MAGARENG LOCAL MUNICIPALITY TUCKSHOP AND TAVERN BYLAW

SEPTEMBER 2023

POLICY PHILOSOPHY AND PRINCIPLES

Magareng Local Municipality has been facing a problem of unlawful activities particularly with regards to tuck shops and taverns. There has not been a policy which clearly states the conditions of development and function of these specific businesses. This policy aims to provide the municipality with a tool to regularize these informal or illegal businesses and provide a platform where they can be formalized and registered. By developing the tuck shop and tavern policy it aims to also allow community members to become more involved in developments that occur in their areas. The policy will require that applications received Consent Use Applications for a period of 3-5 years of which after this period taverns will have to rezone from residential to business use and tuck shops renew their applications. Documentation of these applications needs to be recorded to assist in rezoning applications.

DEFINITIONS

“Residential house” means a building containing only one residential unit – a self-contained interlinking group of rooms for accommodation and housing of a single family, or a maximum of four persons who do not satisfy the definition of a “family”, together with such outbuildings as are ordinarily used therewith;

“Residential unit” means a self-contained interlinking group of rooms for accommodation and housing of a single family, or a maximum of four persons who do not satisfy the definition of a “family”, together with such outbuildings as are ordinarily used therewith;

- c) Address the issue of illegal tuck shops and taverns in residential areas in the face of efforts to legalise tuck shops and taverns;
- d) Become actively involved in the distribution of these service;
- e) Reduce the social cost of liquor abuse in poorer communities;
- f) Ensure that the activity is acceptable in the surrounding communities;
- g) The approval of an application will be in the public interest;
- h) Such an approval will not prejudice the residents in a residential area; and
- i) That the premises are suitable for such business.

OVERRIDING PRINCIPLES

The following overriding principles should prevail:

- a) The approval of a new tavern or tuck shop should not result in a change in the character of the local area in which it is to be located.
- b) It should generate economic activity through the provision of income and employment opportunities for the local community.
- c) It should ensure increased convenience for the local community in terms of access to services.
- d) The operator must be in a position to contain and remove any nuisance factors resulting from the operation of the liquor business. These include factors such as noise, smell, safety, littering and parking.
- e) Access to a liquor license is not a right and must be accompanied by duties and responsibilities that limit the negative social impact of the sale of liquor.

LEGISLATIVE FRAMEWORK

The residential business (including both taverns and tuck shops) must comply with the following regulations in order to ensure compatibility with the residential character and that conditions are imposed to maintain and control taverns and tuck-shops:

- a) that the owner obtains a business license for the preparation of meals as required in terms of the Business Act, 1991 (Act 71 of 1991);
- b) that the premises comply with the general hygiene requirements for food premises and the transport of Food Regulation 918 of 1999 as promulgated under the Health Act, 1977, (Act 63 of 1977) and National Health Act, No. 61 of 2003;
- c) that the premises comply with government notice R975 of 2000 relating to the smoking of tobacco products in public places as promulgated in terms of Section 2 of the Tobacco Products Control Act, 1999 (Act 12 of 1999) as amended.
- d) the Liquor Act 59 of 2003 this Act applies to all manufacturing and distribution of liquor or methylated spirits and to the regulation of impotable substances within the Republic.
- e) Northern Cape Liquor Act 2 of 2008 as amended by Northern Cape Liquor Amendment Act, 2011:
 - to provide for the retail and supply of liquor;
 - to regulate the application for licenses;
 - to provide for public notification and participation;
 - to regulate applications for the granting of different kinds of licenses;
 - to provide for the promotion of responsible consumption of liquor; and
 - to reduce the socio-economic problems emanating from alcohol abuse.
- f) Magareng Land Use Scheme, 2015: the purpose of the Scheme shall be to establish and hold land use rights and develop land; furthermore, to regulate the development of land, with respect to the use of the same, to regulate the location and use of buildings and structures for different land uses; to regulate the bulk and aesthetics of buildings and other structures to be erected hereafter or the alteration of existing properties and land parcels; to prescribe building lines; to protect and improve amenity; to promote and general welfare.
- g) Magareng Local Municipality Land Use Management By-Law 11 April 2016
 - No person may commence, continue, or cause the commencement or continuation of land development without the approval of the Municipality.
 - The owner of land or a person must apply to the Municipality in terms of this By-law for one or more of the development rights.
