## HIGH ALERT: SCAM WARNING!!!

### TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

[PROCUREMENT@GPW-GOV.ORG](mailto:PROCUREMENT@GPW-GOV.ORG)

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

*GPW* has an official email with the domain as [@gpw.gov.za](mailto:@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

*GPW* will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

*Government Printing Works* gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

## Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

### How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at [www.gpwonline.co.za](http://www.gpwonline.co.za)
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

### DEPARTMENT OF AGRICULTURE, FORESTRY AND FISHERIES NOTICE 373 OF 2020

#### CITRUS FRUIT INDUSTRY APPLICATION FOR THE CONTINUATION OF STATUTORY MEASURES

#### NAMC REQUESTING COMMENTS / INPUTS FROM INDUSTRY ROLE PLAYERS

On 24 June 2020, the Minister of Agriculture, Forestry and Fisheries received a request from the Citrus Growers' Association of Southern Africa (CGA) for the continuation of statutory measures (levies, records & returns and registration) on citrus fruit produced, passed and packed for export, in terms of the Marketing of Agricultural Products Act (MAP Act) 1996. The current statutory measures will expire on 30 December 2020.

It is proposed that the following statutory measures be implemented for a new four-year period, effective from date of publication:

- Levies (in terms of Section 15 of the MAP Act);
- Records & Returns (in terms of section 18 of the MAP Act); and
- Registration (in terms of section 19 of the MAP Act).

The purpose and objective of the statutory measure relating to registration are to compel directly affected groups in the citrus industry to register with CGA. By combining compulsory registration with the keeping of information and the rendering of returns on an individual basis, market information for the whole of the industry can be processed and disseminated and will form the basis for the collection of statutory levies. This is necessary to ensure that continuous, timeous and accurate information is available to all role players.

The current and proposed levy amounts Rand per 15 kilogram carton (R/carton) are as follows:

Citrus fruit produced, passed and packed for export	Current levy R/carton	Proposed new levy amount R/carton			
	2020	2021	2022	2023	2024

The Legal Practice Council has become aware that some prospective employers of candidate legal practitioners require that the applicant be in possession of a driver's licence and/or owns or has access to a motor vehicle for use in the course of employment.

The Council believes that this practice is anti-transformative, and prejudices persons from disadvantaged backgrounds, and it intends to amend the Rules promulgated under the Legal Practice Act to prevent this anti-transformation practice.

*It is misconduct on the part of:*

- 22.1.11.1 *an attorney seeking to employ a candidate legal practitioner to stipulate in an advertisement that it is a requirement that an applicant must be, or to enquire of an applicant whether he/she is, in possession of a valid driver's licence or owns or has access to the use of a vehicle for use in the course of his/her prospective employment as a candidate legal practitioner;*
- 22.1.11.2 *a principal to enter into a practical vocational training contract with a candidate attorney which incorporates any unreasonable or unusual terms, which terms may include, without limitation, a requirement that the candidate attorney be in possession of a valid driver's licence, or owns or has access to the use of a vehicle for use in the course of the latter's service under the contract."*

2. by the insertion of Rule 22.2.9 relating to pupils reading as follows:

"22.2.9 ***Prohibited provisions in interviews and practical vocational training contract***

*It is misconduct on the part of a training supervisor*

22.1.9.1 *to enquire of an applicant for a practical vocational training contract whether he/she is in possession of a valid driver's licence or owns or has access to the use of a vehicle for use in the course of his/her prospective employment as a candidate legal practitioner;*

22.1.9.2 *to enter into a practical vocational training contract with a pupil which incorporates any unreasonable or unusual terms, which terms may include, without limitation, a requirement that the pupil be in possession of a valid driver's licence, or owns or has access to the use of a vehicle for use in the course of the latter's service under the contract."*

## **NOTICE OF APPLICATION FOR A NUCLEAR INSTALLATION LICENCE IN TERMS OF THE PROVISION OF SECTION 21(3) OF THE NATIONAL NUCLEAR REGULATOR ACT (NNRA) (ACT 47 OF 1999)**

Notice is hereby given that Eskom has made application to the National Nuclear Regulator (NNR) for a Nuclear Installation Licence (NIL) **to site, construct, operate and decommission a Transient Interim Storage Facility (TISF) at the Koeberg Nuclear Power Station (KNPS)**

The TISF is an area of approximately 12 800 m<sup>2</sup> within the KNPS Owner Controlled Area and will remain operational until about 10 years after the end of the commercial operation of the KNPS. The TISF is primarily first for the 6 OSGs (Original Steam Generators) which will be housed horizontally in a concrete mausoleum building of approximately 26m x 55m referred to as the OSGISF (OSG Interim Storage Facility) and is located within the TISF boundary. This is in-line with European and Korean practices.

A secure perimeter fence, with controlled access, will surround the TISF.

At a later stage, via a Licence Change Request (LCR), the remainder space within the TISF will be used for dry storage of used fuel casks of approximately 40 to 60 casks in a modular manner on concrete pads. The TISF can accommodate approximately 160 casks after decommissioning of the OSGISF. An auxiliary building to house ancillary equipment for the used fuel casks will be constructed within the TISF operational area.

In terms of section 21(4) of the National Nuclear Regulatory Act, representations may be made by persons affected relating to health safety and environmental issues in connection with the application to the Board of the National Nuclear Regulator within 30 days from the date of publication.
