1. The financial statement of each of the two municipalities as at 30 June 2010 is the date on which all calculations are to be based.

2. The transfer of assets, rights, liabilities, obligations and staff must—

(a) be completed on or before 18 May 2011, which for purposes of this notice will be the effective date; and

(b) occur in accordance with a ratio calculated in accordance with item 3 below.

3. The ratio contemplated in item 2(b) is calculated by dividing the total number of 167090 registered voters of both municipalities by the number of registered voters in each municipality as a percentage—

(a) Ndwedwe: 63849 registered voters = 38%

(b) KwaDukuza: 103241 registered voters = 62%

4. Both municipalities, prior to the effective date, must—

(a) settle all outstanding amounts due to its creditors; and

(b) collect all amounts due and payable by its debtors.

5. Assets and liabilities, both moveable and immovable, which are used exclusively within the boundaries of the KwaDukuza municipality after the boundary change, will be allocated to that municipality.

6. The municipalities must agree on the value of any asset that falls within the boundaries of one of the municipalities, but is used by both municipalities, and must allocate it to that municipality where it is most practical: Provided that—

(a) where the book value of a particular asset does not represent its true value, the two parties must agree on a fair value in the most practical way possible, having regard to the particular circumstances; and

(b) any further adjustment to result in a fair and equitable allocation, must be based on the agreed relative proportions of income derived from the asset by the municipality concerned.

7. Staff members must be identified and transferred subsequent to a consultative process involving the relevant staff members, Unions and Kwanaloga, and in accordance with the provisions of the Labour Relations Act, 1995 (Act No. 66 of 1995): Provided that—

(a) staff members who are employed exclusively in the newly incorporated area are to be deployed to that area and employed by the KwaDukuza Municipality;

(b) the salary budget in respect of the period from the date of deployment to the effective date will be allocated by the Ndwedwe Municipality to the KwaDukuza Municipality from its own funds; and

(c) the leave pay provisions will be allocated to KwaDukuza municipality where the staff members are deployed.

8. Funds received that have been earmarked for specific projects within the newly incorporated area of the KwaDukuza municipality are to be allocated to that municipality, irrespective of the source of such funding.

9. The unspent portion of the statutory equitable share must be allocated to those projects to which it has been committed.

10. Both municipal managers are required to ensure that National Treasury adjusts the equitable share allocation by means of application of the national formula.

11. The final accounts are to be approved by resolution by the councils of both municipalities and co-signed by the Mayors and Municipal Managers.

12. The final distribution account must be completed within 90 days of the effective date and must thereafter be reviewed by the Department of Co-operative Governance and Traditional Affairs prior to the submission to the MEC for approval.

---

13. In the event of the final distribution account not being finalised within the prescribed period the MEC must appoint professional consultants to finalise it: Provided that the costs associated therewith must be borne by the two municipalities in proportion to the ratio calculated in accordance with item 3 above.”
