6. Principles for the implementation of ARPL

The evaluation approach to ARPL shall at all times consider the following principles:

6.1 Fairness:

All ARPL processes must be applied in a fair, just and non-judgemental manner and no candidate may be unfairly discriminated against on the basis of race, gender, age, disability or in any form inconsistent with the Constitution of RSA.

6.2 Access:

No undue restrictions to ARPL prospective candidates must be practiced provided they meet the minimum requirements to be considered as an Artisan RPL candidate.

6.3 Redress and Equality:

It must be explicit within the ARPL practice that every qualifying candidate is assisted in all ways possible to participate meaningfully in the ARPL processes, while at the same time special attention must be given to disadvantaged candidates in ensuring that they are not further disadvantaged.

6.4 Transparency:

All ARPL practices must be transparent to all participants and access to information must not be restricted without just cause.

6.5 Consultation:

A prospective or participating ARPL candidate must be consulted on all matters including that which may have an adverse effect on their ambition to becoming recognised artisans.

6.6 Professionalism:

Is a primary requirement for all assessors and ARPL Administration Officers during the processing and practice of ARPL and must be devoid of corruption and exploitation and abuse of any form.

6.7 Recourse:

All disputes arising from the ARPL process must be granted natural justice attention and appropriate remedies.

6.8 Consistency:

ARPL must respond to non-sectoral demand and must be consistent across time, place and role players.

6.9 Credibility:

The ARPL process must be acceptable and trustworthy to industry, maintaining the credibility of the QCTO trade certificate to ensure their support of a process whereby access is provided to a trade test for non-contracted candidates in providing suitably qualified and competent artisans to industry and the economy at large.

7 Granting access to Trade Test for ARPL candidates

7.1 According to the Trade Test Regulations published on 8 May 2015 in Government Gazette number 38758, 2015, access is granted to ARPL candidates who meet the requirements as contemplated in Regulation 2(3) and 11(5).

7.2 Subsequent to this provision, the nature of ARPL as defined above, provides only an access mechanism to a trade test and does not grant directly an artisan qualification, nor does it confer any trade test tasks, credits and/or transfers.

- 7.3 The ARPL process and practice shall be based on NAMB approved ARPL Toolkits. Approved toolkits shall be recognised as a valid instrument in the performance of ARPL activities, and results arising from the use of toolkits not approved, shall be considered null and void.

8 Responsibilities within the framework

- 8.1 The Department of Higher Education & Training (DHET) sets policies, criteria and guidelines regarding all ARPL practices.
- 8.2 The Quality Council for Trades and Occupations (QCTO) within this scope is responsible for quality assurance and artisan certification.
- 8.3 An accredited Trade Test Centre will conduct the ARPL evaluation process from advisory to the consolidation of the Statement of Results (SoR) as per approved toolkit for the specific trades for which they are accredited, excluding any gap closure interventions.
- 8.4 Accredited Skills Development Providers (SDP) are responsible for the delivery of the gap closure interventions in terms of the knowledge and /or practical skills components as identified during the ARPL evaluation/assessment process, and such training records must be included in the PoE.
- 8.5 The employer is responsible to provide on-the- job experiential training to an ARPL candidate to address the gaps in the workplace component as identified in ARPL evaluation process and provide the candidate with a record of trade related duties performed, and must be included in the PoE.
- 8.6 The National Artisan Moderation Body (NAMB), with statutory functions and as an Assessment Quality Partner (AQP) of the QCTO, is responsible for trade test related functions. In this instance NAMB is responsible for the development of ARPL Toolkits for all occupational trades and the general quality assurance function of all trade test practices.
- 8.7 All accredited Trade Test Centres (TTC) must accept ARPL applications and registers qualifying candidates. Records of all admitted candidates must be kept and whenever required, provide such records for moderation by the NAMB.

- 10.1 ARPL evaluation may be performed only at QCTO accredited TTCs.
- 10.2 The compilation of the portfolio of evidence with respect to the ARPL process must be facilitated by a NAMB registered assessor.
- 10.3 The candidate evaluation/interview, theory and practical assessments must be conducted by a NAMB registered assessor. The evaluation and interview must cover the entire scope of the trade, based on each module of the trade. The ARPL candidate must be probed by the assessor on answers given during the interview, to ascertain the candidate's competence.
- 10.4 The workplace observation process will be conducted by a relevantly qualified artisan or evaluation of workplace experience will be conducted by a NAMB registered assessor.
- 10.5 Only candidates registered in accordance with the admission requirements as set in Section 9 of these Criteria and Guidelines may be evaluated and assessed.
- 10.6 All ARPL evaluations shall be conducted using a NAMB approved ARPL toolkit for all listed trades.
- 10.7 ARPL evaluations shall include the measurement of the candidate's level of theoretical knowledge in a specific trade. The theoretical knowledge should include concepts, components, measurement, design, assembling and testing, based on the scope of the trade or part- qualification that lead to a qualification linked to the trade.
- 10.8 ARPL evaluations shall include the measurement of the candidate's scope of practical experience. The candidate must perform at least one integrated practical task in the respective trade.
- 10.9 During the process of ARPL practical evaluations all test pieces must be marked, bearing the identity of the candidate and photographed before being kept safely until the candidate is granted access to a trade test. The photographs to be included in PoE.
- 10.10 During the process of ARPL workplace observation or evaluation of workplace experience, a performance report on a standardised format provided in the NAMB approved toolkit, must be completed.

10.11 All candidates must be inducted by an NAMB registered assessor before they are evaluated, stating the objectives of the evaluation and assessment beforehand and what is required from them. (to be included at the start)

10.12 A Trade Test Centre must register a candidate who meets the entry requirements of this Criteria and Guidelines within 10 working days from application.

11 Evaluation and Assessment Process

11.1 Evaluation requirements

All admitted ARPL candidates, irrespective of their admittance location, shall be subject to the following requirements:

11.1.1 A personal file (Portfolio of Evidence) of the ARPL candidate must be created by the accredited Trade Test Centre. The file must contain candidate biographical information, personal identification copy, fees payment record, copies of certificates, PoE record and all other administrative information pertaining to the association of the candidate with the accredited TTC. These records must be filed and uploaded and stored on a national database.

11.1.2 Registers of all mandatory attendance for the purpose of evaluation or knowledge gap closure must be signed by the ARPL candidate and filed by the accredited TTC.

11.1.3 All admitted and registered ARPL candidates must undertake a trade and orientation session facilitated by a NAMB registered ARPL assessor before they are assimilated into the ARPL process.

11.1.4 The ARPL process of evaluation and assessment shall occur on the basis of the compilation of a portfolio of evidence (PoE) which shall be facilitated by a NAMB registered assessor using an approved Artisan Trade-Toolkit.

11.1.5 The Technical (updated) PoE shall contain the biographic information of the candidate, trade and trade experience of the candidate, employer information, outcomes of evaluations and results of theoretical assessment, results of practical assessment, results of workplace observation or experience evaluation, referral details and any other recommendations.

11.1.6 All instruments, human and other resources necessary to facilitate the compilation, presentation and storage of the PoE are to be used.

11.1.7 At least one integrated practical task related to the trade shall be undertaken by the candidate, the nature and the results thereof shall be recorded in the candidate's PoE.

- 11.1.8 All candidates must have workplace experience reports signed by a NAMB registered assessor as a component of their PoE. Where a candidate is unemployed he/she will be evaluated to determine workplace experience earlier acquired.
- 11.1.9 All records of exchange between the accredited TTC and Chief Directorate: INDLELA/NAD must be kept in the PoE of the candidate.
- 11.1.10 A completed PoE must be available to the National Artisan Moderation Body for moderation.
- 11.1.11 All successfully conducted trade tests emanating from the ARPL pathway must be recorded separately, kept safe and made available by the accredited TTC when required by the Chief Directorate: INDLELA/NAD during monitoring, moderations or audits.

12 ARPL Trade Test readiness grid

The following readiness grid must be used by the TTC to determine the formative ARPL evaluation which shall determine whether access is granted by the relevant TTC.

ASSESSMENT FIELD	0 – 29%	30% - 49%	50% +
		Not Yet Ready (Requires extensive gap closure programme)	Not Yet Ready (Requires gap closure programme on specific areas)
1. THEORY			
2. PRACTICAL			
Scope of Trade OR part-qualification covered	Key components of the qualification defined in the workplace component was covered by the candidate during employment		
3. WORKPLACE EXPERIENCE	70% of the workplace positive work attitudes together with the problem solving capacity must be displayed.		

- 12.1 A candidate who obtains a **NOT YET READY** result in the theoretical evaluation of the ARPL process but is deemed **READY** in the practical assessment and workplace observation must receive knowledge gap closure in accordance with the grid above before proceeding to be recommended for a trade test.
- 12.2 A candidate who obtains a **NOT YET READY** result in the practical assessment of the ARPL process but is deemed **READY** in the theory part of the assessment must receive the required practical training at a QCTO accredited SDP.
- 12.3 If the candidate does not meet the requirements of workplace observation or evaluation of workplace experience, the candidate will be referred for more focused workplace exposure. A recommendation to NAMB for a trade test must be done when the candidate is re-assessed and has been deemed **READY** in the practical and workplace observation.

- 12.4 A candidate who obtains a NOT YET READY result in the workplace observation or evaluation of workplace experience, but is READY in the theory and practical evaluation must be referred for gap closure in the workplace component at a workplace. In the event where the candidate is funded through an ARPL agreement, the candidate must be referred to a SETA approved workplace.
- 12.5 A Trade Test Centre must provide the candidate with his/her ARPL evaluation and phase evaluation results within three weeks of completion thereof in a prescribed format provided in the toolkit.
- 12.6 Based on a Statement of Results indicating achievement of all components of learning as prescribed in the curriculum by the QCTO, including training schedules of the legacy trades, any Trade Test Centre may schedule a trade test.
- 12.7 Where a candidate is found Not-Yet-Competent on the first trade test attempt, but found competent in at least fifty percent (50%) of the trade test tasks given during the first trade test attempt, will be given recognition for those tasks for a maximum of eighteen (18) months or 3 attempts, whichever comes first.
- 12.8 If a candidate is found not yet competent in his/her third trade test attempt, the candidate will have to undergo an additional gap closure programme.

13 Implementation of this Criteria and Guidelines

- 13.1 For the purpose of the implementation of this criteria and guidelines the following is attached in the approved ARPL Toolkit for a particular trade to ensure a standardised implementation of ARPL nationally across all trades listed in Government Gazette 5735 dated 9 September 1977 and Government Gazette 35625 dated 31 August 2012:

1 Purpose

The Skills Education and Training Management Information System (SETMIS) is a unit record based information system that stores and maintains unit records of Skills Education and Training data related to Sector Education and Training Authorities (SETAs) and their providers, employers, assessors, moderators and learners. The data content of SETMIS is primarily maintained and supplied by SETAs. The SETAs create electronic data submission files in standard formats and transmit them to the Department of Higher Education and Training (DHET) to be loaded into SETMIS.

The purpose of this specification is to provide SETAs with a description of the standard layout, content and business rules for the submission of data related to the Monitoring Reports (MR) to SETMIS.

2 Scope and applicability of the standard

This standard applies to all SETAs.

3 General information

3.1 Data submission file formats

The file format for all SETMIS data submission files is fixed length record ASCII files. In other words each record in a file takes up the same amount of space as all of the other records in the same file, regardless of how many characters are in each field. Each record must be terminated by a Microsoft compatible end of line character (CR+LF).

3.2 Frequency of submissions

The requirements in regard to how often the DHET requires SETAs to submit to SETMIS can be found at the following link:

<https://webapps.dhet.gov.za/USUS.aspx>

3.3 Transmission of submission

All data submissions must be validated using the data validation utility that is distributed to all SETAs by the Department of Higher Education and Training (DHET). The DHET data validation utility will prepare the data submission in a predetermined format as required for loading into SETMIS if the data submission conforms to the minimum data requirements as defined in this document. Thereafter the data validation utility will allow the user to submit the data submission to SETMIS.

The DHET will not accept any SETMIS data submission that have not been validated and transmitted to SETMIS using the DHET data validation utility.

3.4 Use of the term ETQE

This document makes use of the acronym ETQE (Education and Training Quality Entity), which within the scope of this document replaces the acronym ETQA (Education and Training Quality Assurance body) which is no longer an official acronym (since 2012). The term is used to denote a Quality Council (QC) or its delegates, as recorded on the National Learners' Records Database (NLRD), and it is acknowledged that this is not an official term.

4 File dependencies

5 Data submission files

5.1 Provider

File code	100
File naming standard	[Code]_0006_100_v001_YYYYMMDD.dat where: <ul style="list-style-type: none"> • [Code] is the submitting ETQE's mnemonic identifier as recorded on the National Learners' Records Database in the format cccc. For example AGRI indicates the Agriculture Sector Education and Training Authority. • 0006 indicates that the recipient information system to which this data will be submitted is SETMIS. • v001 indicates that the submission has been extracted in accordance with version 1 of this specification • YYYYMMDD represents the date on which the data submission was created. • .dat is the file extension

Description

This file describes providers that have been accredited by the SETA.

This file is a modified version of the National Learners' Records Database (NLRD) File Number 21

General information:

A count of the number of records found in the file will be recorded in the aggregated report under the General information heading.

The **Date_Stamp** field must reflect the date on which a particular record was last updated. The field will be used by the recipient system to ensure that an older version of a record does not overwrite a more recent version of a record.

Submission requirements:	Submission of this file is mandatory.
File record length:	The length of each record must be exactly 800.

INTERNATIONAL TRADE ADMINISTRATION COMMISSION

CUSTOMS TARIFF APPLICATIONS

LIST 02/2017

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comments on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- ❑ Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ❑ A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ❑ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).

Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.
