#### GOVERNMENT GAZETTE

##### Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted

if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- (b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, etcetera.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

- (a) exceed 10 pages of double-spaced typing on size A4 paper; or
- (b) contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if—

- (a) the work involved is of a straight forward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

- (a) the name and address of the advertiser; and
- (b) the debtor's code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

#### GOVERNMENT GAZETTE

##### Submission of Copy for Government Gazette Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,  
*Gazette* Editor.

and Epton Street), Harare (P.O. Box CY 341, Causeway).

(No. 7 of 2014), is repealed.

**BROADCASTING SERVICES AMENDMENT BILL, 2024**

---

MEMORANDUM

The objective of the Broadcasting Services Amendment Bill, 2024, is principally to align the Broadcasting Services Act [*Chapter 12:06*] (the principal Act) with the Constitution and also with the Public Entities Corporate Governance Act [*Chapter 10:31*].

In more detail the individual clauses of the Bill provide as follows:

**Clause 1** provides for the short title of the Bill which is Broadcasting Services Amendment Bill, 2024 and also the date of commencement.

**Clause 2** amends section 2 of the principal Act by introducing additional definitions for new classes of broadcasting services licences introduced in section 7.

**Clause 3** amends section 2A of the principal Act to provide that the role of the Broadcasting Authority of Zimbabwe (BAZ) is to regulate and manage the broadcasting service bands for sustenance rather than control broadcasting service bands. The intention is to move away from a perception that the legislation is intended to stifle the freedoms guaranteed by section 61 of the Constitution and instead to focus on necessary regulation of the airwaves. This is also in line with current international trends as contained in some international instruments among them, the African Charter on Broadcasting, the African Charter on Human and People's Rights and the International Covenant on Civil and Political Rights.

**Clause 4** amends section 4 of the principal Act by reducing the number of board members from twelve (12) to seven (7) and also providing for gender balance within the Board of the Broadcasting Authority.

**Clause 5** amends section 7(2) of the principal Act, which provides for classes of broadcasting services and systems which may be licensed by the Authority. The amendments have been necessitated by developments in technology, where classification of broadcasting services should be independent of the platform from where the service is delivered or received as developments in technology result in new platforms emerging or existing platforms evolving to deliver broadcasting services, which will require frequent reviews to the classification. The new classification will have commercial, community and subscription broadcasting services among others.

**Clause 6** amends section 8 of the principal Act, which provides that licenses must be issued to persons who are Zimbabweans subject to the exemption by the Minister in terms of section 8(8) of the Act. The amendment seeks to allow foreign control in a broadcasting licence up to 40% as a measure of encouraging the development of this sector considering that it is a high capital venture and ensure that Zimbabweans remain in control of broadcasting services. The amendment will mean that the Minister will no longer be required to approve the licensing of any person. The amendment also seeks to repeal the requirement for Directors of licensees to be Zimbabwean citizens and places a limitation of 40% of the Directors to be foreigners. Amendments to section 8(3) will allow any person other than a natural person to apply for licences such as Community Radios. The clause also repeals section 8(6) (b) to allow subsidiary companies to be licenced.

**Clause 7** amends section 10 of the principal Act mainly to introduce predictability in the applications for, granting or refusal of licences. The amendment to section 10 will allow licences that make use of the broadcasting frequency spectrum to be applied for once a year. Amendments to subsection 6 are to ensure that only services that make use of the band spectrum, a national public resource, go through a public inquiry (except for Community Radios) which are supposed to be owned by the Community.

**Clause 8** amends section 11(4) and (5) of the principal Act by ensuring that broadcasting service licensees broadcast in all languages spoken in the area they serve to promote the use of officially recognised languages identified in the Constitution. This requirement will exclude services emanating from outside the country and community radio stations. The amendment in section 11(5) is to exempt licensees whose services emanate from outside the country from the requirement of allocating to the Government an hour weekly to explain government policies, free of charge to the nation as such requirement is impractical.

**Clause 9** amends section 12 to align the section with amendments that have been effected in other provisions.

**Clause 10** amends section 18 to allow for the transfer of a licence subject to the approval of the Authority.

**Clause 11** amends Part IV of the principal Act. Amendment of section 22 allows up to 40% of foreigners to be Directors of licensees. The current Act prohibits foreigners to be Directors in licensees.

**Clause 12** amends section 30 of the principal Act. Section 30 of the Act provides for the utilisation of the Broadcasting fund for objects stipulated in that section. In view of the non-profit making nature of Community Radios the amendment seeks to allow the Authority to utilise the Fund to also support the sustenance of 'Community Radios'.

**Clause 13** amends section 37 by repealing subsection (2) and replacing it with a new subsection (2).

**Clause 14** amends section 38A by broadening the definition of "dealer" in an effort to enhance compliance and to boost revenue collection for ZBC.

**Clause 15** amends section 38B by inserting a new provision which prohibits the sell of a motor insurance cover to persons who do not have ZBC radio licences.

**Clause 16** amends section 39 by deleting subsection (5) and replacing it with a new subsection (5) which requires every subscription broadcasting service licensee and subscription management service licensee to transmit up to 3 channels of the public broadcaster.

**Clause 17** amends section 46 by adding new regulatory powers of the Board to include areas currently omitted in the Authority's regulatory function. Areas added are on migration issues due to changes in technology, powers to introduce monetary violation penalties to licensees for non-compliance with the terms and conditions of licenses, commissioning of independently produced content by broadcasters, language quotas within a license area to ensure that officially recognised languages find expression on broadcasting platforms and registration of persons who make use of social media platforms to broadcast events of national significance.

**Clause 18** amends various paragraphs of the Third Schedule to the principal Act to bring the provisions applicable to the Authority in line with the provisions of the Public Entities Corporate Governance Act. Amongst other changes, terms of office of Board members are now limited to 4 instead of 5 years and vacancies on the board are to be filled within 3 months instead of 6 months.

**Clause 19** amends paragraph 9 of the Fourth Schedule to the principal Act to provide that the appointment of the Chief Executive Officer and other employees of the Authority will be subject to sections 17 to 21 and section 23 of the Public Entities Corporate Governance Act [Chapter 10:31] which specify, among other things, a maximum of 2 fixed-term performance based contracts for the chief executive officer,

each term not exceeding 5 years; performance contracts of all other senior staff; the advertising of the post in a newspaper circulating in the area of the entity's activities; that appointments should be primarily on merit, with due regard to regional and gender representation; the filling of the post of chief executive officer within 6 months of a vacancy occurring; the requirement for disclosures of any conflicts of interest and the declaration of assets by senior staff; that conditions of service of all senior staff should be in line with any model service conditions formulated in terms of the Public Entities Corporate Governance Act, with due regard to qualifications, experience and functions of the entity and restrictions on remuneration of the chief executive officer and other senior staff, including restrictions on the terminal benefits.

**Clause 20** deletes paragraph 9(1)(f) of the Fifth Schedule which requires that a licensee commences providing broadcasting services within six months of being allocated a licence; and amends paragraph 10(1) (c) of the Fifth Schedule to the principal Act to make it mandatory for licensees to ensure that members of the Community that it serves participate in the operations and selection of programmes and membership of its governing body. The amendment is on deletion of the word 'encourage' and replacement with 'ensure'. This will ensure Community participation in this class of licence.

**Clause 21** amends the Sixth Schedule to the principal Act by deleting paragraph 2(2) and substituting it with a new section 2(2) which provide that a licensee with a sports channel shall broadcast 50% local content in view of the fact that sporting events are universal and international sports may bring commercial value to licensees. Amendments to paragraph 2(2) are to provide that a public broadcaster providing multiple channels shall broadcast 75% local content on all channels to ensure that they reflect the identity of the nation. Services emanating from outside the country will be excluded from this local content quota requirement.

**Clause 22** is a transitional provision with respect to the terms of office of current senior officers. The terms of office of the officers will be subject to the limits introduced by this Bill and will therefore be reckoned from the dates of appointment. The amendment also seeks to provide those persons providing classes of broadcasting services shall continue to provide those services until expiry of the licences and an application for renewal or for an appropriate licence may be lodged prior to the expiry of the licence. Clause 23 inserts a new Schedule which contains the declaration to be signed by those who opt not to equip their cars with radios.

ENACTED by the Parliament and the President of Zimbabwe.
