STATE LOTTERIES ACT [CHAPTER 317]

One Hundred and Seventy-first State Lottery: Unit Two

NOTICE is hereby given, for general information, that unit two of the one hundred and seventy-first State lottery will be drawn as a Sweepstake based on the B.P. Guineas scheduled to be run by the Matabeleland Turf Club on the 16th June, 1985, at Ascot. The draw will be conducted in public under the direction of the Minister of Finance at 5.30 p.m. in the Main City Hall, Bulawayo, on 7th June, 1985.

Conditions of draw

1. Based on the face value of all tickets sold or issued free, up to 25 per cent. of the total subscriptions may be reserved for social service, public welfare or relief of distress.

2. Prizes

The prize fund will be distributed as follows—

- (i) \$25 000 to the drawer of favourite horse;
\$25 000 to the drawer of the horse winning the race;
\$7 500 to the drawer of second favourite horse;
\$7 500 to the drawer of horse that comes second;
\$3 750 to drawer of third favourite horse;
\$3 750 to drawer of horse that comes third.

Other horses in the race will be paid half the prize after the draw and any of the above prizes or the remaining half depending on their placing in the race.

The draw for horses will be done in order of favouritism as supplied by the Matabeleland Turf Club on the date of the draw. The most favourite horse will be drawn last. The rules and regulations applicable to the Jockey Club will be strictly applied. In the event of a dead-heat for either the first, second or third places, the prize applicable will be combined and divided equally between the ticket holders. In the event that the race is postponed, the prize money will be paid out on the result of the race that was postponed. In the event of the race being abandoned for any reason, the prizes applicable to horses will be drawn for as a lottery in a manner to be decided by the Minister. Only the numbers of the tickets which have drawn a horse will be included in this draw.

- (ii) The remainder of the prize money will be distributed in smaller ordinary, introducers' jackpot and consolation prizes. If, in the opinion of the Minister of Finance, the prize fund is insufficient for the purpose, the amounts of the first three prizes listed above will be reduced as directed by the Minister.

(iii) *Two introducers' jackpot prizes: prize, \$50; introducer, \$500*

Only tickets issued against one written order for 14 tickets in one unit are eligible to win these prizes, provided such written order has been compiled at one and the same time. Prizes not won will be carried forward and used to increase the jackpot prizes in the following unit. These prizes will be drawn after the draw for ordinary prizes has been completed.

3. *Double and treble prizes*

Any lottery prize of \$200 or less won by a lottery ticket will be (i) *doubled* if the prizewinner sends in with his prize ticket, three additional lottery tickets in the same unit, or (ii) *trebled* if the prizewinner sends in with his prize ticket seven additional lottery tickets in the same unit, provided that, in order to qualify for the double or treble prize, the counterfoils of all tickets submitted must have exactly the same name and address as that found on the counterfoil of the prizewinning ticket. (Nearly the same is not sufficient.) To give examples of possible differences in the counterfoils: "J. Jones," "John Jones" and "Mr. J. Jones"; "Byo." and "Bulawayo". "Rd." and "Road", "Box" and "P.O. Box". Multiple prizes do not apply to introducers' prizes and consolation prizes.

4. *The draw*

- The number of all tickets sold will participate in the draw for all prizes.
- If the Director is satisfied that a fault has occurred in the drawing of a prize number, a "no draw" shall be announced and the prize shall be drawn again. A ball jamming when coming out of a drum will not in itself be considered as a fault.

Example of faults

- One or more balls appearing before control button is pressed;
 - control button pressed before all balls are in the drums.
- Subject to the provisions of the State Lotteries Act [Chapter 317], when a prize number has been passed and recorded, no subsequent claim that a "no draw" should have been announced will be considered;
 - Only one ordinary prize can be won by one ticket number. If a ticket is drawn, the prize is payable to the party whose name appears on the counterfoil. No trading in tickets will be recognized by the State Lotteries. If the number drawn represents an unsold ticket a "no draw" will be announced and the prize will be drawn again. If the number drawn for a bigger prize represents a number of a ticket which has already won a smaller prize, the bigger prize will be payable.
 - Only the lucky names and towns of the purchasers of winning tickets will be announced. Names are not announced or published.

5. *Payment of prizes*

- All cash prizes are free from taxation by the Government and are payable in full by cheque.
- Tickets are official receipts in themselves and prizes will be paid out on production of the winning tickets. The Minister may authorize payment of a prize won by a lottery without production of the ticket.
- If a syndicate wins a prize it must nominate one or two members to whom the cheque is to be made payable on behalf of the syndicate.

- Subject to the provisions of the State Lotteries Act [Chapter 317], no responsibility will attach to the Minister of Finance or Director or Trustees of the State Lotteries on account or illegibility of counterfoils, errors or omissions on the part of the ticket sellers, purchasers, press or printers, or on account of loss or theft of a ticket.

- The financial statement and prize list will be published in *The Herald*, Harare and *The Chronicle*, Bulawayo, after the draw. Result-sheets may be obtained from official ticket sellers or the Director, and on request, will be posted to any subscriber who gives an address outside Zimbabwe.

G. H. MAFICO,
Director of State Lotteries.

GOVERNMENT GAZETTE

Authorized Scale of Charges, Times of Closing and Subscription Rate

Charges

Notices published in the normal columns: \$2 per centimetre or part thereof single column. Taking the depth of such matter, normally spaced, approximately 25 words occupy one centimetre; but this can only be a rough guide, as a heading may occupy two centimetres, and certain notices unavoidably contain white space, which must be included in the chargeable depth.

Notices which have to appear in tabular form across the full width of the page, such as lost insurance policies, deceased estates, insolvent estates, company liquidations, notices in terms of the Insolvency Act [Chapter 303], changes of companies' names, et cetera: \$5 per entry.

Except in the case of approved accounts, remittances must accompany all copy for advertisements. Failing this, copy will be returned with an assessment of charges.

Times of closing

The Gazette closes for the receipt of copy for all notices to be published in the normal columns, and for statutory instruments, at 11 a.m. on the Monday preceding the Friday of publication.

Copy for all notices to be set in tabular form must be received by 11 a.m. on the Friday preceding the Friday of publication.

Any copy which is received after the respective closing-times will automatically be held over for insertion in the Gazette of the following week, in which case no responsibility can be accepted if the purport of the notice is thereby nullified.

When public holidays occur, the normal closing-times are varied, and such variations are notified in the Gazette in advance.

All copy must be addressed to the Department of Printing and Stationery, and either posted to P.O. Box 8062, Causeway, or delivered direct to the department, in Gordon Avenue (between Sixth Street and Epton Street), Harare. Envelopes should be marked: *Gazette copy—urgent*.

Regular advertisers and subscribers are requested to advise immediately of any change of address.

Subscription rate

The annual subscription rate for the Gazette is Z\$14, payable, in advance, to the Controller of Printing and Stationery, and may commence with the first issue of any month.

GOVERNMENT GAZETTE

Conditions for Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- (b) the Manual of Style for the Drafting and Preparation of Copy, published by the Department of Printing and Stationery,

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangement, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and half spacing between the lines.

(2) Any corrections or alterations made by the originator must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance, 7, 7a, 7b, 8, et cetera.

4. Photographic copy or copy produced on a duplicating-machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

- (a) exceed 10 pages of double-spaced typing on size A4 paper; or
- (b) contain tabular or other matter which involves complicated setting;

it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if—

- (a) the work involved is of a straightforward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to the shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted *exactly* as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

- (a) the name and address of the advertiser; and
- (b) the debtor's code-number, if any; and
- (c) the required date or dates of publication.

10. (1) If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice, without charge to the ministry or department concerned, subject to the following conditions—

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary;

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting, and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

GOVERNMENT GAZETTE

Submission of Copy for Government Gazette Statutory Instruments and Notices

It is hereby notified, for general information, that it is necessary to draw attention to the advertisement, "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where *urgent* copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication with the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of the Department of Printing and Stationery to give certain notices special treatment, I am, however, of the view that a *Gazette Extraordinary* has tended to be a must rather than a matter of priority in respect of unwarranted delays of *urgent* copy.

While every effort will continue to be made to publish *Extras* on the required dates, copy *must* be submitted timeously so that it can be programmed into the printing work-flow as soon as it is available.

L. C. TAKAWIRA,
(Editor).
