Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as @gpw.gov.za

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

13. Permit holders shall not operate or conduct business from or store their goods cleared in terms of the permit on the same premises. All importers that are companies or closed corporations must submit their company or close corporation registration documents, and ITAC reserves the right to verify the shareholding or membership of the companies or close corporations with the Companies and Intellectual Property Commission (CIPC).

13.1 "Premises" include a warehouse, office, establishment, store, shop, quarters and dwelling".

14. An entity will be deemed a new importer where:

14.1 That entity applies for a permit with ITAC for the first time under this rebate item and is not linked in any way to an existing participant under this rebate (**In respect to this category importers will be limited to 5**); or

14.2 An entity that has previously utilised a permit under this rebate provision but has not applied for another permit under this rebate provision for a period of one year following the issue of the aforementioned permit. (**In respect of this category importers will be limited to 5**).

15. The quantity of overcoats to be imported by each importer will be limited and the criteria that will be used for the allocation of the quantity of overcoats that each importer may import under this rebate item will be as follows:

Existing Importers

- The quantity imported during the validity of the rebate permit period will be used as the basis for allocation of quota for the current application.
- Importers will only be allowed the same quantities as the quantity allocated in the previous rebate permit, with no quota increase.

New Importers

- The quota for new importers will be limited to a maximum of 20 000kg. In terms of this category the number of importers will be limited to 5.
- The 20 000 kg quota for new users of this rebate item will be allocated on a first come first serve basis and ITAC reserves the right to reject the applications in cases where the quota for the year approved by the Commission for use by new importers under this rebate item is fully issued to applicants.

16. All applicants for rebate permits under this rebate item must also apply for an import permit, for the same period, to import the used or second hand overcoats and no rebate permits will be released without the import permit. The rebate permit issued will also be subject to the conditions contained in the import permit issued.

17. It is a condition of permits issued in terms of the rebate provision that the holder of this permit must notify the Manager of the Directorate Import and Export Control Mr D Daniels; e-mail: ddaniels@itac.org.za, Tel: (012): 394 3606 and Fax: (012) 394 4606 in writing of the date of shipment, the place of arrival and the expected date of arrival of all consignments at least 7 days.

18. All users of rebate permits under this rebate item must inform ITAC without delay if any consignment imported by the permit holder under this rebate item contains clothing items not defined in this rebate item.

These clothing items must be kept separate from the rest of the clothing items imported under this rebate item or any other clothing items in possession of the permit holder and may not be removed until officials of ITAC had an opportunity to inspect these items. ITAC in consultation with the importer and SARS will decide how to dispose of the clothing items incorrectly imported under this rebate item.

19. If a *prima facie* case is established that any condition of this permit has not been complied with, the consignment in terms of which the rebate permit was issued may be seized by ITAC. If it is established that there was non-compliance, appropriate steps will be taken. These steps will be taken in terms of the International Trade Administration Act and the Customs and Excise Act, and can include criminal charges, withdrawal of the permit or permits concerned and/or the rejection of future applications for permits.
