GAZETTE NOTICE No. 429 OF 2016

### The Statutory Function Act (Laws, Volume 1 Cap 3)

#### Temporary Transfer of Statutory Functions

IT IS NOTIFIED for public information that the Honourable Ministers set out in Column A hereunder were authorised to be out of the Country on Government business.

In exercise of the powers contained in Section (4) of the Statutory Functions Act, Cap 3 of the Laws of Zambia, the President did confirm the appointment of the Honourable Ministers set out in Column B hereunder to temporarily perform the duties of the Honourable Ministers set out in Column A.

COLUMN A	COLUMN B
Honourable Richwell Siamunene, Minister of Defence, was authorised to travel to Ethiopia on official duty from 2nd to 5th June, 2016.	Honourable Davies Mwila, Minister of Home Affairs.
Honourable Harry Kalaba, Minister of Foreign Affairs, was authorised to travel to South Korea on official duty from 17th to 23rd June, 2016.	Honourable Given Lubinda, MP Minister of Agriculture.

The above temporary assignments of the Statutory Functions set out in Column B will be revoked upon return to Zambia of the Honourable Ministers set out in Column A.

**Mwami Border Post Auction Sale Notice**

NOTICE IS HEREBY GIVEN that the following goods, under seizure, and listed in the schedule below are offered for sale. In terms of Section 33 and 162 of the Customs and Excise Act, goods listed in the schedule and presently in the Customs Yard at Mwami Border Post will be disposed of unless duties, charges and other legal obligations due on them are taken care of within a period of thirty (30) days from the publication of this notice. Persons wishing to obtain more details regarding the sale should contact the Station Manager at Mwami Border Post, Customs Services Division.

*Note:*

The Zambia Revenue Authority or its Agent does not in any way warrant goods title in respect of the goods being sold. In the event that there is a subsequent claim of superior title by a third party or Sovereign Government other than The Republic of Zambia, the Authority or its Agent shall not be liable in any way whatsoever to anyone purchasing any of the goods mentioned in the schedule.

D. C. BANDA,  
*Commissioner - Customs Services*

ADVT—1198—68264494

**Zambia Electricity Supply Corporation Limited****Tender: ZESCO /034/2016: Expressions of Interest for the Development of a Wide Area Monitoring Protection and Control System (WAMPACS) For ZESCO Limited**

ZESCO Limited is a state-owned power company in Zambia. It is Zambia's largest power utility company producing about 80% of the electricity consumed in the country. It owns three major power stations namely Kariba North Bank Power Station, Kafue Gorge Power Station and Victoria Falls Power Station. It is a vertically integrated electricity utility which generates, transmits and distributes and supplies electricity in Zambia.

The ZESCO Limited Power System and its interconnected network is experiencing a fundamental change in the way it is managed and controlled. Increasing energy demand, restricted transmission grid expansion and increasing volatility all adds up to complexity across the electricity network. Traditionally, off-line planning studies have been undertaken to simulate the power system but these tend to be static and overly conservative to accommodate a wide range of conceivable operating conditions and system contingencies as well as unforeseen situations.

Fortunately, new technologies such as Area Monitoring Wide Protection and Control Systems and Phasor Measurements Units along with high performance computer processors and advances visualization platforms are all part of the emerging technologies that could be used in optimising system performance and utilisation.

In this regard, ZESCO Limited invites sealed Expressions of interest from reputable firms to undertake Consultancy services into the study, design and implementation of the WAMPACS tool on its Power System.

ZESCO Limited is a member of the Southern African Power Pool. due to emerging challenges in running an interconnected power system, there has been increasing sensitisation by SAPP to its member countries on the importance of implementing WAMPACS onto their power system networks. This would allow each member country to have real time monitoring of their power system and be able to predict its behaviour in an unlikely event of one or more contingencies. The tool has enhanced features which cannot be achieved by SCADA alone. It focuses mainly on the system behaviour immediately after faulty clearance. The post fault information is captured in real time and sent to the control centre for analysis.

The WAMPACS package consists of a Phasor Measuring Unit and a Phasor Data Concentrator. The purpose of the PMU is to sample instantaneous values of voltages, currents, frequency and phase angle from the power system. The sampled values are referenced to the common GPS signal called the 'one pulse per second' or 1PPS. This signal in conjunction with IRIG-B provides time stamping to the signals at different nodes in the power system. The voltage and angle at each bus bar can be monitored. Because of this feature, systems that are decoupled can be synchronized from the National Dispatch Centre because the parameters required for synchronization are available through the PMU. It is like bringing the check synch relay to National Dispatch Centre.

The tool also provides an instantaneous load flow solution of the system and thereby providing a state estimation of the system. Power system modes such as local inter-area can be observed.

The Key Objectives are as follows:

- (i) Improved Visualization: Stability margins, geographic views of congested paths, unusual angle differences, dynamic Instability Prediction: Fast and accurate instability prediction, Warning signals and early detection of power system instability; and
- (ii) Prevent Cascading Events: Quickly identify imminent cascading events immediate alerts of sudden system changes and contingency analysis and Forensic studies to recreate disturbance and state estimation.

The proposed Consultancy into WAMPACS tool will therefore offer comprehensive support and optimization of the running of the ZESCO Power system and its interconnected network covering all the key benefits outlined.

The Scope of this consultancy shall include but not limited to the following:

- (i) Determination of suitable PMU node locations and quantities using appropriate criteria;

- (ii) Provide appropriate technical guidance on the major differences between Wide Area Monitoring Systems and WAMPACS to connect the client and make appropriate recommendations;
- (iii) Determine and recommend to the client all substations requirements, Substation Phasor Measurement Unit, Module Hardware Requirements, Substation Phasor Data Concentrator Hardware requirements, performance requirements etc;
- (iv) Determine and recommend to the client all Control Center Requirements i.e. Central/Super PDC, Data Archiving and Reporting, Visualization and Event Management, Security etc;
- (v) Discuss means to provide advanced decision support tools to better assess grid reliability and maximize transfer capacity;
- (vi) Be able to recommend to the client a solution that provides an holistic and accurate view of current grid status, better intelligence to understand, predict and mitigate potential developing events and unmatched historical data quality for better offline post-event analysis, model tuning and power system control;
- (vii) Be able to demonstrate how PMU instrumentation dramatically changes how grid conditions are monitored and how it becomes possible to produce precisely time-stamped and high-resolution measurements that are capable of observing and assessing dynamic issues as they evolve;
- (viii) Be able to show how the solution will combine real-time SCADA and PMU data for use in carrying out detailed power system analysis; and
- (ix) Provide hands on training to the client via a demonstrated WAMPACS set up in real time.

In order to qualify for shortlisting, companies must provide information demonstrating that they are qualified to undertake the consultancy on WAMPACS tool implementation on ZESCO system. The consultants are expected to submit detailed information on the following:

- (i) Proof of incorporation in the sovereign state;
- (ii) Company profile complete with organogram;
- (iii) The firm should demonstrate knowledge in
  - (a) protection, control, monitoring and the WAMPACS technologies; and
  - (b) Past projects undertaken in the design and implementation of WAMPACS.
- (iv) The consultancy team should comprise of five key staff who should have the following minimum qualifications:
  - (a) Project Manager - Bachelors of Engineering degree in Electrical and Electrical from a recognised and reputable University with 10 years of past technical experience;
  - (b) Protection Engineer - Bachelors of Engineering degree in Electrical from a recognised and reputable University with 10 years past experience; and
  - (c) SCADA and Automation Engineer - Bachelors of Engineering degree in Electronic and Telecommunications from a recognised and reputable University with 10 years.
- (vi) Telecommunications Engineering - Bachelors of Engineering degree or Science from a recognised University with 10 years experience; and
- (vii) Information Technology and Instrumentation Experts - Bachelors of Science degree in Information Systems with 10 years experience.

The Expression of Interest must be deposited in the tender box situated at the ZESCO procurement Building, at ZESCO Limited head Office in Lusaka clearly marked "Expressions of Interest for The Development of Wide Area Monitoring protection and Control System (WAMPACS) for ZESCO Limited - ZESCO/034/2016" and addressed to the Senior Manager - Procurement. Late expressions of Interest shall not be accepted. The closing date for receipt of Expressions of Interest shall be Friday 24th June, 2016 at 1030 hours local time.

ADVT—1233—6940836

**Zambia Telecommunications Company Limited****Tender: ZT/T/TD/0004/2016: For the Provision of Security Services on a Three Year Running Contract - ZAMTEL**

Zamtel has set aside funds towards the engagement of a security company to provide security services for Zamtel for three years. Zamtel requires the security services of a competent security company at various Zamtel sites. Bidding will be conducted through Limited Bidding procedures specified in the Public Procurement Act of 2008 and the Public Procurement Regulations of 2011 and it is open only to local bidders.

Zamtel now invites sealed bids from the following shortlisted bidders:

- (i) Armcor Security Company
- (ii) Guardall Security Company
- (iii) G4 Security Company
- (iv) Pre-Secure Company Limited
- (v) Magnum Security Company
- (vi) Armsecure Security Company
- (vii) CL Security Company
- (viii) Callguard Security company
- (ix) Scorpion Security and Investigations Limited
- (x) Patjoy Security Services

Other bidders that meet the eligibility criteria for this tender are eligible to participate.

Interested Bidders may obtain further information from and inspect the bidding documents at ZAMTEL House, Corner of Church and Chilubi Roads, Lusaka, Telephone: 260 -21- 333159/17, fax: 0260 -21- 256622, email: supplychain@zamtel.co.zm. Bidding documents may also be accessed on the Zamtel website; www.zmtel.zm.

Bidding documents may be purchased by interested bidders from Zamtel House, Corner of Church and Chilubi Roads, Lusaka upon payment of a non-refundable fee of five Hundred Kwacha or its equivalent in a freely convertible currency at the prevailing exchange rate in cash or Bankers' cheque. Prequalification will not be undertaken but there will be a Pre-bid meeting held on Thursday, 9th June, 2016 at Lamya house, Main Boardroom at 1500 hours local time.

All bids appropriately bound, sealed and cleared marked in board "Tender for the Provision of Security Services on a Three Year Running Contract" must be deposited in the tender box situated at Zamtel, Lamya House House, 3rd floor, Lusaka Zambia on or before Tuesday 28th June, 2016 at 1030 hours local time. Tenders will be opened thereafter in the presence of bidders on their representatives who choose to attend. However, late, faxed and electronic bids will be rejected.
