit of the Board in a bank approved by the Board.

(3) The Board shall keep books of accounts and proper records.

(4) The accounts of the Board shall be subjected to annual audit by the Auditor General.

(5) The Board shall give a report on its work and progress for the previous year to the Minister at the beginning of each financial year.

(6) The Board shall submit to the Minister, in reasonable time, for approval, estimates of the income and expenditure of the Board for the next financial year.

18. Award of certificates and diplomas

(1) The Board shall award academic certificates or diplomas to successful candidates.

(2) The certificates or diplomas awarded shall be in a form approved by the Board and shall bear the seal and the signatures of the chairperson and Executive Secretary of the Board.

(3) The Board shall forward the list of successful candidates to the Uganda Nurses and Midwives Council for registration.

19. Settlement of disputes

(1) A candidate who is aggrieved by the decision of the Board on examination conduct or results may appeal to the Board for reconsideration.

(2) An appeal made by any candidate shall be by petition stating the facts and grounds of appeal.

- (3) The Board may confirm, modify or reverse its decision.
- (4) The decision of the Board is final.

20. Alteration or cancellation of examinations

(1) The Board may determine that it is necessary to change the date, time, or conditions of the administration of the examination or cancel the administration of the examination to protect the safety of the candidates or the integrity of the Board.

(2) Alterations or cancellation may also be made if the examination is hindered by any cause that could not be reasonably prevented by the Board, including natural disasters such as fire, flood, earthquake, storm, outbreak of disease, or by acts of military insecurity, political or government authority.

(3) If any such event occurs, candidates shall be notified as soon as possible.

21. Penalties for examination offences

(1) Any person who—

- (a) knowingly or negligently reveals the contents of any examination material to unauthorised person, whether a candidate or not;
- (b) with intent to fail or pass a candidate, alters the work, data, or information or scores of a candidate;
- (c) willfully and maliciously damages examination material;
- (d) with intent to impersonate, presents or attempts to present himself or herself in the place of an enrolled candidate;
- (e) with intent to gain employment or admission, presents a forged certificate or diploma purported to have been issued by the Board;
- (f) sells, buys, borrows, lends or steals certificates or diplomas issued by the Board with intent to impersonate;

- (g) withholds any information which is prejudicial or likely to be prejudicial to the proper functioning of the Board;

commits an offence and is liable, on conviction, to a fine not exceeding twenty currency points or imprisonment not exceeding one year or both.

(2) The Board may suspend or withdraw an examination centre that fails to maintain the requirements, regulations and ethical standards of an accredited examination centre.

22. Savings and transition

Any contracts made, anything done, and any certificates or diplomas issued by the Uganda Nurses and Midwives examinations Board prior to the commencement of the Business Technical Vocational Education and Training Act, 2008 and these Regulations shall be deemed to have been made, done or issued under the provisions of the Act and these Regulations and shall be valid and binding on the Board.

23. Miscellaneous provisions

With the approval of the Minister, the Board may make rules for the conduct of the business of the Board including—

- (a) regulating assessment of courses and students;
- (b) code of conduct and ethical standards for staff;
- (c) fees to be paid by the candidates;
- (d) prescribing the procedure for registration of candidates;
- (e) prescribing procedure for appointment of setters, moderators and examiners;
- (f) the books of accounts to be kept;
- (g) the payment of terminal benefits for staff;
- (h) any matter other which the Board may deem necessary for the proper running of the examinations.

S T A T U T O R Y I N S T R U M E N T S

2009 No. 5.

The Atomic Energy Act (Commencement) Instrument, 2009.

(Under section 1 of the Atomic Energy Act, 2008, Act No. 24 of 2008)

IN EXERCISE of the powers conferred upon the Minister responsible for atomic energy and radiation protection by section 1 of the Atomic Energy Act, 2008, this Instrument is made this 13th day of February, 2009.

1. Title.

This Instrument may be cited as the Atomic Energy Act (Commencement) Instrument, 2009.

2. Appointment of commencement date for Act No. 24 of 2008.

The 18th day of February, 2009 is appointed as the day on which all the provisions of the Atomic Energy Act, 2008 shall come into force.

HON. DAUDI MIGEREKO,
Minister of Energy and Mineral Development.
